**SPORTS:** What happened in Spartan Sports? Which teams had a winning record — football, basketball, volleyball ...? Find out on pp. 46-105.

**SPARTAN SPOTLIGHTS:** Over 1,000 students spotlighted by class for being a Spartan. Are you a Spartan? Turn and see who is on pp. 106-189.

**HEAD OF THE CLASS:** Teachers new and old invade North Springs. Find out their views on N.S. on pp. 190-207.

**COMMUNITY:** It is due to the community patronage that this book is published, so look and see who your supporters are and if you get a chance thank them! pp. 208-225.

# A Student Guide To North Springs

"The Student's Handbook of North Springs" is to provide the student with word associated memories. The following words deal with the student's life in school and after. The words were gathered at random in the halls or classrooms and the surveys were provided by the 8th, 9th, 10th, and 11th graders

**ACADEMICS:** These are the main focus of the Spartan student life after high school. Examples of the academic courses offered are English, Algebra, U.S. History, Calculus, Qualitative Analysis . . .

**ADMINISTRATION:** The 1982-1983 school year was greeted by a major turn over of its administrative staff. Mr. Wallace Henderson, the former principal, moved on as Mr. David A. Boyer assumed his position, and Mrs. Alice L. Veldhuis became the new vice-principal.

**ANKLE BITER:** It is an 8th grader who is often mistaken for a preppy clone but the average size of 3 foot 10 gives them away. They are often

seen searching frantically for the school's "elevator" or stampeding into the lunchroom. These students are known to have the most school spirit.

**ANNOUNCEMENTS:** These are often ignored by both the students and faculty. Their objective is to keep the students aware of N.S.'s numerous school activities — before, during, and after school.

**ATHLETICS:** At N.S. these provide a great way to stay physically fit while competing on Fulton County's #1 teams i.e. Football, Track, Gymnastics, Soccer, Volleyball, Wrestling

**BAND:** The N.S. bands consist of hard working, talented students. The Marching Band endures morning practices at 7 a.m. in order to rally on the football team at the game. However, it isn't all work; there is a lot of fun, for example on the buses, before pre-game, on the band trip . . .

**BASKET CASE:** 1) is the typical student on Monday morning. He lacks

energy, enthusiasm and is very lethargic 2) a student the teachers have given up as hopeless.

**BELLS:** These indicate the beginning of school, class changes and (fortunately) the end of school at 3:15. However, fate is infamous for trying to goof up the student's daily routine by throwing in mystery bells. (bells in the middle of class)

**BOOKS:** Every student receives them; however, most text books are ragged and well abused from prior years. See boring.

**BORING:** lack of excitement or entertainment. Though the school isn't supposed to entertain the student, the classes are often exciting or interesting. The times which may be called "boring" occur when the material is very cut and dry as in most text books.

**BUTTON DOWNS:** are a common style of shirts worn by the student body. The cloth is usually oxford and any possible color. The top gives the student a preppy look.

### Mr. Boyer Shares Views

Mr. Boyer's views about education are that "Education should be the opportunity for the individual to acquire the means of membership into one's society. Education involves aspects of self-disciplined study of subject matter, teacher directed inquiry, and growth leading to a positive self-image."

**BOYFRIENDS:** are a girl's best friend; however, describing them is almost impossible for adjectives range from kind, sweet, handsome, caring to a jerk, an idiot, an insensitive creep — all depending on the day.

**BRACES:** are a torture almost every student endures. Brace wearers suffer from people calling them anything from Brace Face to Railroad Tracks, and they may encounter problems on a date when it comes to that good night kiss. Yet, the reward for enduring them is a fantastic smile.

**CARS:** gas guzzlers — but necessary for who wants to walk? Especially on a date! For this reason the students do not really start dating until they receive their license.

**CARNATION:** is a flower sold by the Spanish Club at homecoming and Valentines for a dollar. They can be sent to that special person to introduce your intentions and/or deepest feelings or just to a friend to say thanks.

**CHEAT SHEET:** these are really dumb but they are a great help for the students who try to take the

easy way out of a test. They range from 1/2 inch to an entire sheet of notebook paper!

**CHECKING OUT:** This is a great thing to do — leave school early; however, to get out a student must either a) bring a sworn affidavit signed in blood from his parents b) appear to be dying (i.e. turning green) or c) plan it on a Monday-Thursday in the early morning so as to be in school for that very important 6th period on Friday.

**CHEERLEADERS:** can't be beat 'cause they've got the beat. Between the two 9 girl cheerleading squads, football and basketball, and the mat maids the athletes **never** lack an encouraging word. The cheerleaders help promote spirit by selling spirit ribbons, holding pep rallies, buying the teams candy and yelling.

1. Captive audience at first pep rally.
2. Sally Young cheers her best.
3. Avalyn Brown and Crissy Kozlowski give a warm hello to a friend.
4. David Siegel boogies down.
5. Susan Adair looking contemplative.
6. Cathy Small, Cathy Spohn, and Katie McGinnis dressed for work.
7. Cori Ching calls home.
8. Orange and blue day at North Springs.

## YES, THERE IS LIFE AFTER FOOTBALL!

"Yes, there is Life after football." Believe it or not there is; Kurt Reifeis proves it. He has been involved with football 6 yrs. basketball 4 yrs., hockey for 2 yrs. and track for 3 yrs. some of which occurred before he moved to Ga. in the ninth grade. Besides this, he is a Ga. Certificate of Merit winner, a member of Sr. Beta and National Honor Society — Not to mention he is the Sports Editor on the Phalanx. Undecided upon college.

**CLASSES:** See Survey. Each class lasts approximately 45 minutes except on the days of pep rallies or homerooms. Classes for some seniors begin around 7:45 in 0 period; However, for the majority school begins at 8:45 and ends at 3:15.

**CLASSROOMS:** may be described as ugly. One must only imagine the ugliest colors possible then try to imagine something ten times worse and that will describe the color schemes. Also many rooms lack windows so they are very dull and always too hot or cold.

**CLOTHES:** at N.S. are only the finest quality no matter if the student is an athlete, a prep, a punk or just a casual whatever.

**COACHES:** at N.S. are very important people in the majority of students' lives. Besides teaching Physical Education (P.E.) and various other subjects (i.e. History), they help shape and build a well rounded student. They give their time selflessly resulting in #1 teams. This year Coach Cloy was the head of the athletic dept.

**COLORGUARD:** the new name for Flag Corp. This group of girls are often unjustly called the "Scag Corp" a name students picked up many years ago. They work hard afternoon and morning twirling their flags. This year was special for them because at their summer camp they made the top 4 in the competition.

**C & R:** is a pain! The class of Composition and Rhetoric is every sophomore's and senior's nightmare because it is required and it is hard. Yet, it teaches to write good term papers.

