It was once said that one picture is worth a thousand words. If this is so, then we have done a lot of talking in this edition of the PHALANX. We have tried to capture that which is nearly impossible—to convey the feelings and moods that have gone into making the year what it was.

Just what kind of a year was it for you as an individual? Was it a year of fulfillment—or disappointment?

We can tell you what it was like for you as a group. It was football, dances, the day the snow came, the cold days waiting for your bus at the bus stop, the coming of spring, basketball, concerts, track, and the hundreds of daily occurrences that made the year as a whole.

With these things in mind, you will turn the pages that we now offer for your consideration, and each picture will bring to mind a specific mood or feeling that no one else can possibly feel. We hope that these moods will be happy ones, and that you will look back on your year at North Springs—no matter if it was a beginning or an end—with pleasure.

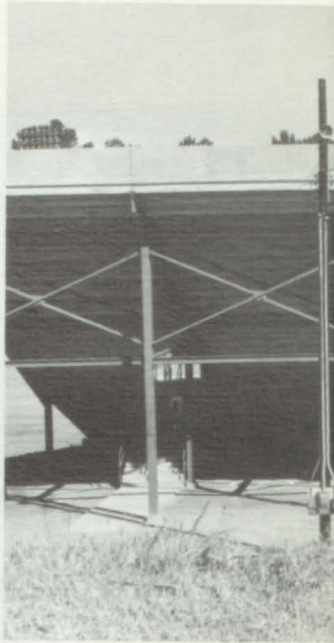

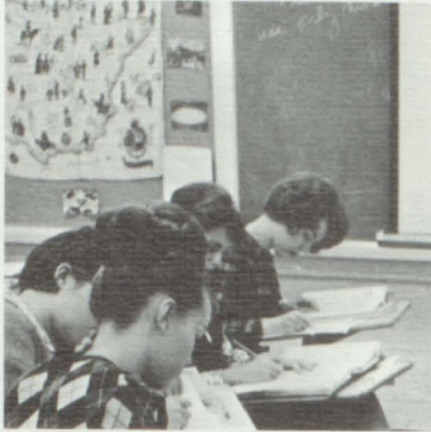

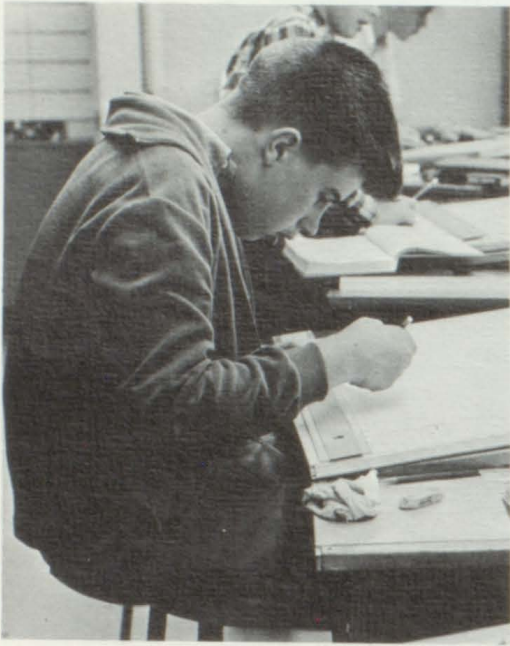

For everything there is a season,
and a time to every purpose under Heaven.

—Ecclesiastes 3:1

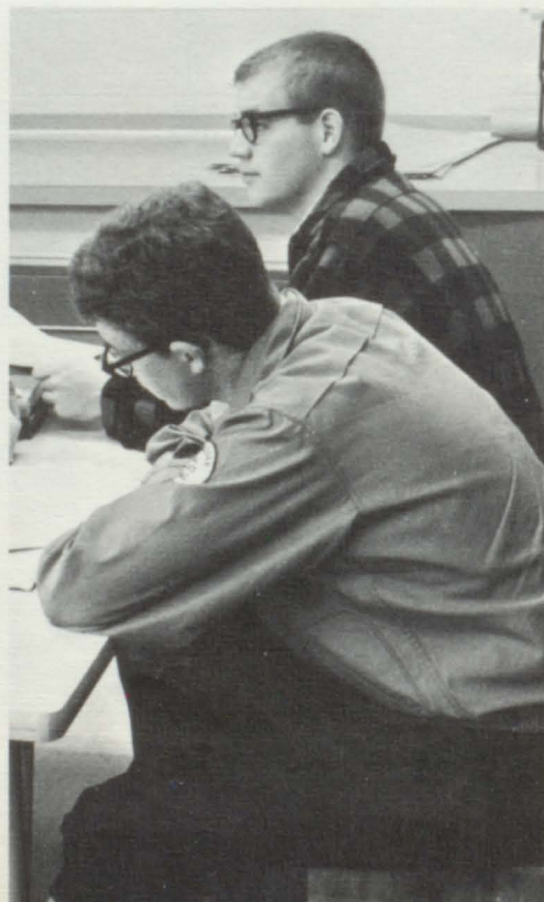

A Time for Silence

A Time for Speaking

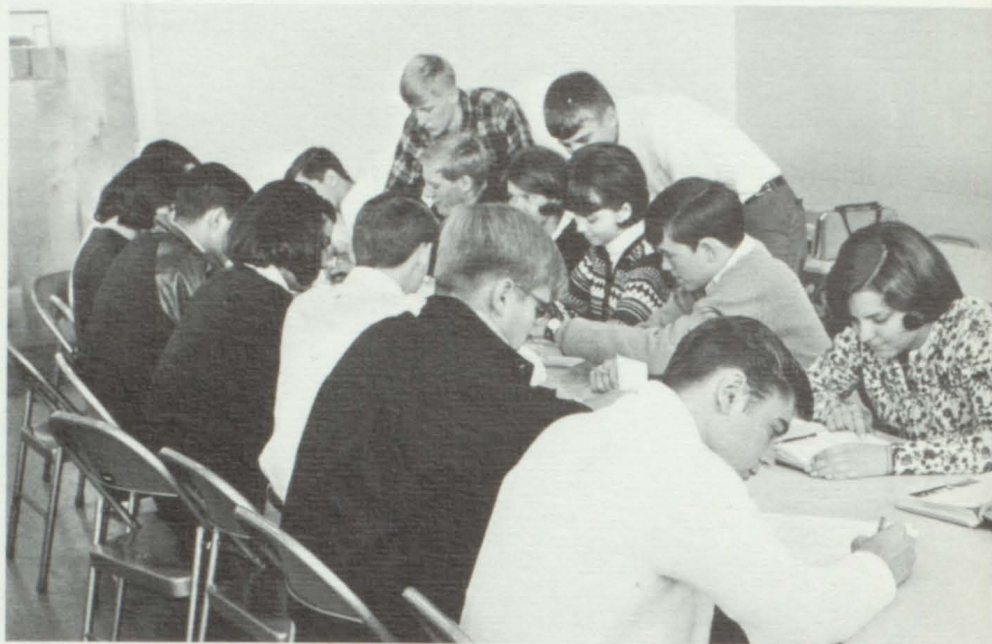

A Time for Thinking

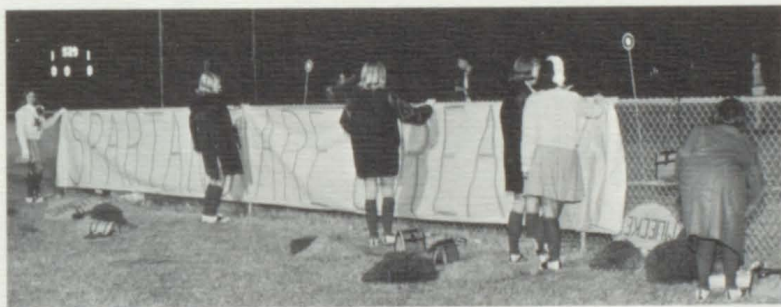

A Time for Action

A Time for Work

A Time for Play

A Time for Dedicating.

Miss Elizabeth Pace —

Very rarely is anyone able to know a person like Miss Pace. She is one of those truly dedicated teachers—dedicated to herself and to her students. Whether teaching the fundamentals of grammar or the meaning of a poem, she is always moved by a spirit behind her work, a spirit that never fails to express itself in all that she does.

She feels strongly about the values of an education. If she could have her way, she would want all her students to understand the reason behind their learning. It is this true concern for her students that makes her such a good teacher.

But along with Miss Pace, the teacher, there is Miss Pace, the annual advisor, and Miss Pace, the Senior Class sponsor. She finds time among the long hours of grading papers and criticizing themes to express her creative abilities as the *Phalanx* advisor. She has spent many hours at school helping the staff meet deadlines.

