WHILE MISS BAILEY IS AWAY THE "CATS" WILL PLAY.

MRS. WITTIMORE HAS ADDED A LOT OF HAPPY FACES (AND POUNDS) IN THE CAFETERIA.

It was impossible for a boy or girl to remain friendless at R.H.S. Although the school was large, the 1200 and more students were all friends through their school spirit. In the cafeteria, in study hall, in classes, and in walking down the halls, the upper classmen took the admiring underclassmen into their imaginary circle. Russellites were proud to be called "Wildcats," because the name indicated their "fighting spirit" for an outstanding school.

. . . A *maze* OF ACTIVITIES

Activities at Russell covered such a vast amount of subjects that no student could possibly feel left out. A student who didn't like dances or art could substitute any one of a dozen sports. All students, no matter how bashful, were welcome in the various clubs. The school paper, the annual, the music groups, all offered a means of expression for the ambitious boy or girl. A *swirl* OF CLASSES AND EVENTS

No one could ever say that classes were dull at Russell. No matter how hard, easy, or boring the subject might have been, there was always some little incident to revive the class spirit. The teachers were ever ready to help in every little problem from girl-troubles of the local Romeros to the Pythagorean Theorem. Yes, classes at R.H.S. were always full of clean fun, as well as educational facilities.

APPRECIATION

For her ability to make class life entertaining as well as educational, and for her loyalty to students, teachers, and the school, We, the Pointer Staff and Senior Class, wish to express our deepfelt appreciation to