**COUPLE:** consists of two people who are crazy over each other. They must endure parents yelling "You see too much of each other" when in fact it has been 2 days since the last date, and they must endure other students teasing them. The **Phalanx** couple example is the Editor of Sports & the Editor-in-Chief.

**CRAMMING:** is done by students at lunch or on the way into the classroom simply because the students agree upon the philosophy "Don't do today what you can do later."

**CROWDED:** became the halls this year almost making the 4 minutes to change class impossible if a student wants to get some decent gossip.

**DANCES:** N.S. has two main dances, Homecoming and the Jr./Sr. Prom. The music is usually great yet most students are inhibited that is until

Coach Malloy gets things a movin'.

**DETENTION:** There are two types of detention — public and private. The private detention is held by the teacher who assigned it before or after school. The second type is more serious held by Coach Maghan after school.

**DIET:** What every girl in N.S. is on and by some miraculous medical discovery she loses the same 5 lbs. every week.

**DIPLOMA:** that piece of paper which we all strive for whether it be for the academic or general program. It is the highest achievement of high school.

**DISGUSTING:** is what you will hear a biology student scream when she is told she has to dissect a worm — similar to yuck and gross.

**DREAMS:** are what the finer things in life are made of. Dreams vary from being a football star or nuclear physicist to marrying that special someone.

1. Spartan Spirit Ribbons. 2. "So **this** is high school?!?!" 3. "Wow drafting can be fun!" 4. And we really mean it. 5. "All we ever do is work!" 6. Picasso, eat your heart out. 7. Lisa Eckard concentrating on her after school plans. 8. How do **you** measure up? 9. Nicki Varga from Australia ... See From Down Under pg. 10. "Tell me more, tell me more!" Lunchtime gossip always fills you up! Keep your ears open in case it's you she's smiling about. See: "Gossip."

**The Perfect Yet Ever Humble Female Student**

likes to have fun, but never gets caught.

happy, confident, congenial, cute, flirtacious, well-liked.

add-a-bead necklace.

perfect report card, never studies though.

Crew neck sweater.

**2 DRILL TEAM:** again N.S. has the finest! It is a large group of girls that work hard to achieve perfection. This year the football team greeted the girls by putting dead fish in the girls cars and throwing eggs at them — too bad fellas; the advisor, Mrs. Herzwurm, alias "killer Wurm" caught you.

**EATING:** if ever in doubt of who does most of it at lunch, stand behind some 6'4" male, i.e. football player, in the hot lunch line and without a doubt when he departs with his snack of 3 lunches, you'll have to wait because the line ran out of food.

**3 ERGO:** an ancient Latin word meaning "therefore or thus" often used by Mrs. Fields-New, alias Ergo, in reference to assignments though mostly reserved for reference to term papers. "Miss \_\_\_\_\_, you did not turn in your paper, ERGO you are up the proverbial creek without a paddle."

**EXCITEMENT:** is the feeling in the air 6th period Fridays or on the day before a holiday. It is a contagious but great mood to be in!

**EXPERIENCES:** They occur every day in every degree. They help shape our futures, and it is because of specific school programs (i.e. VOT) students receive actual work-

## MIGHTY SPARTAN

Jim Showfety the Spartans quarterback played in his 10th yr. of football, 9th of basketball, and 7th non-consecutive year of baseball. When he wasn't busy practicing for some sport he was active in such clubs as Latin Honor Society, Key Club and FCA. He wants to attend North Carolina but doesn't plan on collegiate sports.

ing experiences.

**EXTRA CREDIT:** is something you pray a teacher will let you have the day before the quarter ends, and it usually will make all the difference.

**FINALS:** a nerve wracking, nail biting period of the student agenda. They occur, unfortunately, 3 times a year lasting two hours each.

**FIRST PERIOD:** guaranteed to put a 20 year insomniac to sleep!

**FLIRTS:** are typical 10th grade girls who are too young for one thing and too young for another.

**TO FIND A FLIRT:** stand in the hall before school near some cute guy's locker and when you see him coming to his locker look behind him and the stampede that follows is a herd of flirts!

**FOOD FIGHTS:** look out . . . duck . . . shoot . . . smack! These are as illegal as can be and can mean suspension for the person starting it. It brings a lot of excitement into the period and tears for the girl in the casmare sweater covered with salad dressing.

1. Karen Bryant flashes a smile. 2. Unidentified Drawing Artist! 3. Mike Wilder trying to look like he's actually working. 4. "Is that first string second fret, or third string first fret?" frets Shane Moore. 5. Sherry Shackelford and Kathleen Riley brighten up any day. 6. Brian Twiner and gatorade. 7. Diane at "Study Hall"?

**FOOTBALL:** "Football my life". At N.S. this is the number 1 sport — though not the only. This year the Spartans advanced to the 5AAA Region but this didn't stop them.

**FOREIGN:** this year N.S. had several foreign students who enriched the environment. Also, N.S. offers 3 terrific foreign languages — Latin, French, and Spanish with several 5th year students.

**FRESHMEN:** average height 4'9". Having just shed the ankle biter image these students still are very spirited. For many this is their first year in high school, they ought to be thankful they are not the youngest.

**FRIDAY:** is what we live through Monday for.

**FRIENDS:** make school what it is. Friends are the most important

3

thing a person can have for they can understand the slightest doubts or fears and reassure a person of his individual worth.

**FUN:** is what the students know how to have. Everybody has different ideas of what fun is, for example dancing, football, running, tests — oh well, to each his own. See survey.

**FUTURE:** always seems to be too far away. Yet, who knows what tomorrow will hold, so do not dwell too far in the future or the past but live for today.

**"GAG ME WITH A SPOON":** a preppy phrase employed most often by 8th grade girls as they search for the ideal word to describe boys, grades, their hair and school — often at a moment of disgust.

4

5

6

7

**GOSSIP:** is the only way to find out anything. Everybody and everything at N.S. is subject to gossip — who knows, from it you just might discover the finer details of your most recent date.

**GRADES:** are based upon a point system: A = 4, B = 3, C = 2, D = 1, and F = 0. These points are averaged to give the total grade point average for ranking. Yet grades mean nothing for it is the knowledge learned that counts.

**GRADUATION:** look out here we come, the class of '83! This day will mark the end of stomping subbies and being the oldest and best of the school and it will mark the beginning

## MOVE IT DAVID

David Siegal and Tim Fox (above) are both 5 yr. vets of N.S. Both are very vital to the N.S. athletic department. Tim has been involved in Football, Basketball & Baseball, while David has been in football, soccer, track and the ski club. Besides sports, they are in various clubs, for example Key Club and Spanish Club. Both plan upon participating in college sports.

of being freshmen again or being on our own — gee, maybe it isn't so great?

**HALLS:** are not, contrary to popular belief, for getting from one class to another. They are for girls to stand around and gossip in (no specific grade of girls gossips more).

