HAPPINESS
IS... BEING
A LANCER 

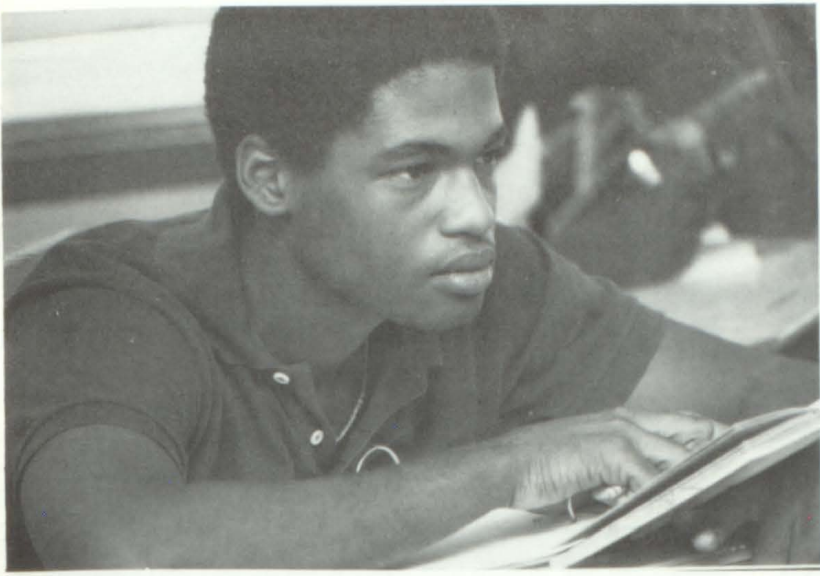

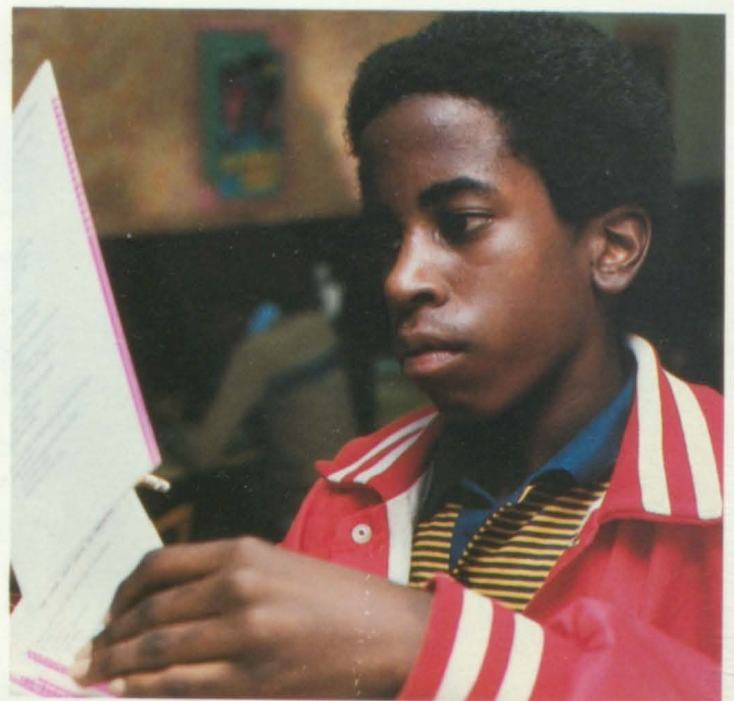

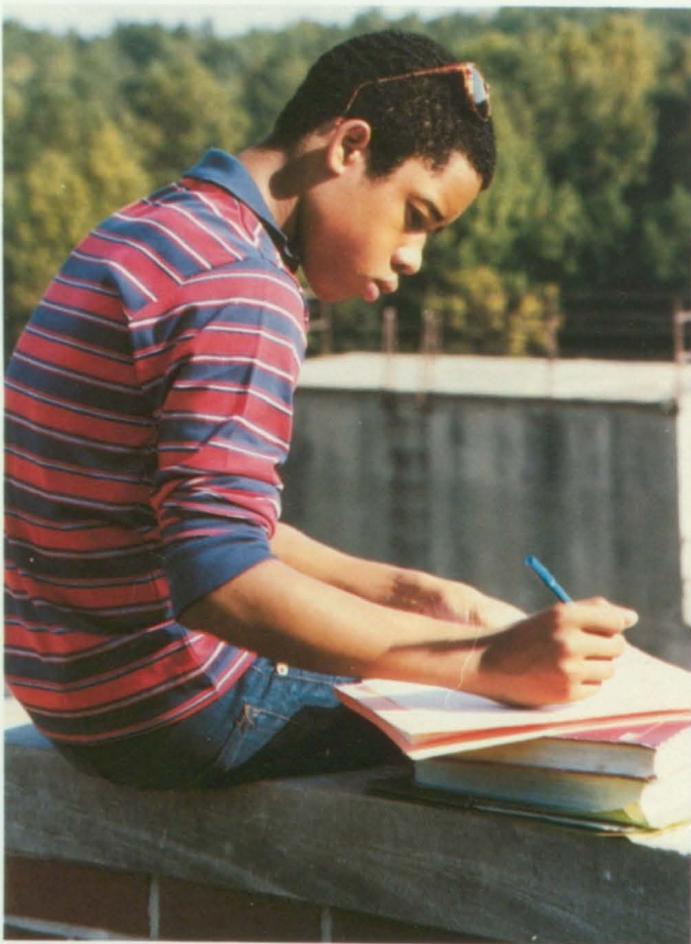

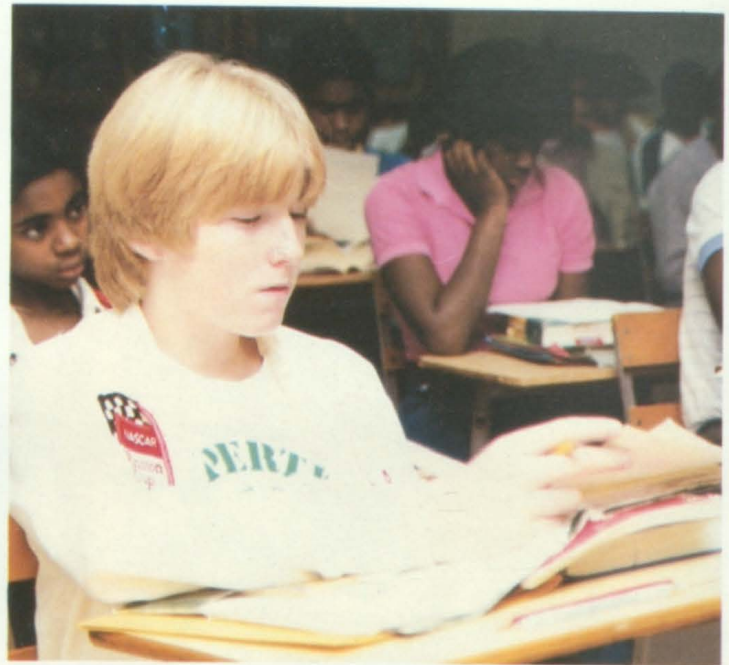

The Days of Our Lives revolve around the good times that we, as Lakeshore Lancers will always remember. This annual represents the prime time of our lives. All of these memories are Facts of Life that will be stored in our minds, reminding us of the exciting years we spent as loyal Lancers. As the World Turns we will indeed place these memories high upon a pedestal with pride. The moments we spend at Lakeshore are preparing us One Day At A Time for the Longest Yard many of us will tackle in the future. To keep these memories from being Lost In Space, we are preserving these Happy Days so that they will be a Guiding Light when times are down.

