As we begin the journey through high school we experience many new things. At first, the journey may seem like a maze winding around and around or it may also seem like a puzzle - we are a piece of a puzzle trying to fit into a place that is unique but yet a part of the whole.

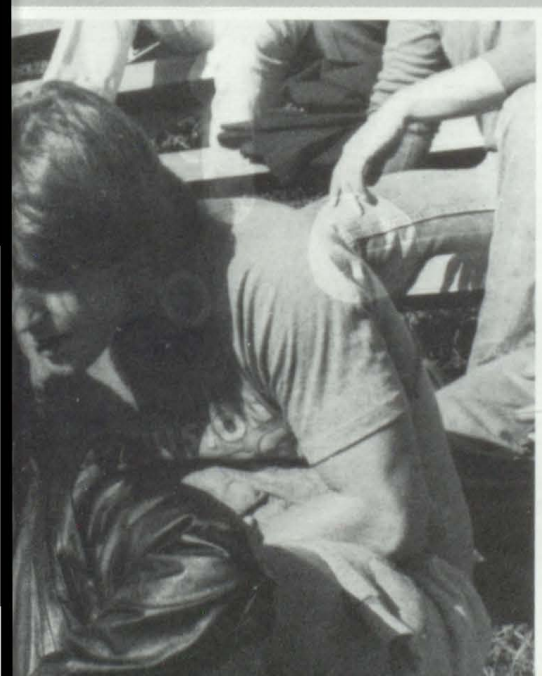

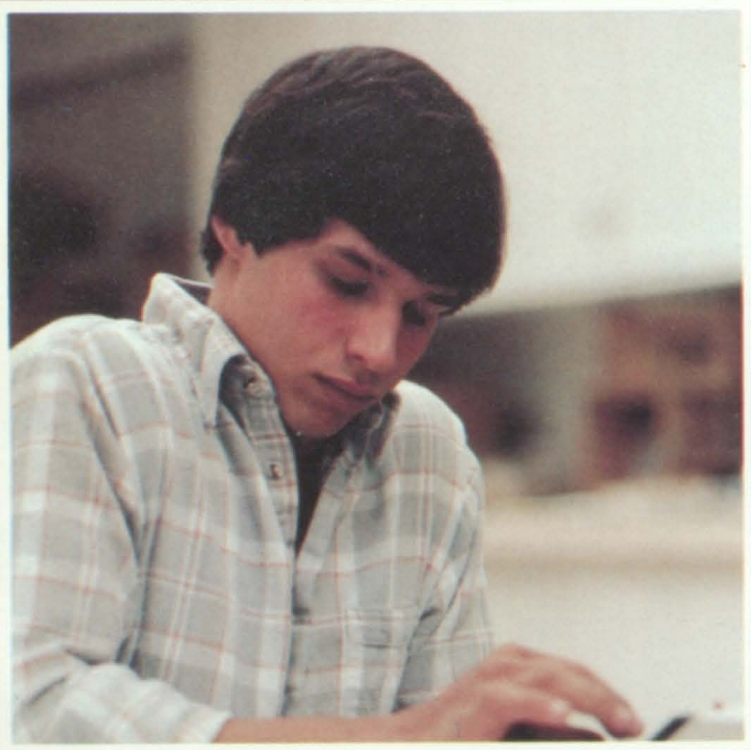

What exactly is a puzzle?

