THRU

for Executive Director for Operations

FROM

Roger J. Mattson, Director
Division of Systems Safety

SUBJECT

DECLASSIFICATION OF REFERENCE 102 OF THE TASK
FORCE REPORT ON THE ALLEGATIONS OF JAMES CONRAN

Based upon the enclosed memorandum of this date from R. Brady, Director, Division of Security, which confirms that the original reasons for my classification of reference 102 no longer exist, I have, as chairman of the former Task Force, declassified the document. Although its assignment has not been formally ended by the Commission, the Task Force has not functioned in its assigned capacity for some months and was not consulted in this declassification.

An appropriately marked and dated copy of the declassified document reflecting this action is provided here as enclosure 2 for your reference.

I have asked that a copy of this memorandum and its enclosures be placed in the NRC Public Document Room where the Task Force report and its other references were previously filed.
