Opening Statement by Senator  
Concerning Access to Education

January 6 through January 12 has been declared "Financial Aid Awareness" week. Sponsored by the Massachusetts Association of Student Financial Aid Administrators, the week's purpose is to inform the public of the educational opportunities open to them through Financial Aid.

There is over 12 Billion dollars in financial assistance today from federal, state and private sources. Funding is available to all people interested in furthering their education.

For further information call the Financial Aid Hot Line, the college of your choice or your local Educational Opportunity Center.
