Dear Senator Cannon:

I want to express my appreciation for your work on the Northeast Corridor bill, S. 2156. This is an extremely important project for Massachusetts and will prove that rail transportation will be a vital part of our national transportation network.

Thank you for your help both in Committee and on Floor Action.

Sincerely,

PAUL E. TSONGAS  
United States Senator

Honorable Howard Cannon  
Chairman, Committee on Commerce,  
Science, and Transportation