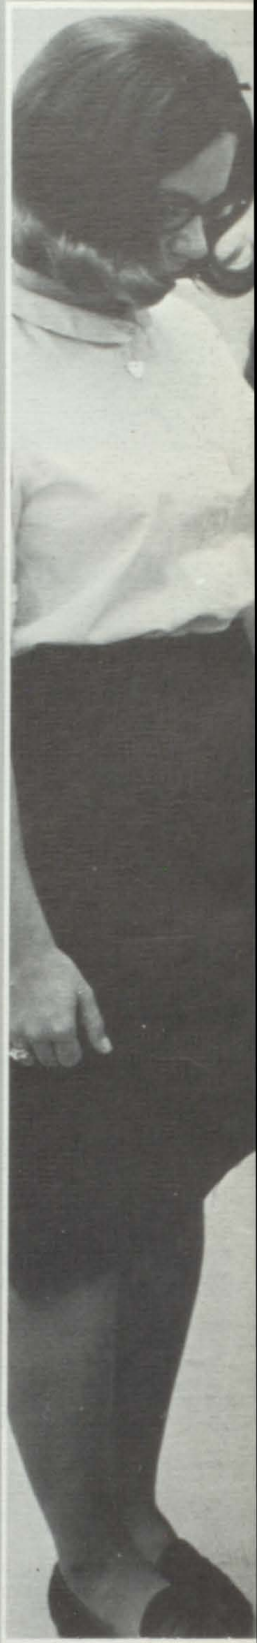

For three years she has been, either officially or unofficially, the class sponsor for the present seniors. She seems to understand the seniors as people and not as an uncontrollable group. And for this enormous job there is no thanks given—except this once.

It is to this wonderfully unique person—YOU, Miss Pace—that we dedicate our yearbook . . .

The Faculty Gives Its

The faculty at North Springs High School is characterized by variety in age, background, ideas, and interests, and by a willingness to share individual abilities with fellow teachers and students. Some of the faculty guide students in their various activities with the knowledge that comes from many years of teaching, while others, who are recent graduates of college, bring knowledge of new academic concepts and practices. Many of the teachers have studied in such places as Lebanon, Norway, Mexico, Spain, France, and Germany; these teachers contribute knowledge gained from experience with other peoples.

In a school comprised of students from all over the North American continent, the variety of places from which the faculty have come is an asset. The faculty represents places as near as Atlanta itself and as far away as Hawaii, Massachusetts, and Texas. This diversity of backgrounds helps to create a cosmopolitan atmosphere in all activities and helps students arriving from other parts of the nation to feel at home.

Variety is a result, also, of differing educational backgrounds among the faculty. All faculty members hold bachelor's degrees and approximately one-third of the nineteen men and thirty-one women have received master's degrees. Several also hold six-year certificates. Dr. Felder, the head counselor, has recently received his Doctor of Education degree, adding another honor to the list of honors held by the faculty. Many teachers belong to honorary societies such as Phi Beta Kappa and Kappa Delta Epsilon. Mr. Tuszynski has been honored with the title "Outstanding Science Teacher in Georgia".

The talents, training and experiences of the faculty are generously offered to the student body at North Springs High School. Knowledge of and interest in music, literature, science, language, mathematics, home economics, industrial arts, business practices, and sports of all varieties are contributed to acquaint the students with diversity and to aid in their development and understanding.

The creation of the school newspaper, *The Oracle*, was accomplished this year with the advice and guidance of Mrs. Stevens. Members of the Journalism class organized themselves into various groups in order to collect school and community news and present it in printed form. Eight issues containing news about sports, school government, dramatic presentations, and choral department achievements, among others, were circulated among the student body over the year. The staff ran regular columns honoring students and teachers who were considered outstanding; there were articles dealing with school spirit; and there were discussions of current literature. The *Oracle* staff, headed by Vera Tanner, covered every phase of school life and worked hard to present the news effectively.

First edition of the *Oracle* was a great success!

Student Council Serves School

Mid-term Dance

Members of the Student Council under the direction of Mrs. Lynn Greer have provided the students with a variety of services and entertainment during the year. Treasurer Larry Smith organized and directed a pep-rally bonfire during the football season, while homeroom representatives Betty Carnes and Mark Muecke, among others, encouraged school spirit through the sale of pom-poms and pep buttons during the basketball season. Group effort was involved in the planning of both the Council's clean-up campaign and the dance held after mid-term exams. Several members have devoted time and effort to the development of a handbook for North Springs students. The Council's work has reflected a desire to promote school spirit, orderly direction of school activities, and good citizenship.

The National Beta Club of North Springs received its charter in the spring of 1965. The purpose of the club is to promote sound scholarship and encourage leadership not only within the members but among all students of North Springs. Annually a service project is undertaken to benefit the general welfare of the school or the community. Representatives are selected each year to attend the National Beta Club Convention. The Beta Club members strive to promote good citizenship and set an example which is worthy of being followed by all students.

Drama Club

Under the guidance of Miss Nancy Banfield and the leadership of President Stefanie Ney, the Drama Club had a successful year in 1965-1966. Their second annual Variety Show was a tremendous hit, and their productions of the plays, *Thurber Carnival* and *Arsenic and Old Lace*, were extremely entertaining.

Approximately seventy members of the club helped to create the circus atmosphere of the Variety Show in November by performing on-stage or in the background. Further knowledge of the techniques of dramatic presentation was acquired by staging a *Thurber Carnival* for the P.T.A. in February and *Arsenic and Old Lace* for the school community in April.

Spartan Choir

Under the direction of Mrs. Judi Thornton, the choral department of North Springs High School has received recognition in many ways. The Chanteuses, the advanced girl's chorus, were selected from among other choruses in the Atlanta area to sing with the Atlanta Symphony Orchestra and the Choral Guild of Atlanta in the opera *The Death of the Bishop of Brindisi*. Last year, the Chanteuses received a superior rating at the Fifth District Choral Festival at O'Keefe High School. They were invited to sing in a concert this spring at Cross Keys High School.

The Beginning Girl's Chorus is working diligently to achieve the success of the Chanteuses. These two groups sang at the Christmas concert at Lenox Square, and a few members were able to join the advanced chorus in the opera. They attended Fifth District Festival for the first time this year.

Another performing group, the Spartan Choir, is becoming well-known for its concerts at school. This year the spring concert was entirely folk music which interested students as well as adults.

The 1965 football season brought much acclaim to the 35 members of the North Springs High School Drill Team who worked very hard to provide entertainment during half-time activities. This year's members were chosen in August when tryouts were held, and four officers were selected to organize the team.

The high school band accompanied the marching Dorians with a variety of musical selections, while various members of the Drill Team made up the routines.

Pep Club Boosts Spirit

The Pep Club has established itself as a core group of spirited spectators at sports events this year and has worked hard to spread its enthusiasm among other students. The girls have practiced cheers and organized their activities with the sponsorship of Miss Ackman and the leadership of their President Beth Colvin and Vice President Elaine Smith.

Bowling Team

Each year the Bowling Team has participated in an inter-school bowling tournament held in the spring. North Springs has won the trophy for two successive years and has been represented well by participants in this program.

"What do ya' say? Spartans!"

This past fall North Springs established its first Key Club. Sponsored by the Sandy Springs Kiwanis Club, the Key Club is a service organization. In the month of February, they collected over five hundred and seventy dollars for the March of Dimes and held the Vietnam Book Drive. Books were collected and assembled to be sent to the United States servicemen in Vietnam. The Key Club also sponsored a dance in March, aided the Kiwanis Club in their semi-annual pancake breakfast, and participated in the District Key Club convention in Columbus, Georgia.

Interact Club Works for School

The North Springs Interact Club is made up of sophomore, junior, and senior boys who possess exemplary character, leadership potential, and a good standing in curricular and extra-curricular activities. Interact is a world-wide, Rotary-sponsored organization; the Rotary Club of Buckhead sponsors the North Springs Chapter and has an advisory committee, one member of which must be present at each bi-monthly meeting of the club.

To achieve its purpose of service to the school and to the community this year, the Interact Club set up as its goal the building of steps from the lower parking lot to the upper level. Funds for this project were raised by various club activities such as a car wash and a Valentine's Dance.

Spanish Students

Club Internacional Studies Countries

Under the guidance of Mrs. Rozar, the Club Internacional has organized its activities this year to promote greater familiarity with and interest in foreign languages. The club, which is composed of French and Spanish students, has held panel discussions about the cultural and geographical features of various foreign countries. They have also organized a dance for club members and taken part in the Christmas program by singing carols and performing a Nativity scene. All the club's activities have been designed to provide opportunities outside the classroom for better knowledge of languages and the countries which have developed them.

Club Officers: Pres. Russell Wright; V. Pres.: Fr. Linda Clay, Span. Linda Spruill; Sec.: Fr. Cindy Cary, Span. Carma Hardy; Treas. Susie Mackenzie.

