RE: Accomplishments Update

- Phone contacts with selectmen in 25 Western Massachusetts towns. Reception good, main interest is revenue sharing. Slow going because selectmen are only at town halls at odd hours.

- Talked with G.E. regarding the Everett plant situation. They have finally had a handshake agreement with Mayor over price. The ball is now in the GSA court with Cong. Markey working on it, but disdain's help.

- Arranged with G.E. lobbyist to meet with Doug and help get a group together to meet with Paul.

- Reviewed other lobbyist names and provided for Doug the lose of those that I know. I will keep working with Doug on this project.

- Attended kickoff of '84 campaign project in Boston.

- Arranged for fair appearances for Paul in the state. Introduced key fair person to Dennis Newman and Theresa. They will follow up with program.

- Have written 36 grant supports letters for various Massachusetts organizations. Many of them have been funded.

- Made several contacts at DOE for Massachusetts firms seeking contracts.