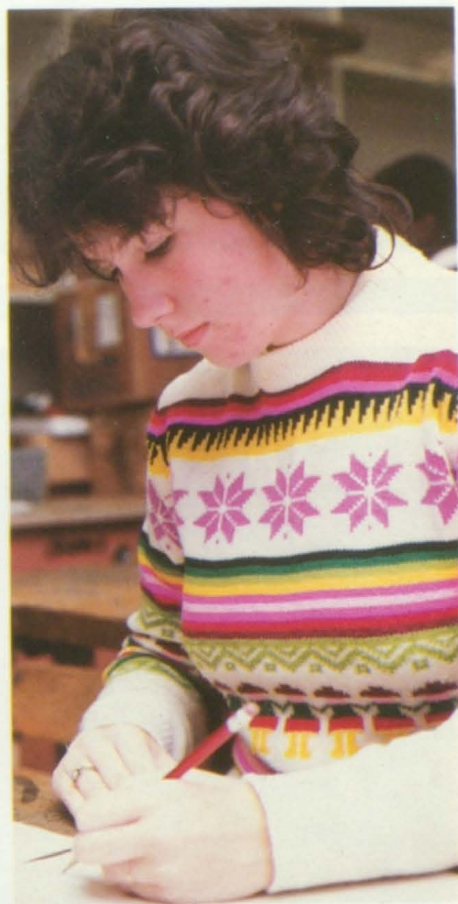

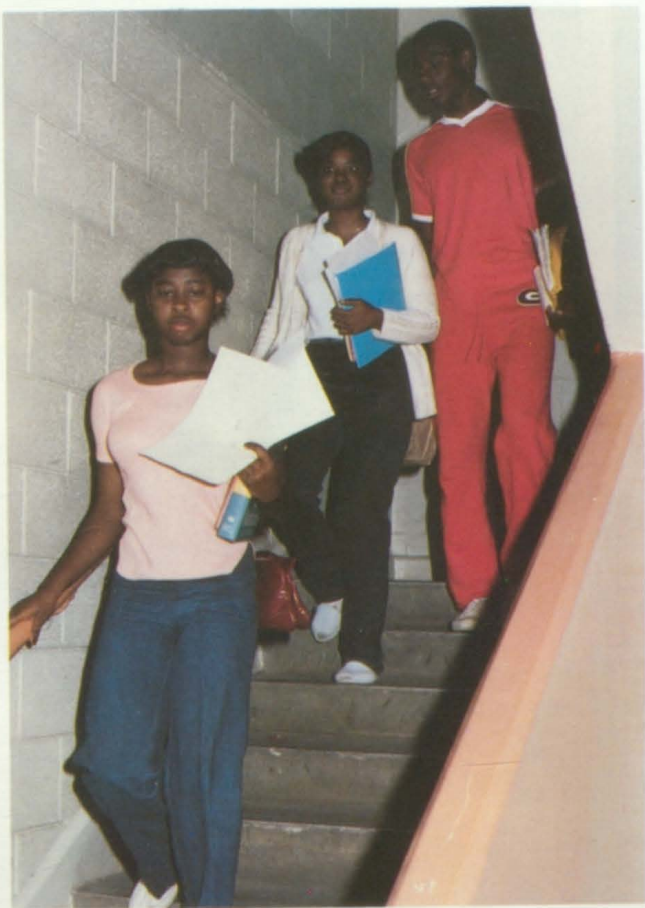

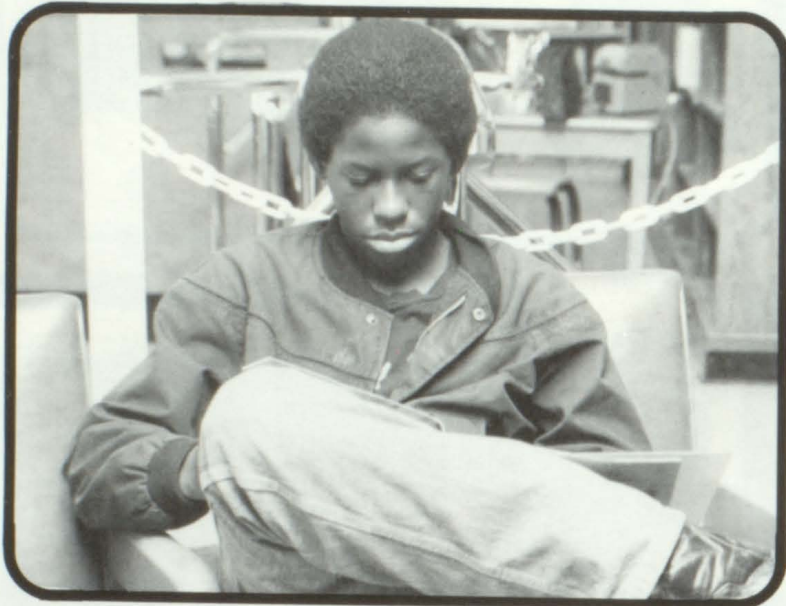

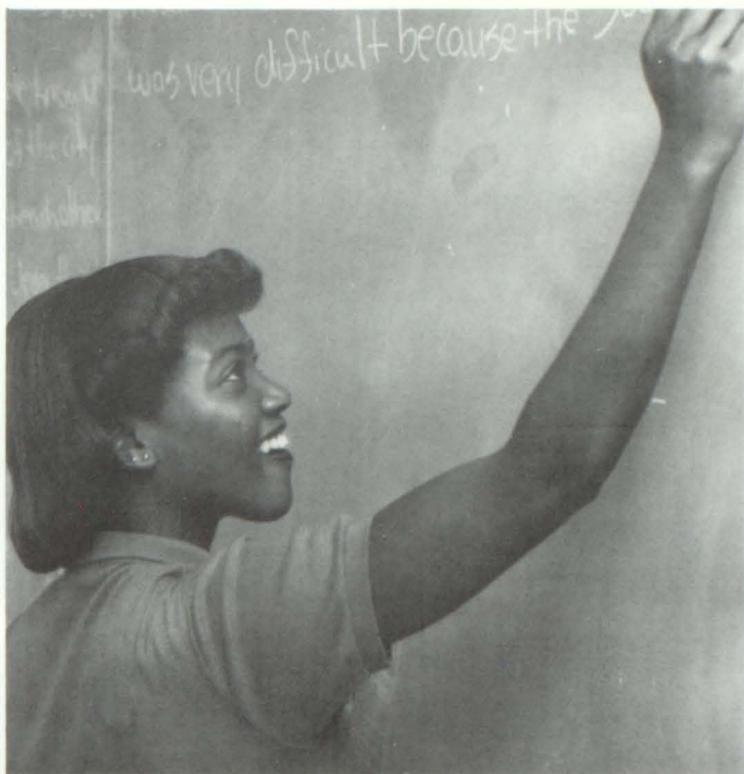

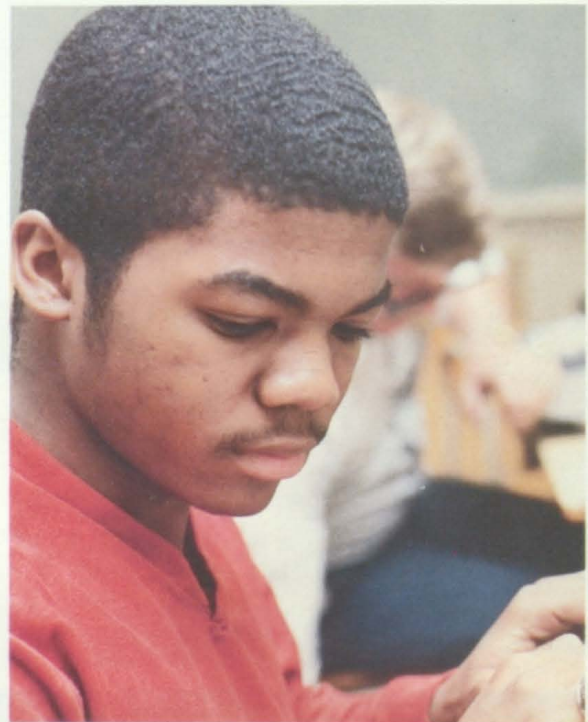

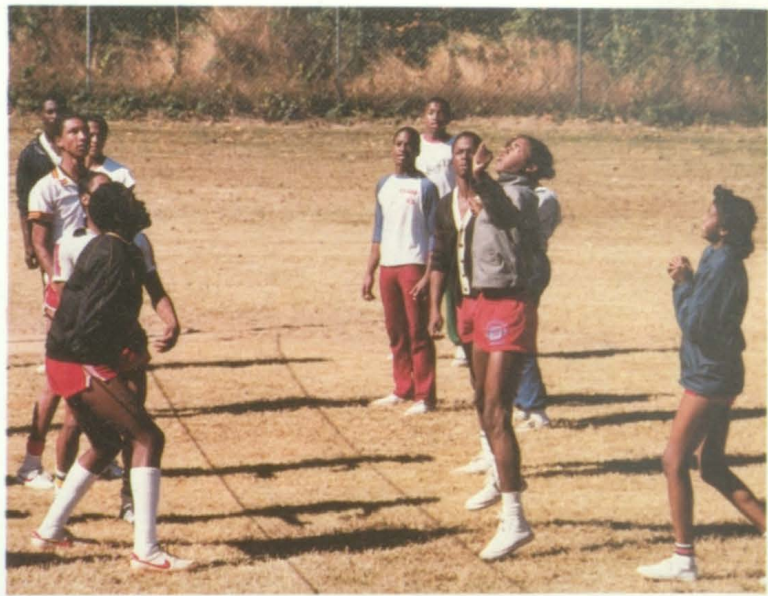

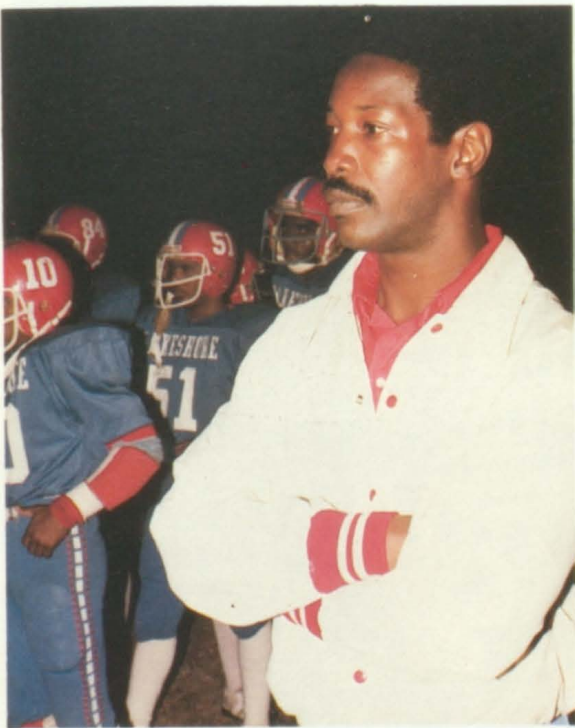

Our teenage years are full of Young and Restless moments. Each day of school is like attending a Fantasy Island, letting the Sixty Minutes we spend in each class be well remembered. The high school years of our lives are the most spectacular times we will face as we enter into Another World. The Fun Times we share during these years are like Solid Gold chunks, worth a Wheel of Fortune. These exciting times are responsible for creating many Superfriends throughout the student body. We will never allow any Dark Shadows to interfere with these cherished moments. Never letting these years fly away, we will hop on a Star Trek which will lead us to success.