MISS
GALLOWAY

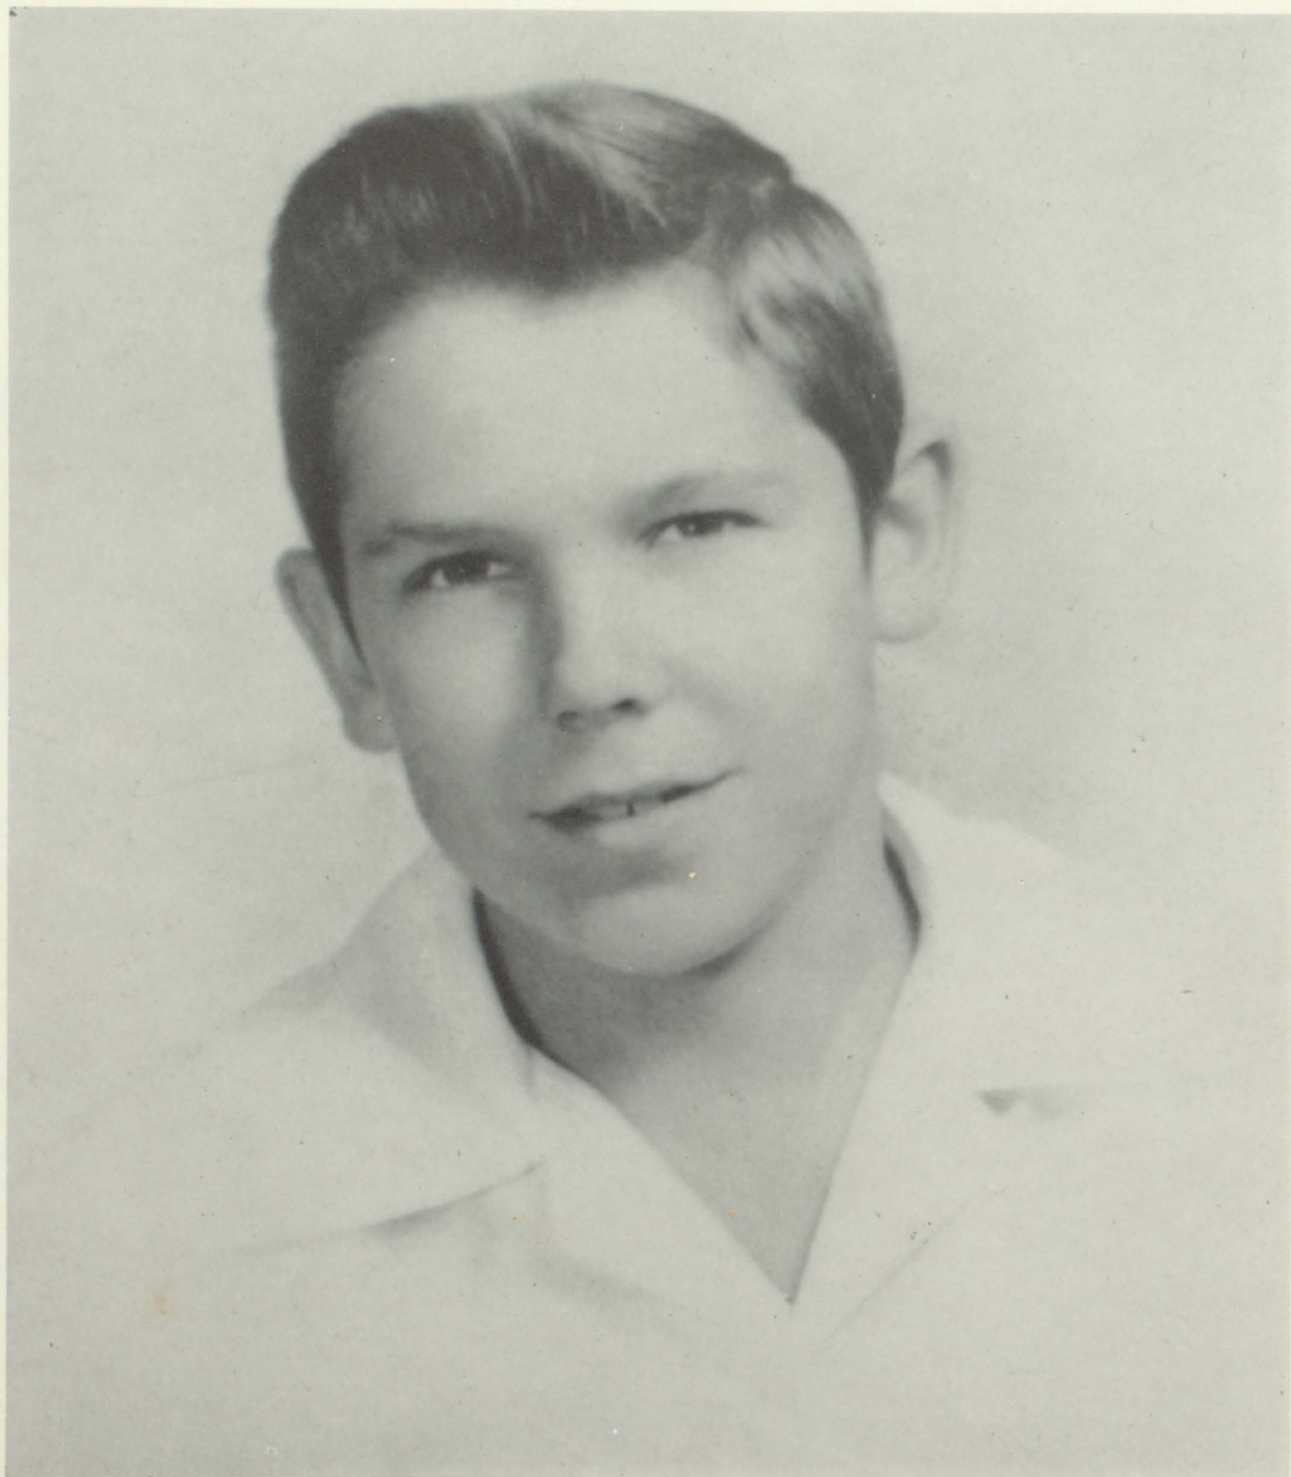

Because she makes school life more pleasant,
Because she is so interested in school activities,
Because she stands up for student rights,
Because she is a friend when a friend is needed,

The Administration . . .

