M. D. COLLINS STATE SUPERINTENDENT OF SCHOOLS

## State

## Department of Education

ATLANTA, GEORGIA

Dear Superintendent:
Please fill out this Annual Report form and return it to us as soon as possible after the close of the school year, June 30.

The information called for is required by law and is needed by this office in the preparation of our Annual Report to the Georgia Legislature, also in dotermining what are the educational problems of this State and how they may be solved. No program for the improvement of education in Georgia can be made intelligently without this information.

Care in filling out this Report, giving full and accurate information in every instance, will prevent much confusion and embarrassment, both to you and to us, and will at the same time make it possible for your schools to receive all benefits to which they are entitled, both financial and otherwise.

The report this year, as usual, is in two parts, one dealing with financial statistics and the other dealing with general statistics.

The desire of many superintendents to make their reports promptly is appreciated. Delay often means embarrassment and the tying up of school funds. Please, therefore, see that this Report is filled out and returned to this office promptly.