French Students

Junior Classical League

The Junior Classical League was formed this year by Latin students interested in increasing their knowledge of Latin as a classical language and their understanding of Roman culture. The members have considered the geography and history of the Roman Empire and have pursued understanding of the literature and social practices of the Roman people. Mrs. Stuart sponsored the group and Toby Summerour served as president, Larry Hayes as vice president, and Scotty Robinson as treasurer.

Governor's Honors Participants

Five outstanding students from North Springs attended the Governor's Honors Program in the summer of 1965. Shari Erickson, Norman Cary, Judy Hippler, Marbury Hall, and Carolyn Gailey were selected for participation on the basis of their ability and aptitude in areas of personal interest. While on the campus of Wesleyan College in Macon, Georgia, these students pursued study in their chosen fields and participated in a variety of areas, concerts, plays, and other recreation. In the area of Fine Arts, Shari worked in art and Norman participated in the music program. Judy pursued research in social studies; and Marbury and Carolyn studied science and mathematics, respectively. All took advantage of opportunities to discover and exchange concepts in and out of scheduled class sessions.

Top Teens

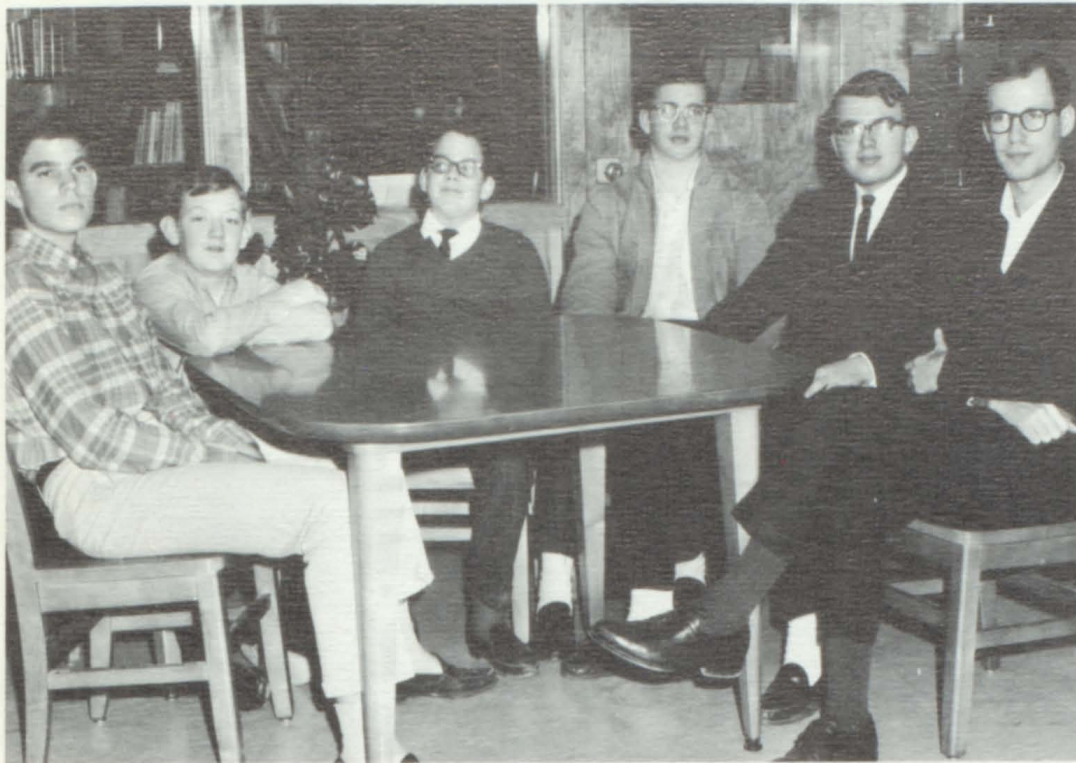

The Optimist Club of Sandy Springs has honored several North Springs students as 'Top Teens'. These students have been selected on the recommendation of the Student Council and the faculty and have been guests of the Optimist Club at their monthly "recognition" breakfasts.

North Springs' 'Top Teens' have reflected outstanding qualities of personality and character and have been honored for achievement in scholarship, athletics and moral leadership as well as for general all-round achievement in citizenship.

The members of the Chess Club have met frequently this year for the purpose of enjoying a favorite pursuit. Under the guidance of Mr. Denny Gore, the members have scheduled intra-club matches and have enjoyed these meetings of the wits.

German Club

The German Club was created this year by a group of students interested in expanding their knowledge of the German language and culture. Mr. William Eigen, a student of the German language, and Klaus Wedel, our Foreign Exchange Student from Germany, provided guidance for the club's activities and offered the knowledge necessary for the club's pursuits.

FHA Sponsors Projects

The Future Homemakers of America have sponsored a service and a fund raising project this year to fulfill their goal of becoming more proficient in the homemaking arts. Under the direction of Mrs. Webb and the leadership of Pres. Nancy Stallings, V. Pres. Clarice Perkins, Sec. Eve Meindert, and Treas. Judy Bates, the club held a fruit cake sale and performed, with homemade puppets, a puppet show for the children at Egles-ton Hospital.

F.T.A. — Tomorrow's Teachers

The North Springs Chapter of the Future Teachers of America sponsored by Dr. Felder and Miss Greene has participated in several activities related to their interest in the teaching profession. The club members aided in the College Night held at this school by directing students to the different college representatives' stations. They also promoted American Education Week and Teacher Career Month and sponsored Teacher Appreciation Day.

Clubs Handle Literature

Officers: Pres. Malinda Fort; V. Pres. Randy Ward; Sec. Chris Melton, Treas. Pam Everett; Historian Janet Ellis; Reporter Lynn Smith; Sponsor Virginia Wilson.

Library Club

The Library Club has performed many services for the school this year and has participated in library activities with other library organizations. With Miss Wilson guiding the program, members of the club have assisted students in research and have supervised the use of reference materials. In addition, they have attended a meeting of the Student Library Association at the Arlington School and have kept displays of literature up to date.

Literary Club

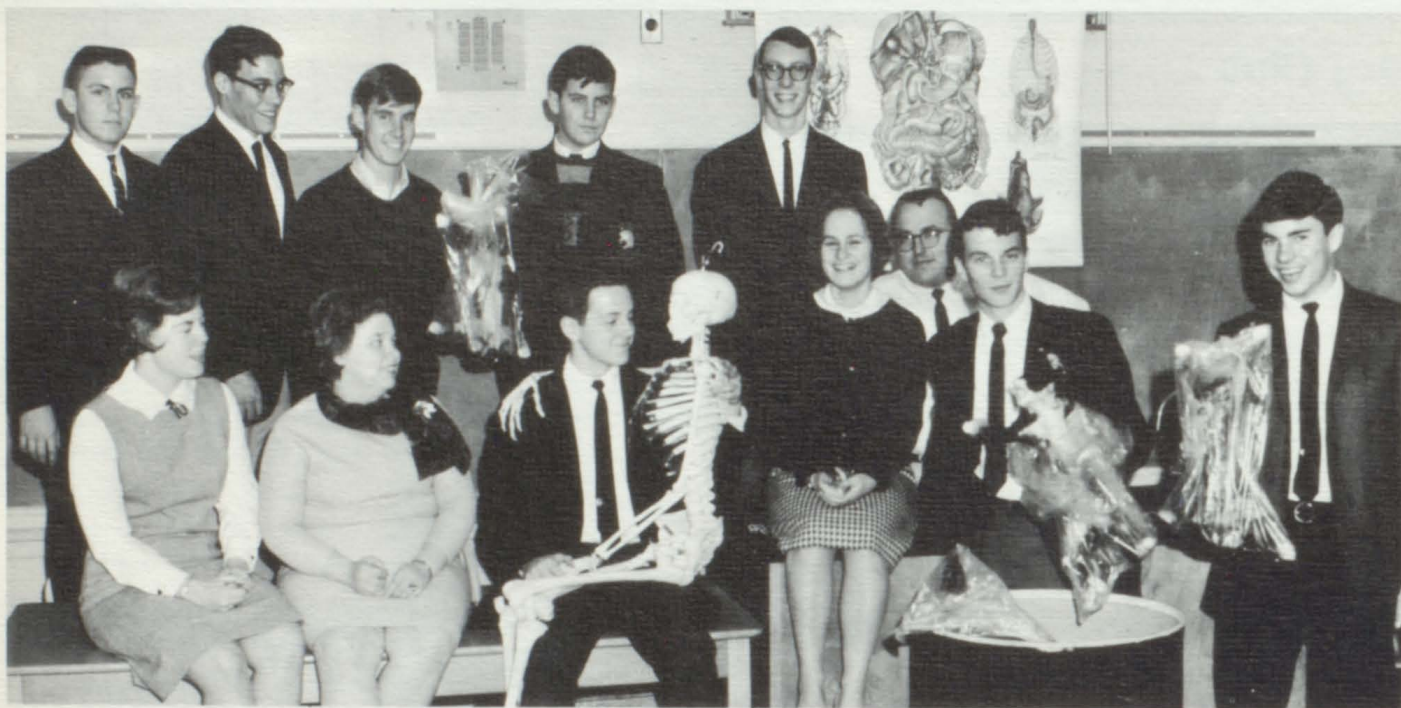

The Literary Club has studied Ralph Ellison's *The Invisible Man*, John Cheever's *The Wapshot Chronicle*, and Laurence Durrell's *Mountolive*, among other novels, this year in order to discuss current literature and enjoy an exchange of opinions and observations about contemporary literature. Members pictured here are Julia Couch, Beth Teeple, Randy Low, Ruth Kuhl, Miss Mitchell, Cathie Patterson, Julie Huff and Judy Baker.

