Honorable Senator Tsongas,

I would like to tell you how much I enjoyed the meeting held yesterday at the Cedars on the initiative of Congressman Don Bonker.

Those meetings are always pleasant but I appreciated particularly the tone of friendship and frankness among all the guests. I hope sincerely that we will go ahead and try to improve our personal relationships and friendship among the people of our both countries. I feel personally honored by meeting you and I hope that it will occur often in the future.

This Embassy and I remain available to you especially in providing all the information you may need on Cameroon.

Truly yours,

Benoit BINDZI
