

I am.
Born, created
Alive
Carrying on the
Circle of life
Existing in a world
That only my generation
Can change —
Inside me is a wheel,
Constantly turning
From reality to fantasy
From life to death
From today to tomorrow —
I am a being of nature.
I am new and determined.
If I attain wealth
I will remember
One unfed mouth.
If I feel uncertain
I will raise
My voice.
There is life and
Prosperity all around —
Yet there is always
The shadow of
Poverty
Hunger
Death.
I can rule my
Destiny.
I can conquer
Tomorrow's problems
Today.
I am capable of
Continuing the circle.
I am capable
Of continuing.
I am capable.
I am —

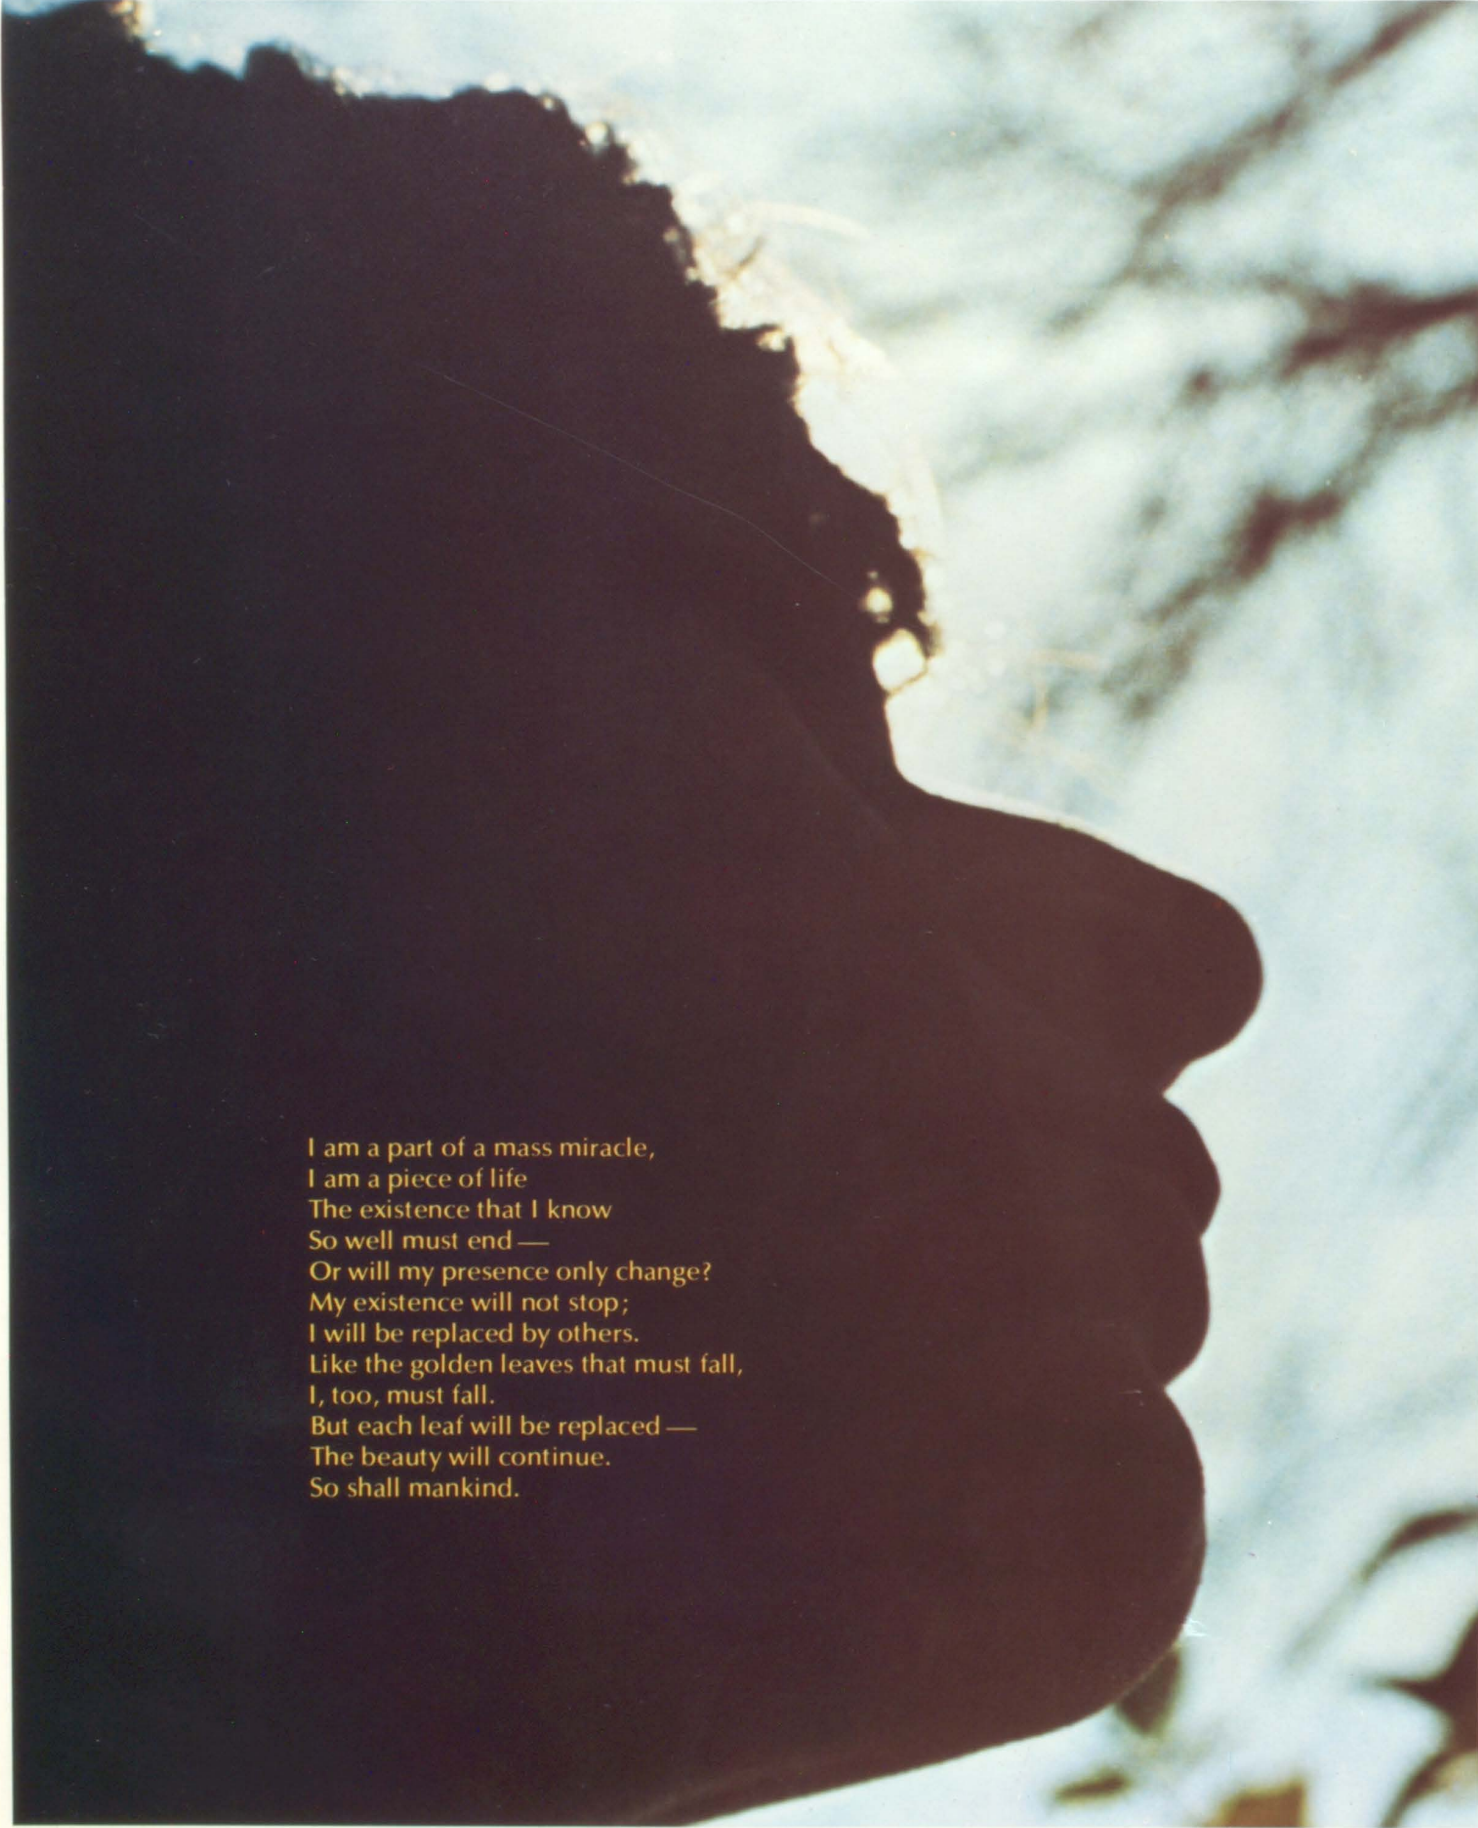

I am changing, following others, with ideas of my own,

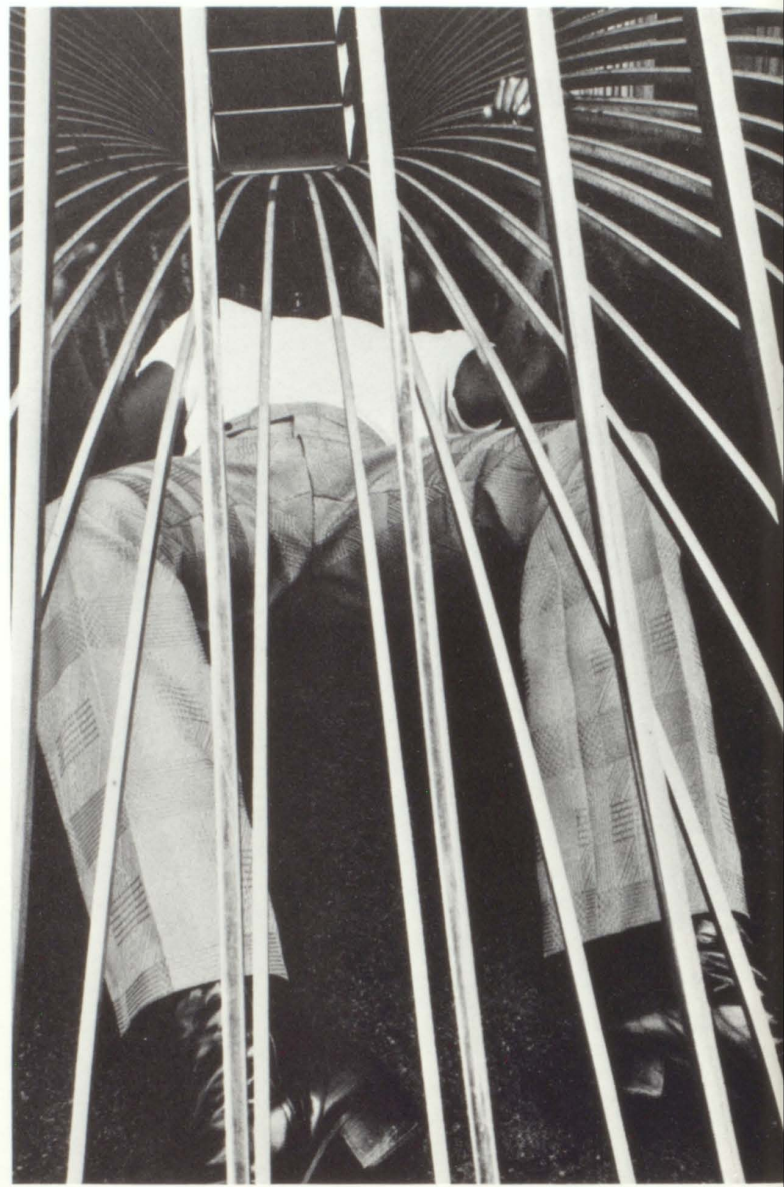

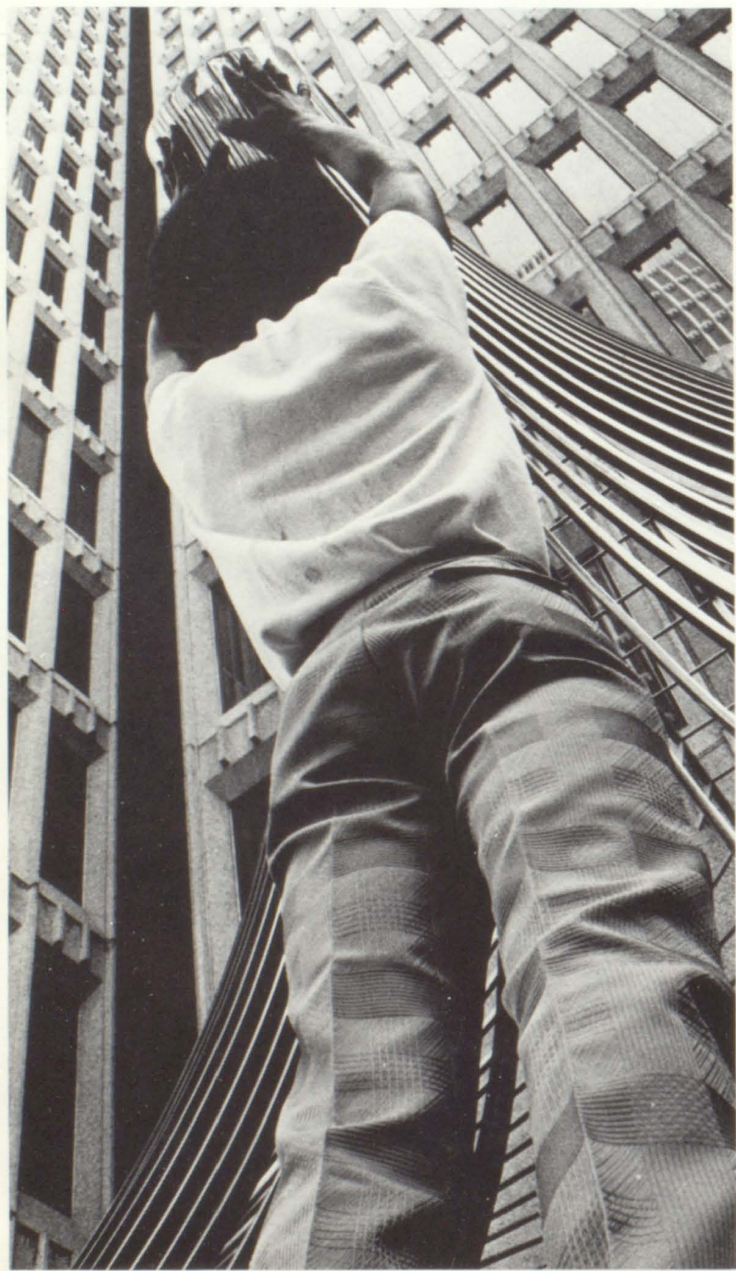

Existing in an atmosphere in which I am nature's greatest miracle.

