# SUMMER

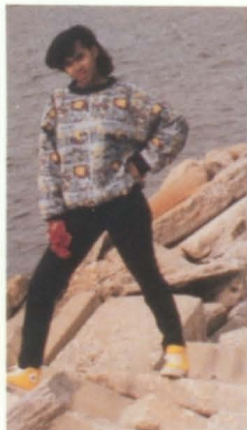

HOT  
FUN!

When school ended the Lancers scattered. Some students visited colleges, while others enjoyed Virginia Beach, Miami, Grandma's house, and family reunions everywhere. But even summer fever could not stop the yearning for school to start the Lancers's own family reunion.

... to the One We Love  
Later years at Lakeshore ...

And now ...

Cunningham

When the doors of Lakeshore High School opened, Pat Cunningham was there. And when the doors close for the final time, she will probably be the last one out. Throughout the state of Georgia, Lakeshore is synonymous with the name of Pat Cunningham. In years to come, when former students and teachers mention the time they spent at Lakeshore, most likely the next thing they will hear is, "Did you know Mrs. Cunningham?" And when those same former students and teachers are remembering LHS, they will smile at the memory of the charm and warmth of this dear lady.

The Accolades have already been given: Star Teacher several times and Fulton County Teacher of the Year to name just a few, but the best indicators of Mrs. C's ability to make a difference can be seen from a survey of her former students who have gone on to success and achievement. Across Fulton County, Georgia, and indeed the whole nation are doctors, dentists, engineers, biologists, etc. who quickly say, "Mrs. Cunningham is the one who got me interested in science." And the very best of her former students are the ones who are now science teachers today, spreading the knowledge and the warmth to the next generation.

Thank you, Mrs. C, for everything!

# PRINCIPAL

*Principals get all of the gifts. It must be nice!*

*Doesn't she look mahhh-velous?*

*Mrs. Mitchell began teaching at LHS in 1969 in the business education department, then left for a few years to travel the world with her husband. She returned in 1976, and the next year she was promoted to Assistant Principal. As principal, for the past three years, she has added a lot of charm and class to the Lakeshore name. Although the doors of Lakeshore will be closing for good after this year, Mrs. Mitchell will still be in the memories of the students and faculty who know her so well.*

*Can't you see I'm talking on the phone?*

*"I pledge allegiance to the flag . . ."*

*Mrs. A. Delores Mitchell*

*Mrs. Mitchell posing with her pride and joy, Shaun Mitchell*

*Every woman needs a knight in shining armor!*

## ASSISTANT PRINCIPALS

Marguerite Tarrance

Marguerite Tarrance has been an assistant principal at LHS for two years. She says her most challenging tasks are pre-registration and having to suspend students. She enjoys working with students, teaching students who are trying their best to succeed, and herself!

Gene Wiggins

Gene Wiggins has been assistant principal at LHS for six years. His most difficult task is the loads of paperwork. He enjoys working with people. His pet peeves are waiting in line, being put on hold, and interviews. His greatest joy and pleasure is his three year old daughter, Amanda.