Science Club

The North Springs Science Club was organized three years ago to generate interest and experimentation in the many branches of science. Members have taken field trips to the Communicable Disease Center in Atlanta and the Atomic Energy Laboratory at Oak Ridge, Tennessee. In addition to this they have participated in city and state-wide science fairs. Last year, Ruth Kuhl won a second place at the Georgia State Science Fair in Athens.

The main function of the club is to bring science to the student in many stimulating and interesting forms. At their meetings, several speakers have explained particular phases of their scientific work to the members.

Science Club officers; Pres. Bob Taylor; V. Pres. John Donaldson; Sec. Julie Huff

Y-Teens Serve Others

The Y-Teens have participated in several activities this year in conjunction with the national Y organization and their own goals. As service projects, club members met on four successive Saturdays with young girls at the Y for organized recreation and assembled Christmas gift boxes for four needy families. In order to meet other Y-Teens, the club participated in the Inter-Y-Teen Christmas program and attended the "Festival of Nations", an international meeting of Y-Teens. The group also took a tour of Georgia colleges and sponsored a bake sale.

Around the Seasons . . .

Football Opens

Football is an immensely exciting, and, at the same time, taxing sport. For the spectator, it adds to those crisp, cold autumn evenings a special thrill—the thrill of watching competition, action, contact, and other sensations that well up within a spectator as a back tries to make it around the end on a sweep. It brings out a certain amount of involvement, both in the individual player with the ball, and with a team as a whole. It demands the spectator's complete attention and takes his mind off his problems.

For the player, football is a satisfying way of staying in shape. He enjoys the fierce satisfaction of a perfectly laid block, of a hard tackle, or of a long pass. It demands of him every ounce of strength and courage he can muster up. When he is tired, he looks within himself and summons up that extra bit that makes him a competitor and champion.

To many at our school, football is North Springs, and North Springs is football. For three years they have been coming out every Friday night to see the Spartans compete with yet another school.

Athletic Season

"Amazing," they say, "how a team, especially a team starting from scratch, can achieve so much in so little time. They sure must have had a lot of luck."

True, they were fortunate, but more than that, they had the spirit necessary to build a champion.

This season was no less victorious than the others, even though the team lost two games. They tasted defeat early with a loss to Towers, 6-0, but came fighting back the next week to overpower McEachern, 45-0. This is indicative of the team pride that earned the team a name in the sports world. They defeated Stone Mountain, 59-0, in a game that must be recognized as one of their finest. And at the close of the season, they defeated North Cobb, 42-12, in the final game for the seniors.

Winter's cold blast has dulled the memory of such stars as Percy Helmer, and spring practice has revealed new names to replace the old. But when the season opens next year, mixed with the excitement and spirit of the competition will be that slight trace of remembrance that the seasons will not change. And the spirited spectator will look back on the team that built a name from nothing.

Our B-team players, only a year or two away from becoming varsity athletes, had quite a satisfying year. Although they won only four games, against four losses, they played good tough football. Leading the team was quarterback Toby Summerour, who directed the team off the field as well as on. Other outstanding players were Rick Letourneau, fullback, and Mike Wright, tackle and center.

Coach Berg, new at our school, led the best group of eighth graders we have had to an undefeated, untied season. Tommy Farrar and Jim Gregory led this almost unbelievable team to the great heights it has attained.

Although much of the glory must go to the varsity team, we should recognize that these boys will soon be our representatives in all varsity competition.

They will soon find themselves at the top of the ladder—varsity athletics—the best in the school. It will be up to them to carry on the Spartan name.

'65 Cross Country Team

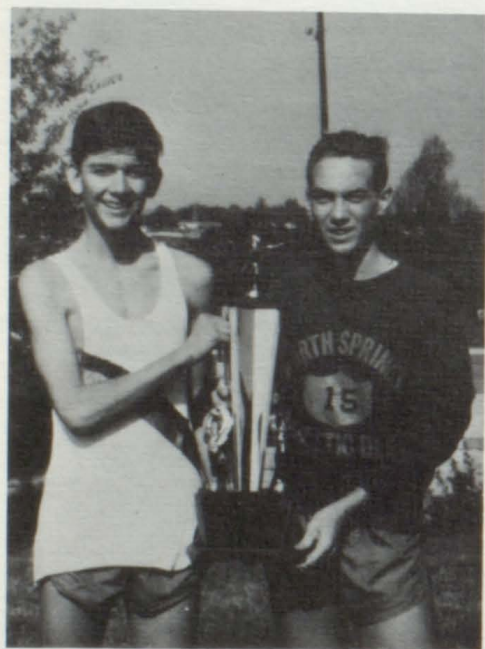

Fleet-footed Bill McChesney displays the form that helped the team to victory.

Spartan Mark Headrick pushes to perfection.

The 1965 North Springs Cross-Country team captured honors by gaining North Springs first regional title on the 2AA Region Meet in November, 1965. The team achieved an overall season record of eight victories and one loss. The meet with rival Sandy Springs proved to be a highlight of the season when the North Springs runners became victorious by a narrow margin of points. Every Spartan was closely followed by a Panther but the North Springs team came through with a winning score of 26-29.

Another high point was the fourth place earned by the team in the AA State Meet. This achievement was the result of spirited team effort and outstanding performances by Bill McChesney and Eddie Collins who finished second and third, respectively. The Spartan striders' greatest accomplishment came, however, when the team captured the 2AA Region Trophy. Again, Eddie Collins, with a third place, and Bill McChesney, with a fourth place win, sparked the team to a first place victory.

Soccer Team Closes Fall Season

Bottom row: Tim Brace, Tom Clark, George Garrett, Mark Muecke, Steve Hatch, Ronnie Harris, Klaus Wedel, Al Strickland, Steve McDonald. 2nd row: Coach Eigen, Roger Fleming, David Alley, Bud Nixson, Mike Aiken, Clair White, Mike Pennock, Stan McKee. 3rd row: Charles Reigner, Ronnie Jackson, Gene Haley, Robyn Bryan, Steve Pennock, Keith Lattimer, Billy Ford. Top row: Jerry Jackson, Bill Cate, Bill Cedarberg, Andy Chandler, Dabney Muriel, Not pictured: Mike Mowrer, Bill Johnson.

The Soccer team, in its first year of competition, compiled a 5-4 won-lost record. The team was started and coached by Mr. Eigen who, himself, plays with the Atlanta Soccer Club. Of the team members, only three had any game experience. Such a record speaks very highly of the boys' efforts and of the coaching ability of Mr. Eigen.

Out of thirty members, Mr. Eigen will have twenty veterans with which to build a varsity team next year.

Mark Muecke and Tom Clark put their heads together.

Winter . . .

Basketball Brings

With football coming to a close on a cool fall evening, attention was turned indoors to basketball. Throughout the winter, this game provided the spectator with its own particular brand of excitement.

Reflecting back on it, the spirited follower of the game can remember the thrill of victory and the discouragement of defeat—the tension that revolved around a jump ball—the gripping anticipation as the team brought the ball down court, knowing the game could be decided with the next shot. And when that next shot came, the spectator remembers that agonizing second while the ball was in the air and the satisfaction that came as the ball cleared the net.

Two more points for North Springs.

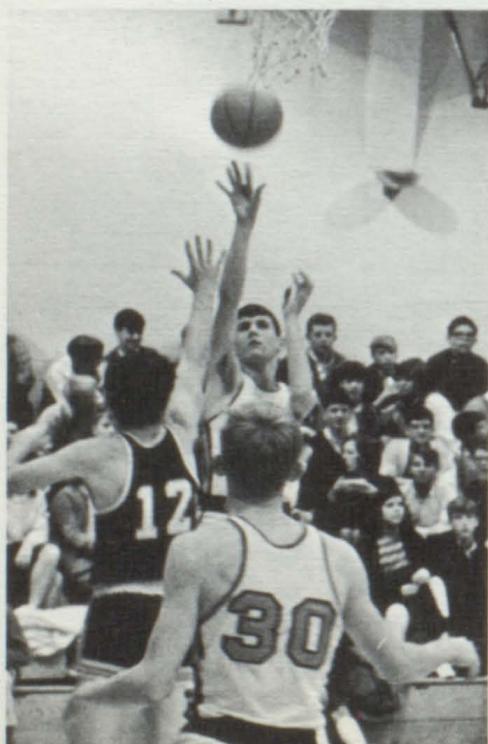

This season saw a great improvement in a team that was already good. No longer a team that could pass the season off on inexperience, the Spartans battled the best of them to the wire. Perhaps their finest hour came when they beat arch-rival Sandy Springs, 60-57, on December 10th. Then there was the time the team battled back from a twenty point deficit only to lose to Russell by three points—and that heart-breaking sub-region game with Hapeville that they lost by two points.

