Col. O. J. Bond

The Citadel, Charleston, S.C.

Dear Bond,

Last Citadel Bulletin received,
As it requests corrections, I note
the only ones, I have observed only
the following, to wit:

Dr. F. A. Coward was made Capt.,
Aug. 20th 1918, in Med. Corps U.S.A.,
and has been in France since June
last, and should have the (*) before
his name. He had passed the Army
Examination Board some time before
but did go to Washington to get his
Commission ^{with} last March, as 1st Lieut.
Med. C. U. S. A. in consequence of the
important duties as Director and
Chief worker in the State Laboratory
in Columbia. He was ordered to

to Rockefeller Ins. N.Y. for a
few weeks. Then to John Hopton's
a few weeks more then in June
to France. I presume his Com. as
Capt. was made when he was as-
signed to R. C. Mil. Hospital No 5.
near Paris, France.

A. H. Marchant "got over" as
Capt of Inf. last autumn in
time to enter several of the battles
that broke the back of the German
Army. He is entitled also to (*).

Very truly yours

Asbury Coward
