# FOREWORD

The 1950 Pointer takes the form of a photobiography set to music. We have recorded for you a medley of memories of your high school days—days that cost so little and yet are so priceless that they can never be bought again.

We have transcribed, on what we hope will be “long-playing records,” your “Platter Party” of memories of Russell High. Here is your album of things you have done, and people you have known. It is with true pride that we, The Senior Class, present it to you.

## DEDICATION

Because of her long and faithful service, her untiring patience, her understanding sympathy for both teachers and students, her co-operation in school activities and her school spirit; we, the annual staff and the senior class of 1950, wish to dedicate this issue of the Pointer to Miss Lois A. Parr.

# WE REMEMBER

BETTY THOMPSON

# Senior Class

# Class History

As we, the seniors of 1950, review our days of high school, we find that we have become attached to our school and it is with reluctance that we depart.

Strange as it may seem, there is a very small senior class. This is due to the fact that an extra year has been added, thus changing the number of grades from eleven to twelve. The class of 1950 is composed of students who, for one reason or another, are behind in their work; those who have done extra work and are ahead of the junior class; and those who have transferred from other schools.

As we think back to our freshman year, we remember what a large and confusing place Russell was. There were schedules to learn, locker combinations to memorize, new teachers to remember and numerous rules by which we were to abide. We thought then that we would never live to become seniors.

As we progressed into our sophomore year, we found that we were not quite as bewildered and that we had begun to love dear old Russell. We discovered that the teachers were really human, not just part of the mechanism of a classroom, and that they were willing to help us in every way they could.

Our junior year found us dreaming wistfully about the day when we would become seniors. We also did a lot of planning and decorating to make the Junior-Senior Dance a huge success.

At last, after all our years of hard work, we were seniors, and the year began by bringing us many pleasant surprises. Our school had been redecorated; we had a new principal and many new teachers; and graduation day was only a few short months away. Proudly we wore our senior rings, ordered cards and invitations, began working on the Pointer, and all the rest of the exciting things that make your senior year in high school so unforgettable.

Now as we go out into the world to take our places in life, we carry with us cherished memories of Russell High that will remain with us throughout the years.

# Senior Prophecy

When I tuned the dial of my new "future-vision" set for the first time, what do you suppose I saw? Yep! I saw, right there on the screen, a clear picture of what some of the 1950 Russell graduates would be doing in the year 1975. It was really amazing, and to say the least, it was amusing.

If you will be real quiet and promise not to tell a soul about my magnificent little set, I will tune it in now and let you see for yourself the very useful occupations in which most of our alumnae have become involved.

Joyce Abernethy (better known as "Jabber" Allison) and Jane Banister are teaching physical education and coaching the football team at West Georgia College. To pick up extra "pin money" occasionally they cheer for some of the basketball games at the Old Ladies' Home.

Billy Newell is still working as a soda jerker in the Post Exchange at Fort McPherson. His twelve sons, better known as the "Army Brats," are attending Russell High for a higher education.

As the scene changes, I see Barbara Trimble is posing for the cover of "Secrets" magazine as a part time job. She also played opposite "Hairless Joe" in his latest movie, "Brush Me With A Comb."

LaVerne Sutton is manager of the "Cotton Bowl" in Hapeville.

Ray Mote and Joe "Cue-Stick" Merritt are entering the finals for the "International Pool Championship." After playing for five years, they are both still behind the eight ball.

The most outstanding nurse for the year 1975 is Jean Franks. She is currently Director of Nurses at the East Point Animal Hospital.

As the scene shifts to College Park, I see none other than June Corley, starting her tenth year as principal of the Georgia Military Academy. She is still hoping for a promotion.

Tommy Dunn is Georgia's outstanding track coach for the year. He is coach at Harris Street Grammar School. If luck hold out, he may be promoted to Russell at any time.

John Bailey is heavy-weight boxing champion for the year. (How heavy can you get?)

After being a Y-Teen for the past twenty-five years, Dot Reese has finally been promoted to the position of Assistant Caretaker of Wet Towels at the Y. W. C. A.

Gee, this "future-vision" is wonderful! Look who's teaching geometry at Yale University! None other than Rosemary MacDaniel! She is also coaching Einstein's great grandchildren as a part time job.

Alex Ashbaugh is studying at the University of Georgia, still trying to pass French I.

There seems to be a bit of static interference on the screen and I can't quite make out who this is. But wait! It is clearing up now and I see Evangeline Strickland and Evelyn Harris are chief peanut vendors at the South Fulton Ball Park. Both girls are still as loud mouthed as ever.

Willie Jo Richards and Marie Hendricks are saleswomen for the world's latest automobile—"The Cute Crosley for Crazy Clowns." After years of originality and wit, they have at long last found the truly original car.

Mary Phillips is owner of the "Phillipsonian Art Gum Company," which covers the first two blocks of the business district in Ben Hill. (Such class!)