MR. L. L. DECK
Principal of Russell High School

The guiding hand of the administration has been an inspiration through our pleasant high school years. Mr. Deck, who has been a faithful friend and Principal; Mr. West and Mr. Walker, who stand behind the students and faculty in all instances; Miss Parr, our beloved Assistant Principal; Mrs. Neely, who has served well as Counselor and understanding friend; Mrs. Ealum, who gives unselfishly of her time and energy to the student body; Mrs. Tucker, who, although new, is a tremendous help to all; and Mrs. Damron, the P. T. A. President, who aids in helping to furnish the extras of our school, have all added to our high school days in many ways. Their kindness and helpfulness shows their interest in the young people of our community. We, the Pointer Staff of 1953, offer our sincerest thanks to our beloved administration.

SENIOR CLASS OF 1953

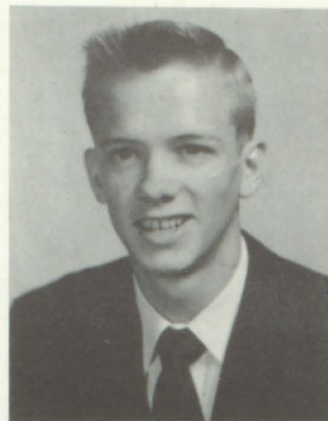

In spite of homework and tests, in spite of friends and socials, and in spite of teachers and demerits, our five years of high school are over. We are glad because we know life now really begins, and that each will have a contribution to make to the world. But along with gladness must come sorrow. Each of us feels a little of that sorrow as we leave the halls of R.H.S., for we know that never again, except in memories, can we recall our happy days there. These pages will be our reminder, and every picture and word will be a stamp on our hearts, because . . .

"We've got a team; nobody's prouder!"

All through our years at R.H.S. this Wildcat yell urged our team on to innumerable victories. In rain and freezing weather the student body followed the football team with an undaunted spirit. The action filled basketball games left many students with a voice weak from yelling. Several boys left Russell's baseball team to become aspirant big league stars. The track team brought home the championship more times than could be counted. The competitive spirit of the girls for the cheerleadership has become traditional.

This phrase was impounded into our most pleasant memories. The many clubs and club activities made our high school days even more enjoyable and worthwhile. We could forget neither the first time we became an active club member, nor the work that came with it. Some clubs were large; some, small; but all gave a chance for self expression. The dances at R.H.S. were a store of fun for the whole student body from sub-freshmen to seniors. Could anyone forget his first formal dance? The beautiful dresses, and the corsages brought by the current dream man, contributed to an evening in a paradise on earth. The square dances and soc-hops in the gym were wonderful imitations of the old fashioned dances. But everyone "lived" for the Junior-Senior Prom.

The teacher, while explaining the day's lesson, was interrupted by musical strains from the inter-com.

None of us could ever forget the many comical experiences that made up an enjoyable part of daily class life. There was at least one class mate who was always late, and another whose locker was always stuck. Some teachers never could find the chalk. The chemical explosions were talked about for weeks. Boys began to take Home Economics. The teachers helped us to become good citizens as well as educated ones.

"May we have a little less noise!"

At lunchtime, in the school cafeteria, the students always had a rollicking good time. New friendships were made there, and old friendships renewed. In the cafeteria, the five class groups became one, and even the teachers joined in the joke telling.

The library meant a lot of different things to a lot of different students. A test could be passed after an hour of studying there; a tired mind could be rested there; and quite often the library was the meeting place of a boy and his best girl.

"Congratulations and Good Luck!"