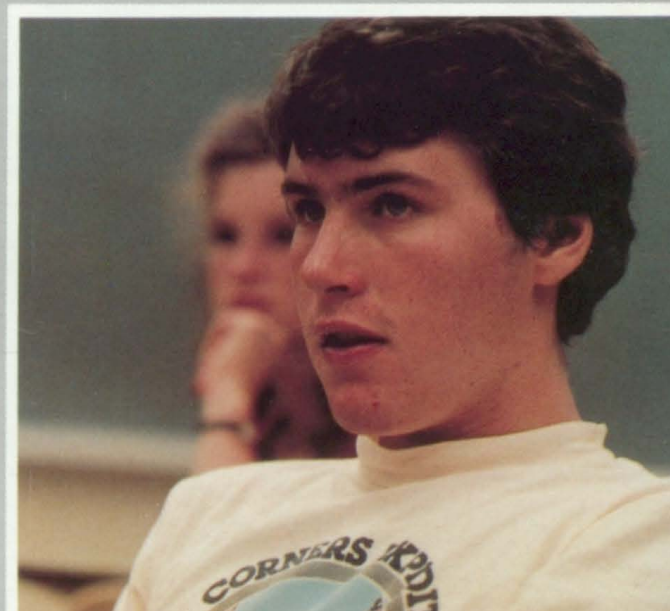

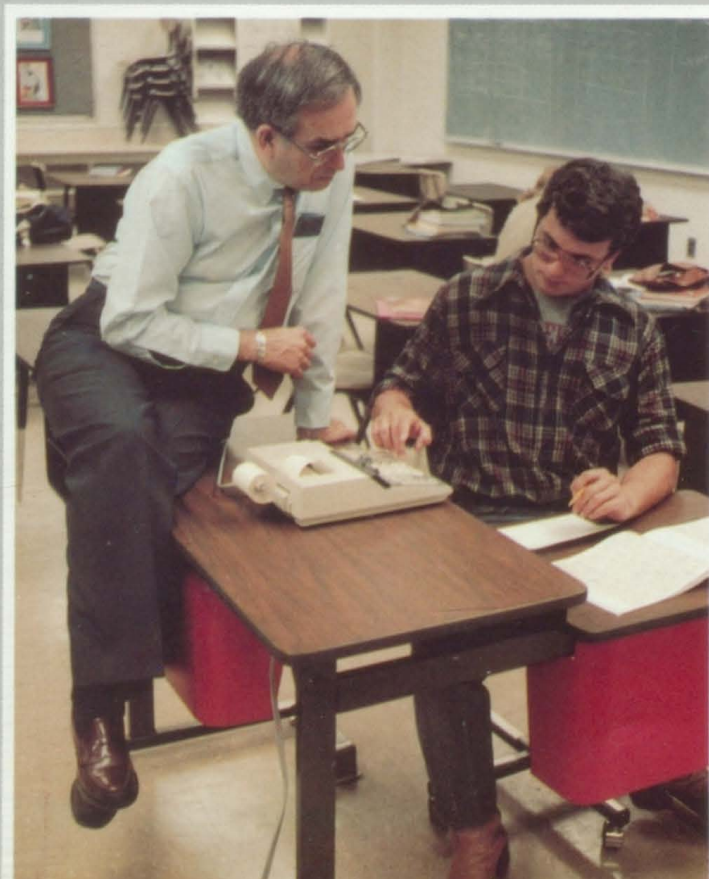

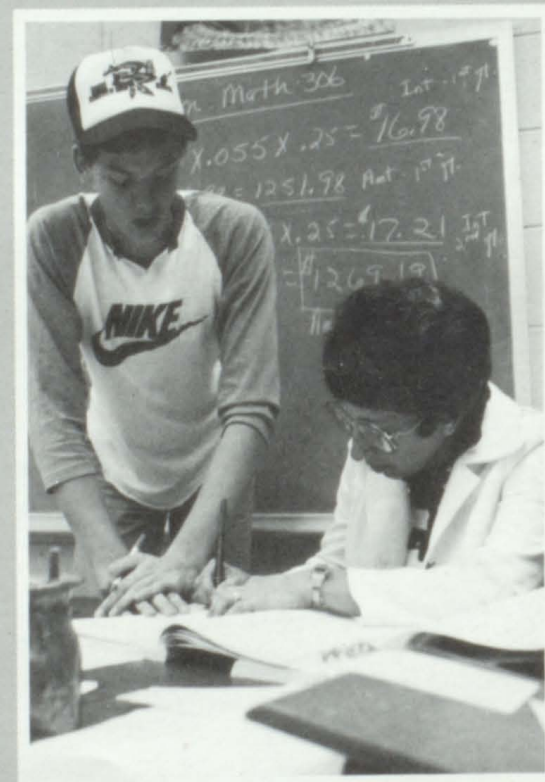

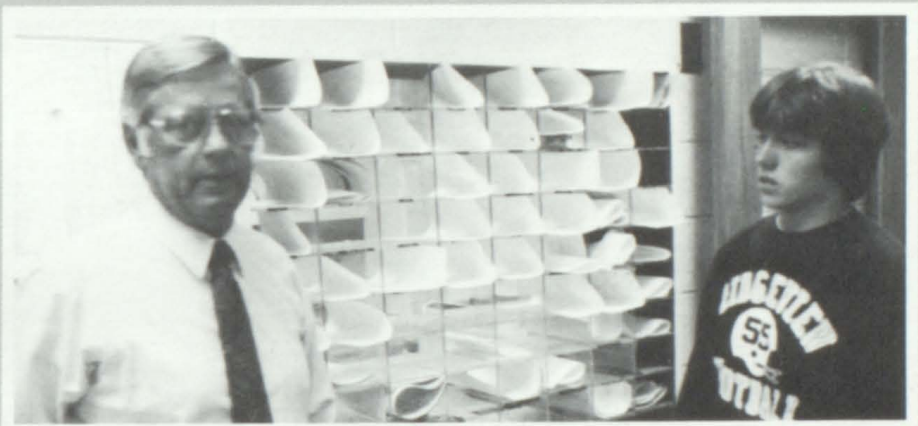

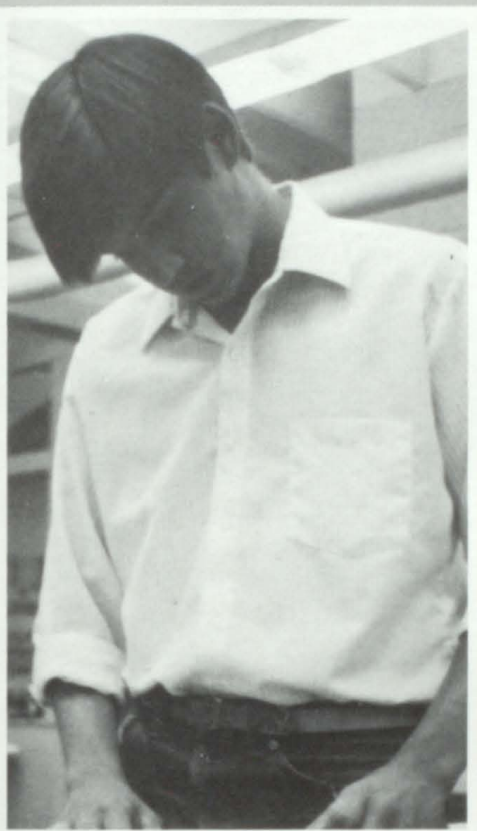

A puzzle is a problem or a question that exercises mental ingenuity. High school students are confronted with many situations. What classes should I take? Are sports right for me? Who am I going out with Friday night? Finally, what should I do after high school?