Since the passing away of Charles Atlas, Billy Billingsley has been voted the world's most perfectly developed man. He also poses for the "Arm and Hammer" soda company in his spare time.

Ed Harris and Don McKee are the champion pin ball machine "tilters" for the current year. The championship was a tie between the two players "running neck and neck."

After twenty years of gathering knowledge, Jean Eberhart is now replacing a well known teacher on the faculty at Russell High School.

Larry Conner, the world's outstanding inter-planetary explorer was last seen headed into outer space in his latest rocket ship—the "Moon-Mobile". He stopped to raise the Confederate Flag over Mars.

Bobby Rowzee, better known as "Babe Bob", is now the star baseball player for the "Franklin Frankfurters", playing this season in "Freakville," Florida.

# Senior Prophecy

Betty Cofer has gained new honors in the fashion world. She has just been named one of the ten best dressed women in the southern district of East Point. (Egan, that is!)

After graduating from "Cow College" in Coweta County, Henry Studdard is successfully operating a dairy farm in Ben Hill.

What will we see next? There is Inez Woody, still as famous as ever. She is now posing for bill-board signs as the late "Jolie Blond."

Sonny Morgan is now lifting weights for the "Little Atlanta Dumbell Club". (Or is it the "Little Dumbell Club of Atlanta?") Anyhow, he is a great success.

As I travel back to East Point, by means of "future-vision", I see Davis Liggett is now head photographer for the East Point Suburban Reporter, better known as the "Point E. Astonisher".

Leon Foster has attained his lifelong ambition! He is now the Dean of Women at "Agnes Squatt" College.

Don Moore has made a fortune from his latest book, entitled, "How To Avoid Cauliflower Ears In Six Easy Lessons".

Clyde Eison and Bobby Camp are now playing in the Salvation Army Band at the Tremont Hotel. On weekends, they play at "Jack's Rack". (Where everybody "hangs" out.)

Who else would have his own little flower shop but Mack Johnson! He calls his business "Red's Rough and Rigid Rose Ranch", which is located near Ben Hill. Mack always was the "flower" of the class room.

Jennie Lee Harrison is now in charge of the beauty "saloon" in Atlanta's leading department store.

Teaching Judo at the city auditorium three nights a week is none other than Thomas Allison! He calls his business "Hue Paul's Judo School", and his motto is "Let's Go With Judo."

Jack Nolan has returned from Rome and gone into business for himself. It is known as "Jack's Morgue, The Last In Town To Let You Down".

Juanita Millirons is playing the leading role in a well known radio program. It is called "Two Grievs Have I". Juanita is playing as "John's Other Wife".

Mrs. H. D. Nash, formerly Sarah Hogan, after twenty-five years of successful housekeeping, has returned to Russell to receive her diploma with the class of '75. (Good luck, Sarah!)

Louise Cowart and Grace Christian are doing a sister act in the Burlesque Show at Hot Corner No. 1. The show is planning to move to the Chitter Chatter soon.

Still trying to discover a use for the hole in doughnuts is none other than Jerry Saunders. His wife tells me that he works late in his laboratory every night, hoping for the long awaited discovery.

Wesley Reese has received his Master's Degree in chemistry from "Acidberg" University and is doing research work for the East Point Fertilizer Company.

This "future-vision!" Look! Jack Poteete is manager of the Fairfax Theater popcorn machine and is doing a popping business. It is increasing by the bagful.

Frances Clack is a waitress at the "Square Deal Good Meal" Tea Room, located on the outskirts of Ben Hill.

After studying medicine for twenty years, Juanita Calhoun and Angie Phillips are at long last elevator girls at the Medical Arts Building. (It's probably one of those up and down jobs you read about.)

Bobby Smith and Jim Hennessy are the new coaches for the "Panthersville Boneless Bearcats". This great team enters into all sports—from Canasta to marbles—and at this time are holding the world's greatest record for never winning a game.

Bob Stoner is still sweeping trash out of "Stoner's Hardware Company", located in Cascade Heights. He is now down to "brass tacks" since he hit the "nail" on the head, but business is improving.

Valeria NeSmith is playing the clarinet for "Guy Lumbago and His Royal Commedians". They are coming to East Point soon.

Pinson Lowry is selling his own brand of pencils for a living. His motto is "Pinson's Puny Pencils for a Penny—Ten for a Dime Will Write One Line".

Billy Allgood and Wendell Holcomb have their own business. They are peddling wool hats and red suspenders throughout Georgia before the next gubernatorial election, and are doing a tremendous business.

"Yes, Bill, I'd love to go"

The value of the telephone isn't just the calls you make. Sometimes the calls you receive are even more important. You'd miss a lot if the telephone wasn't there.

Just on calls you make, the telephone's a big bargain in convenience, security, success and good times. When you add the calls you receive, it's an even bigger value.