**HOMECOMING:** of 1982 was against Marist. The Spartan Football Team was victorious over the Eagles 19-14, in a tough battle. The Homecoming Queen was Kristie Kubie. The dance was held immediately afterwards by the senior class featuring the band Fall Out.

**HOMEWORK:** is generally a bore and

8

takes a lot of time and yet is usually very useful when it comes time for the test. However, the worst type of homework is busy work.

**HONOR ROLL:** There are 2 types A) Super Honor Roll which requires a 3.8 average or better. B) Regular Honor Roll which requires at least a 3.5 average. After the 2nd quarter the PTSA honors the students who have been on either honor roll.

1. Mr. Spinks measures up to North Springs standards. 2. Kim Templeton asks "Are you kidding me? 3. Organic Chem. takes brains! 4. THIS is what a library is for! 5. Kristi Siemens — "Oh, I see." 6. "Oh NO I don't!" 7. Tim Fox's "Foxy Look." 8. Laura Bateman, Lenore Angarita, David Brim, and Andy Newton ham it up. Okay, Siegel, We told you we had the goods on you, and we meant it! Is this a cheer or an ancient, "ab-original" rain dance? Get with the beat! Love. Mrs. Herz-wurm and Lisa R.

## FROM DOWN UNDER

"As a foreign exchange student from Melbourne, Australia, moving into the N.S.H.S. Community was sure to present me with some strange and unfamiliar circumstances. I suppose the major thing that struck me about N.S. was its size and the co-ed classes, for I had come from a small all girls school where we all wore uniforms, no make up, no jewelry — of course this is not the case at N.S. and will have to admit that girls of N.S. where at first, a real novelty to me for I could not understand why they found it vitally necessary to re-apply and touch-up their make-up, brush their hair and paint their nails in class — but I'm learning fast!! As students of the U.S.A. you may not notice but walking to school American style was another new thing to me, firstly, because most of you drive — in Melbourne you have to wait until you are eighteen and secondly, you carry your books in your arms and girls have their pens etc . . . in their bag (not purse) While going to school in Melbourne we carried everything in a school bag. I must say it will probably be one of the best years of my life. To be honest it was "Bonza Mate."

Nicki Varga

2

3

**HUNK:** of the male gender who is about 6'2", eyes of blue, broad muscular shoulders and a body that is so strong it causes your legs to become weak just by looking at it.

**INSANE:** see seniors, parents or teachers.

**INTELLIGENCE:** by observing some students at N.S. it is often thought to be lacking at N.S.; however, N.S. has many many bright students. Grades often are not a true reflection of what somebody has upstairs (mentally).

**IZOD:** a small green reptile (alligator) that is perched upon a shirt or pair of pants or even socks. This brand is often classified as preppy wear, though anti-preps can be seen wearing them. The cost varies from one store to another; the woman's izod

shirt can cost up to \$24.00 at Rich's.

**JEANS:** have been popular forever. In the 1980's jeans have become very sophisticated and expensive because they come with famous designer names (Sasson, Gloria Vanderbilt, and Lee) and also in a variety of colors. A pair of jeans can cost around \$40.00.

**JOBS:** are a necessity. Students get jobs at McDonald's, Danvers, 'Round the Corner, and various other places. If you are fortunate to receive minimum wage (\$3.35) it doesn't seem to be enough when you are saving for college — around \$4,000.00 for public in-state school; buying gas (\$1.17 a gal.); entertaining a date — for a movie, \$4.00 a person.

**JOCKS:** 240 lbs., average I.Q. 10, male or female with great skill in some sport . . . yet, at N.S. the jock's I.Q. is better than average because it requires brains with brawn in order to have a winning team.

**JUNIORS:** having just joined the upper class they "gladly" accept the responsibility of planning and financing the Jr./Sr. Prom (Financing includes sales or ornaments, summer sausage and mints not to mention a dance after a football game) Their class sponsor is Miss Malloy. The high point of the year is receiving their Sr. rings.

**JR./SR. PROM:** sponsored annually by the Jrs. for the Srs. It usually means a very late curfew because the dance ends at 1 A.M. and the students like to enjoy several parties and on early breakfast. However, costs run high for this formal affair: Dress & Shoes \$140.00, Tuxedo \$55.00, accessories \$40.00, Dinner \$40.00, prom pictures \$20.00, gas \$10.00, Prom Tickets \$10.00, Breakfast \$15.00, Beautineer \$10.00, courasge \$12.00.

1. Tony Brosio — flirting as usual. 2. A puzzled Kathy Bentley. 3. Leslie Prescott, Cheryl Hanley, Pat Tulisalo, Kim Kilpatrick, Stacey Norman, and Kathleen Riley working up spirit at the Homecoming pep rally. 4. Hillary Greenspan trying to stay awake. 5. The Groovers — The N.S. Dorians! 6. "That Doesn't look like your mother's signature," queries Mrs. Edwards. 7. Tish Sherwood in a pensive mood. 8. That's a "P"? 9. "Do I have to go in there?"

# a b c d e f g h i j k

**KILLER WORM:** beware this is not your average garden type worm for this worm is the annual advisor as well as Dorian Sponsor. She is pretty cool — she owns two cats but she can really get upset when boys walk into the girl's dorms no matter if her staff invited them.

**KINKY:** something uniquely gross that you wouldn't do in front of just anybody.

**KISS:** the contact of the lips of 2 different people; a way of expressing affection. However, it is considered P.D.A. (public display of affection) on campus thus is illegal.

**KNICKERS:** are pants preps love because they only just go below the knees so preps can display their argyle socks.

**KNOWLEDGE:** that which is dispensed by teachers yet can be learned through everyday experiences — more valuable than gold.

**LECTURES:** uncontrollable chatter by the teachers. The teachers are pretty good about giving lectures because they tolerate people saying "Wait a minute" or "How do you spell that?", and they usually end in enough time to allow some socializing.

**LIVELY:** is what the entire student is on Friday especially in 6th period.

**LOAFERS:** another facet of the preppy style. They are brown leather shoes with a slot in front to put a dime — a penny is no longer worth much.

**LOCKERS:** horrible inventions that cost \$2.00 in rental fees. They are too small and hardly ever work. These contraptions are often cleverly disguised behind a mass of pictures or mirrors and on special occasions behind lots of candy and crape paper.

**LOUD:** an adjective to describe a big mouthed cheerleader or a class that has a sub.

**LUDICROUS:** describes the forms the student must fill out in triplicate three times a year every year he attends N.S.

**LUNCH:** occurs once a day and it's a great time to take a break and socialize with your friends.

# l m n o p q r s t u v w ...

**MATH:** 2 + 2 can equal 5 if you take Calculus. Math is one of the most serious classes of the day. It requires total concentration. Mrs. Walker is the head of the math dept.

**MONDAY MORNING:** yawn, grrrr — Don't speak to me, zzzzzzz ...

**MONEY:** a necessity though never available when needed. It's always borrowed, but never returned. Common items that cost are football tickets \$3.00, spirit ribbons 40¢, carnations \$1.00 ...