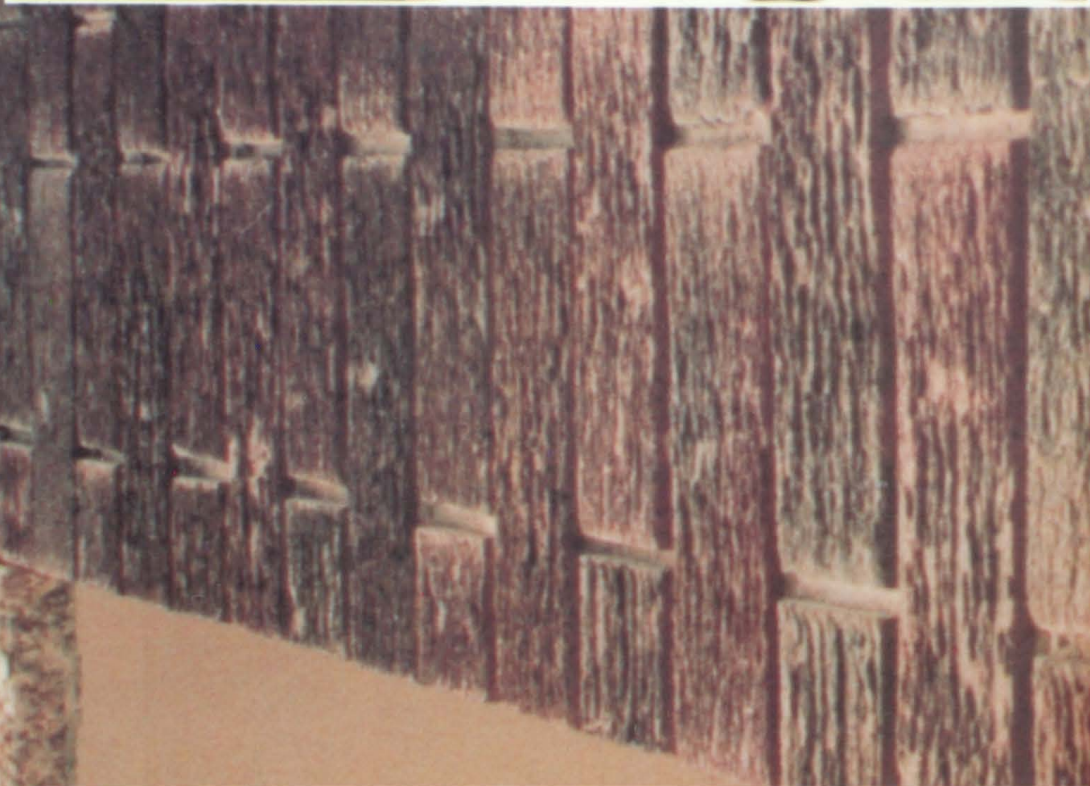

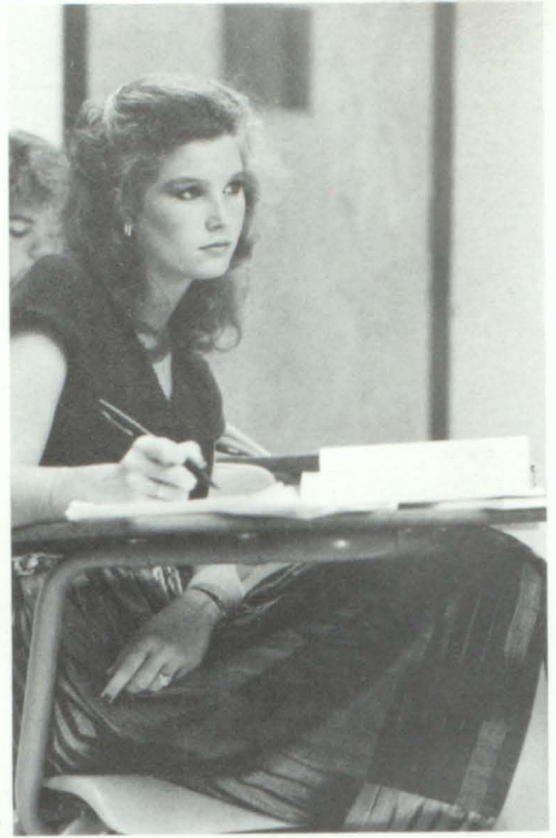

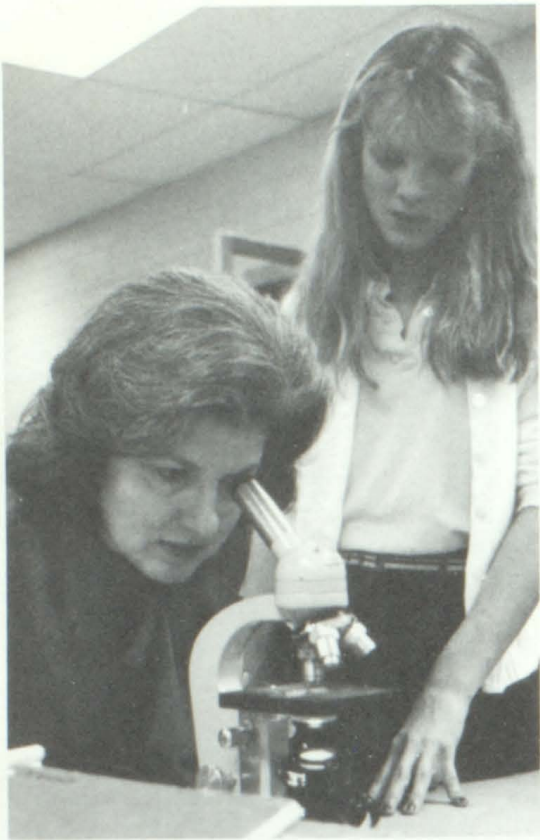

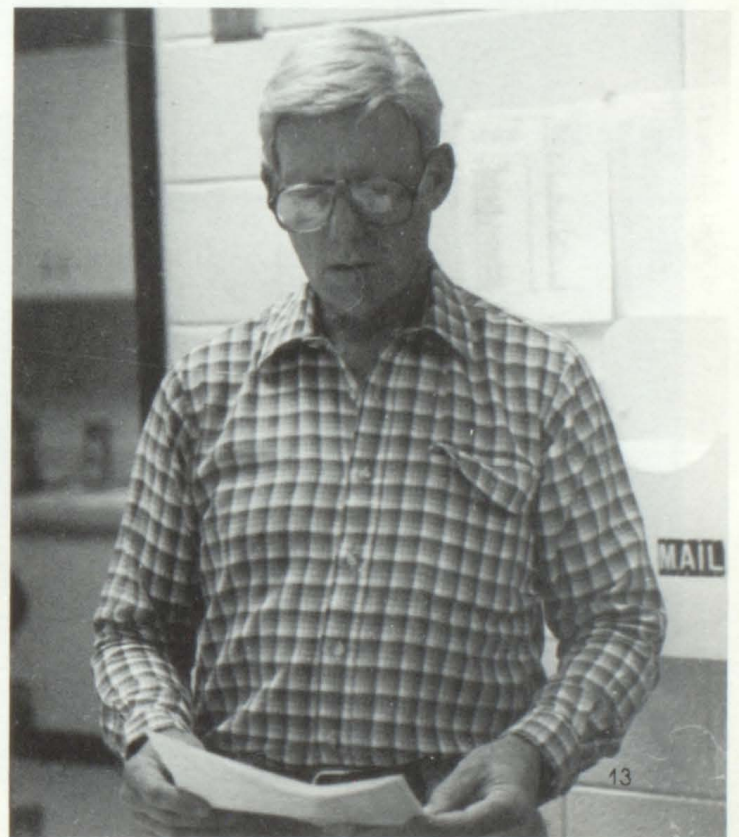

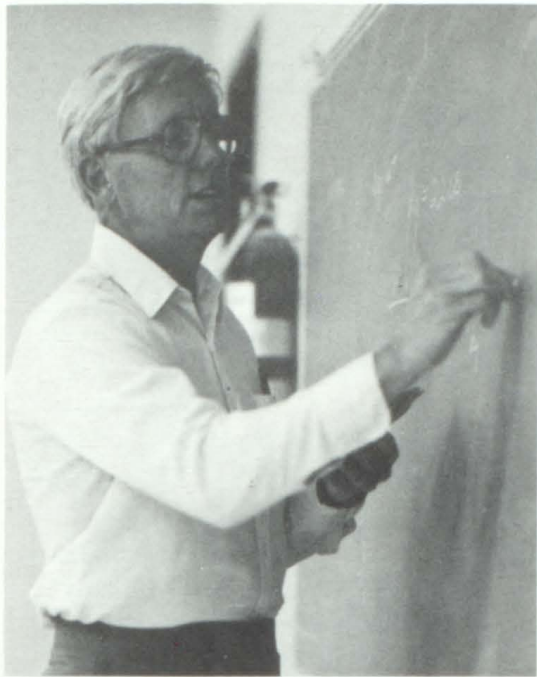

The questions seem unending and therefore we tend to get lost in our confusion. The confusion is like being lost in a maze with its intricate network of pathways. Making your way through the maze and trying to put together the puzzle may be a little difficult and discouraging at first but in the end we would have matured and become individuals capable of continuing the journey of life.

6 Over Druid Hills Ridgeview Produces Homecoming Win

By JIM HALLIX
Sports Editor

All year long, the Ridgeview Redskins hung on tough only to lose frequently to the fourth quarter when the outnumbered "Shins" often ran out of vision or back or both.

With the exception of a 14-12 win over North Fulton Ridgeview (3-7 overall and 1-2 in SAA North), had more breaks go against it than a bad season.

That's what makes the Redskins' 14 win over the Druid Hills Red Devils at Sandy Springs Field Saturday night so ironic.

Following Ridgeview's four drive, Druid Hills (4-4-1) fumbled North Ridgeview's punt and the "Shins" Tom Ward recovered at the Red Devils' 73. With former quarterback Charles Cassidy now at tailback for Ridgeview, Cassidy wriggled for five yards at a clip and scored from the 1-yard line with Kluge getting the PAT to make it 14-0.

Then the scored played that way.

Druid Hills was able to move the ball on the Redskins until the "Shins" had their backs to their end zone.