I am a part of a mass miracle,
I am a piece of life
The existence that I know
So well must end —
Or will my presence only change?
My existence will not stop;
I will be replaced by others.
Like the golden leaves that must fall,
I, too, must fall.
But each leaf will be replaced —
The beauty will continue.
So shall mankind.

I am
Reaching, feeling
Trying to realize who
I am

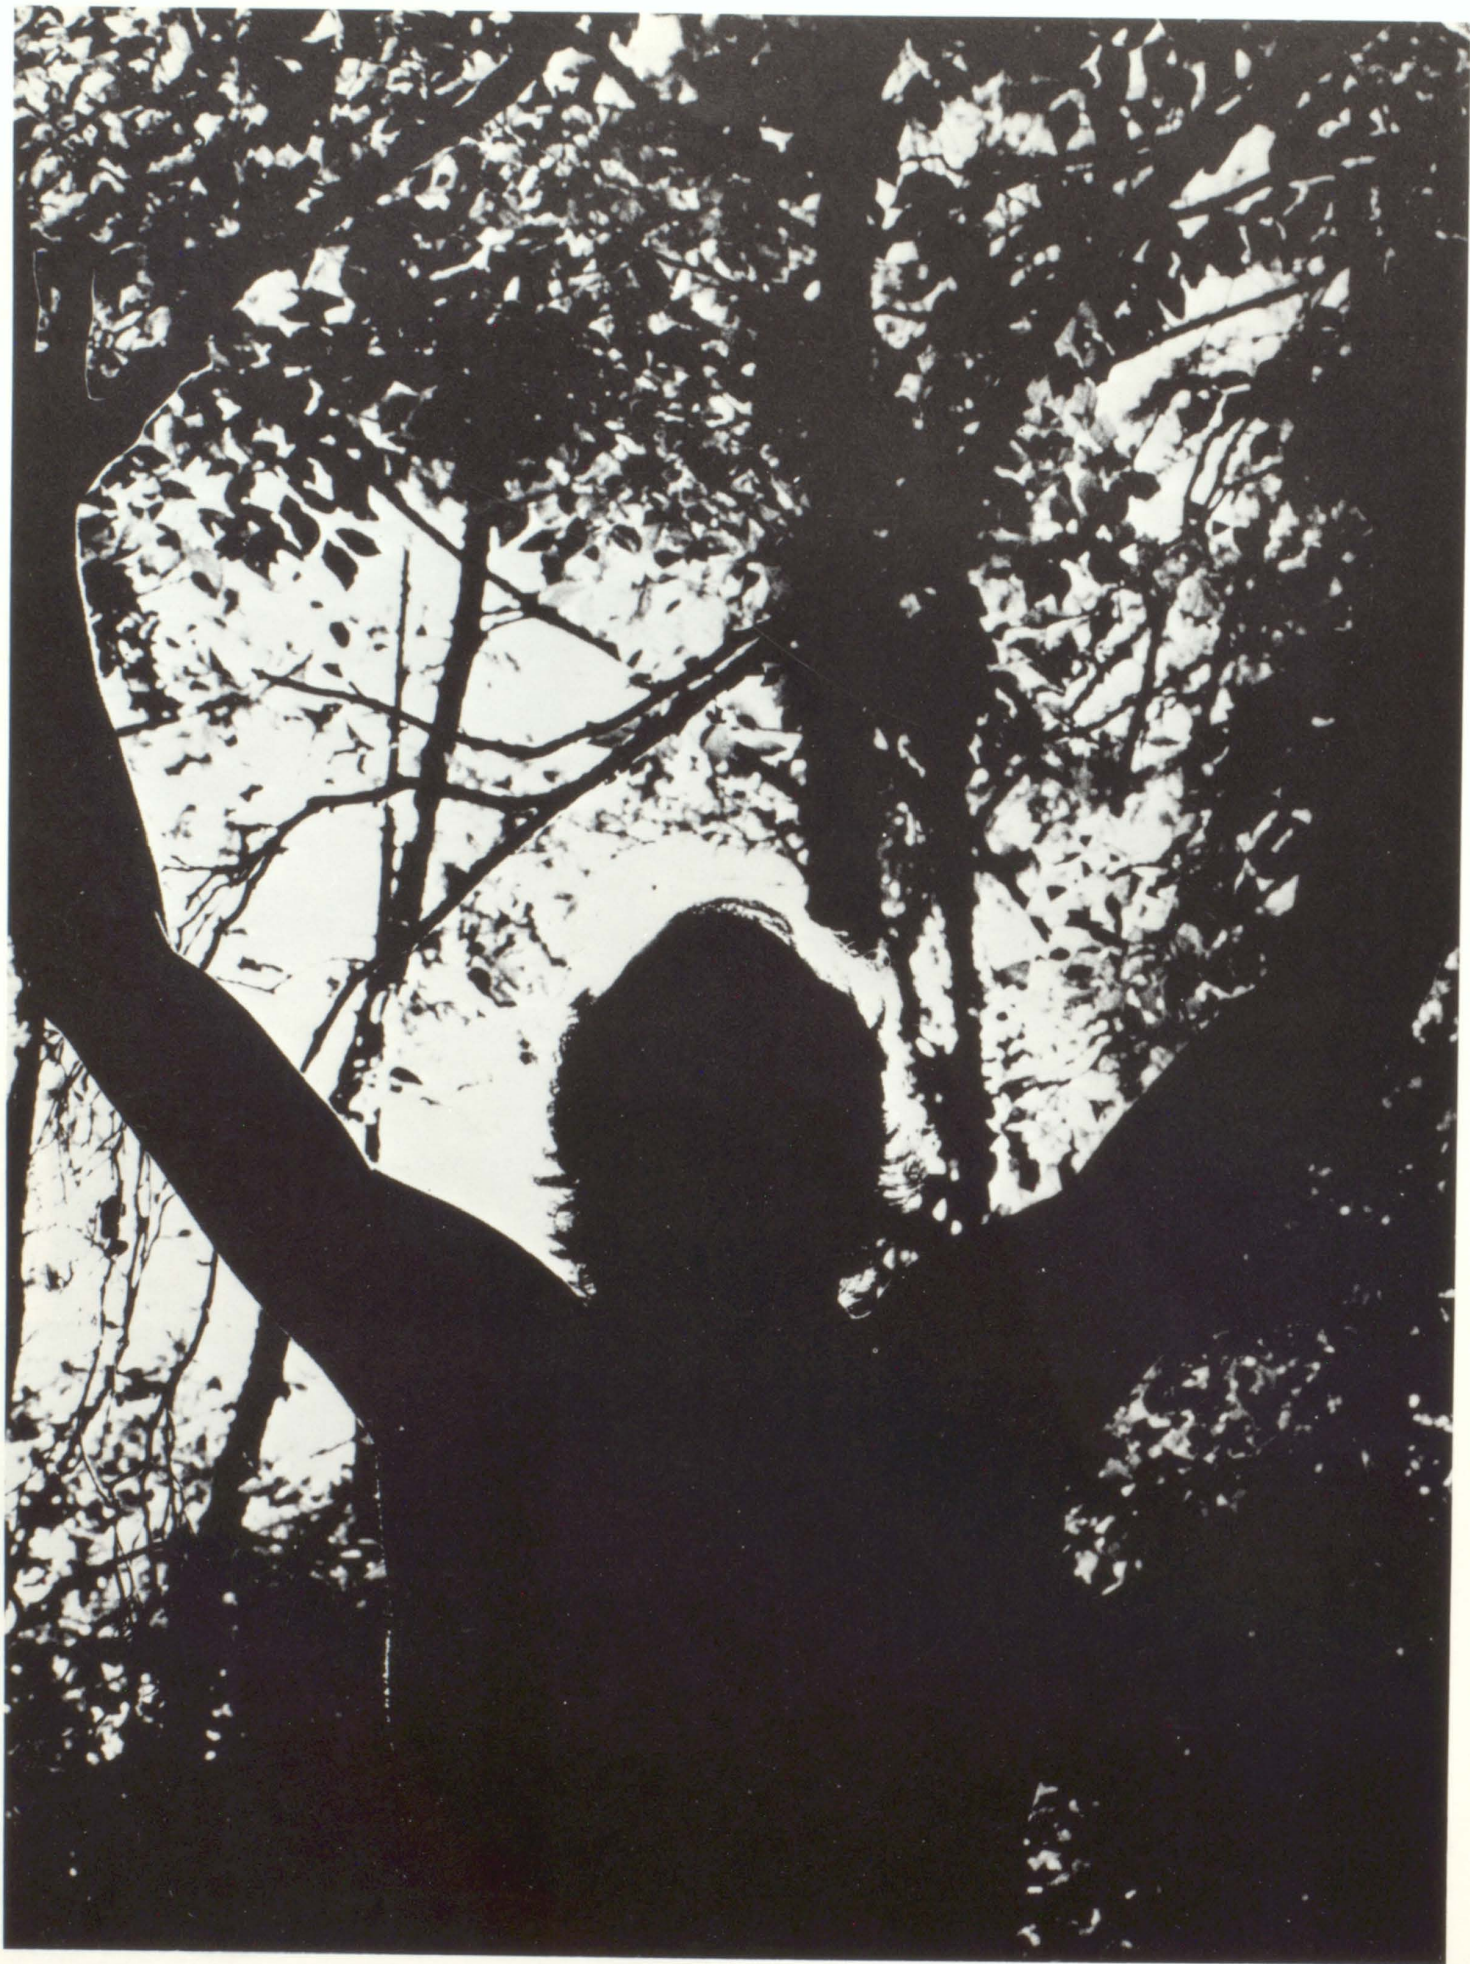

I am learning
To laugh at myself
I will splatter today
With laughter
You will laugh
With me
And I will laugh
At you —
As long as I laugh,
I live