**MORNING PRACTICE:** at 7 a.m.

twice a week the Marching Band, Color Guard and Drill Team assemble on the field to practice the half time show ... sopping wet tennis shoes ... hair curlers ... never failing excuses for tardiness.

**MUSIC: Spartan Fight Song** Are you a Spartan? Are you a Spartan? Are you a brave and mighty defender of our name? Are you a Spartan? Are you a Spartan? Will you fight 'til victory's our claim? Oh, we will GO, we will FIGHT, we will WIN tonight. Victory, Victory all you Spartans, show your might! Are you a Spartan? Are you a Spartan? The GREATEST in the land!!!

1. Traci Oakley, Polito Merino, and Cathy Harrell say "Hi!" 2. He's at it again! Watch out Laura! 3. "Only two more classes to go!" 4. Kurt Reifeis and Mike Palmich realize Phalanx staff has its ups and **downs**. 5. Stacey Heersen experiencing writer's cramp. 6. Coach Patterson — "And the mama bear said to the papa bear ..." 7. "Camera! Where?" 8. When the "Spartones" come marching in. 9. Danielle Johnston listens to Mr. Patterson.

## "AIN'T SHE SWEET"

Lori Siemens is an honor student and has been on the super honor roll ever since she came to North Springs in the eighth grade. She is taking Honors Math and English while involved in FCA, the Latin Club and Young Life. She is active in tennis and on the varsity Volleyball Team. Her extra curricular activities are the church youth group, playing the French horn and JA.

# abcdefghijklmnop

**NEW STUDENTS:** Can be spotted easily because they are the students who aren't running or yelling through the halls.

**NOTES:** are a favorite pastime but heaven forbid that anybody get a hold of them because they contain your heart's deepest wishes.

**OBNOXIOUS:** rude, crude and socially unacceptable. Who can't remember some person who was so rude and embarrassing you wanted to die?

**ORACLE:** is the school's newspaper which is "outstanding" under Amie Latus, editor, and Mrs. Altman, advisor. Be sure to always spell the name in all CAPS or the staff will be angry with you!

**OUT-TO-LUNCH:** a way of describing an air head (a person who is or acts really dumb). They can be heard asking "What question are we on?" even though the class has been done for twenty minutes.

**PARENTS:** poverty stricken humans after paying for the high school necessities — ghetto blasters, rings, prom dresses, Sr. pictures, lockers, PE clothes, uniforms, insurance, . . . The parents of the older students may be spotted on Open House Night sound asleep — and they complain students never pay attention?

**PASS:** to pass it requires at least a D, otherwise 5 hrs. credit will not be earned and in order to graduate, a student needs 405 hours.

**PEP RALLIES:** can really be quite boring when the 8th graders are the only ones cheering. Yet, they get the football team fired up.

**PHALANX:** the yearbook. This is a great class to be in because it allows freedom even though it requires a lot of hard work. This year several members and Mrs. Herzwurm went to camp in order to learn more about the book; however, they discovered a lot more, i.e. Mrs. Herzwurm would drive back to Atlanta at 12:00 a.m. to let the cats in from the rain. Weird? See Killer Wurm.

**PHYSICAL ED.:** P.E. is required for 45 hrs. or 3 years, but it's usually lots of fun. Some of the options are P.E. Leadership, Rec. Games, Camp-

ing, First Aid, Dance, and much, much more.

**PUNK:** a person who likes punk music and who dresses very punkish, i.e. green and orange hair, leather pants and safety pin earrings.

**QUARTERS:** are what each grading term consists of.

**QUESTIONS:** are what the general ignoramus doesn't ask. In the classroom, these are vital teaching tools; however, out of class they can be very embarrassing, as in "Yeah, (name), wasn't that you I caught "parking" Friday night?"

**QUIET:** is what the library has become ever since last year's Senior prank (locking a calf in the library) because it now takes a "pass" to enter the library.

**RADIOS:** or ghetto blasters help liven up the school and after school practices. Popular stations are Z-93 and 96 Rock.

**RECORDS:** this invention provoked deafness among students and parents yelling "Turn down that stereo!"

**RIBBONS:** before games help promote spirit. Spirit ribbons cost 40¢ and, who knows, on some Fridays you can see some student wearing a half dozen ribbons with the most recent one turned upside-down until the first TD.

**R-O-W-D-I-E:** that's the way you spell rowdie, which students tend to be on Fridays or on the last day of school.

# l m n o p q r s t u v w x y z !

5

6

7

**SENIORS:** superior to all the other students, at least in their own opinion. This complex is accredited to having survived 5 years of high school including classes such as Senior C & R 504, Personal Health, and Freetime 6th period.

**SIXTH PERIOD:** consists of restless pencil tapping, book slamming, note scribbling and day dreaming of the 3:15 dismissal bell.

**SOPHOMORE:** is usually the most forgotten year because you're too young for one thing and too old for another. However, this year usually means getting your driver's license and giving "mom" some grey hair, and finally having your curfew as late as 11:00 p.m.

**SPARTANS:** are a mighty breed. Are you a Spartan? Known throughout the county for being well advanced athletically as well as academically.

**SPIRIT:** has been somewhat lacking in previous years. It usually dies out after the 9th grade. However, it has been improving because the Spartan spirit will never die.

**SPRING BREAK:** is something that doesn't come soon enough for many — even though it occurs about 1 week after 2nd quarter ends. The favorite vacation spots are those where the sunshines bright and the tans develop quickly.

**SUBBIE:** See "Ankle-biter."

**TEACHERS:** grinning, malevolent instructors who always chime in that

8

"It's for your own good. In college, you are just a computer number." Seriously, we have the finest because they really do care about us as individuals.

**TESTS:** usually mean opening a textbook for the first time the night just before. See cramming.

**"TO THE MAX":** doing something to the most extreme extent.

**ULTIMATE:** is similar to "To the Max." Often heard when a student receives a good grade and is expressing excitement.

**UNIFORMS:** are made of 100% polyester and they never fit right, either. They're always too big or too small. See gross and gag.

**VICTORY:** winning isn't everything, but victory feels better. It usually occurs in sports, but a student may achieve a victory in a class by receiving a good grade.

**WEEKEND:** it begins on Friday at 3:15 p.m. and ends Monday at 8:45 a.m. It means anything from parties to studying at home. It is what every student and teacher loves.

**WRITER'S CRAMP:** this is a cramp caused by rapid lengthy writing usually occurring during one of many long discussion tests found most often in English or History.

**XEROX:** a wonderful machine which copies printed pages for only a dime. May be used to copy someone else's homework or term paper. It is located in the library.