During our senior year these two phrases went hand in hand. The Wildcat Staff, a different group every year, worked hard and faithfully to supply the student body with news. The election of Superlatives was of interest to all the school. Before the announcement of the Pointer Staff, suspense prevailed in the Senior class. Try-outs for the senior play had everyone quite nervous, and Kid Day caused a small riot in the halls. But graduation was the main joy and worry.

Senior Prophecy

Date: A weekend in June, 1978.

Citizens of the universe: This is your spacio-vision commentator to give you a detailed description of the reunion of the Russell High graduates of 1953. I am now speaking to you from the largest spacio-vision tower on the Moon. We wish to express our thanks to Station DECK for the use of this studio. This program is being brought to you by the **JIMMY GARDNER** and **JIMMY BILES** Company, manufacturers of that new glass helmet invented by **BOBBY PRITCHETT**.

As you all know, three years ago that great scientist, **BILLY MOSS**, in collaboration with **BOB BILLINGSLEY** and **HOWARD ATKINS**, the transportation tycoons, invented a super-speed passenger rocket called the "EALUM" for the special purpose of transporting the R.H.S. graduates to the Moon, and—here it comes now!

First to alight is the old class president, **JOE BELL**, who is now owner of the Mars Candy Bar Company. Other dignitaries in immediate view are **ANN STRICKLAND**, **BETTY MCGREGOR**, and **PEGGY HOPKINS**, who jointly own the **GROSS** Hotel on Mars. Speaking of hotels, the graduates will spend this weekend at the **EVERETTE SMITH** and **RALPH STANSELL** spaceside resort, which was built by **BILL ALLGOOD** and **ROBERT PARHAM**, the contractors. More about that later, because the interplanetary fashion designer, **GRETTA SOSBY**, is just stepping down, clad in the latest space clothes. All her co-designers, **MARTHA BEALL**, **NATALIE BYRNE**, **BARBARA EDMONDSON**, and **ANN ROBERTS**, from the various planets, will meet to discuss the latest in fashions. There is **STEWART McCORD**, who finally made big time show business on Earth. His manager is **NEWELL PEACOCK**, who also directs the singing careers of **ELEANOR DEMPSEY**, on Mars, and **DON VEAL**, here on the Moon.

Now, more about the spaceside resort while we're waiting for other passengers to adjust their oxygen helmets and anti-ultraviolet suits. There is a beautiful star-studded space swimming pool. **DAVID BYRD**, **BILL HENSLEE**, and **REGGIE LEE**, all work there as lifeguards to rescue people who swim out too far and get caught outside the low gravity currents. To the right of the reserved space pool are the cottages of the wealthy Earthlings, **JEAN CATO**, **DELORES HALCOME**, **MARY DODSON**, and **CHARLOTTE MORGAN**, who spend their vacations here. Nearby is the **GALLOWAY** Hotel, which has the best selection of planet food, which is prepared by **SELENE BLAIR** and **JEANNEEN ANDERSON**, two of the Universe's most famous dieticians.

But wait—here come some other R.H.S. graduates. There are **KITTY BROOKS** and **BARBARA BAILEY**, the great female swimming team from Earth; and there's **EDDIE WAINRIGHT**, **DELANO CLAY**, **DEWEY CONNER**, and **RAY ALLGOOD**, who own huge ranches on Mars which house the signs of the Zodiac. And there's the novelist, **JANET MCKINNON**, who has just written a book entitled "Forever Amethyst," which was published by the **PEGGY REESE** and **MARGARET FLEMISTER** Publishing Company of Capricorn. With her is **NONA ALLEN**, who has just recently been elected the first woman governor of Doddville, a province on Mars.

I have just received a bulletin saying that **EARL GILLAM**, **RONNIE JONES**, and **RAMON SAMMONS** will play in the spaceball game tomorrow. The general public is invited. Transportation to the game will be furnished by the **JOHN DONALDSON** and **DONALD JOHNSTON** Taxi Company, the largest taxi company ever formed. They use cosmic powered vehicles which were built by **FREDRIC DUREN** and **DON ASHLEY** to replace the old-fashioned atomic ones designed ten years ago by **BOBBY ALMOND**.