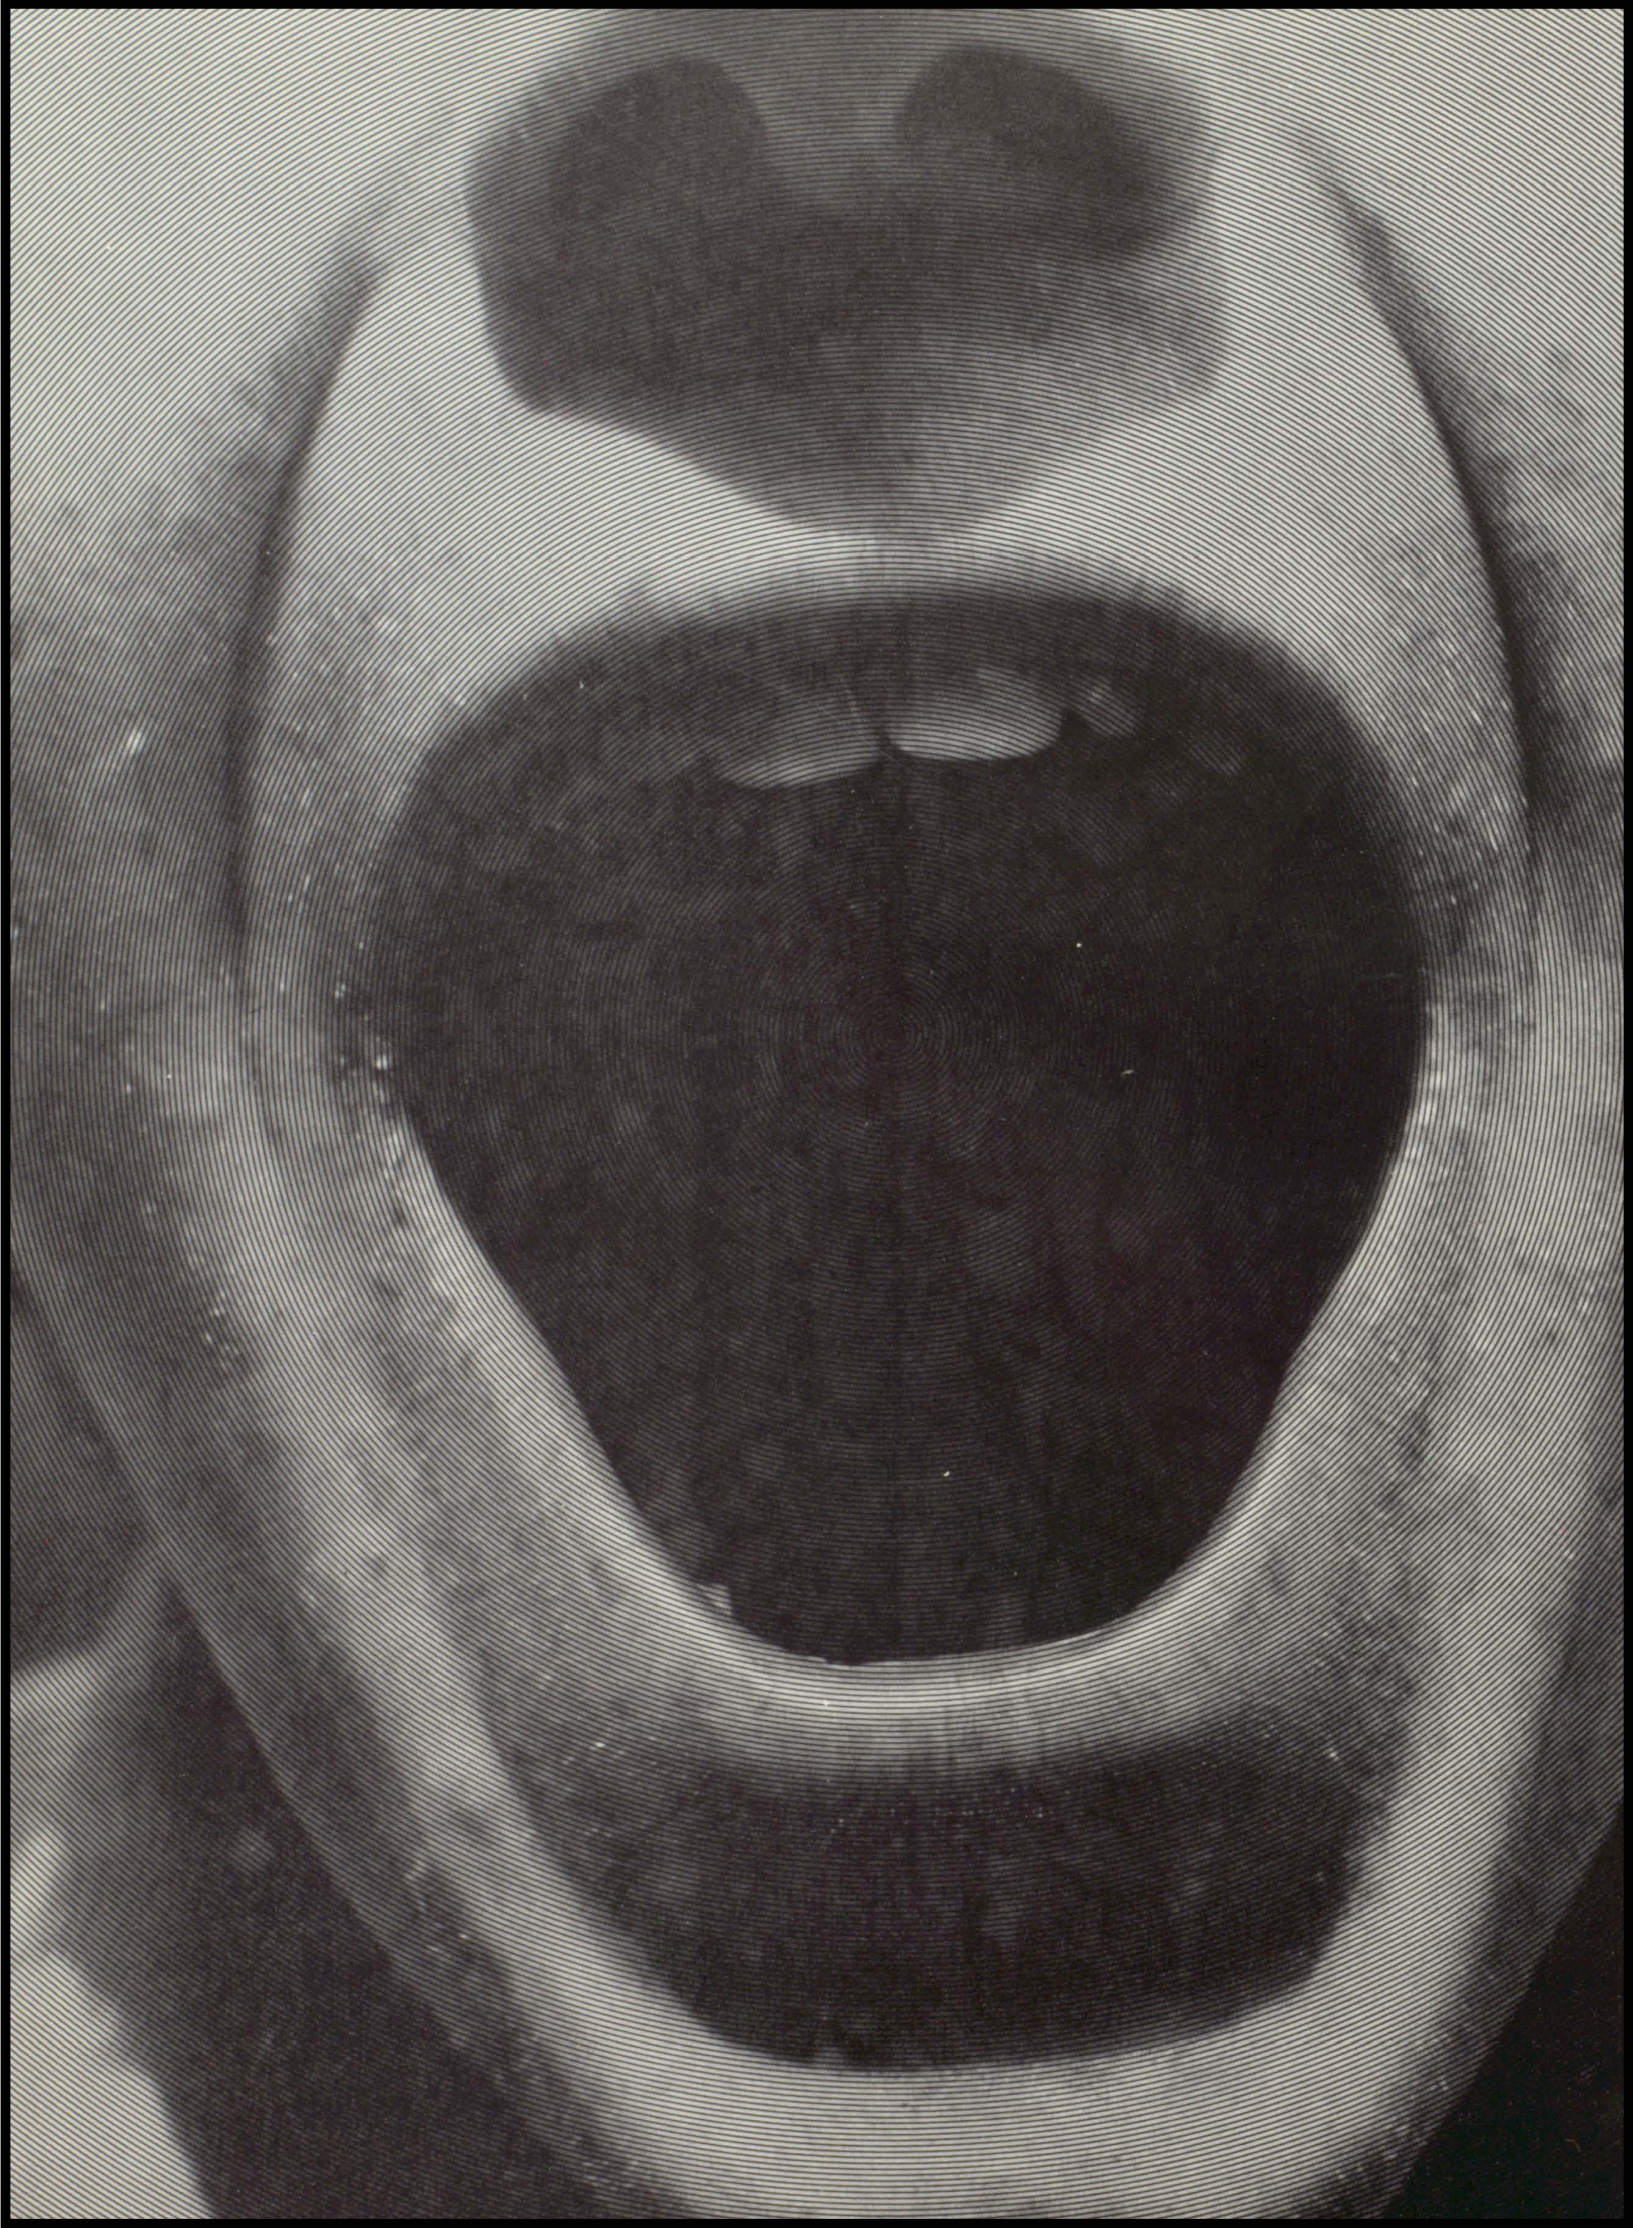

I am a great miracle;
A unique creature,
I am rare, and there is
value in all rarity;
Therefore, I am valuable.