# ORACLE The voice of the Spartans

OR.A.CLE, noun. a person or thing that delivers authoritative, wise, or highly regarded and influential pronouncements. This definition definitely fits our school newspaper, the ORACLE. Serving as the voice of the Spartans, the school newspaper is top-rate material. The ORACLE has received awards citing recognition, and it is consistently one of the best school newspapers in Atlanta. It advises, entertains, and gives comprehensive coverage on all subjects. Well rounded, the ORACLE features a variety of sections: Editorials,

Point Counterpoint, Rockline, and Spartan Spotlight. Many long hours of hard work and investigation go into producing the paper. Under the careful supervision of Mrs. Altman, the staff works together to make a worthwhile paper. On the staff for three years, Editor Amie Latus runs her staff efficiently and productively. Amie's right hand person, Kris Wilenbrink, is using her experience wisely — as she worked at the Northside Neighbor and intends to major in journalism.

# And the beat goes on . . . Concert Band

The basic objectives of the Concert band included working on fundamentals and the basics to help everyone achieve a good, firm foundation for their music. Mr. Cox worked with the many members of the band to achieve this goal. To be eligible for the Concert band, a player had to be in the eighth or ninth grade, plus they have to have had one to two years experience playing his or her instrument. Also, a member had to perform a written piece of music on their own, thus showing Mr. Cox that they are able to read music.

1. Playing a prepared piece, the drummers display their expertise  
2. Again, the drummers really get into their music. 3. Mr. Herbert Cox, the band director, is in charge of both the Symphonic and Concert bands. 4. Jeanine Pregler is one of the upcoming members of the Symphonic band. 5. Another day of total concentration for these young musicians.

Meeting as a class throughout the year, the many members of the Symphonic band practiced under the instruction of Mr. Cox. The Symphonic band, which was the most advanced of the two bands, met together everyday, during the year. In order to perform with this band, members must have passed difficult auditions which included, performing the chromatic scales, as well as other scales, a prepared piece, and sight reading music.

1. During in class practice, William Rich really gets into his music when he plays. 2. Flutest Beth Lang concentrates deeply on the selected piece for class. 3. The Bass line provides the deep tones needed for the arrangement. 4. Playing her French horn perfectly Julie Carey gets into her music. 5. Bobby Wolf along with other trumpet and trombone players keep with the beat.

# FBLA, DECA, VOT: Combining business with

As business-oriented programs offered by North Springs, FBLA, DECA, and VOT teach students leadership and organization qualities. These groups also give students confidence and an awareness of the free-enterprise system.

FBLA stands for Future Business Leaders of America. Sponsored by Mrs. Lyon and Miss Miscally, FBLA is an organization for all high school students with an interest in business programs. The purpose of FBLA is to provide additional opportunities for secondary students in business and office education. FBLA develops vocational and career supportive competencies and promotes civic and personal responsibility. This organization's main objective, says Vice-President Jackie Thelan, "is to help students prepare for the business world."

The members of FBLA are not only active in the careers that they choose to follow, but they also participate in many monthly programs and projects. In October, FBLA members helped out at a carnival at Underwood Hills, and in December they threw a holiday party at Scottish Rite Hospital. Some of the programs that this group covered this past year were dressing for success, job interviews, and careers-all orientated for an awareness of the business life. Finally, FBLA's main project this year was the state project — the National Building Fund. For this project, FBLA raised money to contribute to the building of a national headquarters for FBLA.

DECA, Distributive Education of America, is a cooperative work-study program for students who have a career interest in marketing

and merchandising. DECA's sponsor, Mr. Randle, teaches his DECA students valuable career skills. Students go to their DECA class and then they leave school to go to work. This class definitely prepares students for the future business world. VOT, Vocational Office Training, is another program sponsored by Mrs. Lyon. VOT is offered to eleventh and twelfth graders who have an interest in office training. Students learn the functions and the purposes of an office with firsthand experience by working in an office job. Also, if a student does not have a job, Mrs. Lyon can usually find one for them. Basically, FBLA, DECA, and VOT inspire students to have confidence and knowledge in their future jobs. The students develop responsibilities and learn to work mutually with others.

# National Honor Society

National Honor Society is a service club whose members are honor students who participate in programs that benefit the community. Juniors and Seniors must have a 3.5 composite average and they must be active in school functions in order to be considered for the club. The new members who meet these requirements are inducted in February. Sponsored by Ms. Cole and Mr. Roy, National Honor Society represents the school in community and school activities. This year, under the presidency of Sally Klingel, National Honor Society collected toys for the Toys for Tots program as well as participating in other community and school functions.

# N.S. STUDENTS OF MERIT

## GEORGIA CERTIFICATE OF MERIT

Sometime toward the end of their junior year 10 students (5 girls and 5 boys) were chosen to receive the Georgia Certificate of Merit. This award is given to the students who comprise the top 5% of their class as well as the state. The award was originally given by the University of Georgia to entice students to attend their campus; however, the state soon recognized the importance of keeping these students in the state schools so they began to subsidize the award. The students attend a meeting where they are told that their name has been published in a book that was circulated to all the universities in Georgia. Later, at a school assembly, they receive their certificates. A few weeks after that, they begin to receive mail of college literature. Also these students will receive special attention when colleges consider students for scholarships. Those who have obtained this award are; Laura Bateman, Steve Briggs, Mike Gordon, Audrie Kaminsky, Clay Parnell, Lisa Ramazzotti, Kurt Reifies, Mike Wilder, Kris Willenbrink, and Karen Wingo.

## S.A.T.'S PAY OFF

The SAT's along with the PSAT's have paid off well for 6 seniors. Five of these seniors, Michelle Jackson, Kris Willenbrink, Clay Parnell, Andy Newton, and Claire Horne are the Merit Program Commended Students while North Springs boasts one National Merit Semi-Finalist, Bill Godshall.

What this means is when they took their PSAT's during their junior year they were among the 50,000 highest scorers. From here these students compete for National Merit

Scholarships by their scores on the SAT's. Commended Students receive higher than normal scores; however, not high enough to continue on. The semi-finalist is one among 15,000 per state and he continues on to compete to be a finalist by proving his academic records. As a finalist, he may compete for the Merit Scholarships. (Approximately 90% of the semi-finalists continue on) The scholarships include enough money to attend the best schools. So, all underclassmen take notice of what you could earn merely by taking two tests. What can you lose besides a little sleep?

### Comarts are forever

Before I got to Valdosta this summer I didn't really know what to expect, and I was scared that I was about to spend 6 weeks of my summer writing term papers and memorizing grammar rules. Well, I'm glad to say that my expectations were completely wrong, the only writing I did was in my journal, which all the Comarts (Communication Majors) were supposed to write in everyday. I doubt I did it everyday but it didn't matter because we weren't graded. The best part of G.H.P. was meeting and making friends with so many great people with whom I'll stay close to all my life. The worst part was putting on my shoe one morning and feeling a live roach at the toe. Also, going home was a bad day. — Thank You Mrs. Fields New & English Dept.