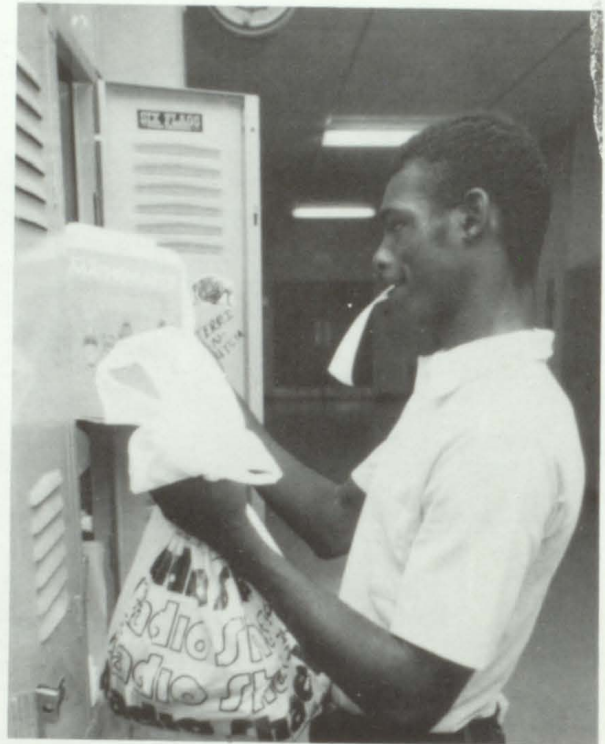

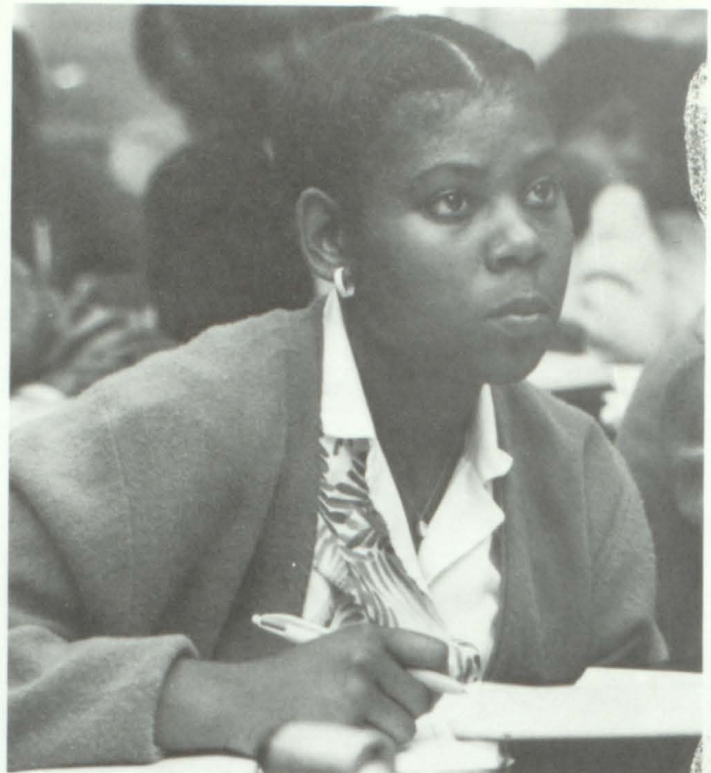

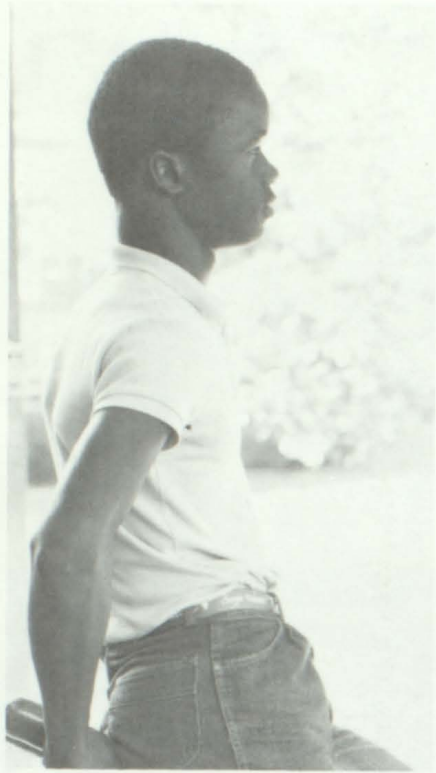

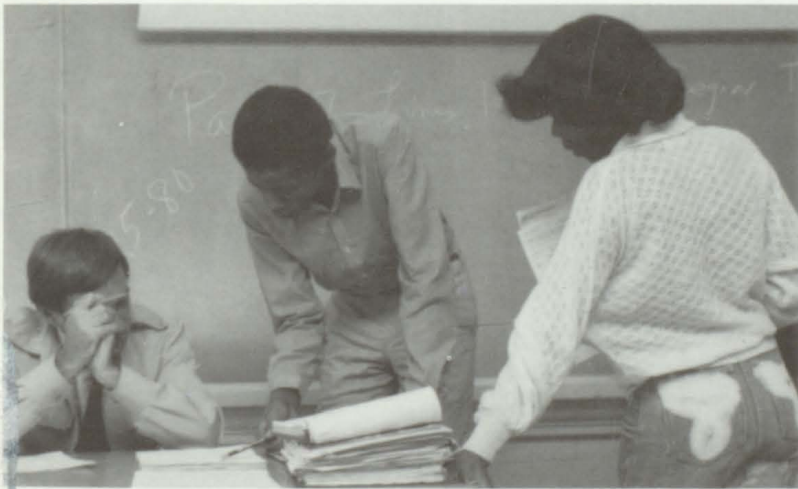

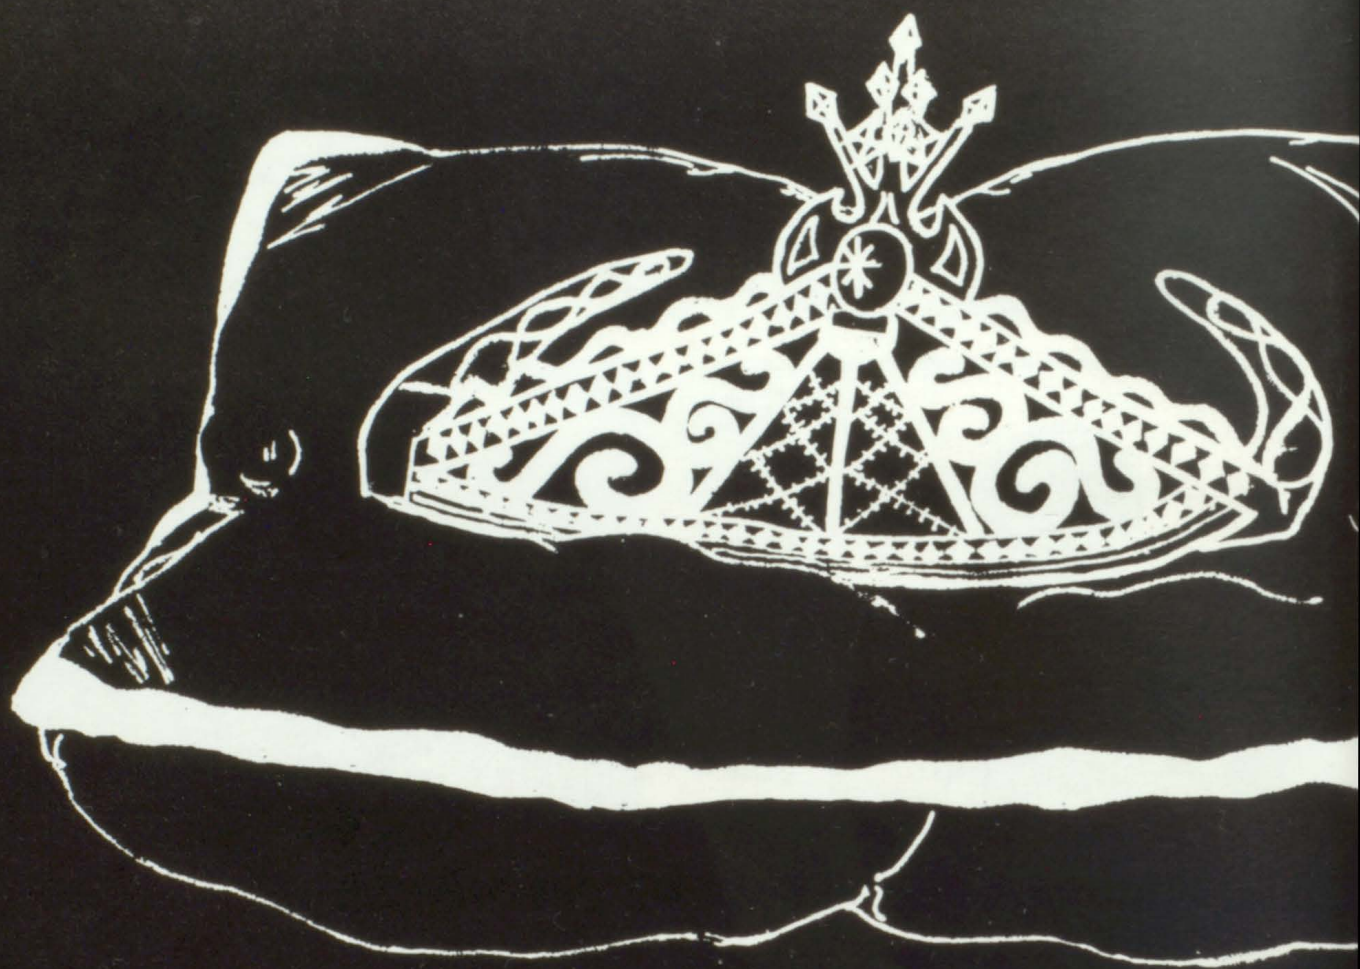

The hard work we students are dedicated to has created unity among the student body. This unity has overruled the apathy that was once Too Close For Comfort for many of us in the past. Our school is one of the best around because it has quality students to represent it; they're Real People. From Hart to Hart the pride that is instilled in us will remain as we pursue our aspirations. To Tell the Truth, many of us have high goals in life; therefore, Lakeshore has helped us in our Search For Tomorrow. Because we only have One Life to Live we will enjoy the good things in life, overlook the bad, and learn from our mistakes. Now That's Incredible!

Homecoming

Dynasty