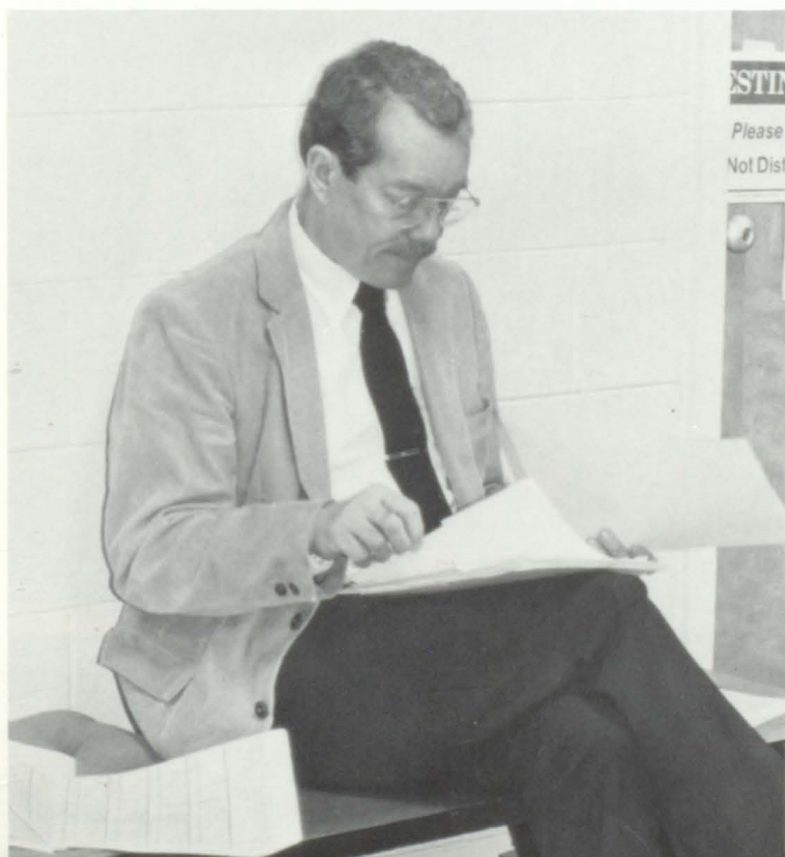

# COUNSELORS

*Ms. Kent has been a part of Lakeshore for 11 years. The hardest part of her job is helping students who haven't realized the value of an education. Her greatest pleasure is seeing students succeed. "I've realized that every child can make it if he or she wants to bad enough."*

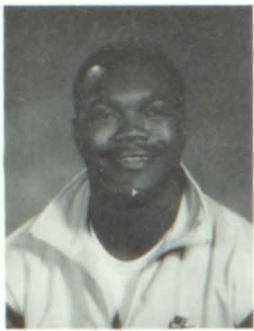

Wynelle Kent

George Lee

*George Lee came to Lakeshore 27 years ago as an English teacher; he has been our counselor for 14 years. His most difficult chore is making sure everyone is taking the right classes, and his easiest is going to lunch. Mr. Lee enjoys talking to students and seeing them succeed.*

# CHRISTMAS '88

## THE LAST LANCER CHRISTMAS

Christmas 1987 was a bittersweet story . . . The school board decreed that we come to school on Monday and Tuesday of Christmas week, so our bodies came, but our spirits were elsewhere. The Accolade staff donned Santa hats to sell grams, which were delivered just before the holiday. Tuesday afternoon was party time, with some home-rooms ordering from Domino's and others bringing goodies from home. The spirit of giving was alive too! The Beta Club collected money and toys to give away. When Sakonja Ragland's family lost their home in a fire just before Christmas, generous students chipped in a little extra to help them out.

*(Left) Clownin' on the bench (Below) Coach Juenger shows 'em how (below right) The Strike-out King at work*

The Spring '87 Lancers Baseball team had an exhilarating season. For the first time, Mrs. Mitchell let school out early so students could see the Woodland game — for a small fee. (In this game, Coach Juenger was excused from the field for speaking his mind.) Cedric Ezell had more strike-outs this season than he's had in his whole career. Antonio Grissom still holds his title as "Clean-up Batter." Even though each member of the team was unique, they stuck together on field and off to maintain their reputation as a great team.

# CROSS COUNTRY

The MOST DEDICATED ATHLETE award should go to Milton Vereen (see picture below). In the Cross Country meet at Westwood, Milton's shoes were hurting him. Anybody else would have quit the race and walked back. Dedicated Milton, however, just took off those shoes and ran the last couple of miles in his socks. He didn't win, but he finished!

# MILTON EXCHANGE

Wow! A day on the South-side.

The Lakeshore/Milton Exchange was designed for the benefit of high school students in North and South Fulton county. The purpose of the program was to meet each other and experience the differences and similarities between the two schools. Students wanting to participate wrote an essay explaining why they wanted to be chosen and what they would be able to contribute to the program. After the students from each school were chosen, the two groups visited each other's school and spent time discussing their likes and dislikes. The experience was a learning one as well as a fun one.!