Stepping down now is that group of ladies in whom all you women listeners and viewers will be interested. They are **ALICE MEIER**, **BEVERLY MARLOW**, **DIXIE WILLINGHAM**, and **TOMMYE LOU HAWKINS**, who developed the formula for the special space cosmetics for women. They are talking to **JANICE WARREN** and **SARAH ALLEN**, who set up a language to be used inter-planetaryly.

And there is that group you all have been waiting to hear from. **MARGUERITE OGLETREE**, **NINA FAYE BLACK**, and **SHIRLEY DAVENPORT**, with their families, have been on Mercury for the last fifteen years. **DR. ROBERT OLIVER** and **DR. CHARLES SUMNER**, who are in charge of the study of family life on Mercury, are going out to meet them. Everything seems to be in order. **PEGGY O'NEAL**, **CAROLYN FOLSOM**, and **MARYSUE LOVVORN**, who are teachers in the Universe University, are also talking to the Merucites.

What is that crowd over there? Oh, I see. It's just a group of old friends of **RICHARD BELL**, who was the first person to break the sound barrier. Gathered around him are **FRANK CLARK** and **SAMMY GODSEY**, the space traffic engineers, and **SAM BAXTER** and **KENNETH WALZ**, the chemists who invented the new formula for space medicine. Also in the group are **EARL WILSON** and **JOE WILLIAMS**, who collect old relics such as guided missiles and flying saucers.

BEVERLY GUNDERSON, **JUANITA MARKS**, and **ELIZABETH RANDALL**, stewardesses on the "EALUM," are smiling as they leave the ship. No wonder! With them is **BILLY NABORS**, the famous humorist. Going out to meet him is **MARTIN TORRANCE**, the president of the First Universal Bank. **MARTIN'S** twin sister, **MIRIAM**, is the prima ballerina on Earth. She is with the **MICKEY HALLUM** Moving Picture Company, the first company to use the fifth dimension. **BILLY LEMASTER** and **JIMMY FIELDING** are well known movie directors with the company. The actresses, **REBECCA MOORE** and **NORMA JENNINGS**, have starred in many of their films. They were first started in the movies by the talent scout, **GEORGE BRADBURY**.

FLASH! It has just been announced that **HAROLD ROBERTS**, the commander of the Space Patrol, has just landed a rocket from Pluto, bringing with him **GODFREY BLAKE** and **RONALD VAUGHN**, former Russell graduates who are now with the Space Patrol. You can read about these people in the June issue of the "Atmosphere," a magazine edited by **MARTHA DAMRON** and **SHIRLEY FAIR**. In this issue, you may also get some tips on gardening from an article written by the horticulturists, **ALICE GENTRY** and **SUE COLEY**.

Tonight the visitors will be entertained by the traveling circus owned by **BUDDY HARRISON** and **VINCENT CUNNINGHAM**. Several

Senior Prophecy

Russell graduates will participate in the show: **JUNE GRAY** and **CARIANNE UPCHURCH**, trapeze artists; **BUDDY YARIAN**, magician; and **PEGGY COLLINS**, the best known impersonator in show business. After the show everyone will visit the home of **AUDREY** and **CAROLYN GRANTHAM**, who made their money in the jewelry business. They sell the designs of **RAY ELLIS** and **WOODY STARRETT**, who were the first to use the new precious metal which was found by **JIMMY OLIVER** and **ROBERT PRICKETT** on an expedition on Mars.

ANGELA STRICKLAND is just alighting from the "EALUM" with her husband and six children. Her brother, **WELDON**, owns most of the business in their hometown, East Point.

Standing beside the plane is **JACK LEVERETTE**, now joint owner of Florida with **FRANCIS DuBOSE**. He is discussing with his lawyers, **RALPH McDUFFIE** and **WALTER ROUNDTREE**, the possibility of buying a similar possession on the Moon.