Homecoming was traditionally held on the warm fall night of October 16, 1981. During half-time of this spectacular event, seven of Lakeshore's most dazzling young ladies were escorted onto the football field. Their escorts, the best of Lakeshore's most sophisticated gents, walked with strides of elite royalty. The three Senior Representatives waited for the announcement of the Homecoming Queen for 1981 with unimaginable intensity. Finally the intensity was released with applause, cheers, and tears for 1981 Homecoming Queen, Miss Sshune Houston.

Miss Sshune Houston escorted by Mr. Rickie Stewart.

HAPPY DAYS

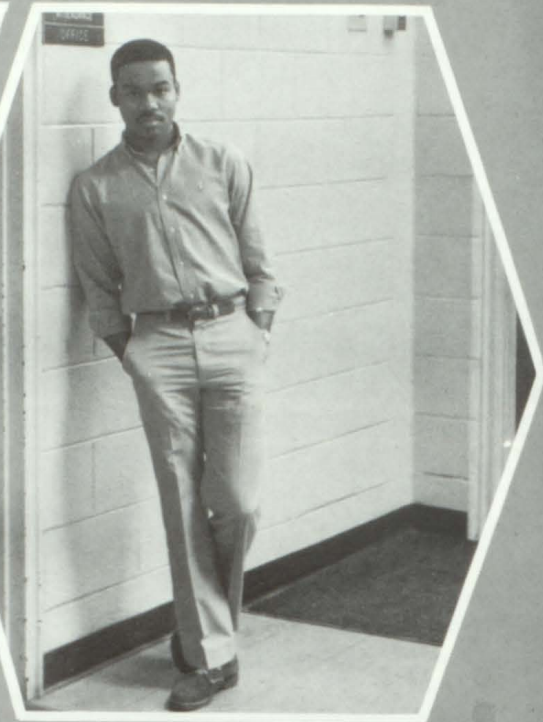

The students at Lakeshore celebrate the rebirth of their golden days in many places. Whether it's at Skatetown rolling to the beat, at Turtle's moving their feet, or at McDonald's for a bite to eat. They are all celebrating HAPPY DAYS.