# ACCOLADE STAFF

Editor-in-Chief

To the Lakeshore Family:

For twenty five years the Accolade has tried to capture the essence of a true Lancer. This year's Ultimate Accolade has been our attempt to make this the best book ever. It expresses our hopes, joys, and pains as we have tried to capture Lakeshore High School's past, present, and future.

We wish to express our thanks to everyone who has cooperated with us in putting together this final book . . . to teachers who have tolerated classes interrupted for important messages and whole days interrupted for student pictures . . . to club members who have faithfully assembled for their third and even fourth picture retake . . . to Southeastern Portraits for their endless patience and free services . . . to Josten's Publishers for trying their darndest to get this book to us on time and looking good. Most of all, we appreciate Mrs. Mitchell, who made a magnificent offer to pay half the cost of every book for every student. She wanted this book to be the best ever, and for her sake, we hope we have succeeded!

## Message From the President

*This year Lakeshore presents its 25th and final graduating class: the prestigious Class of 1988, whose strength lies in striving for excellence through unity. Over the past five years, we have maintained high standards and morals that have brought us more respect than any other class. Like all good things, our high school journey must come to an end. The question in our minds now is, where do we go from here? Are we capable of making it on our own? The answer to these questions is somewhere down the pathway of life. To the faculty and staff, I would like to say thank you for all of your time, patience, and effort to ensure that we received a quality education. Also special thanks goes out to all of our families and friends.*

*Sincerely,  
Sondra M. Parham  
President, Class of 1988*

## The Lifestyle of the Lancers 1987-88

*On August 31, 1987 at precisely 8:25 A.M. the bell tolled and the carefree summer days came to an end. The Lakeshore Lancers returned to the royal palace once again to reign over the throne of South Fulton County. The school's future was uncertain, but that did not dampen that old fashioned Lancer Spirit.*

*New members joined the royal kingdom this year included Mrs. Eaton, Mrs. McGhee, Mr. Rosemond, Ms. Small, Ms. Smiley, and Ms. Smith. And let us not forget our new crop of Freshmen who added a new meaning to the word "fresh."*

*Saturdays once again belonged to the students since the dreaded Saturday Detention was dissolved. However, afternoon Public Detention was installed to remind everyone that the rules were going to be followed.*

*The LHS sports news this year was grand. Our football team opened up its season with a new look and a victory over Murphy 33-12. Jason Fleetwood took over quarter-backing while Antonio Grissom joined Alex Smith to create an exciting running team. Basketball also received some new touches when Coach Juenger became Head Coach of the Varsity Girls. The boys and girls of all teams played an exciting season, leaving the Lancers proud.*

*The Science Olympiad Team brought us a new sport, and even managed to bring home a few awards. Congratulations to Ms. Dotson and Mrs. Cunningham. The biggest trophies of all were brought home by the Math Team, which goes to prove that brains are just as mighty as brawn at LHS.*

*The Class of '88 presented themselves as Something Special beginning at Senior Walk in the spring of '87. This year's Seniors proved that they were both fun-loving and community spirited. At lunch time, the courtyard became a playground while the Seniors played Tag and Keepaway. On the day we had a forty-five minute "fire drill," the Seniors entertained the whole school with rousing games of Duck, Duck, Goose and Red Rover. However, the Seniors also proved to be kind and charitable, collecting money for a fellow student whose house burned, providing a free breakfast for the faculty, and presenting the custodians with a special Christmas gift. In between they struggled with Comp 504, and Trig, and AP Biology. It is appropriate that the Class of 1988 be the last graduating class of Lakeshore High School, because there couldn't be one to top them!*

And above all, to quote a great one,  
"To thine own self be true."*

*Cheers,

*There are times in every life  
when we feel hurt or alone . . .  
But I believe that these times  
when we feel lost  
and all around us seems  
to be falling apart  
are really bridges of growth.  
We struggle and try to recapture  
the security of what was.  
But almost in spite of ourselves  
we emerge on the other side  
with a new understanding,  
a new awareness,  
a new strength.  
It is almost as though  
we must go through the pain  
and the struggle  
in order to grow  
and reach new heights.*