It was truly a great team, this one of 1965-66, and they will long be remembered for their determination and spirit. And with the team will be remembered the three senior players—Hawkins, Waltemath, and Chandler—whose leadership constituted the nucleus of the team.

Next year, there will be three new faces to replace the old. The eyes will once again turn from the gridiron to the court—the spectators will be there, the excitement will be there, and the team will be there, carrying on the tradition that can't die.

Girls Improve Record

Coach Patsy Queen

Basketball, the only major sport in which girls at North Springs participate, has brought the spectator many thrilling moments this year. The team's record was greatly improved over last year; this was due in part to an excellent coaching job by Mrs. Queen, and in part to excellent performances by the players.

One of the brightest stars has been Ellie Jones. Last year she was on the eighth grade team, but moved right up to a starting position on the varsity this year. She was one of the high scorers for the year. Another star was Frances Stevenson, a transfer student from Dykes who helped boost the Spartans on numerous occasions. Then, of course, there was Barb Hubeny—a veteran star of three years.

Over all, it was a great team effort that produced the winning season for the girls.

And there will be more success next year, since there is only one senior—Sue Ward—who will be graduating this year.

Frances Stevenson takes a pass from a teammate.

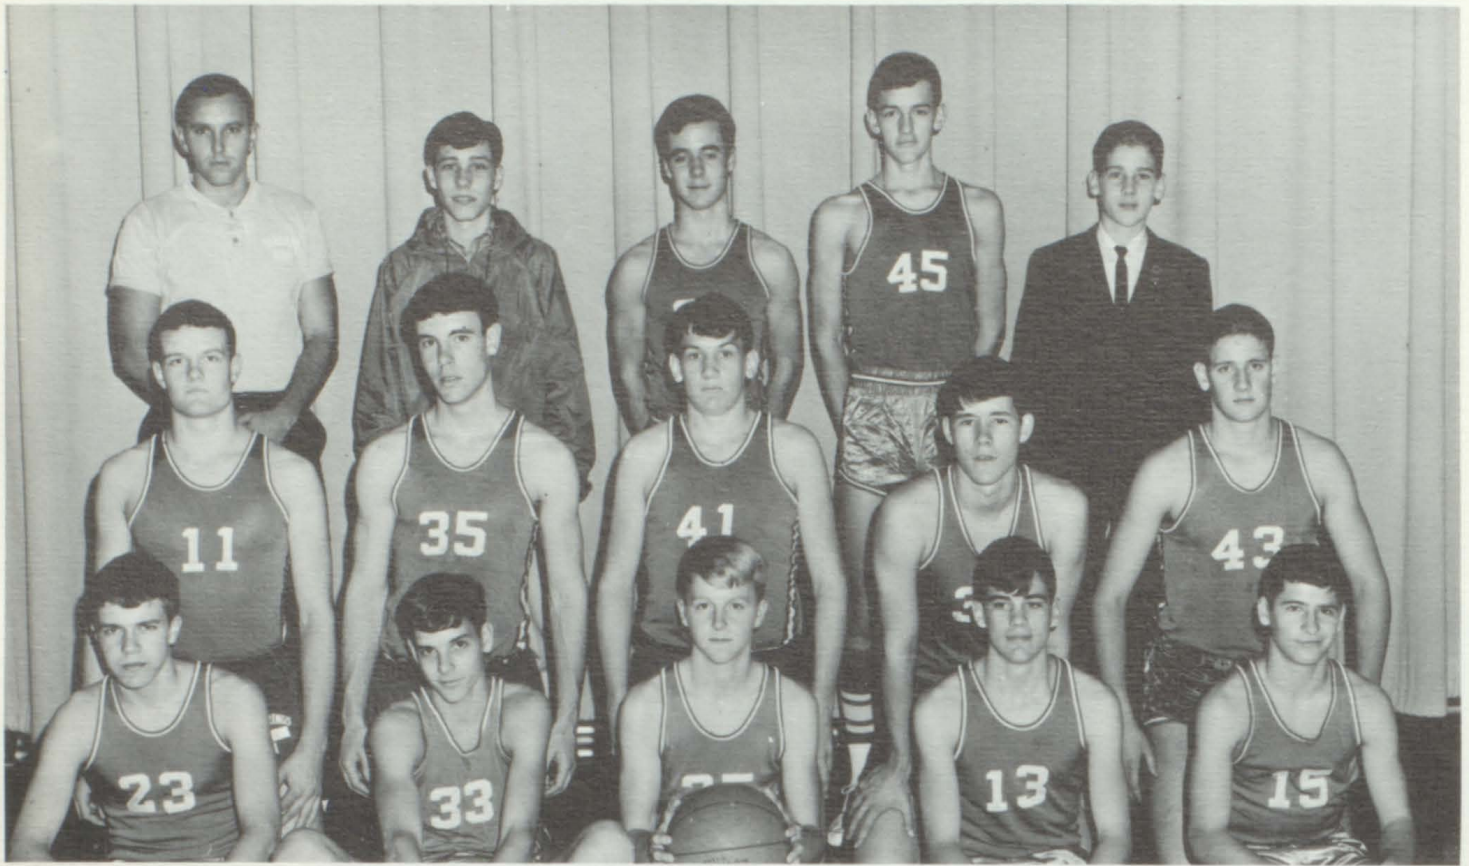

Ellie Jones gets set for a shot.

Wrestlers Win Region 2-AA Championship

Coach Henderson instructs Lug Smith on the finer points of wrestling.

With the hard work of Coach Henderson, our boys were able to achieve great heights. Coach Henderson deserves a great deal of credit for his patience, understanding and faith, and his constant encouragement.

Team work is an important factor in any sport, and wrestling is no exception. But it is also a sport for the individual. As individuals, our wrestlers have improved 100%. This was reflected by a season of 8 wins and 2 losses.

As the team went on to greater victory, it placed first in the region and contributed a beautiful trophy to the trophy case.

Spring . .

Baseball Enjoys a

The North Springs baseball Spartans in their first year of varsity competition in 1965, proved that inexperience does not always breed incapability. Dominated by youth, the Spartans were expected to be little match for the established region powers of 2-AA, but, under the guidance of coaches Henderson and McBee, they jelled into a fine team. It was amazing how this team of five freshmen, eight sophomores and only two juniors could knock off the veteran teams of Milton and Hapeville in their first encounters of the season; and, even more amazingly, after their

Wedding digs in for next pitch.