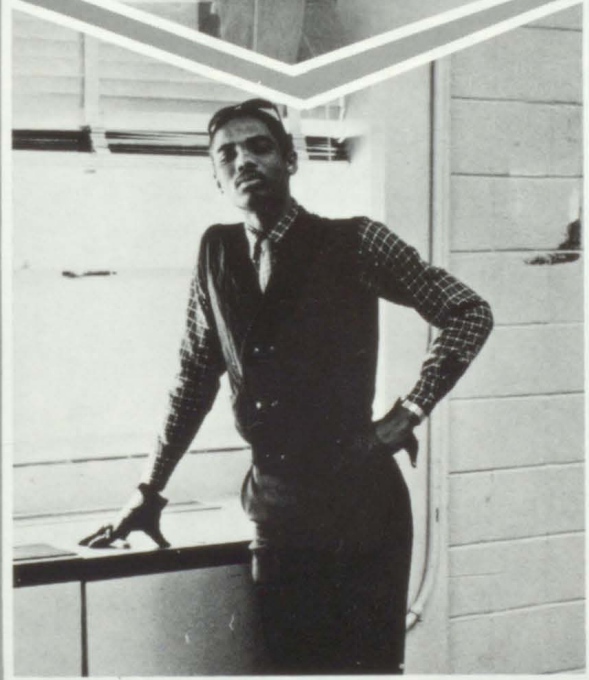

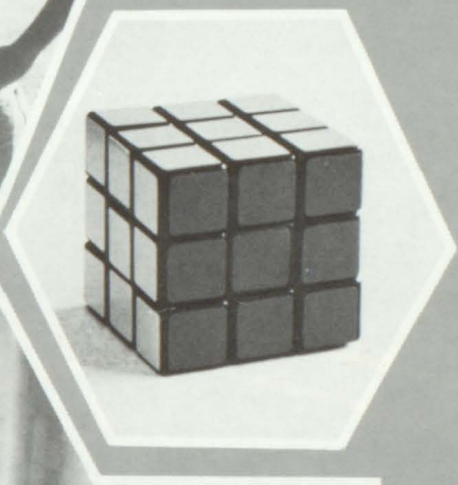

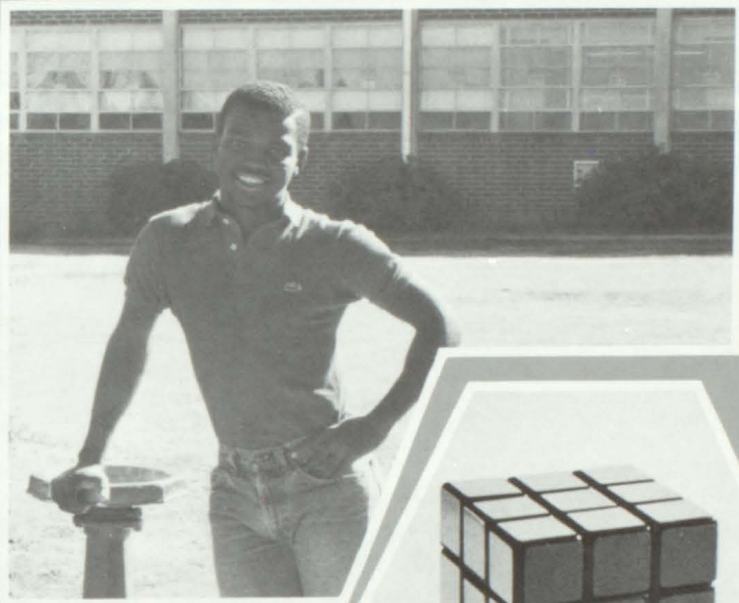

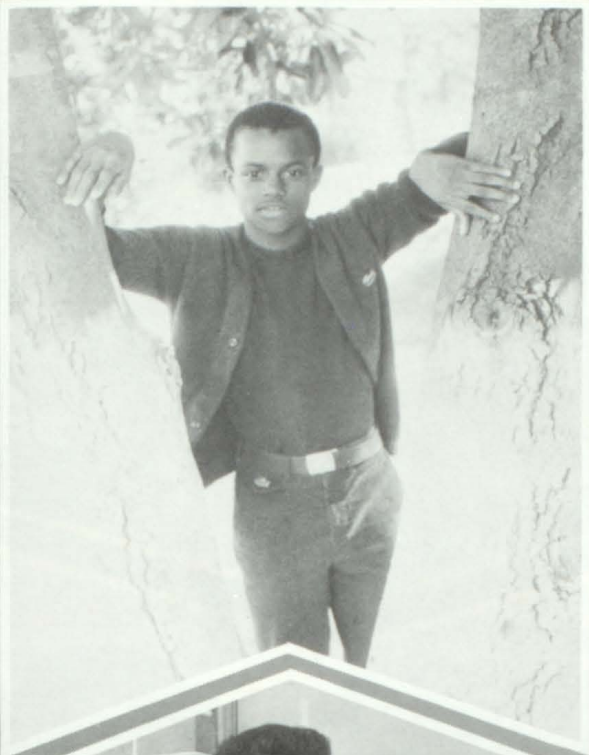

WHAT'S HAPPENING

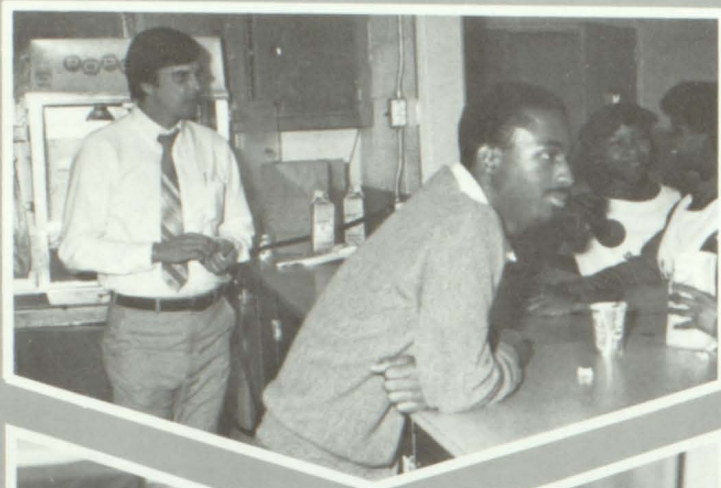

This was definitely the year of the fad. Never before have so many trends affected the student body. By the hundreds, students flocked to the nearest shopping malls in search of skips, Izods, Duck shoes, plaid skirts, leg warmers, designer jeans, oxfords, hunting jackets, metallic shoes, Rubik's cubes, school boy's, crew neck sweaters, velvet blazers, corduroys, baseball caps, and many other items.

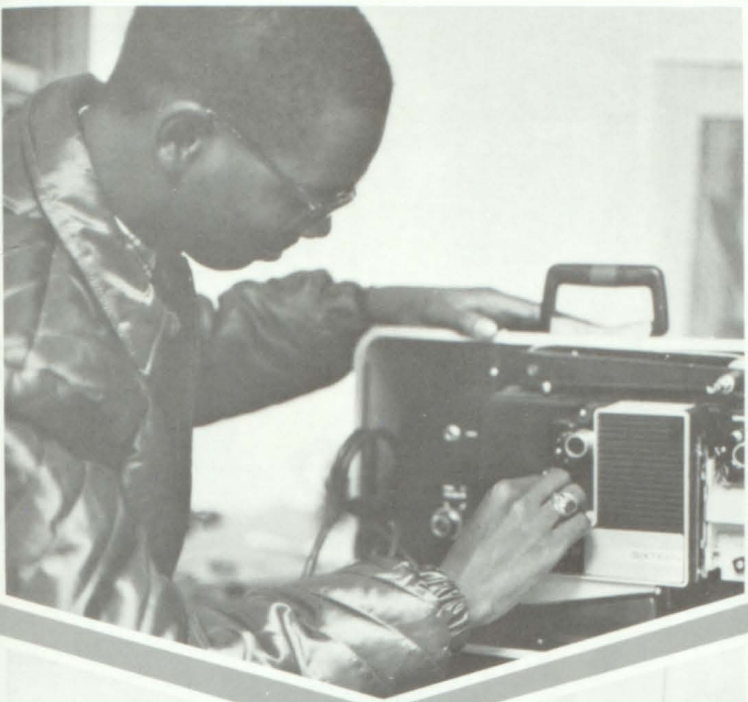

The fads were not only limited to clothing. Hairstyles played a big part in teenage fashion. While some guys were trying to get waves in their hair, others were wearing "phases". Girls however, wore "New Wave" and "Preppie" hairstyles like the Lady Diana look and the ever popular Gerry Curl. Aside from hairstyles, music was also a factor in the teenage fashion trend. Some people liked listening to Peabo Bryson, Larry Graham, and Luther Vandross while others preferred listening to Prince, The Time, and Earth, Wind, and Fire. A combination of all of these things made 1982 a truly memorable school year.