There are **BOBBY MAHLE**, **GIBBS MOBLEY**, **BILLY HEAD**, and **JACK FAGAN**, salesmen for the new Non-Chlorophyll Toothpaste Company. With them is **HAROLD LINDSEY**, who sold his grocery products company to **RAY LEWIS** and went into the mortuary business with **VIRGIL KITCHENS**; and **KENNETH ROSS** who was finally able to get a license to build a pharmaceutical supply store on Mars. **RICHARD CAVALLI** has agreed to form a partnership with **KENNETH**.

There are **BETTY ANN SMITH** and **BETTY FULLER**, who are the most modern hairdressers on three planets. They arrange women's hair especially to be worn with the hats sold in the millinery shop owned and operated by **BETTY RAWLSTON** and **EVE HUCKEBA**. These women belong to the Business Women's Chamber of Commerce, along with **FRANCES CARTER** and **LOUISE BABB**, who are exclusive florists; **JANICE FIELDS**, **CAROLYN BURNETT**, and **PEGGY CANNON**, who are interior decorators; and **ELAYNE JACKSON**, who is co-owner of **JEAN POWER'S** fur salon.

On my left, the super-speed aquaplane is just landing. Since water is still hard to keep in supply here on the Moon or on Mars, **JIMMY THOMPSON** and **CHARLES WILLIAMS** own a tank plane line which makes a daily run to Earth. The planes are flown by atomic powered robots, the plans for which were drawn by **TED**

CANNON. **KENNETH JONES**, the inter-planetary postal clerk, also uses these robots to fly the mail from planet to planet.

BETTY PHILLIPS, the woman ambassador to Saturn, is talking to her old friend, **CHARLES LESTER**, who is in the oil business. **CHARLES** also owns a few shares in the **DICK HULL** Gold Mining Company. **JEWEL McCLURE**, **BEATRICE McELREATH**, and **BETTY ANN WILLIAMS** also own large shares in the company.

There go **CAROLYN BOOKER**, **JOYCE PAYNE**, and **PAT McDANIEL** getting into a taxi. They are on their way to visit Governor **THOMAS SANDERS** over in **COLLEYville**. They must have his written permission before they can set up one of their souvenir shops here on the Moon. Only last week the governor gave **HELEN DAVIS**, and **JEAN ALEXANDER** permission to build an exclusive nightclub here.

A bus from **CHAPMAN** County has just brought in a large group of Russell graduates who live permanently on the Moon. There are **CHARLENE SANDERS**, **BETTYE JOE THOMPSON**, and **JOANE KEELER**, who are satisfied in being just plain housewives; **THERESSA VINCENT**, who is in the bakery business; **BARBARA DAVIS** and **DONNIE ENGLISH**, who own the only ultra-modern furniture store here; and **MINNIE LOU JOHNSON** and **ANNETTE JENKINS**, who own all the dime stores on the Moon and on Mars.

It looks as if not all the Russell graduates could make the trip. According to **ED MURPHY**, the inter-planetary radio operator, the experimental expedition to Jupiter has just notified him that they can't be here. **ELOISE GILBERT** and **LOIS WALL** are photographers with the expedition; **MARGIE IRVIN** and **ANN HANNAH** are statistician for the group; and **BRUCE NESTLEHUTT** and **PATTI DORSEY** are real estate brokers to help with the land allotment for future settlers. This expedition is being sponsored by **ARTHUR BAILEY**, **BILL ADAMS**, and **TOMMY JEANES**, who have a monopoly on all filling stations in the United States on Earth. **J. D. RAGSDALE** (who is sometimes referred to as the "Buffalo Bill of the Moon") is in charge of the expedition.