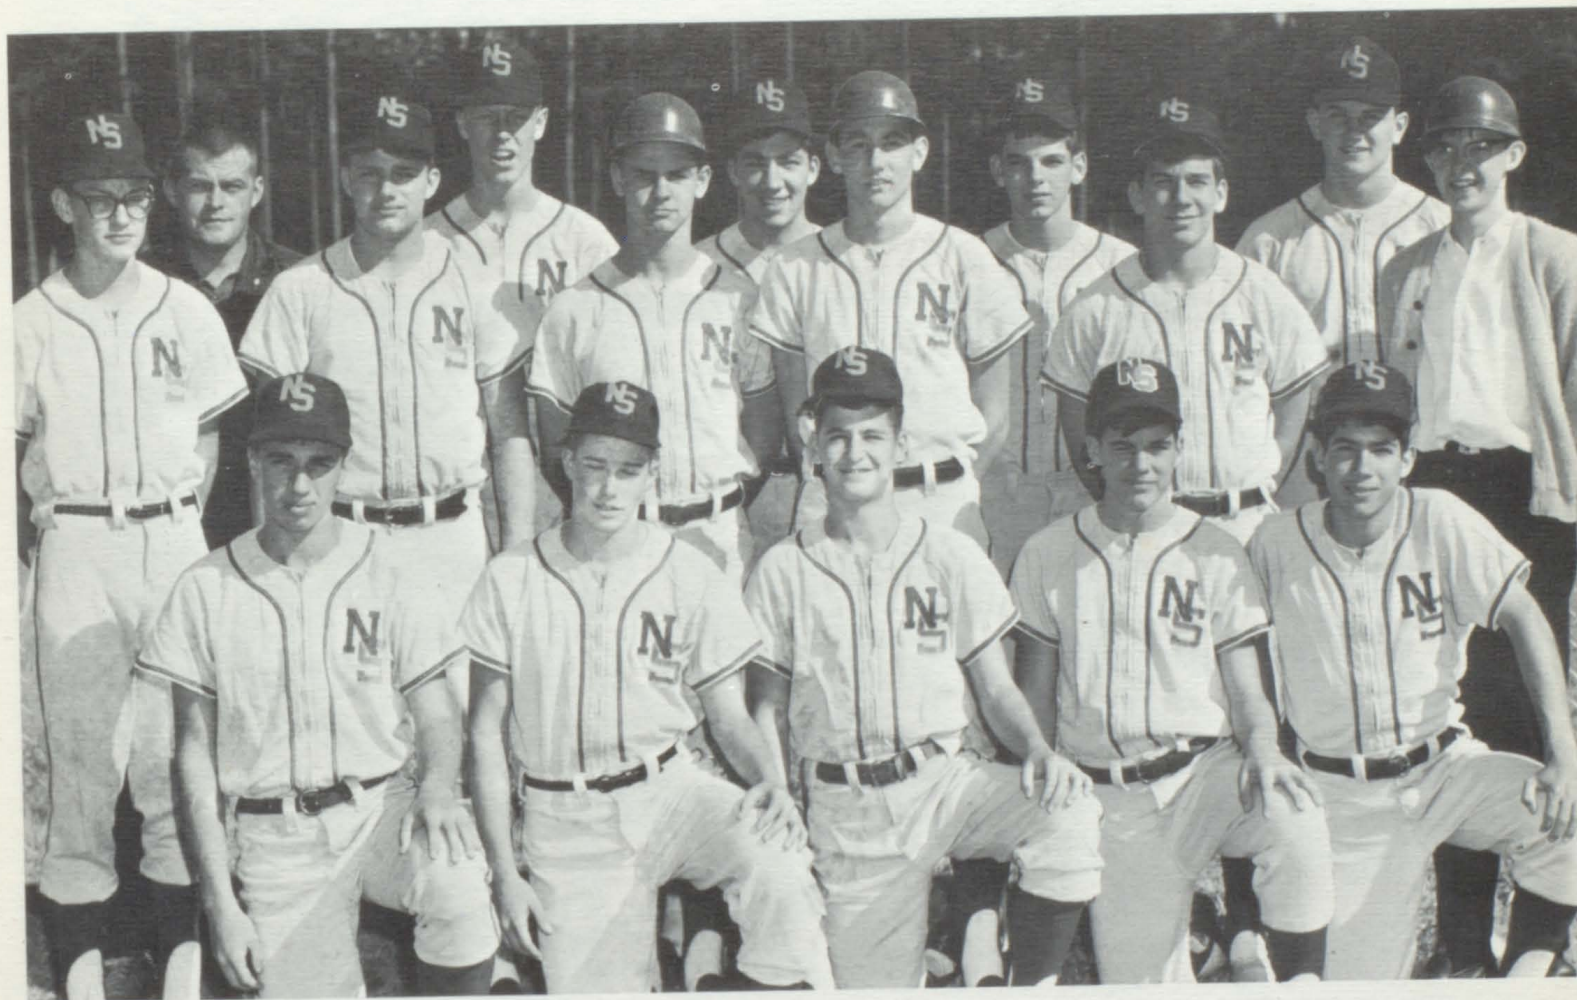

Successful Season

opening flurry had ended, the Spartans' enthusiasm did not die.

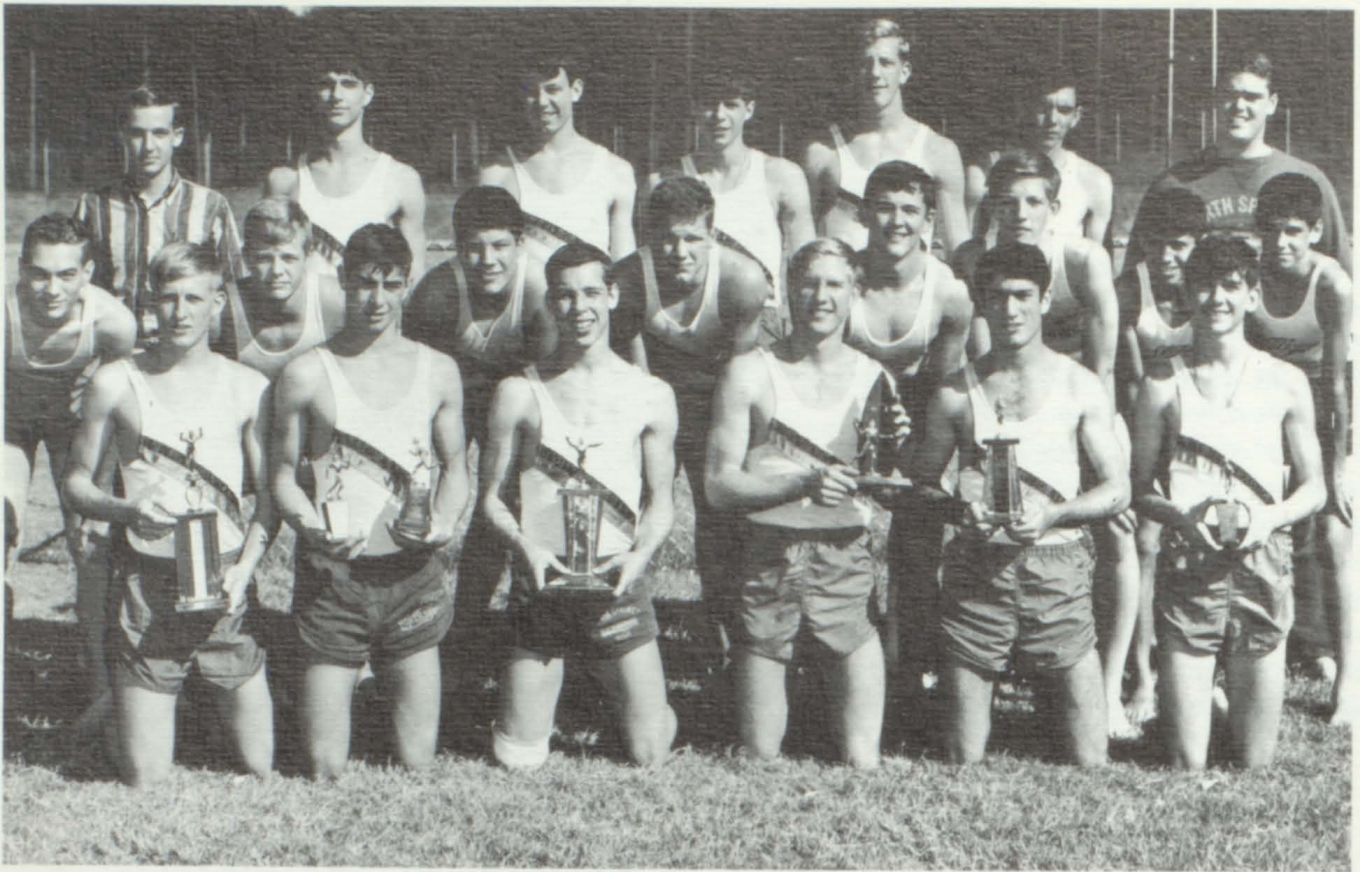

Inspiration for such enthusiasm came from such stars as Rusty Prindle. Rusty was the leading hitter and top pitcher, and was voted the "Most Valuable Player" by his teammates. Rusty was a great competitor, and was joined by many other outstanding players. Larry Sheppard hit homeruns in victories over Milton and Russell, and Danny Farrar was the most consistent hitter on the team. Defensively, Chip Pohl, the catcher, and Toby Summerour, at third base, were standouts.

The team starts off the game with a prayer.

Track Team — 5th in State in '65

Hale outdistances the rest of the field.

Percy Helmer hurdles his way to state.

Track is a unique sport. It is perhaps one of the oldest forms of athletic competition and one of the most demanding. The track season begins in early March and runs into May, but for the athlete it is a year-round study in dedication. He must continue to run in the off-season to stay in shape. This means running in the heat of summer and the bitter cold of Winter—just to run, perhaps, ten races that, put together, would not equal one of his practice sessions.

Why does he practice so much? Because, while track is a team sport, it is basically an individual duel between two or three people each trying to prove that he is best—and the athlete believes he is best, or he wouldn't be out there competing.

Our track team took what they had and molded a good team from it. They took a first at the Roswell Relays, a tie for first in the DeKalb Relays, and made good showings at Westminster and Columbus. But they really came out in the Region and State meets. They finished with two sets of state champions and a fifth place in the state for the team.

They competed with schools on a team basis, but in the final analysis, it was the dedication that each member had that made the team. When they fell behind, they tried harder; when they fell down, they got up and kept running—they never gave up.

Wedding blasts from the blocks.

