Honorable Paul Tsongas & Staff  
U.S. House of Representatives  
Washington, D. C. 20515

Dear Friends:

My pain and my appendix both are gone, and only my recuperation lingers on -- but nothing lifted my spirits more than your kind and thoughtful note.

My doctor tells me I'll be jogging around the bed any day now. His pep talks are so good I suspect he may soon be a candidate for public office.

Thanks again for taking the time to write, and for thinking of me.

Sincerely,

A handwritten signature in dark ink, appearing to be "M. Udall", written over the printed name.

Morris K. Udall
