ADDITIONAL HISTORICAL INFORMATION

The brick row previously on this site burned about 1970. The row had been constructed between 1879, when the atlas shows a row of frame buildings on the site, and 1882, when the atlas shows a row of three-story brick buildings with stores on the first floor and tenements above. The stores included shoes, confectionery, dry goods, millinery, and tobacco. There were frame outbuildings on the rear property line.

SOURCES Maps: 1832 (shows building on this site in same shape), 1850 Atlases: 1879 to 1977, especially 1879 Hopkins and 1882 Sanborn. ARCHEOLOGICAL COMMENT The first building activity Market St occurred on this site before 1832. A second brick building ZD replaced the first frame ano. building by 1879. Archeological 520 remains which could be recovered in this unpaved lot would relate Merrimack St to the commercial/residential use of the site since before 1832. not to scale