Muecke, Hawkins, and Lees sprint their way to victory.

Building expands to accommodate new students.

Sophomore officers—1964.

The end of the road
for Senior players.

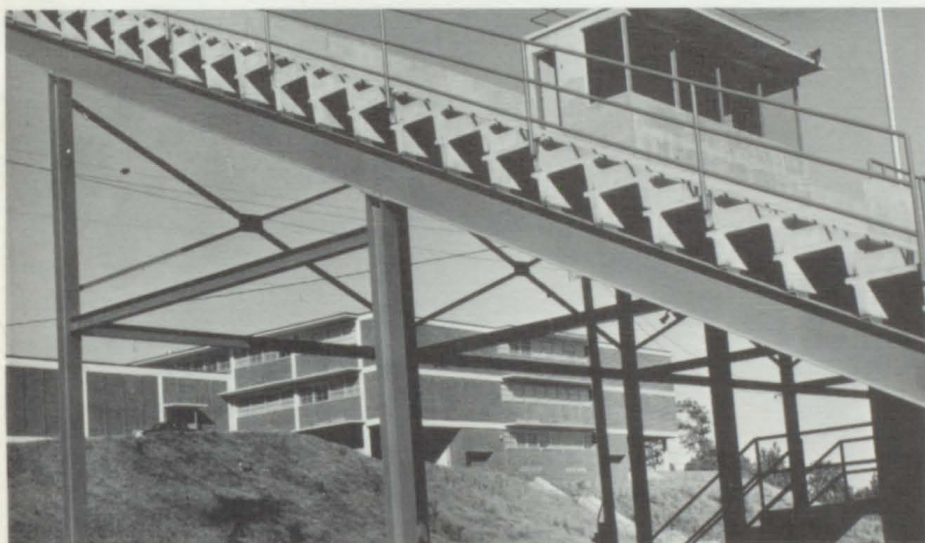

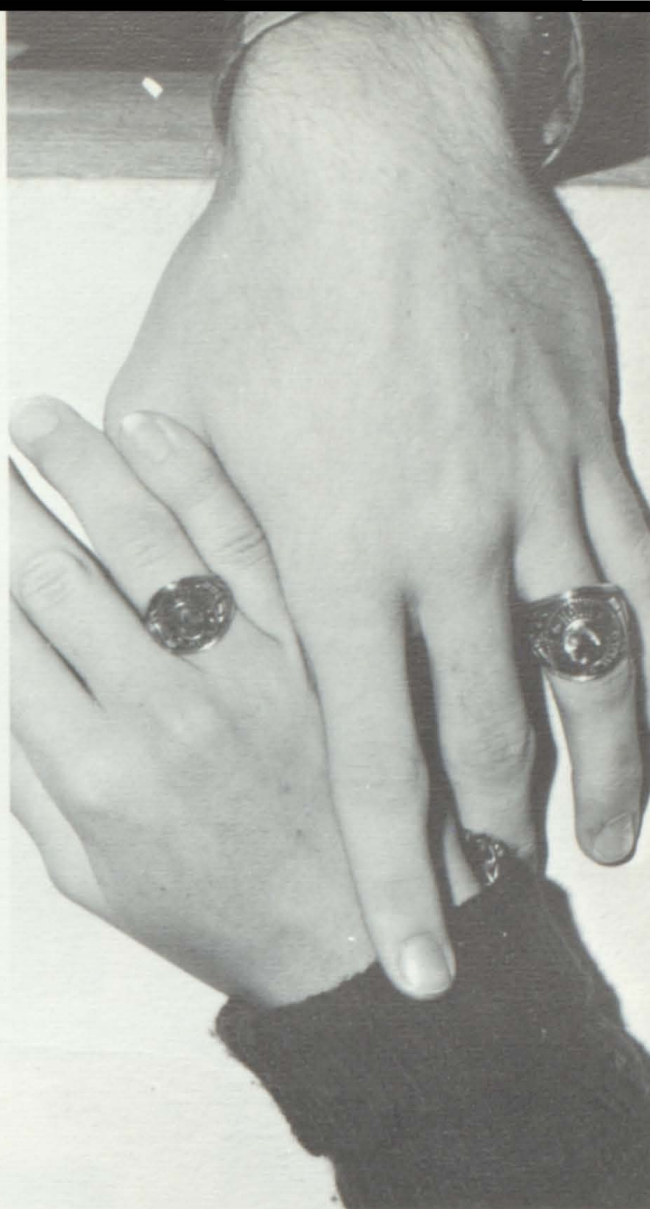

As the fresh snowfall is never the same after being marked by the first footprint, North Springs will be different after the Class of 1966 leaves.

Like a snowfall, North Springs High School came into being in 1963. The class remembers the "trial and error" period when no one was sure what course the new school would take. They remember Mrs. Crouch, and Miss Fauver, and Mrs. O'Quinn—that first day when they met Mr. Hansard—and when the entire student body fit on one side of the gym.

They remember the second year—more than just an "in between year" for them. They remember the new faces that joined the class—the new school wing—the new athletic field. They remember Mrs. Wilson, Mrs. Speir, Miss Bauldauf, and Mrs. Walker. They remember a successful athletic year—a winning football team in its first year in varsity competition—eight "away" games. They remember the Junior Dance . . . and Senior rings.

They remember the thrill of finally reaching THE year—the joyous confusion as they planned for graduation—measurements for caps and gowns, orders for invitations, and many of the other little things that had to be done as May 20th drew closer.

And among all this hurrying about, perhaps there was a moment for looking back before moving forward . . .

A new stadium—1965.

THE date ...

The Junior Dance—May 28, 1965.

Senior officers—1966.

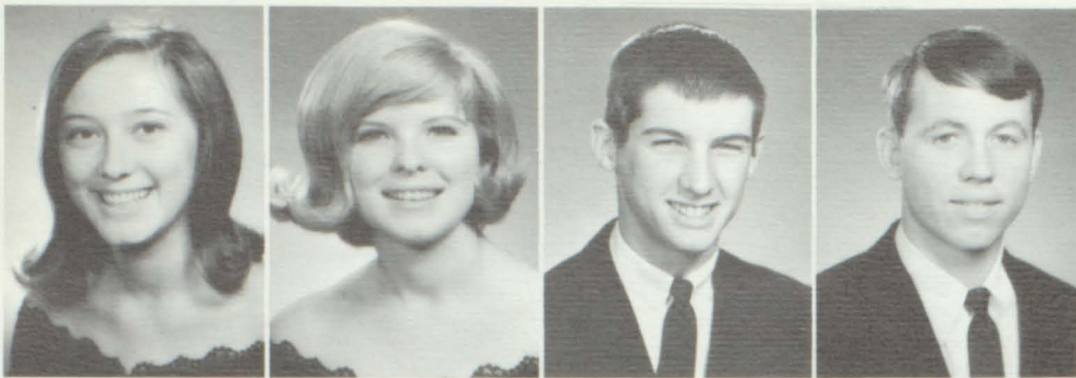

The class will be gone, but a part of them will remain with the school. They have established many of the things future students will take for granted. They have written a school constitution—established an annual and a newspaper as outlets for creative expression—and started and built various clubs. They have made North Springs a power to be reckoned with in the sports world—and a school to be admired academically.

As surely as spring follows the snows of winter, another class will move up to take their place. They will have plans of their own to fulfill. And there will be more classes to follow them, bringing with them accomplishments both large and small—but there will never again be a class like the Class of 1966—

They were first.

and Klaus Makes His Mark

Klaus participates in many activities at North Springs.

Our first exchange student, Klaus Wedel, is a familiar face around North Springs. Participating in the American Field Service program, Klaus is from Bochum, West Germany. The A.F.S. is an organization that was established during World War II to create understanding and friendship among nations. Because of this organization, students from Europe and South America have been able to take part in exchange programs with American students.

Klaus is a distinguished member of the Senior class. He participated in many extracurricular activities at North Springs. As a member of the first soccer team, he helped bring on a successful season for them. He sang in the Spartan Choir. Klaus also helped to organize and stimulate interest in a German club and participated in this year's Variety Show.

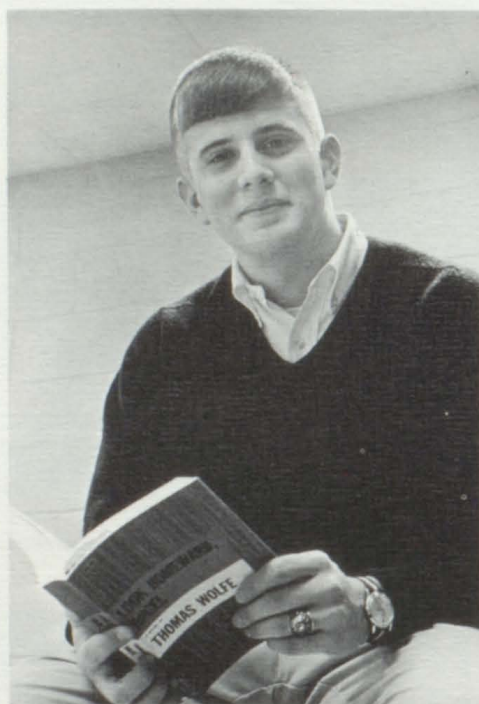

He is an ardent supporter of North Springs athletic events, having attended many of the basketball and football games this season. He even traveled to Orangeburg, S. C. with the team.