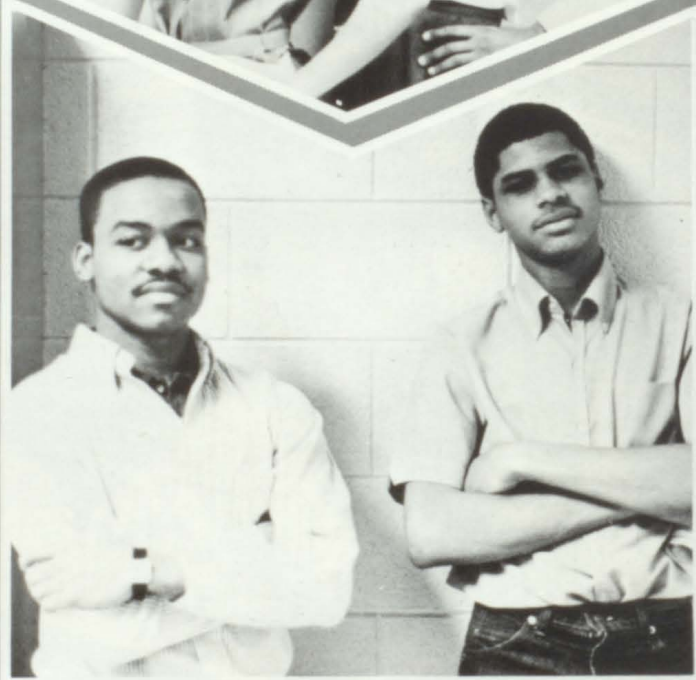

IT'S A LIVING

Lancers are preparing for pay they will possibly earn someday. While participating in many activities, they are realizing the importance of IT'S A LIVING.

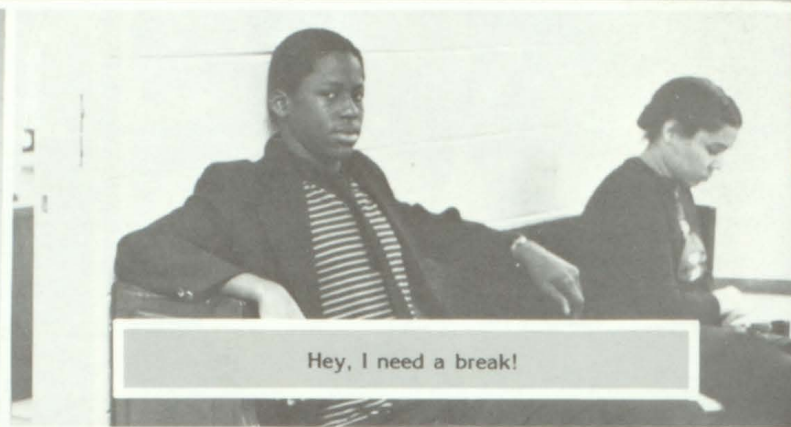

BOSOM BUDDIES

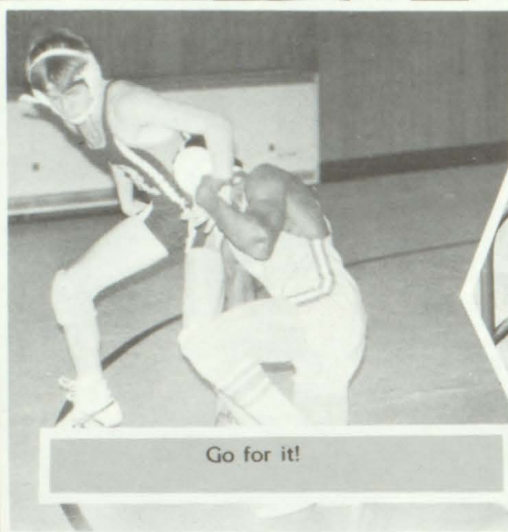

Friendly gatherings before, during, and after school are a common sight at Lakeshore. Throughout the school year, Lancers are full of the friendly spirit. They give a sense of joyfulness that is incomparable to any other. That's what BOSOM BUDDIES are all about!

Mr. G. Woodruff

ADMINISTRATION . . .

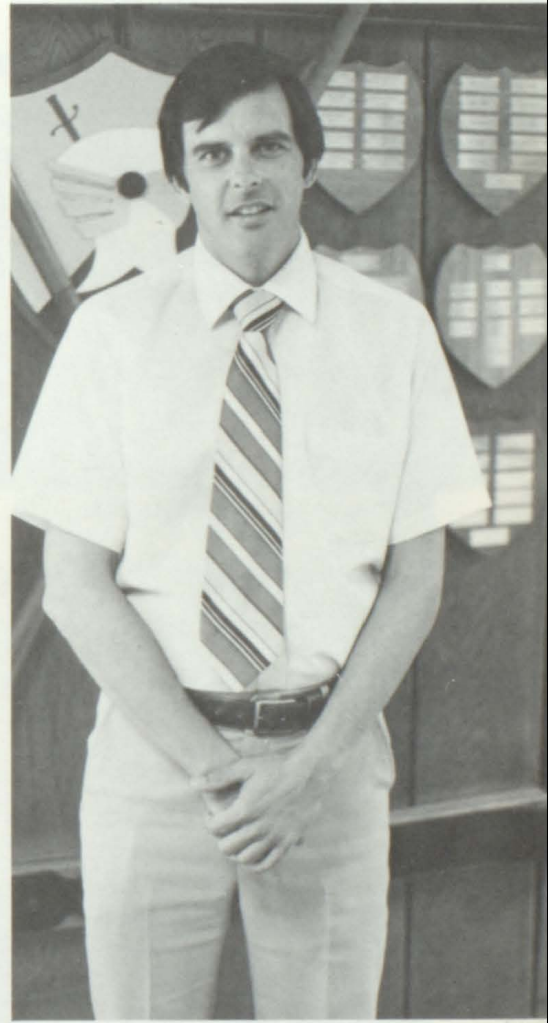

Today, in this episode of "One Life To Live," Mr. Woodruff is sitting back thinking about his devilish scheme on how to write his salary off on his income taxes. Mr. Prance, knowing that Ms. Crawford is a foreign agent from College Park High School, tells Ms. Mitchell that Ms. Crawford is an office aide, who is trying to learn information about the detention system. Will Mr. Woodruff solve his problem? Will Ms. Mitchell and Mr. Prance give Ms. Crawford detention? The answers to these questions will be answered in the next episode of "One Life To Live."

L-R: J. Goodrick, D. Robinson, D. Brown

Today's scene from "The Edge Of Night" starts in the Home Economics Department, where a five pound bag of brownies is missing. It is a well-known fact that the clerks and counselors have been seen in the Home Economics kitchen and the librarians also have been suspected of looking up brownie recipes. Who took the brownies, and why? Tune in tomorrow for these answers.

LANGUAGE ARTS . . .

There's never a dull moment on "All My Children." J.H. Pendley has been shot! No one knows who shot J.H., but Ms. Willingham, Ms. Adams, and Mr. Anderson were last seen near room 200. Ms. Kidney, Ms. McColligan and Ms. Medina never did like J.H. Pendley because his research papers were the best at Lakeshore. Evidence has been found in Ms. Womack's journal that she was planning on hiring a hitman for Mr. Pendley. But this evidence has not been proven true. Who shot J.H. Pendley? Who will solve this mystery? Stay tuned for more answers.

While Mr. Wallis was working on solving the Rubik's Cube, Ms. Summerlin and Ms. Greene were developing their plan to overthrow the Math Department. It is a well-known fact that Ms. Durn, Ms. Sawyer, and Ms. Myers had dealings with the mob before their arrival of LHS. Why are Ms. Sawyer and Ms. Myers really here? Stay tuned for more of "As The World Turns."