Well, folks, there they all are! It seems that every graduate has been successful in the past quarter of a century. Who can tell what the next twenty-five years holds in store?

the Pointer

The publication of the Russell High yearbook, the Pointer, was the most exciting event of the Senior year. Everyone longed to be chosen as a staff member, and those who were selected were more than proud. The work was hard, but also fun. The balcony became the Pointer office, and "no trespassing" became the cry of the staff. Because the theme of the book, the dedication, and the appreciation were top secrets, an atmosphere of mystery prevailed over the student body. All the seniors knew that the Pointer was to be the key to many happy memories; so between its covers they put the symbols of their most cherished high school days.

Wildcat keeps us informed . . .

No school paper ever tried more to live up to the spirit, traditions and expectations of an institution of learning than Russell High School's "Wildcat."

Founded in 1928, the "Wildcat" has struggled these many years to publicize the finer things at the school. It has heaped sincere praise upon those who deserved it. Furthermore, it has leveled sincere criticism at those

who would destroy the good reputation and high standards of the school.

Russell is a good school, proud of its record of achievement, its faculty, its student body. The "Wildcat" is proud to have been a part of the influence which has helped our Alma Mater to go onward and upward every year.

*The
Student
Activities
Council
is a new
organization*

The officers, Jimmy Oliver, Renee Brown, and Hammond Stith, discuss plans in the library.

The school year 1952-53 saw Russell take a long step toward student government. The Student Activity Council was organized as a link between the students and the administration. Student suggestions for school improvements were brought before the S.A.C. for discussion and action. Student government has long been a goal sought at Russell, and the S.A.C. has been given the opportunity of making it a reality.

Key Club is devoted to serving others

First Row: Francis DuBose, Bill Henslee, Reggie Lee, Jack Leverette. Second Row: Harry Lynch, Bob Billingsley, George Linzey, Ray Ellis. Third Row: David Kirkland, Gibbs Mobley, Bobby Mahle, Ed Murphy.

The Key Club, sponsored by the Airport Area Kiwanis Club, has been one of the Russell's outstanding clubs this year. Their most praiseworthy service of the year was the collection of old toys to be mended and distributed to needy children at Christmas time. Under the supervision of their faculty advisor, Mr. Harold Gunn, the boys have striven to live up to their motto, "We Build."

Being in one of the Music Groups

is a favorite activity

Mrs. Brown is tops as a director.

During the past ten years Russell High was very fortunate in having Mrs. Ruby White Brown as its choral director. All students, whether in glee club or not, had a friend in Mrs. Brown. Her motto was, "Music for everyone: good, bad, or indifferent." The Christmas Program, the Festivals, the Philadelphia Trip, all were instigated by Mrs. Brown; they brought much pleasure to the community and to the students. Russell High wouldn't be the same without "Technicolor" Brown.

Atlanta Division, University of Georgia, offers degree programs for your selection, including U. S. Army Transportation ROTC. Day and Evening Classes for your convenience lead to the Bachelor of Business Administration and Bachelor of Nursing Education Degrees, or three years may be programmed toward any degree in the Arts, Sciences or Education.

A part of the University of Georgia, the Atlanta Division receives the same recognition in scholastic fields as the University. College Placement Office and Student Credit Union help any boy or girl who wishes to finance a college education.

Plan now to continue your studies at the downtown \$5,000,000 plant, provided by the Regents of the University System of Georgia, where last year more than 7,000 students established new foundations for careers.

the
EAST POINT
LIONS . . .

1. *To show faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.*
2. *To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.*
3. *To remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.*
4. *Whenever a doubt arises as to the right or ethics of my position or action towards my fellow men, to resolve such doubts against myself.*
5. *To hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.*
6. *Always to bear in mind my obligations as a citizen to my nation, my state and my community, and to give to them my unswerving loyalty in word, act and deed. To give them freely of my time, labor and means.*
7. *To aid my fellow men by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.*
8. *To be careful with my criticisms and liberal with my praise; to build up and not destroy.*