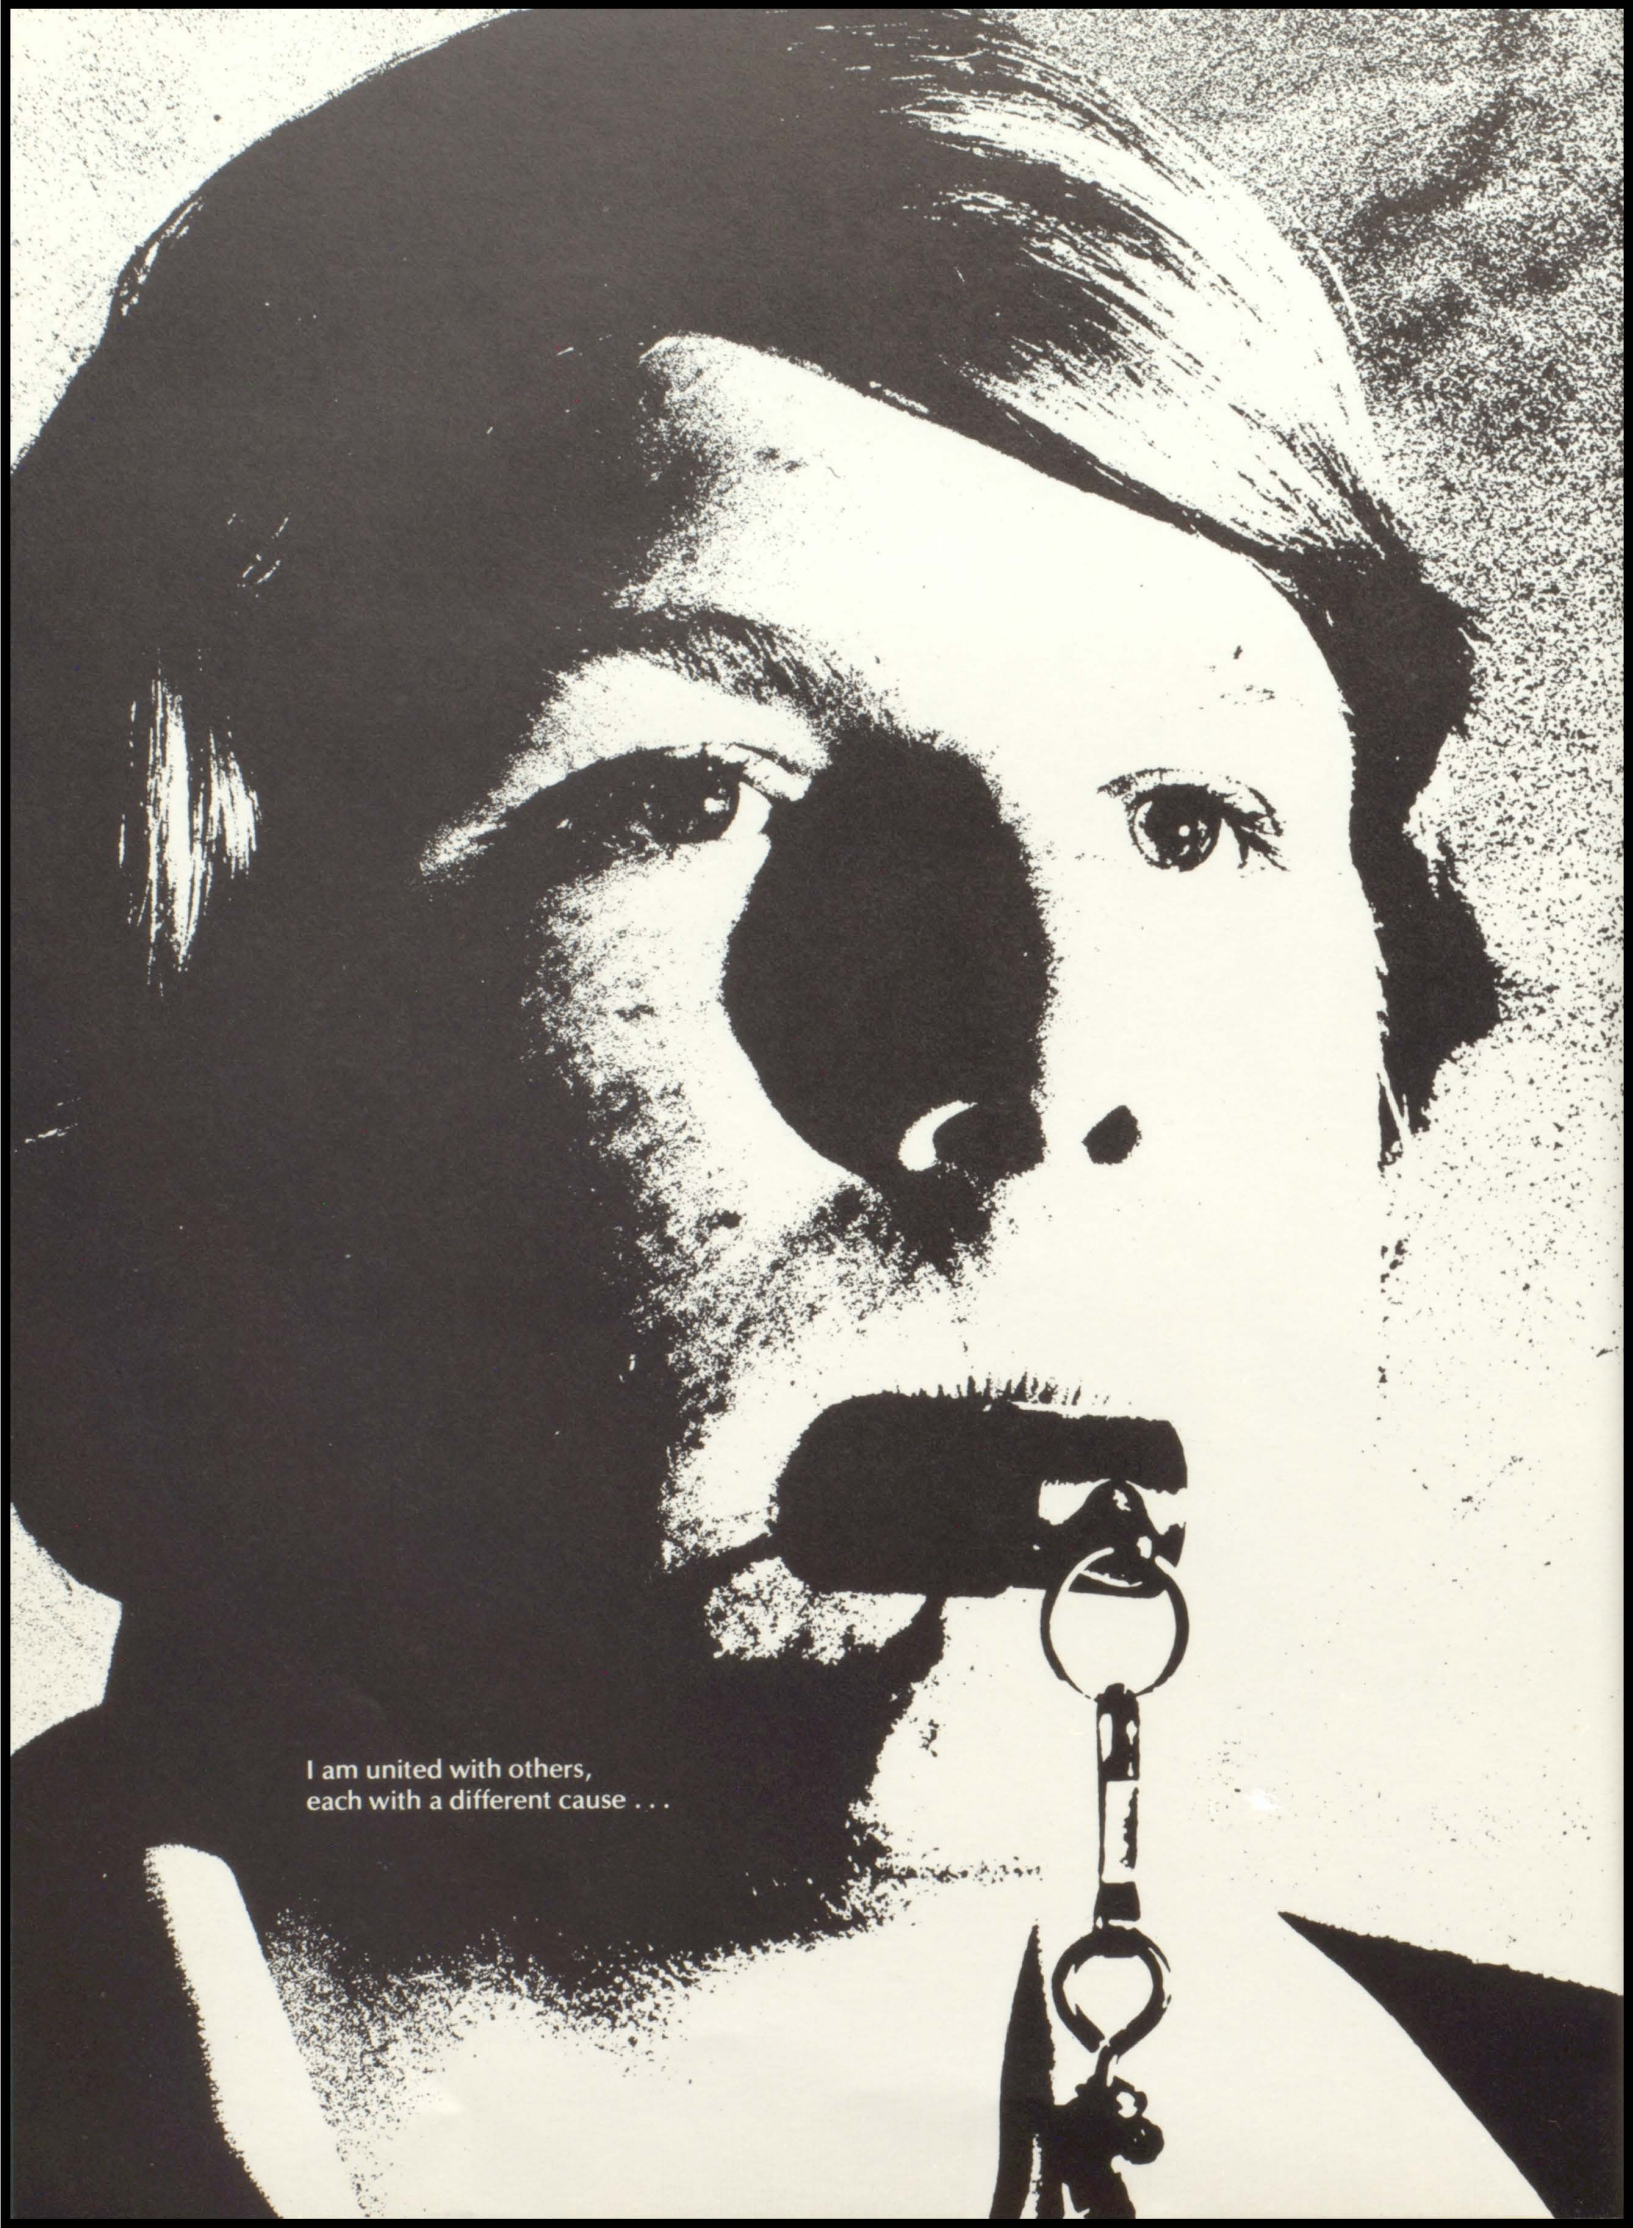

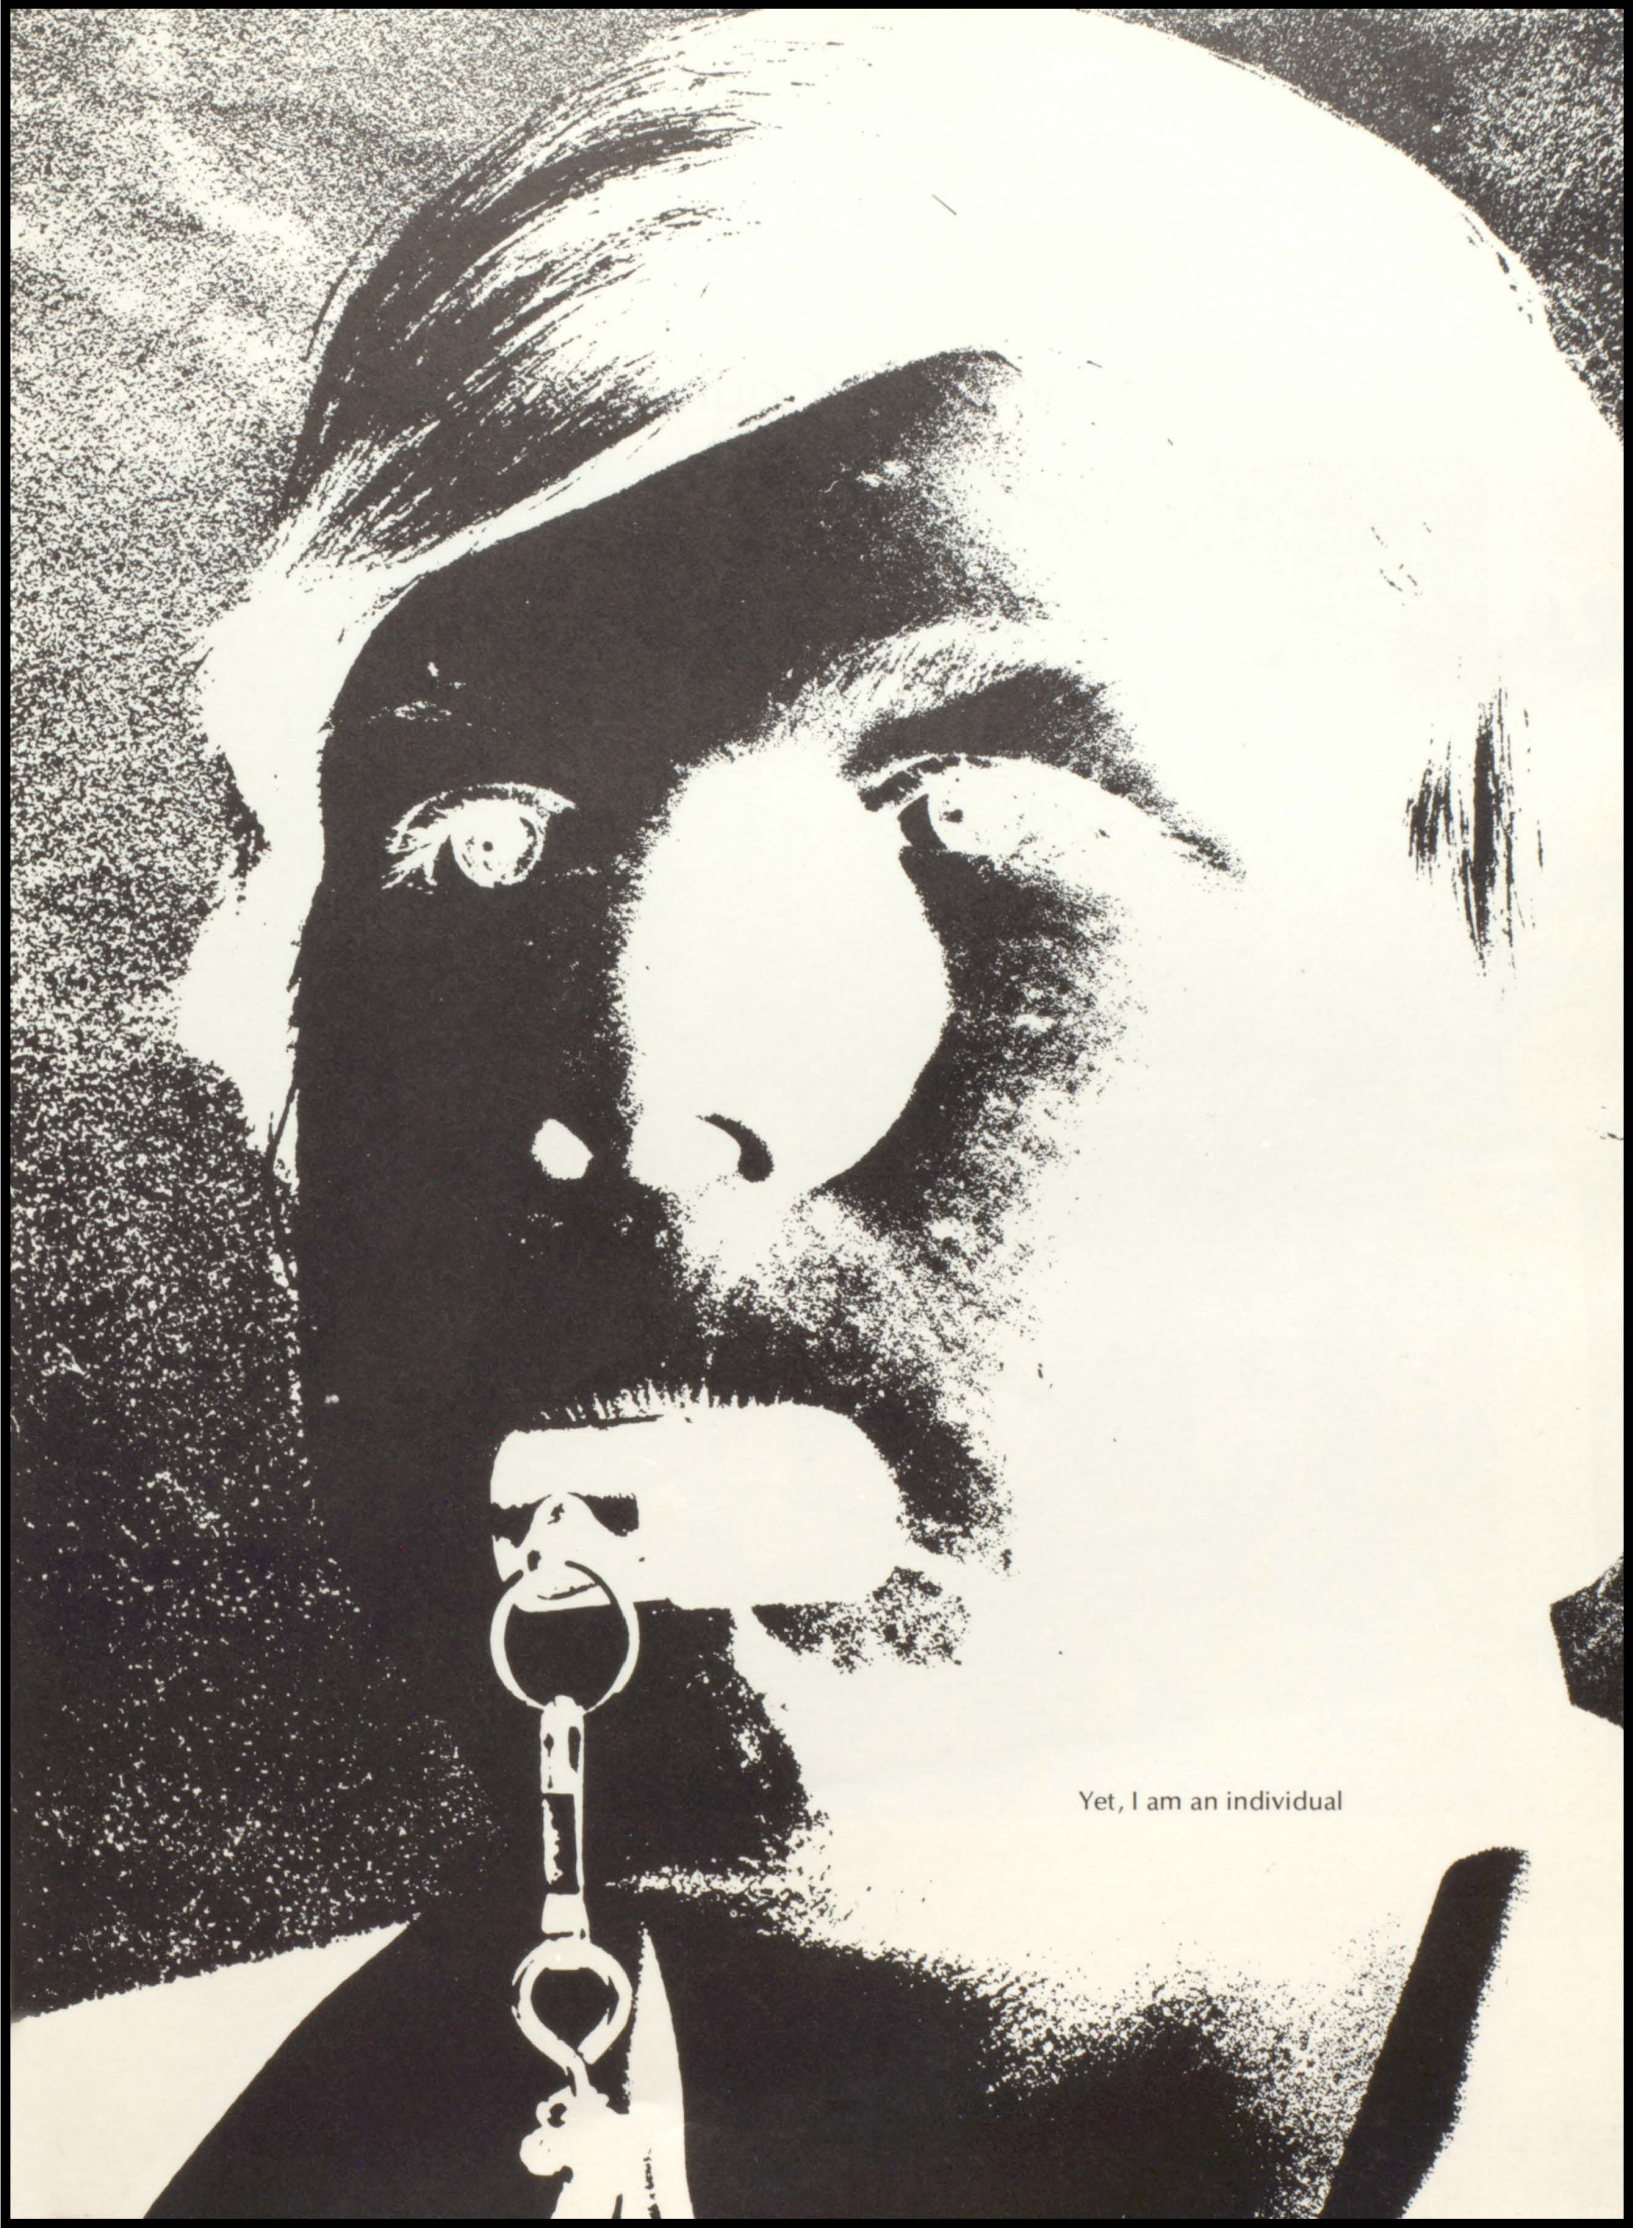

HERE
NOW
FOREVER

I AM!

I am united with others,
each with a different cause . . .

Yet, I am an individual

The students' voice with one thing in mind —

To get something done
The way we want —

To save the world —
Or maybe to find a cure for
The common cold.

Making us come alive
Vibrating the bleachers
With sound and
Rah-
Rah rah-
Rah rah rah -

They find out for us
Tomorrow's reporters
Today

Not quite at the top,
But halfway there

Who are these people —
These dedicated people who
Care enough to help us —
Is it a need to teach?
Of course.
These people spend their
Time grading us as we
Will be graded in life —
Teaching is only a part
Of these people.
They are human.
They make mistakes.
And sometimes they're even
Wrong —
It's hard to be fair and
Unbiased all the time.
It's hard to ask all of the
Right questions, and
Even harder to come up
With the right answers —
And these people will
Help me —
It is their own special
Way to be recognized —
To say
I am.

I am in tune with
The trees, the grass,
The light breeze —
I can run in my barefoot
Freedom, but I must
Realize that
They were here first —
I will respect their
Privacy by not stripping
Them bare.

I am pushed into my
Own corner, unseen, unknown —
But I need money more
Than trees, fame rather than
New flowers, status instead of
Air —
I exist in a vacuum
Unable to really move,
Really breathe.
Is this what I really want?
I have created the problem,
And now,
I must solve it.