... SCIENCE

Friday, when we left the set of "General Hospital," Mr. Eidson was still missing. Everyone believes his disappearance has something to do with the secret research that Ms. Coggins and Ms. Cunningham are helping him with. Before Mr. Eidson disappeared, Ms. Carpenter and Ms. Roberts were overheard making threats on his life. What will happen to Mr. Eidson? Will he reappear to teach earth science again? Tune in for Monday's episode.

... SOCIAL STUDIES

During yesterday's scene of "Days Of Our Lives," Mr. Hudson was teaching his students about the "grading game." This taught the students to get well acquainted with the teachers so that they could receive a good grade at the end of the quarter. Mr. Andrews and Mr. Kidd, being new teachers at Lakeshore, weren't well acquainted with this game. But Ms. Montague, Mr. Dotson and Mr. Schrade being veteran teachers, know the secret to the game. Is life really like a game or are the teachers just being used by the students? Stay tuned to channel 47.

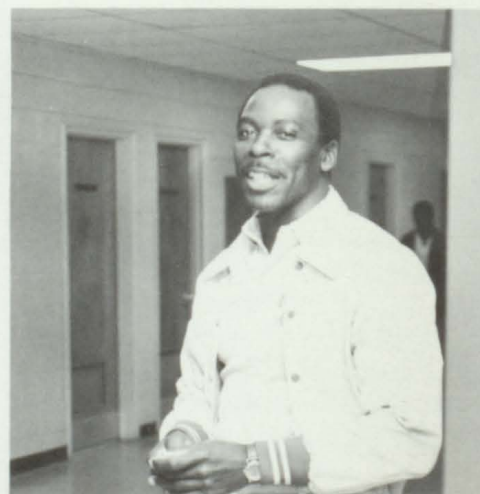

When we looked in on today's episode of "The Doctors" the basketball team was leading 20-18. Although the team was winning, Coach Stinchcomb was not his usual self. He seemed worried. Coach Brown had lost the mortgage money on the gym and the Business Department was coming to collect. The "Fantastic Four" better known as (Carlton, Gunnip, Harris, and Lockwood) had struck again! Why had Mr. Stinchcomb not paid the mortgage on the gym? What happened to all of the basketball money? Will Coaches Hansen, Causey, and Rohrbaugh help Coach Stinchcomb? "The Doctors" will continue after these important messages.

On Monday, January 11, 1982 when the Music Department was having a concert in the gym, a loud noise was heard in the band room, followed by a loud scream. The person screaming was Ms. Gerace. When Mr. McCook arrived on the scene, a large figure was seen going out the band door. It was later reported by Ms. Jones that the music sheets for the school's fight song were missing. When the police questioned Mr. Henderson and Mr. Miller, they seemed very nervous and reluctant to give any information. Mr. Rohan and Ms. Stewart believed that the Industrial Arts Department was involved in the crime. Following on a tip, the police went to room 217 to question Mr. Collins. Was he involved in the crime of the stolen music sheets? This story will continue on "Search for Tomorrow."

Reach for the stars and catch that Lancer Spirit.

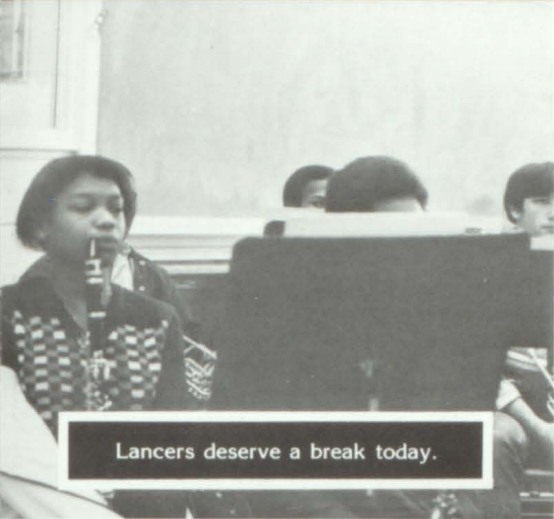

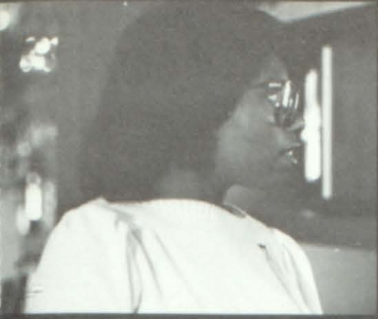

Give that Lancer a Blue Ribbon

We're looking good!

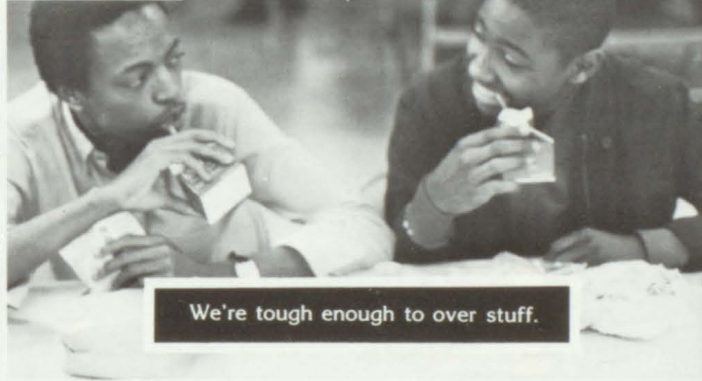

THE
END

Lancers deserve a break today.

It's a good feeling to come in first.

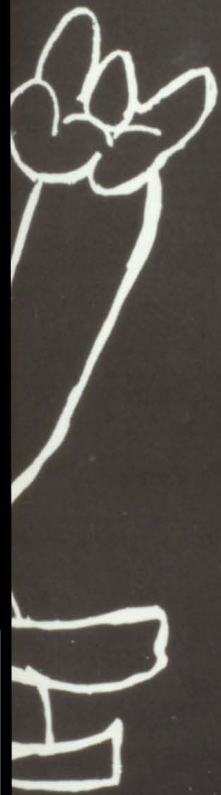

We're tough enough to over stuff.

This year has been filled with all types of Different Strokes. The students of LHS symbolize a Dynasty that will remain with us as we advance a step forward. 1982 has been a rewarding year because of all the Sports Spectacular events, the Bosom Buddies created, and the everlasting Guiding Light of our teachers. We Lancers are fortunate to have 20/20 insight to overcome events that would otherwise have been Mission: Impossible. The memories of our high school years will be stored in our minds as we step forward to Search for Tomorrow.

As the year comes to a close at Lakeshore High School, we, as Lancers, will leave as Winners. As we exit into the future, all of the Good Times and Happy Days will never be forgotten. The Fridays and Saturday Night Live events held at LHS represent the true spirit and dedication shown by Nice People — the Lancers. As we approach the prime time of our lives, we look forward to Making a Living that will Open Up the doors of success. As time approaches for us to leave Lakeshore, we can proudly say that the Days of Our Lives spent here were very special.