### The E.T. Force

For me G.H.P. was a lot of work but work I wanted to do. As a science major I had to spend hours in the library which was kept below freezing. The science majors were called the E.T. Force and were active in everything — casino night, talent shows, and the oral yearbook. When I wasn't researching I was in dancing, grammar, physics, photography, volleyball, not to mention the 6:30 A.M. jogging class. Also, I made the G.H.P. Drill Team which was an honor for all of the 16 girls but me were officers on their own school's teams. A special part was to be able to make so many friends and to be able to depend upon them. However, the worst parts were the fire drill at 1:00 A.M. when we had to stand outside with all the guys leering at us. Also bad were the days when the mail box was empty.

LISA RAMAZZOTTI

### Scratch my Bach

It is very difficult to try to explain what G.H.P. is all about. It was a totally unique experience, filled with good times as well as bad times. You become very close to all the people and make many special friends. You feel a common bond with everyone and after sharing 6 weeks of your life with people who come from totally different environments, it is very hard to say good-bye. You are pretty much on your own and pretty much free to do what you want. Even though the facilities were bad and the food was like school food, G.H.P. is something I'll never forget. All in all, it was hard work, but we had our share of wild and crazy times!

JOANNA JOINER

This past summer North Springs had three of its four nominees chosen to participate in the Governor's Honors Program (G.H.P.). These students were nominated because they showed an exceptional ability in some academic area along with other talents and grades that reflect hard work. The students are nominated during their sophomore or junior year though the majority are juniors. After a student is nominated she must go to Macon where the state interviews about 2,000 students and picks 600. The interviews except for musicians' and dancers' are to determine whether the student has a personality that is compatible with others. The other groups must take tests and audition certain pieces. Of the 600 picked 400 go to Valdosta State College and 200 go to North Georgia College from June 20 to July 31. Claire and Lisa went to VSC while Joanna went to NGC, they went in English, Science and Music respectively. At the colleges they lived as college students in respect with dorms and facilities except they had special classes Mon. through Sat. 8:15 to 12:30 in their major and 2-4 other hours in minors i.e. yoga, dance, art, . . . ALL FOR FREE!!!

# Spartan Spirit Never Dies

As we travel through our time at North Springs, we find that sports are not just games, especially to those who are involved. Everyone who wears a Spartans' uniform knows that they are not only competing for themselves, but also for their school. Coaches and managers help them through practices and games, while cheerleaders, drill team and band members, along with a terrific student body, help contribute to the support that our teams receive from the school, teachers, and parents. Sports are "the other half of education," and with every win or loss the participants learn a new lesson. Through sports, we learn competitiveness, how to accept both winning and losing, and

more importantly, we learn about team unity and how to help our fellow classmates. From participating on a team, we are able to become better friends with our teammates, and we can take pride in the togetherness and spirit exhibited by everyone wearing the orange and blue of North Springs. Game day brings a certain feeling of uneasiness and pressure, yet we always manage to survive our tests and homework assignments in order to "get down to business." Spartan Spirit never dies, for we'll always remember our last game and the fun we had. We'll always check the paper to see whether N.S. won or lost, and we'll always carry a good feeling about the days when we were part of the Spartan team.

The 1982 football season was one of ups and downs. The Spartans began the season with three big wins and raced into Buford confident a fourth was coming. What had not been counted on was the revenge-filled Wolves team the Spartans had defeated at their homecoming the year before. The Spartans played their homecoming game against the Marist War Eagles. After the game the Eagles were left to sit and wonder what hit them. The next game was against arch-rival Riverwood, who were the home team, but left taking a 28-0 whipping. The following week the Spartans fell to Westminster.

A last minute drive fell short. The final three games saw the team go 2-1 and end the season with a 7-3 record. This meant a trip to the playoffs as sub-region champs and a game against Towers. However, the Spartans were ruled runners up and played Chamblee instead. The game played in bad weather was without any running and when the final gun sounded the Spartans had lost and missed a rematch with Westminster. All in all the Spartans had a good season and considering all the quality players the team has returning the Spartans winning tradition will surely continue.

# And They're Off . . .

... through woods, over hills, striving for the finish line and to do their very best; this is the life of the members of the cross country team. Cross country is a demanding sport with much time and effort devoted to long, grueling practice runs, for the goal of a personal best time. Coach Jim Randle commented that this year's team was "a very dedicated and determined group." He also stated, "Our record wasn't that good, but this has been a rebuilding year, working to create a good nucleus for next year." The 1982 team was a young team with the varsity made up of seniors, juniors, and a few sophomores, but they have a lot of talent and potential for such a young group. During their season, they placed second at the Lovett meet, and highlighted their season with a win over Mt. Vernon. The team lost several runners this season with injury and illness, but they should do very well.

The North Springs girls J.V. Volleyball team is one of the only J.V. volleyball teams in the North Fulton area. The girls did not have a full schedule this year but were victors in their only match of the season against Athens Academy as they went into three games of play. Coach Malloy has been keeping a J.V. team for the past three years. In doing so, Ms. Malloy is building the girls up for Varsity level play. The 1982 team will certainly be ready for Varsity action as this year they practiced two days a week from 4:30 to 6:00 p.m.

# LET'S HUSTLE — VARSITY VOLLEYBALL

After two consecutive winning seasons in Volleyball, Coach Lynne Malloy was faced with a dilemma after the 1981 season — she graduated 11 of her 13 players. Thus, nobody thought the Spartans would offer any threat and at the beginning of the season they weren't. The reason was because they didn't know how to work as a team; however, Miss Malloy put her foot down and told her girls "These other teams don't

even deserve to be on the same court as you and I really don't know what else to say except you can do it. These games will only seat you in the Area Tournament." Needless to say the Lady Spartans began to hustle and they ended up with a 4-7 record but managed to seat themselves as sixth in the area. At the tournament the girls firmly defeated Roswell and advanced to the second round. It came down to a showdown

for who would be in the final set, Riverwood or North Springs. The Spartans shocked Riverwood and its coach by winning the first game 17-15, yet lost the second. The third game went down to the wire with Riverwood winning by a very small margin 15-11. The season was successful in terms that next year all except 4, Jennifer Burnham, Paige Parker, Lisa Ramazzoti, and Jennifer Vogel, will return and defeat all!

The members of the 1982-83 eighth grade girls basketball team are: 1st row; L-R, Kristy Thomas, Ann Walton, Jeannine Pregler, Allison Price, Amy Cooper. 2nd row; Marti Wakefield, Julie Dykhouse, Michelle Long, Meridith Brown, Stacey Robinson, Laura Polosky, Tiffany Shipp. 3rd row; Camille Mosley, Sonya Davis, Karen Gale, Jenine Stewart, Becky Hewes, Joanna Somerville, Coach Mathis. The team is coached by Milo Mathis who is very dedicated. He must be as he has to be at school each morning at 7:15 for practice. Great Spirit Team!!!!