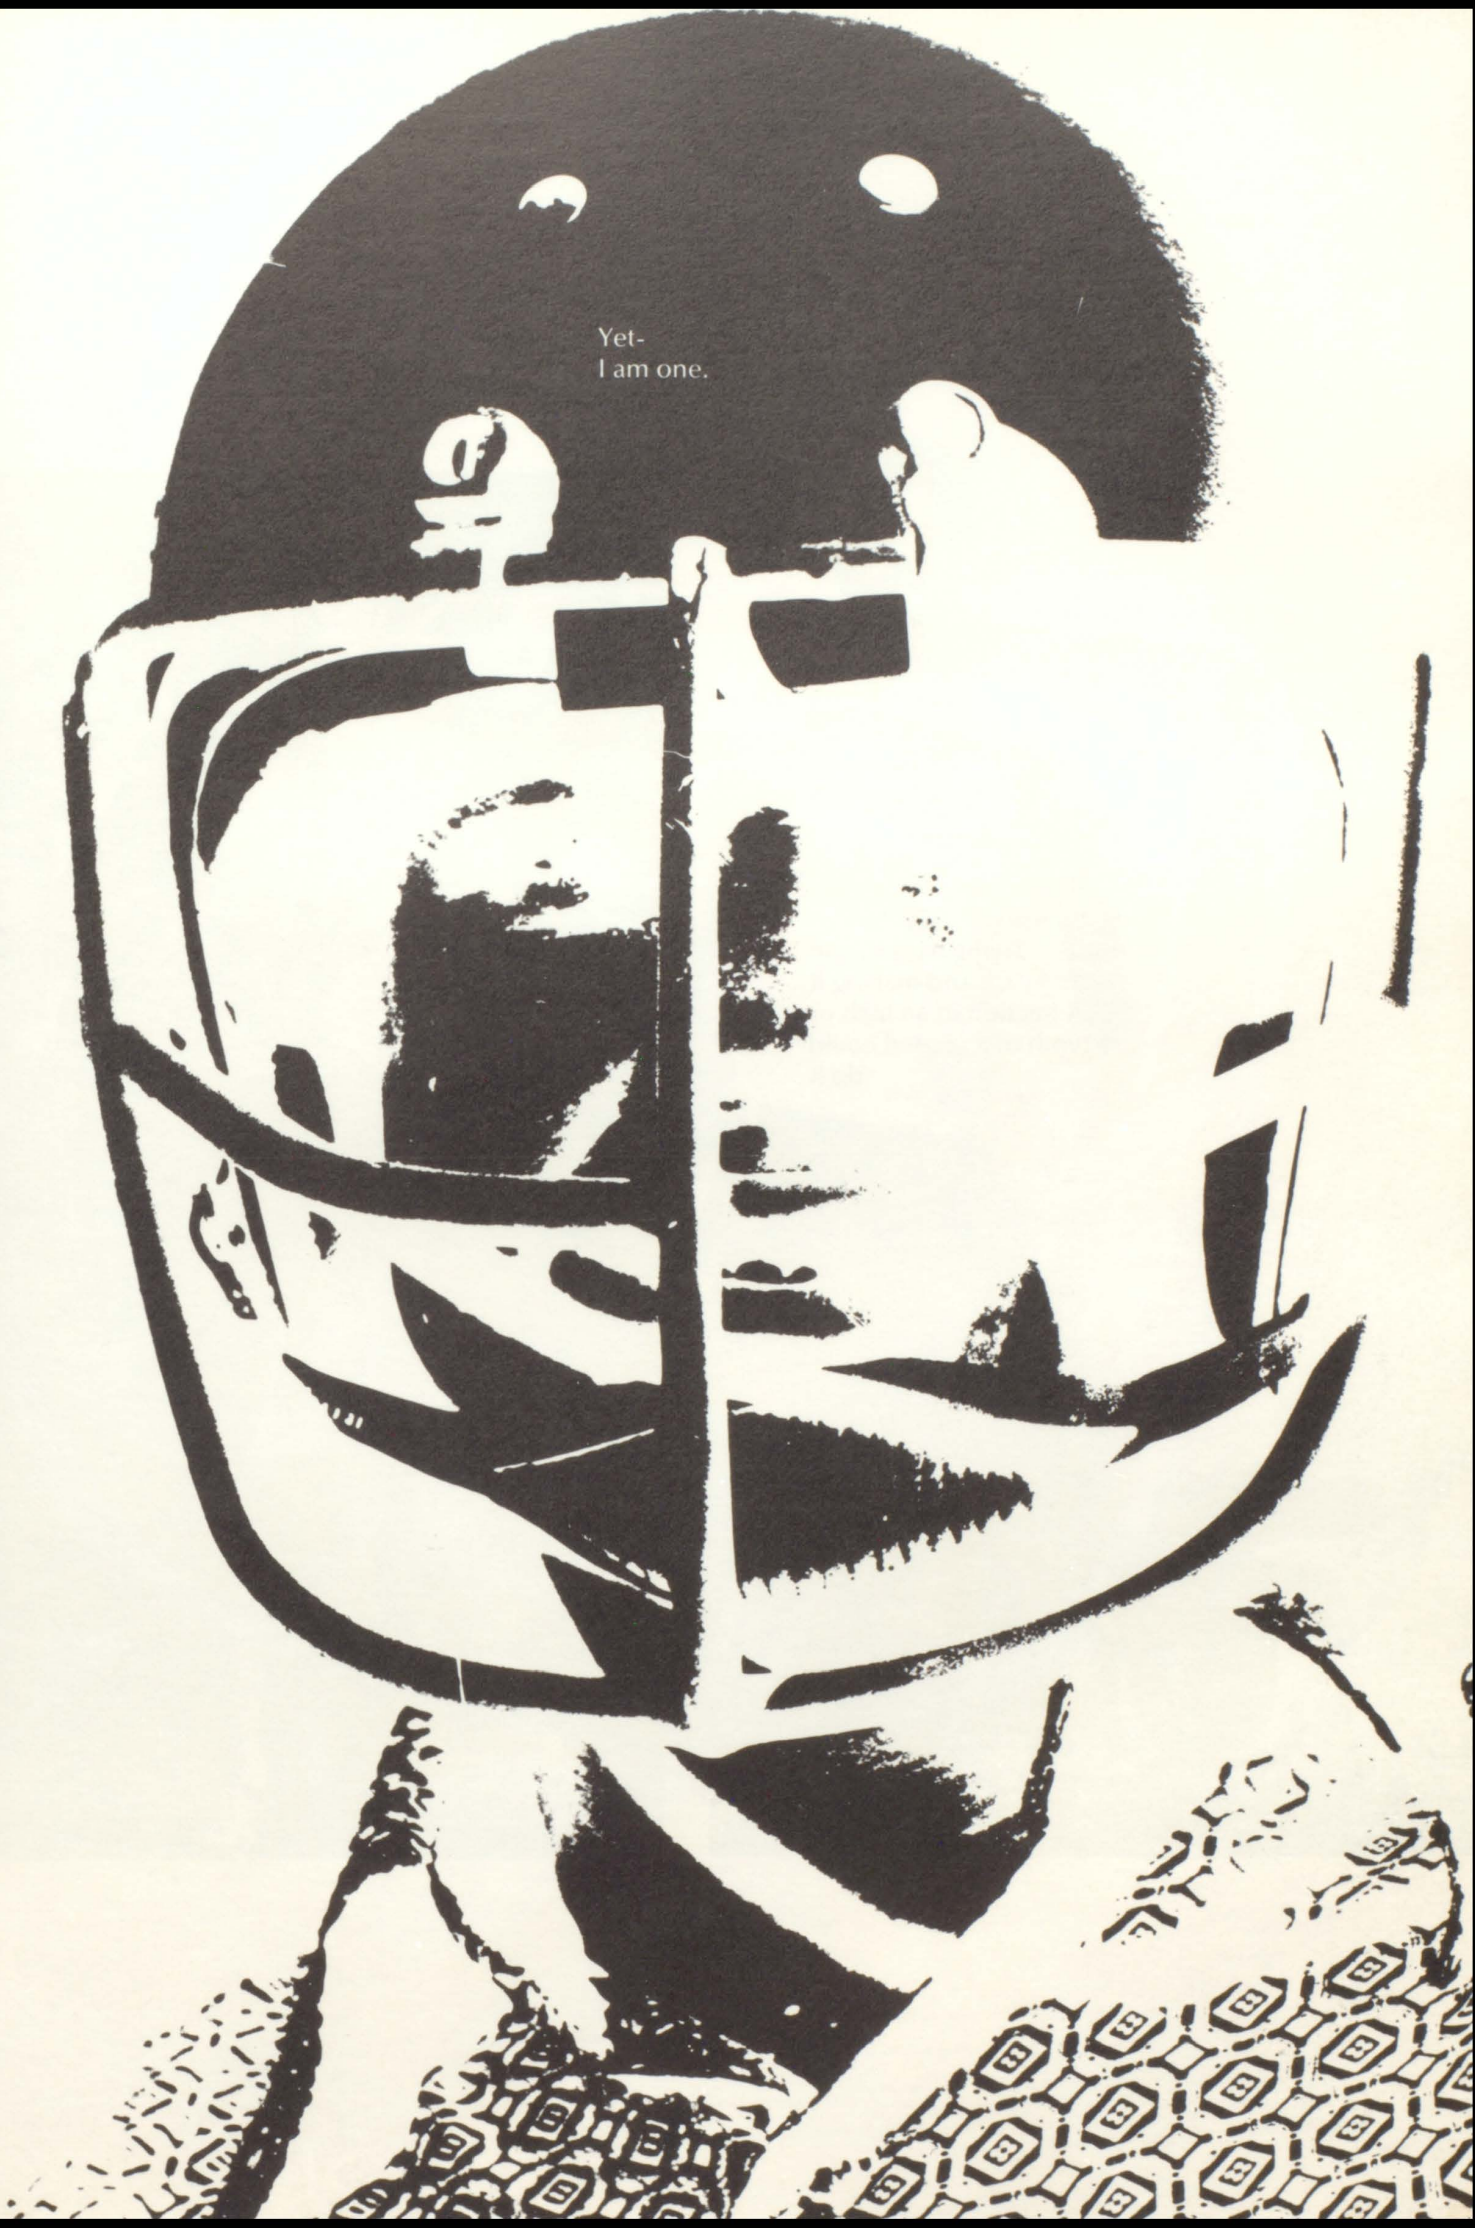

I am open from fingertip
To fingertip in this
World of freshness;
I can lie back without
Pressures, I can chase
My own clouds —
I can find myself
In the harmony.

I am whole and strong
Ready to win-
One part of many.

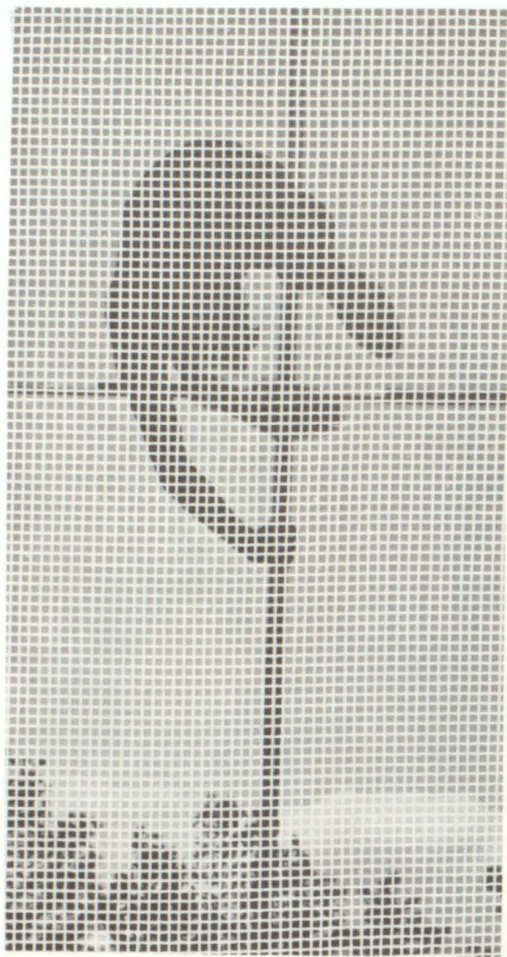

Yet-
I am one.