This first year of participation in the A.F.S. program has proved successful for North Springs and, hopefully, for Klaus too.

Outstanding Seniors '66

GARY
WALTEMATH—

A faithful friend is a strong defence: and he that hath found such an one hath found a treasure.

—The Apocrypha

PERCY HELMER—

His life was gentle, and the elements
So mix'd in him that Nature might stand
up
And say to all the world, 'This was a
man.'

—Shakespeare

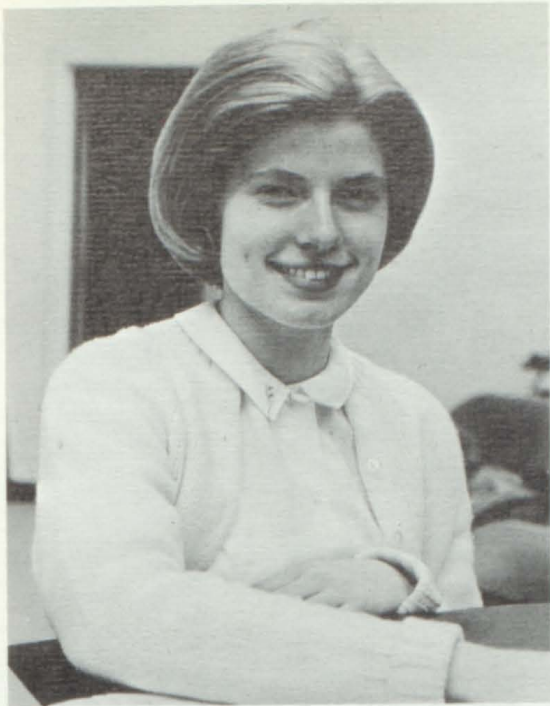

MARK MUECKE—

A great victor, in defeat as great,
No more, no less, always himself in both.

—Benet

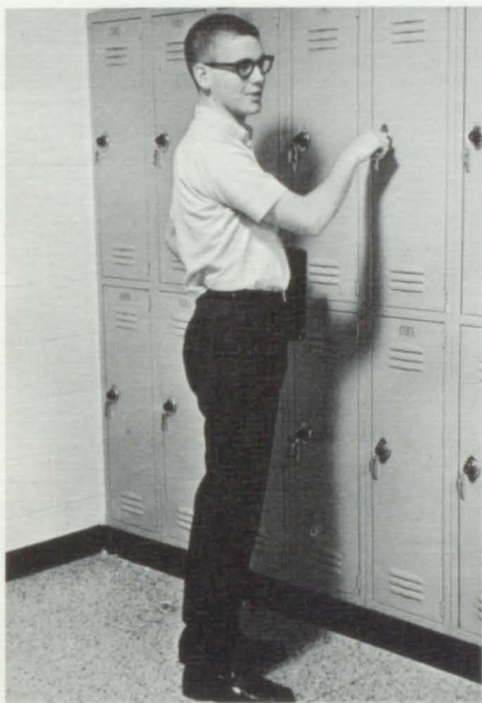

JANA SWENSON—

Zealous, yet modest; innocent, though free; patient of toil; serene amidst alarms.

—James Beattie

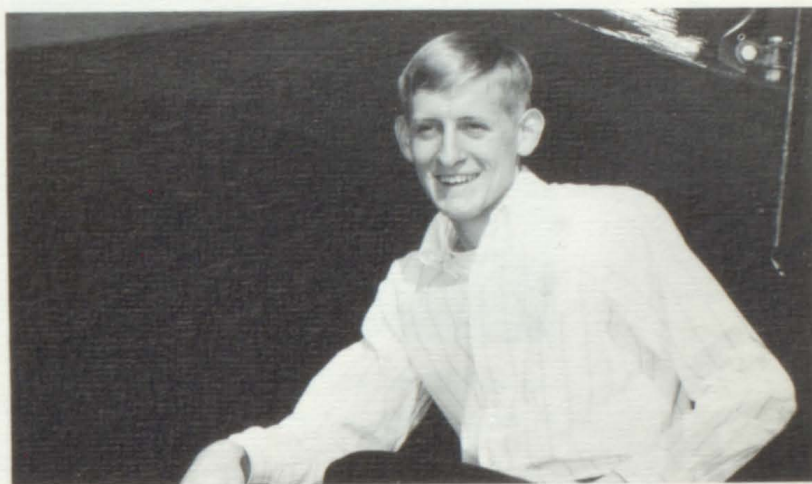

In any large group there are always those who stand out from the crowd. Whether it is because of their leadership ability, their scholarship, or their spirit, a few always achieve distinction. Certainly there are others who have done much, but these are the ones who have truly shown themselves to be outstanding. It is these fourteen seniors, chosen from the senior class, whom we now present as the Outstanding Seniors of the first graduating class of North Springs High School.

BOB DWELLE—

Where judgment has wit
To express it, there is
The best orator.

—Penn

TERRY HAWKINS—

What one has, one ought to use; and whatever he does he should do with all his might.

—Cicero

PIXIE MARCHMAN—

Keep your face to the sunshine
and you cannot see the shadow.

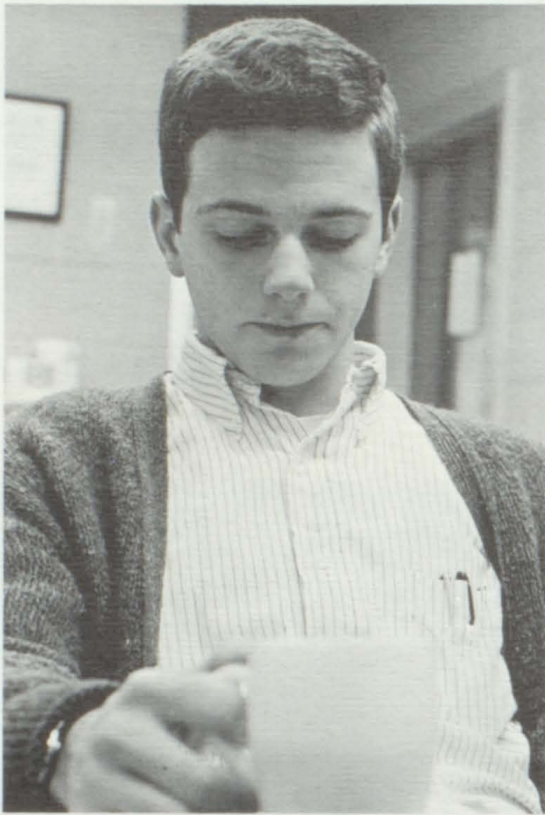

—H. Keller

TIM BRACE—

The man who is deserving the name is the one whose thoughts and exertions are for others rather than for himself.

—Scott

JOHN DONALDSON—

Nothing is little to him that feels with great sensitivity.

—S. Johnson

STEFANIE NEY—

Nothing great was ever achieved without enthusiasm.

—Emerson

Outstanding Seniors, these?

BECKY RICHARDSON—

Vigor is contagious; and whatever makes us either think or feel strongly adds to our power and enlarges our field of action.

—Emerson

MARBURY HALL—

To take what there is, and use it, without waiting forever in vain for the preconceived—to dig deep into the actual and get something out of that—this doubtless is the right way to live.

—Henry James

VERA TANNER—

The heart to conceive, the understanding to direct, the hand to execute.

—Junius

LINDA CLAY—

She doeth little kindnesses which most leave undone, or despise.

—Lowell

Seasons change before our eyes; events that are as yet unrealized will become present, and then past, almost before we know it.

In this, the 1966 PHALANX, we have attempted to capture these many fleeting moments. We hope that when the memories of this year past become fused with those years to come, this annual will serve to remind you of the people and events that were part of your year 1966.

Among the people we will remember are those who gave their time and effort to help us make this book possible. We owe our thanks to parents—Mrs. Garrett, Mr. Hinkle, Mr. Marchant, and Mrs. White—for materials and patience; to the faculty for tolerance and understanding; to the administration—Dr. Felder, Mr. Hansard, Mrs. McDavid, and Mr. T.—for statistics and facilities; to Ed Jones, our advisor from Taylor Publishing Company; to John Morgan, who has been more than a photographer to us and without whose talent many of the moments would have been missed; to Mrs. Richards, for all her help; and most especially to our advisor, Miss Pace, who was the inspiration behind us all.

Jana and John