The 1982-83 8th grade girls basketball season was a good one in terms of talent and fun. The girls worked hard and have learned much from Coach Mathis. The team progressed steadily as the season moved and by the end could have won against any other eighth grade team. The top scorer for the team was aggressive Tiffany Shipp. The best rebounder, Meridith Brown; The most aggressive, Ann Walton and Jeannine Pregler; and the best down the stretch, Stacey "Frog Legs" Robinson. This team of girls was the most spirited North Springs has ever seen.

The eighth grade boys basketball team has had a very successful season for the first time in the past few years. The team is coached by Coach Chandler and is led by guard Carey Steppe. Carey is the fourth brother in the very basketball-oriented Steppe family. Other than his oldest brother who was a 6'5" first round draft choice, Carey probably has the most potential raw talent even though he is the shortest. He is quick and is a good shooter. The best offensive player on the team is forward Steven Estroff, who also is a good rebounder. On defense the team was led by guard George Mori.

6

George Mori is probably the best defensive rebounder on the team. The team was helped out a lot by having one of the tallest centers in the league in Casey Jackson. The final starting member of the team was forward Drew Peterson who contributed quite a bit to make the team a champion. Drew did this with skillful passing and shooting. Coach Chandler had one of the strongest benches in the eighth grade league which is anchored by forward Joel Caldwell and guards Greg Alterman and Tony Rumanes. Altogether, the eighth grade boys basketball team seems to want to carry on the Spartan winning way.

# Gymnasts Do It Better . . .

1

Due to the early publication date of the book the staff is unable to give the results of the 1983 season. However, at this time the Lady Spartan Gymnasts have formed a strong, young team who know what they want. This year they would like to beat Riverwood. For several years now this meet usually means the toughest competition, with one team only winning by a point. This year's team is coached by Lynn Malloy with Leslie Hall assisting her. Returning from last year will be Carol Schilling, a state competitor, Lisa Ramazzotti, and Sue Odum. They will be joined by 9 Juniors and 1 Freshman. Though they are a young team, they should go far, for they aren't inexperienced at winning.

The girls varsity basketball teams season was one of rebuilding. After all of last year's starters graduated, Coach Dick Prindle had to start from scratch. Captain Claire Horne was the only returning senior. There wasn't much height in the team but they played good basketball because of their quickness. The returning players are looking for a better season next year.

This year's 1981-1982 Varsity Basketball squads have really worked hard this season. By the leadership of Tim Fox and Jim Showety the Captains of the team, and the fine coaching job of Coach Watkins, the Varsity Team really pulled off a season. These guys are very devoted, and really love the game. They show this with the many hours of practicing and drilling. These guys really have a winning attitude, and to sum it all up in one word these guys were T-E-R-R-I-F-I-C!!!!!!!!!!!!!!

This year's junior varsity girls had a season they could be proud of. They started off with two quick victories before slumping over the winter holidays. The girls fell to 3-6 before Miss Malloy could find the winning line-ups. The team won six games of the next eight for a 9-8 record. At press time, the girls had two remaining games. All of North Springs should give them a hand for all their hard work and dedication which produced such a fine season. The girls wish to thank those few who did attend their games for their support and hope to see more of you in the stands next year. They also wish to thank Coach Malloy for her hard work.

This season was an experience building for the JV team. With many participants who were new to wrestling, they soon learned that it is not an easy sport. Wrestling is basically a sport of repetition, with match experience being the best teacher. With many new faces this season, and many getting on the mat experience, the team should improve greatly next season.

# Baby Spartans Invade!

We asked you some questions, and here is what you had to say!

How does it feel to be an 8th grader? "Not as bad as I thought" "Like a midget compared to the seniors"; "Better than a 7th grader"; "O.K., you get used to being picked on"; "Scary at first" "VERY LOW"; "Underprivileged"; "Just dandy good"; "Like I'm in first grade again".

What do you like least about N.S.? Lunch; too much homework; dressing out; no clocks in the rooms; too crowded in the halls; coke machine doesn't work all the time; track and field; the school is too big; upperclassmen; only 5 minutes between classes; short lunch.

What are the major differences between highschool and elementary school? More freedom; more homework; more people; meeting new friends; having classes with a lot of different people; always changing classes; having your own schedule; having lockers; more responsibilities.

How have the upperclassmen treated you? "Most are helpful"; "terrible"; "So far, so good"; "Most direct me the wrong way when I'm lost"; "Aside from being kicked out of seats on the bus, they've

been nice"; "Like dirt": "Well, let's put it this way, I have a bruise from being pushed around"; "Like trash"; "O.K., I've been careful not to bother them."

What surprised you the most about N.S. Upperclassmen; "I thought people would pick on me because I'm an 8th grader."; crowded halls; so many freaks; all the nice people; "The food was worse than I expected."; how the lunches work; the little paintings in the cafeteria; not as many drug addicts.

What is the funniest thing that has happened to you at N.S.? "I tripped on the stairs"; "People were selling Pep Rally tickets"; "In Ms. Dixon's class, a friend and I got detention for taking a guy's underwear"; "Todd Pearson dressed up like a rabbi for pictures"; "I got mooned on the bus"; "I accidentally went into the boys locker room"; "On the first day I walked into an 11th grade class, and on the way out I said BYE".

What is the worst thing that has happened to you at N.S.? "I lost my schedule card"; "Being slammed into a locker

by mistake"; "Losing my locker combination"; "I was chewing on my pen and it leaked into my mouth, so my mouth teeth were blue and the whole day"; "The guy I really like asked my best friend to Homecoming".

What do you think of the N.S. cafeteria food? "It should be condemed"; "I bring my lunch"; "The salad is good"; "Grotty to the max"; "I haven't gotten my nerve up to eat it yet"; "The mashed potatoes have bugs in them" "HORRIBLE"; "It's better than Spalding"; "I got through 7 years of elementary school without even drinking milk, so I probably won't eat anything here either."

What do you like most about N.S.? Getting out in the afternoon; cute boys; having lockers; football games; pep rallies; chewing gum; getting to choose classes; more social time; freedom; everyone smiling; not having to walk single file.

The Eight Grade class officers are: Joanna Somervell; Patti Wilkie; Julie Mislow; Meredith Brown; Ms. Keelin (sponsor).

On August 30th, 1982 the class of 87 invaded North Springs. Lost among the masses, nowhere to turn, their saga begins. Too smart to buy elevator passes, yet vulnerable enough to take wrong directions; the 8th graders are truly unique. Encountering their 1st Pep Rally, the 8th graders were totally overwhelmed. Their first year in the ever-changing world of high school. Only 4 more left. Learning how to organize committees and activities to earn money. Building floats in one week, realizing the time and energy that must be contributed. The 8th grade class has had many new and memorable experiences, all of which are part of the daily life of a student at North Springs High School.