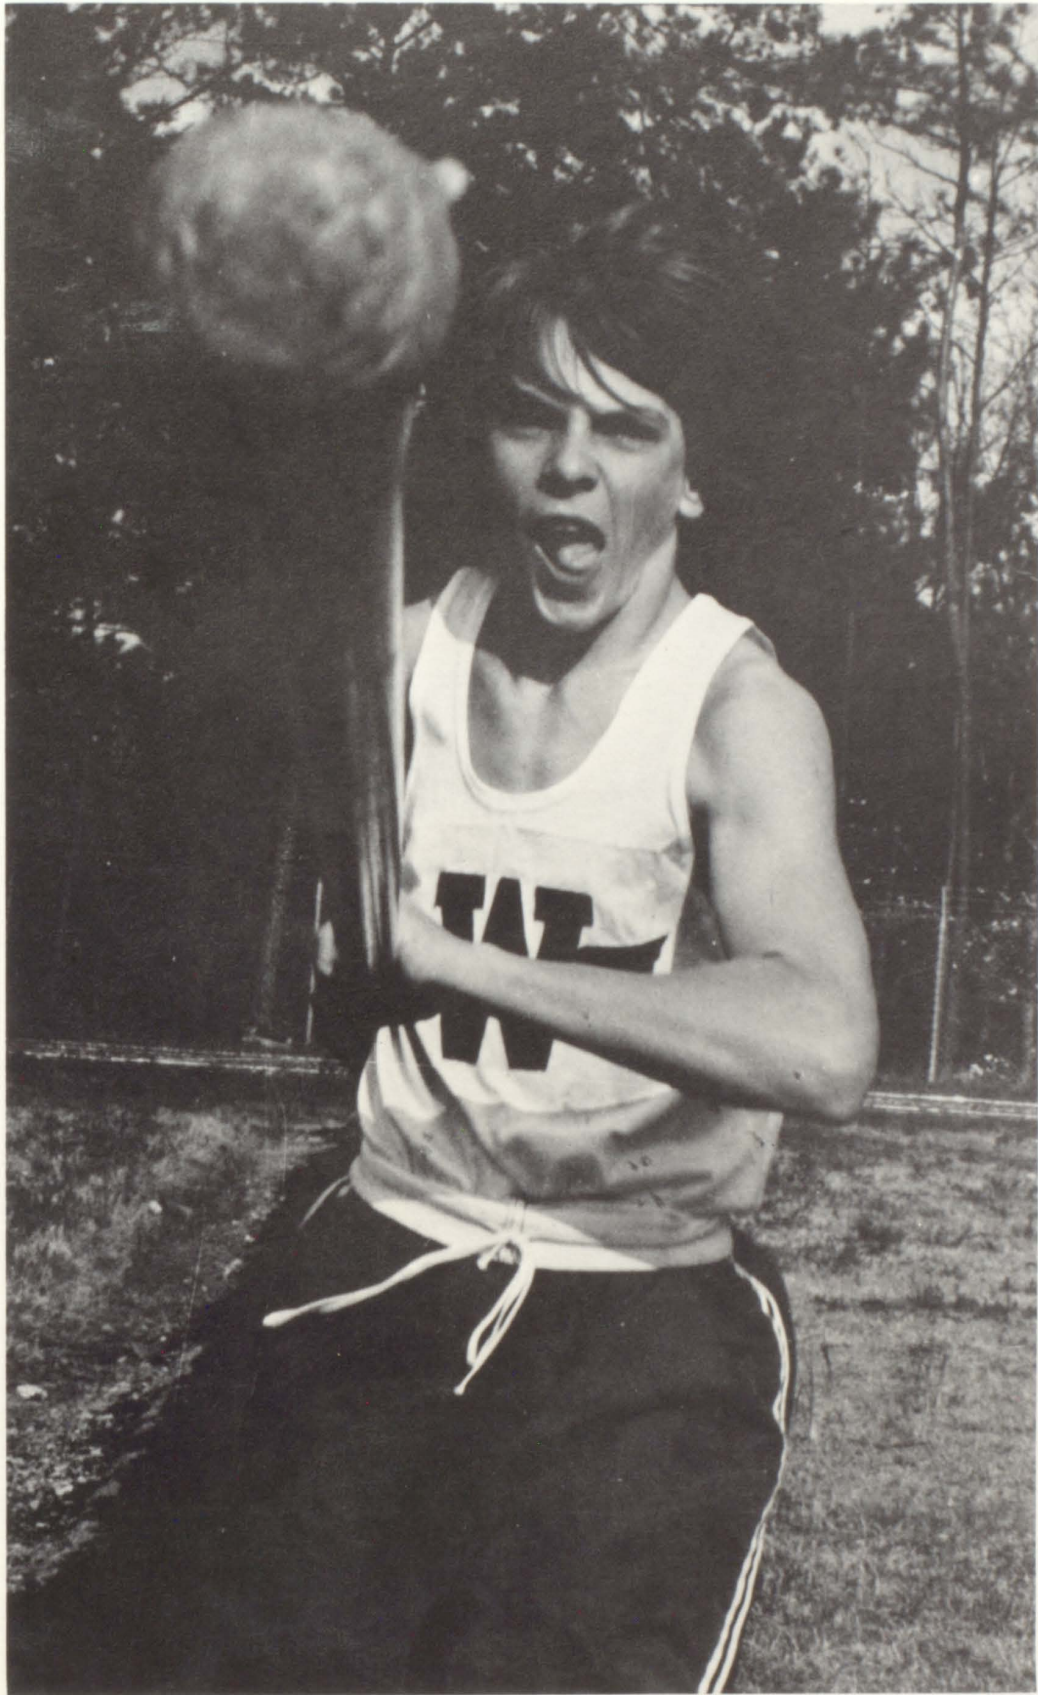

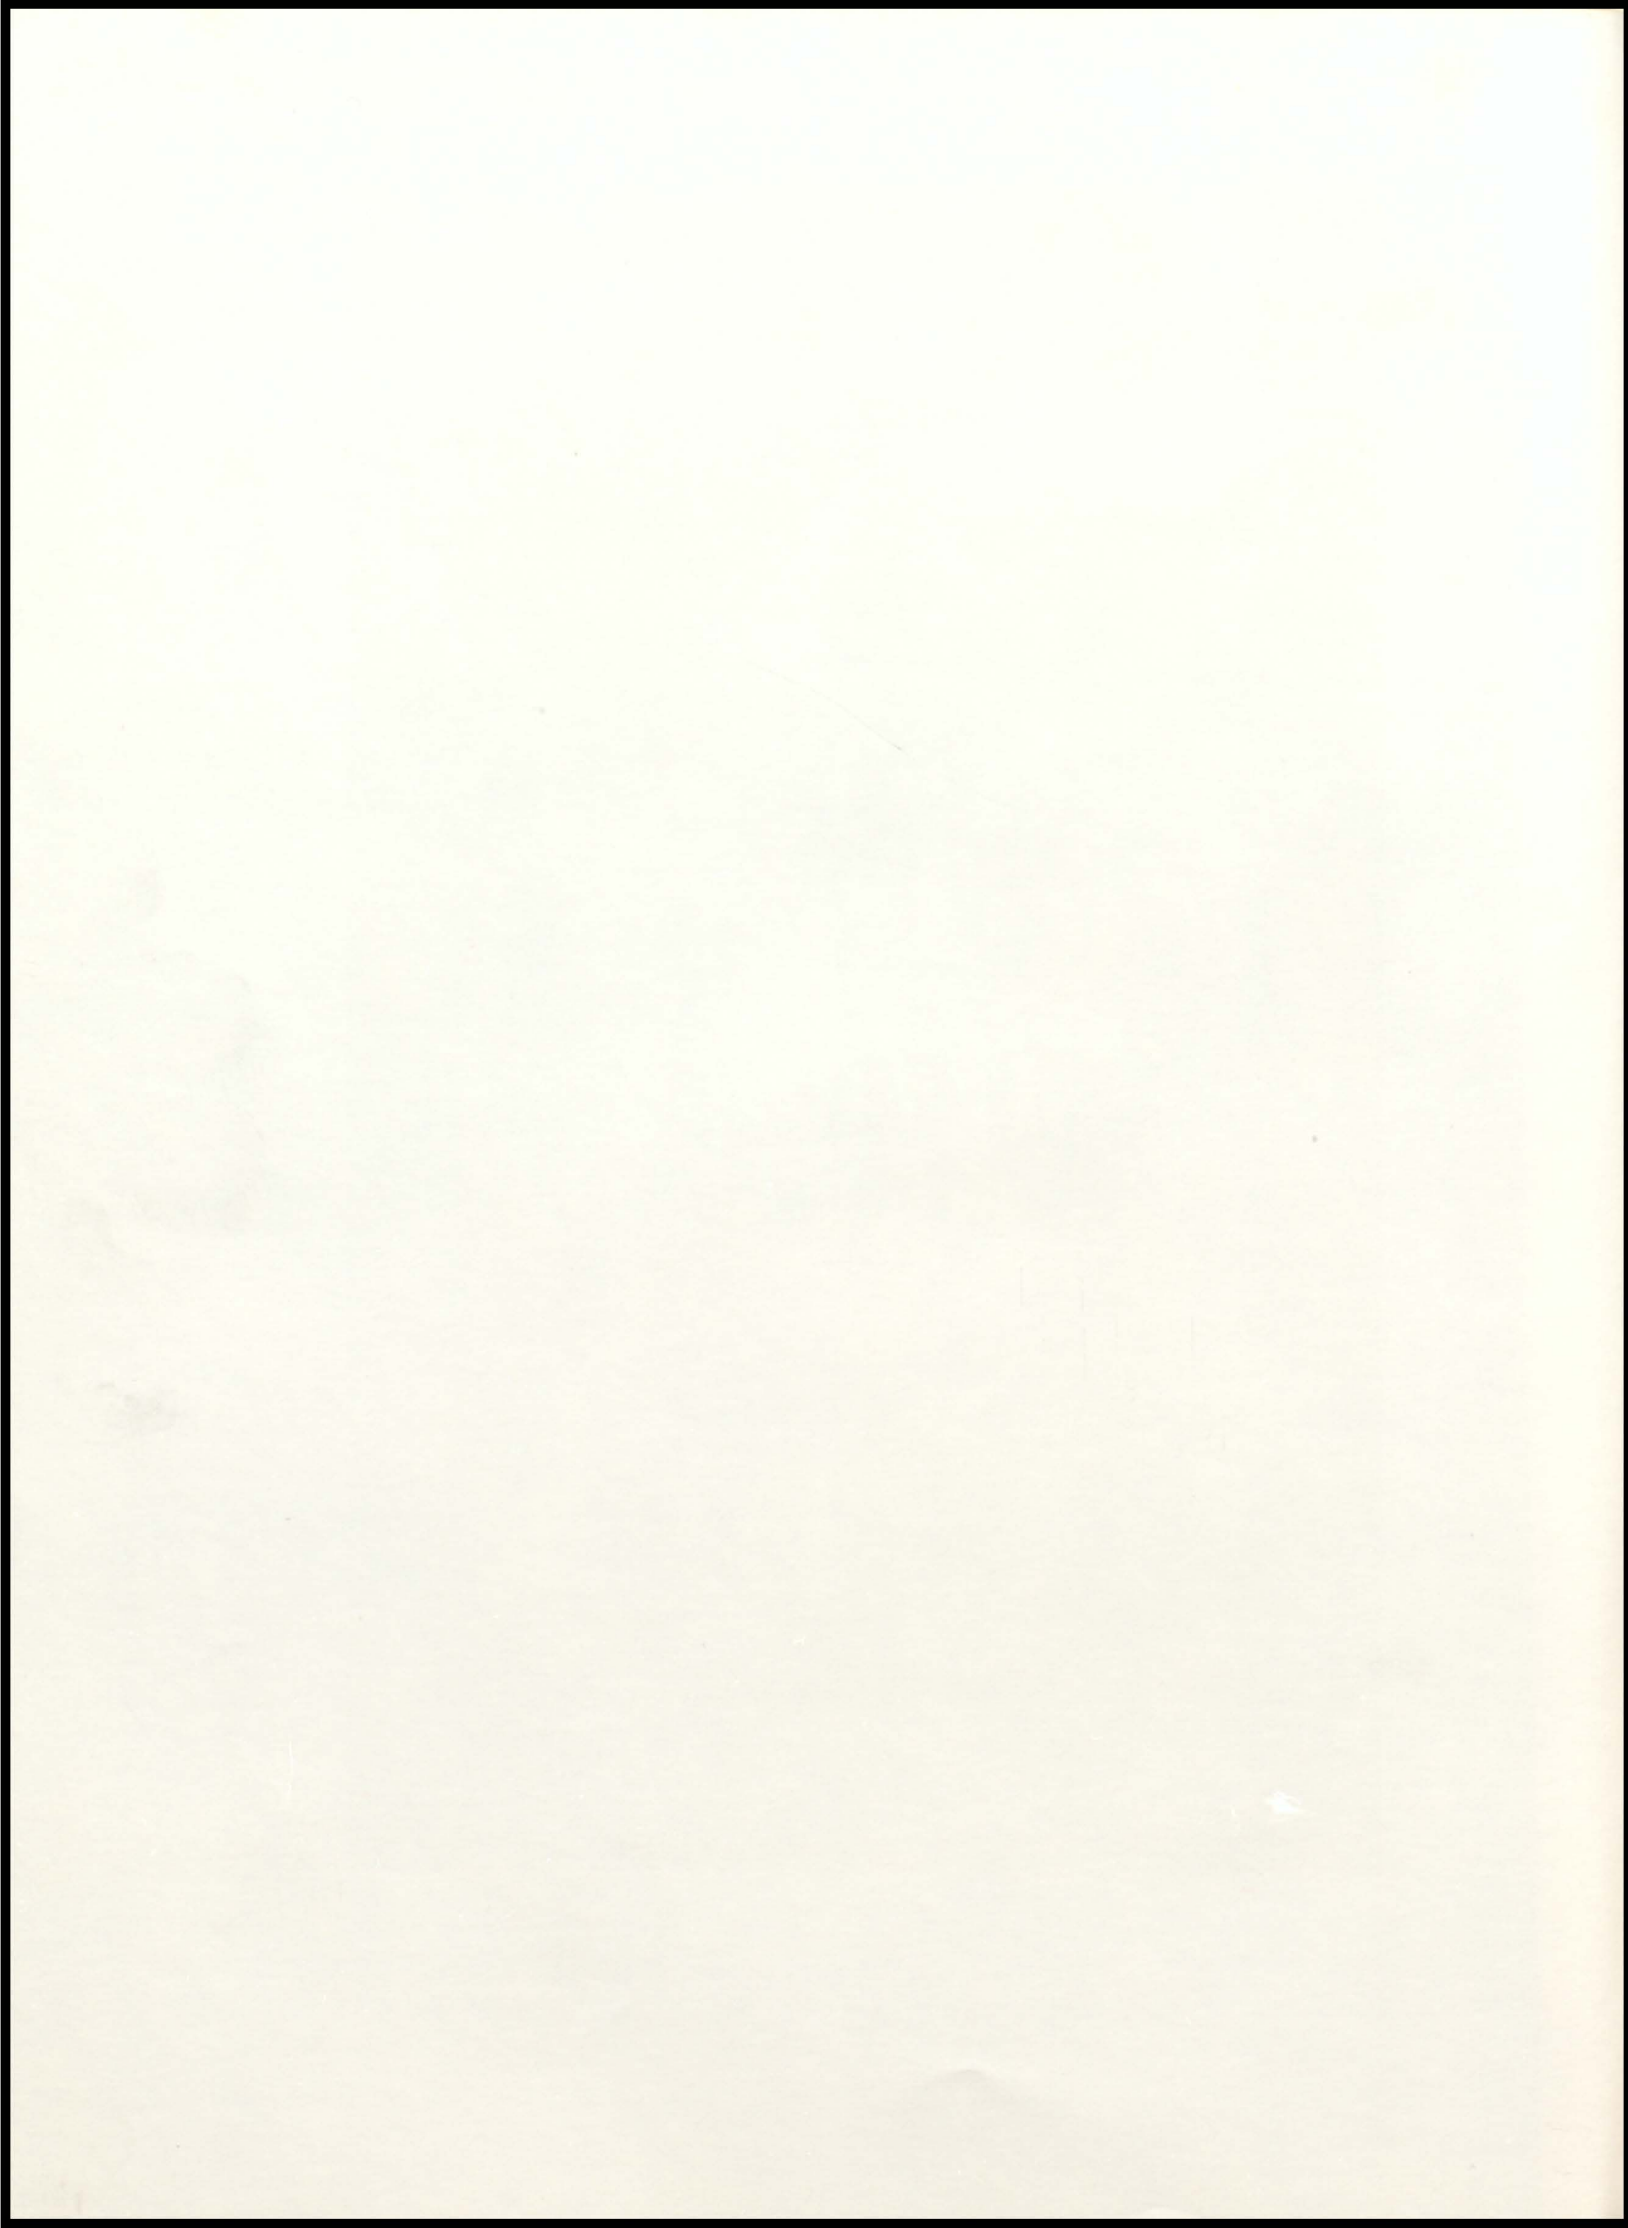

Kicking up a lot of dust
Long leg with muscles of iron
Trying hard to win
And making it
A fraction of an inch or
a tenth of a second could
do it