A Red Devil drive late in the first half stalled when Lee Yi stopped the "Hills" action on one play and Ward followed by sacking quarterback Mike Bruckley for a 15-yard loss on the next. Ridgeview had a

towards the end of the half but Kluge lost a 20 yard field goal attempt wide and short to the left.

In the third quarter the Red Devils threatened again with a long drive that took them all the way down to the Redskins' 13. In Ridgeview's Curti Williams thrashed in threat by twisting fumbled Druid Hill lateral.

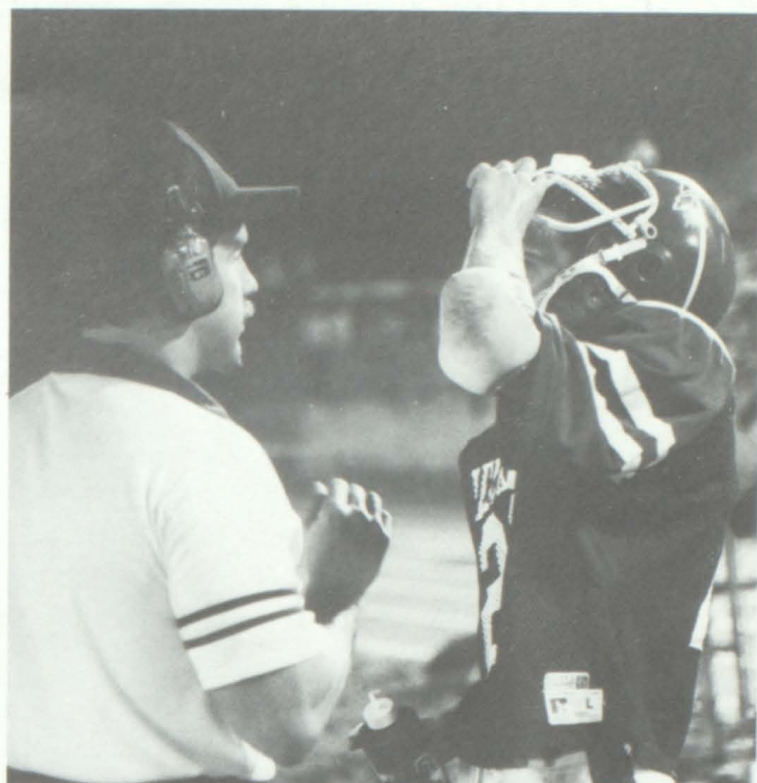

Another field goal attempt by Kluge in the fourth quarter but the Red Devils were unable to capitalise on anything until the fourth quarter.

With the "Shins" who got back ways, long and Druid Hills marched down to the Ridgeview 35. Mike Bruckley ran a long 3 yard drive, a long 3 yard drive, a long 3 yard drive later from 0. Redskins' Tom Bruckley was 10 for the TD in time running out.

Then Red Devil back Howard Palmer shook the PAT wide to the 5 and it was celebration for the Ridgeview -- at a homecoming game yet.

MISS RHS

AMY GOLDMAN

The annual Miss RHS pageant was held March tenth, and as the curtain was raised the theme was revealed - CIRCUS; everything from clowns to dancing bears filled the big top or better known as the Ridgeview gym. Various acts under the spotlight included, dancing, singing, tap dancing, flute playing and even a slide show. After viewing the various acts the clowns transformed into beautiful ladies full of grace and poise. However, out of all of the contestants only five made it to the center ring. The five were chosen and Candy Howell, Tish Hobbs, Jennifer Kampmire, Beth White, and Merry Goodman proceeded to answer an anything but humorous question. This years Circus Queen was, sophomore Tish Hobbs followed by Beth White, Merry Goodman, Candy Howell, and Jennifer Kampmire. Jane Rodriguez was chosen by her peers to be Miss Congeniality of 1984.

1983-84 has been a very fulfilling year; we are proud as we look back and remember our friends, teachers and special events such as Homecoming, the Prom and, Miss RHS. Students at Ridgeview participate in many fields ranging from Academics to sports. Though few in number, we have been successful in these endeavors as shown in our many trophies. Perhaps we can view high school as just one piece in a larger puzzle, and as we progress through life, we will become more aware of the value of this piece to complete the more complicated puzzles of tomorrow.