# Fired-Up Freshmen

9th. graders. Freshman. No longer the lonely eighth graders subjected to ridicule by upperclassmen. Well, at least not as much. The class of '86 was definitely the most spirited this year, winning both spirit stick and spirit link contests. Those who led this spirited class were: Amy Feldman (president), Cori Ching (vice-president), Ashley Underwood (secretary), and Kristi Siemens (treasurer). When polled of freshmen favorites the winners were: movie — "E.T.", lunch — pizza, activity — partying! song — "I Ran" by Flock of Seagulls, and favorite class — P.E. When asked who in the ninth grade deserved special recognition, most freshmen answered "me". What does **that** tell you about the Class of '86?

# AWESOME!

Meet the Class of 1984! This class is the most outstanding and spirited class that North Springs has ever had. They've made it through four years of ups and downs and have one more year that's definitely going to be all UPS. When asked a few questions, here's what some members of the Class of 1984 had to say: "What do you like MOST about N.S.?" "The guys ... mini-skirts ... holidays ... SKIPPING ..." "What do you like LEAST about N.S.?" "The rules ... everything ... Hall monitors ..." "What are some of your favorite sayings?" "Grody to the max ... Totally ... For Sure ... Okay, guys. Quit the Valley Girl talk! I mean, gag me with a spoon ..." "What do you usually do one weekends?" "Party ... sleep all day ... work ..." "What are some of your favorite classes at N.S.?" "Study hall ... P.E. ... History with Macris ... (Does he really tell those jokes?) ... Foods class."

# "Time Is Flying Never To Return"

Virgil, Georgics

Remember the good ol' days when we were underclassmen? It seems like just yesterday we were in eighth grade — going to Pizza Hut after games and to Jellybeans all the time. Believe it or not, we even used to be spirited. Our dream was to become seniors so we could push all the eighth graders around. Who can forget all the bake sales we had in ninth grade? Did we ever make money from those; we sure had enough of them! It was terrible being stuck in the middle for our sophomore year; could we survive the years before we'd finally become seniors? Our junior year was one to remember for this was the year for class rings and the prom. Thank goodness we had enough money for our prom because we never sold the things we were supposed to. The computer

dating sheets saved us. Now we're finally SENIORS! How time flies! Tennyco, McDonald's, and Buddy's will definitely miss us. Parties make the world go round, right? We're college bound! Class rankings, SATs, college applications, and decisions — we're not ready for all this yet. Weren't we eighth graders just yesterday? Everyone wants to get out early for "work" because we need money for food, clothes, and parties. The good ol' days are gone forever, but the memories will remain with us for the rest of our lives. We're moving on to a new life now. Thank you, North Springs, for helping us to grow — we love you and we'll miss you. The influence North Springs has had on us will stay with us always because in some way we're all UNIQUELY SPARTAN!!

# 1983 Mr. And Miss North Springs

Although being an Outstanding Senior is a great honor, becoming Mr. and Miss North Springs is an even greater honor. This year the faculty had the choice of picking the final Mr. and Miss North Springs from the nominated 23. This year Mr. and Miss North Springs are William Rich and Lisa Ramazzotti. Lisa Ramazzotti — Community Award for Public Service, Student Council — Rep., Super Honor Roll, Debate, Spanish Club — President, Spanish Honor Society, Jr. Academic Bowl, Citizenship and Sportsmanship Awards, Governor's Honor Program, Gymnastics, Spring Musical, Track, Sr. Beta, The Harvard Book, The Renneslear Science Award, and Phalanx Staff — Editor. William Rich — Marching Band, Jazz Band, Concert Band, Student Council — President and Treas., Citizenship Award, Soccer, Five-year Award for Band, and Phalanx Staff — Photographer. Congratulations 1982-83 Mr. and Miss North Springs!

# "Teachers Affect Eternity;

They can never tell where their influence stops." (Dams, The Education of Henry).

A CLASSROOM TEACHER'S CREED: As a CLASSROOM TEACHER, a being of hopeful spirit; possessor of limited wisdom which is a consequence of experienced and experience a consequence of time; realizing that all knowledge is interrelated and none is absolute; approaching harmony in a "space-time: matter-energy" continuum; acknowledging the existence of a universal prime force; affirming the intrinsic responsibility to provide experience, leadership, example and motivation for the student that each may develop his or her unique potential, the actualization of which added to that of others, tends toward a ONE greater than the sum of each; accepting but not necessarily approving the behavior of students; creating an atmosphere of caring, trust, and safety; emphasizing self-discipline, competition with self and cooperation with others; encouraging controversy that leads to higher levels of harmony; assuring that the accepted social consequence of each act is realized; and insuring that all "negative" incidents bring about higher levels of understanding not otherwise possible: I do hereby proclaim, in context with my limitations, that to the best of my ability I will as a CLASSROOM TEACHER and a facilitator of becoming, provide the environment necessary to increase the probability that each individual student become a total human being.

Our administrators conduct business at North Springs High School very efficiently. They are extremely concerned with the welfare of all the students and the faculty. Mr. Boyer and Mrs. Veldhuis, who are new to North Springs are doing a wonderful job at making the necessary changes in order for our school to operate smoothly. Our administrators very much enjoy being involved with the school, the students, and the faculty at North Springs. They have done an excellent job this year and we know, with their help, North Springs will become an even better high school.

1. Cooks (L-R) Edith Kellogg, Alice Grant, Bonnie Harris, Georgia Bidby, Mildred Strickland, Mary Cook, Dorothy Hewatt. 2. Relaxing after a hard day. 3. Custodians (L-R) Fred McDaniel, Russell Henderson, Lamar Turner, Dewey Payne.

Custodians and cooks — our miracle workers or unsung heroes. Unfortunately, these very important people are often taken for granted. We never think about how much work our cooks and custodians put forth every day. None of us ever stop and thank them for all they do for the school. These important people deserve a big thanks for a job well done. Thanks for all your dedication and hard work.

We Dedicate This  
1982-83 Phalanx To  
Marc Andrew  
October 29, 1969—  
January 21, 1983.

The Lord is my shepherd, I shall not want; He makes me lie down in green pastures. He leads me beside still waters; He restores my soul. He leads me in the paths of righteousness for His name sake. Even though I walk through the valley of the shadow of death, I fear no evil; for thou art with me; thy rod and thy staff, they comfort me. Thou preparest a table before me in the presence of my enemies; thou anointest my head with oil, my cup overflows. Surely goodness and mercy shall follow me all the days of my life; and I shall dwell in the house of the Lord for ever.

We Dedicate This  
1982-83 Phalanx To  
Steven Haight  
September 7, 1967 —  
January 24, 1983.

You would know the secret of death.  
But how shall you find it unless you  
seek it in the heart of life? The owl  
whose night-bound eyes are blind  
unto the day cannot unveil the my-  
stery of light. If you would indeed  
behold the spirit of death, open your  
heart wide unto the body of life. For  
life and death are one, even as the  
river and the sea are one.