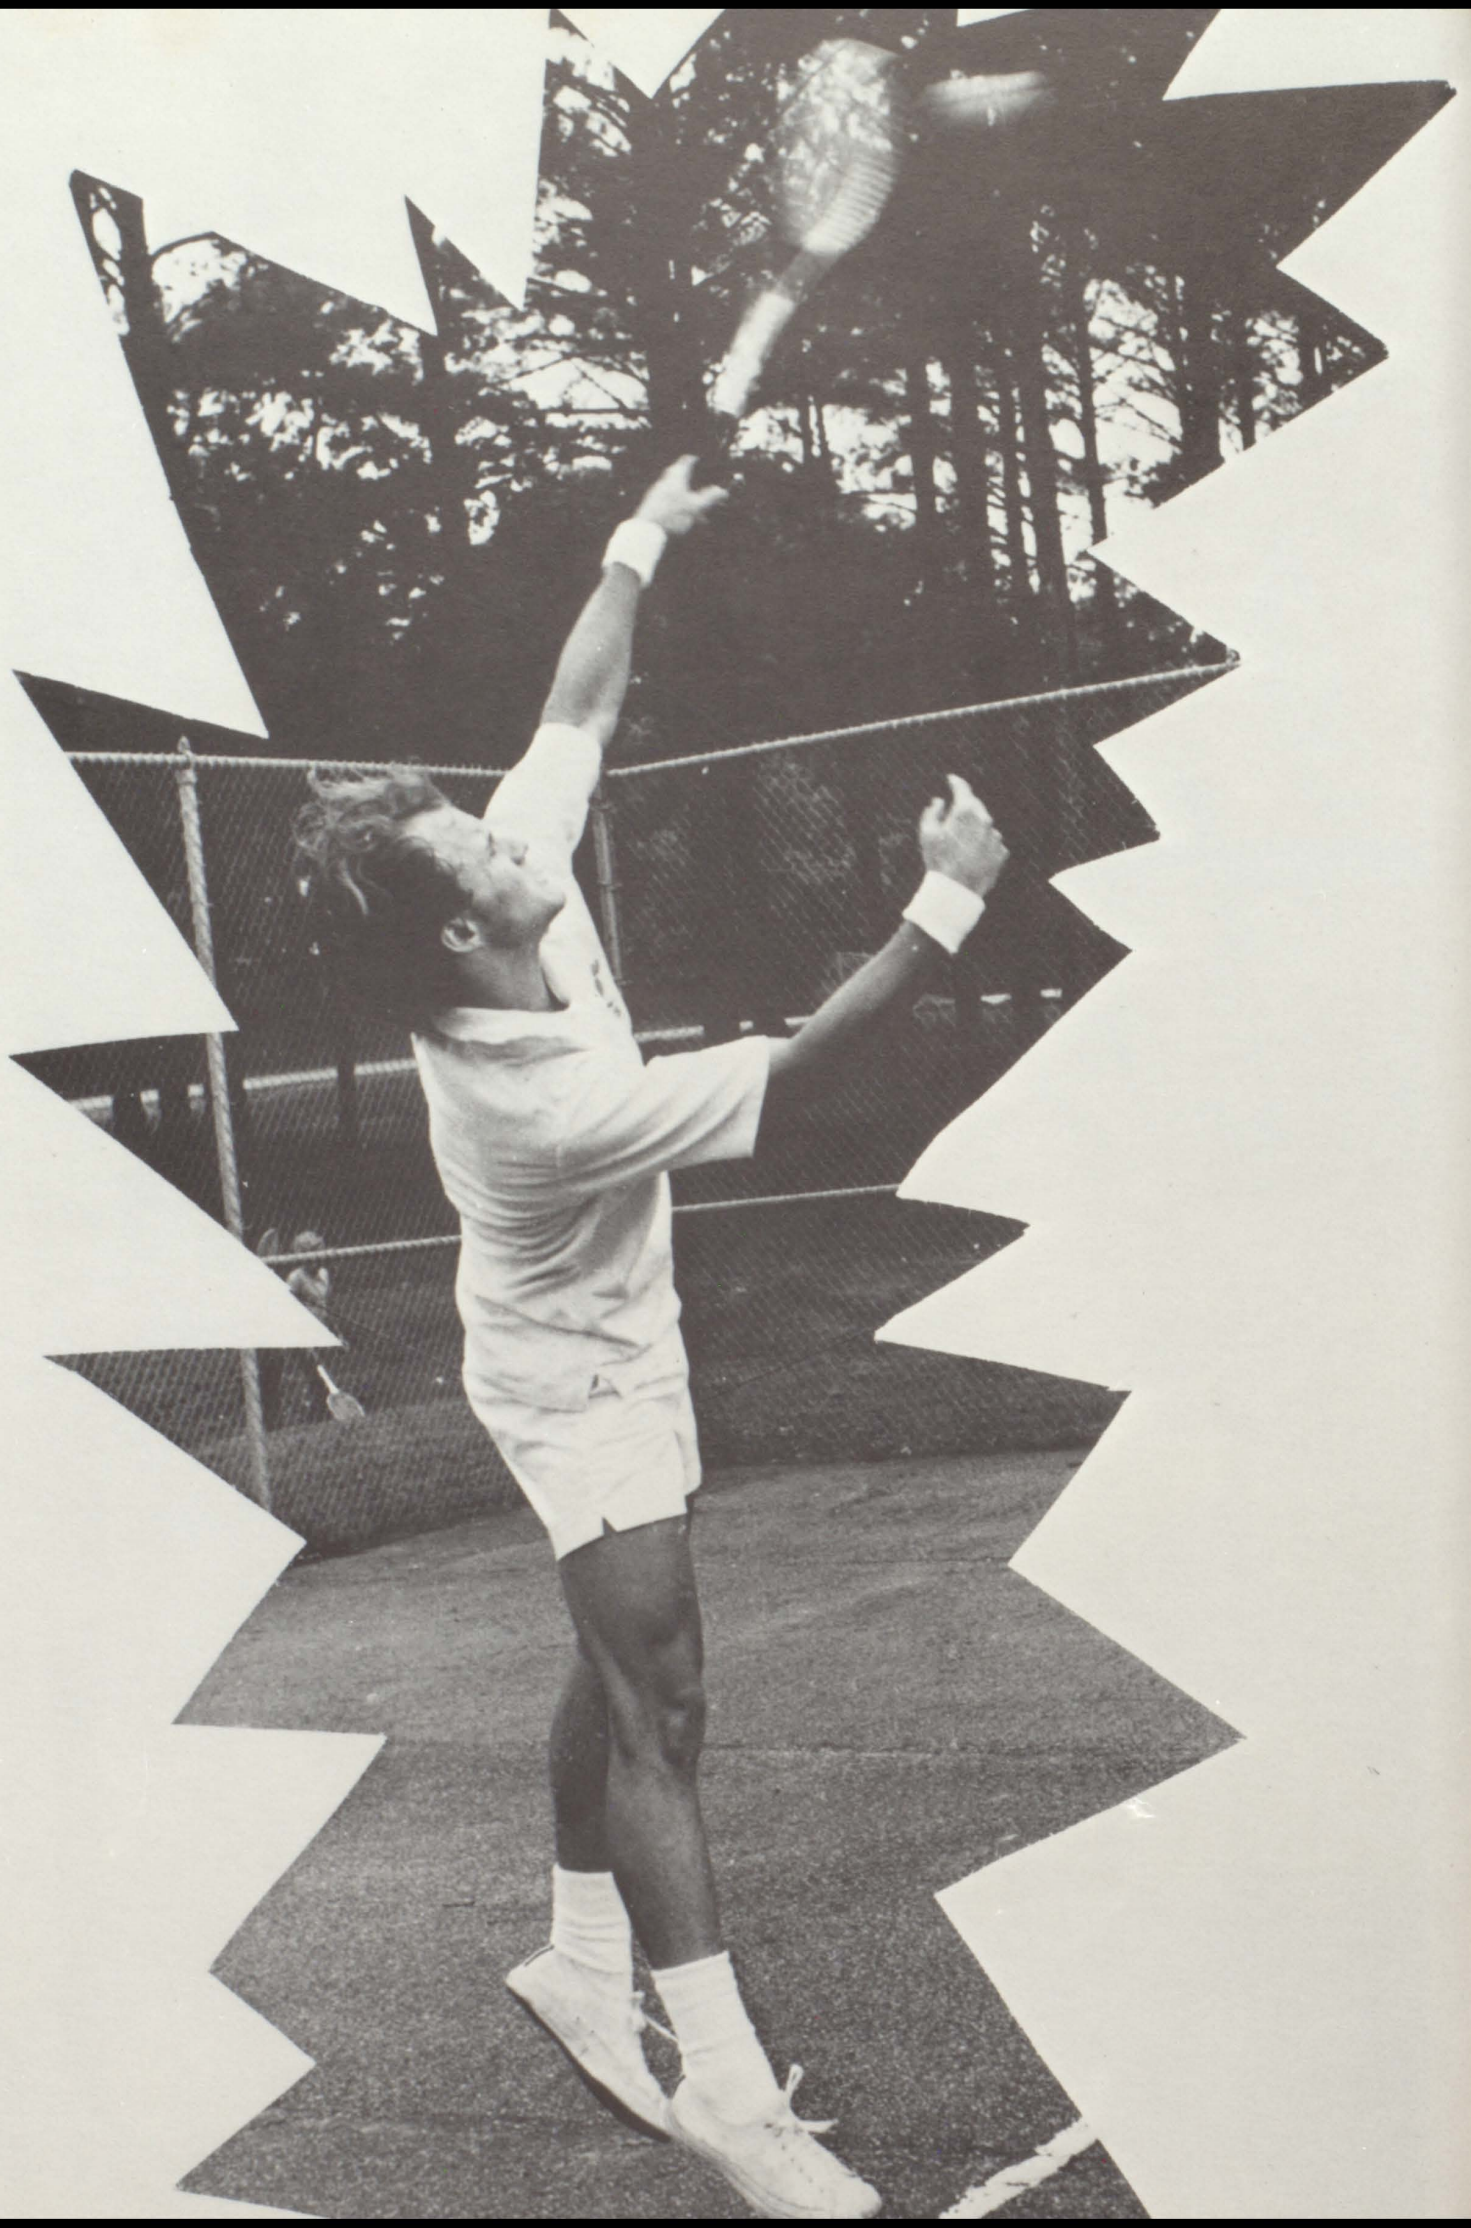

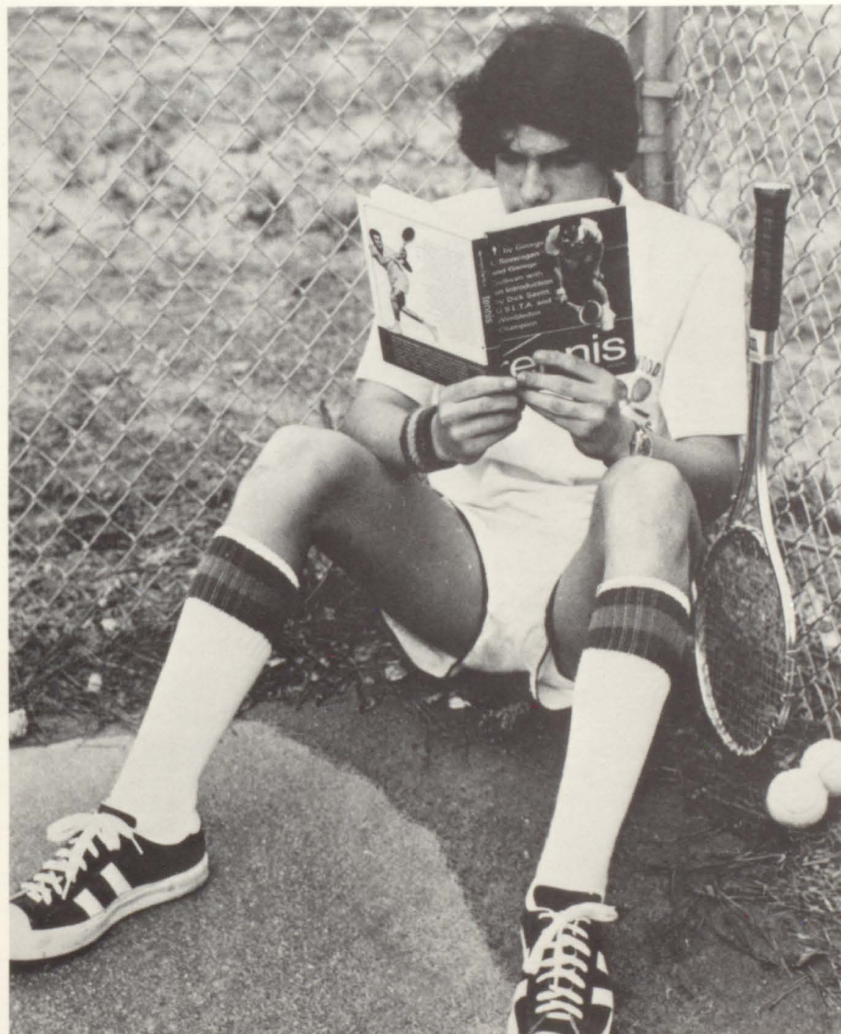

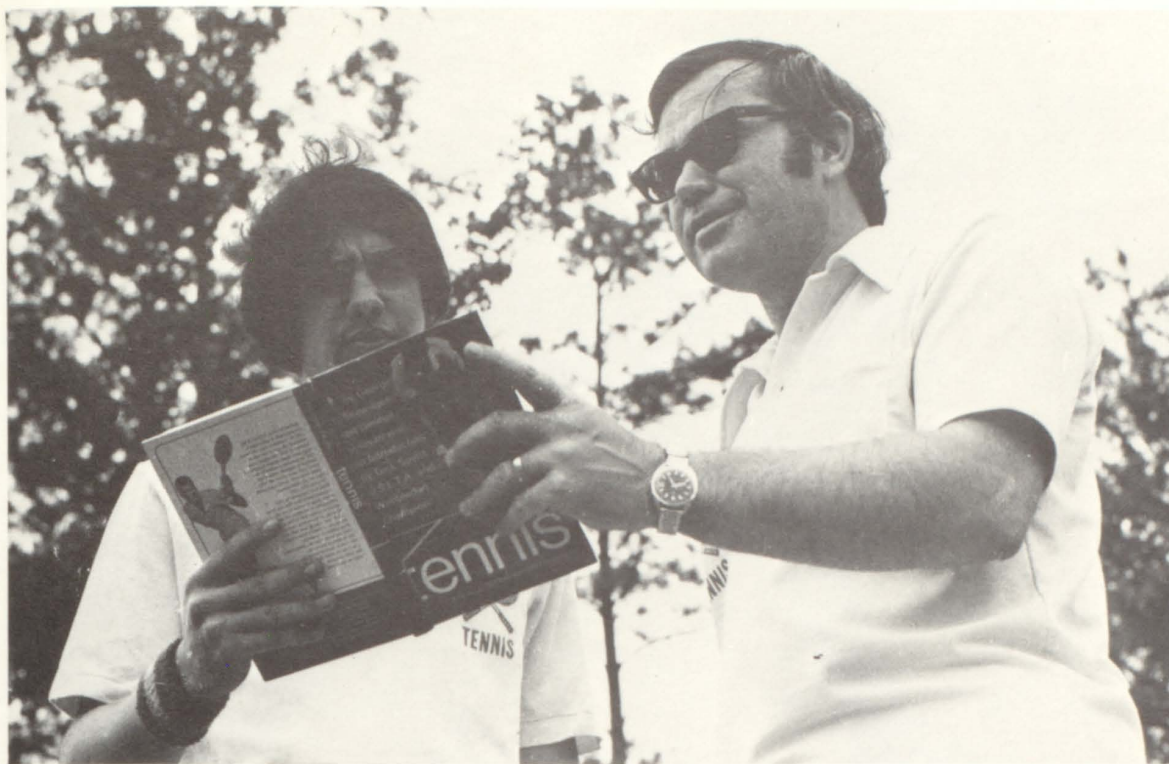

Love on the rampage . . .

It's not my fault that

I always take advantage

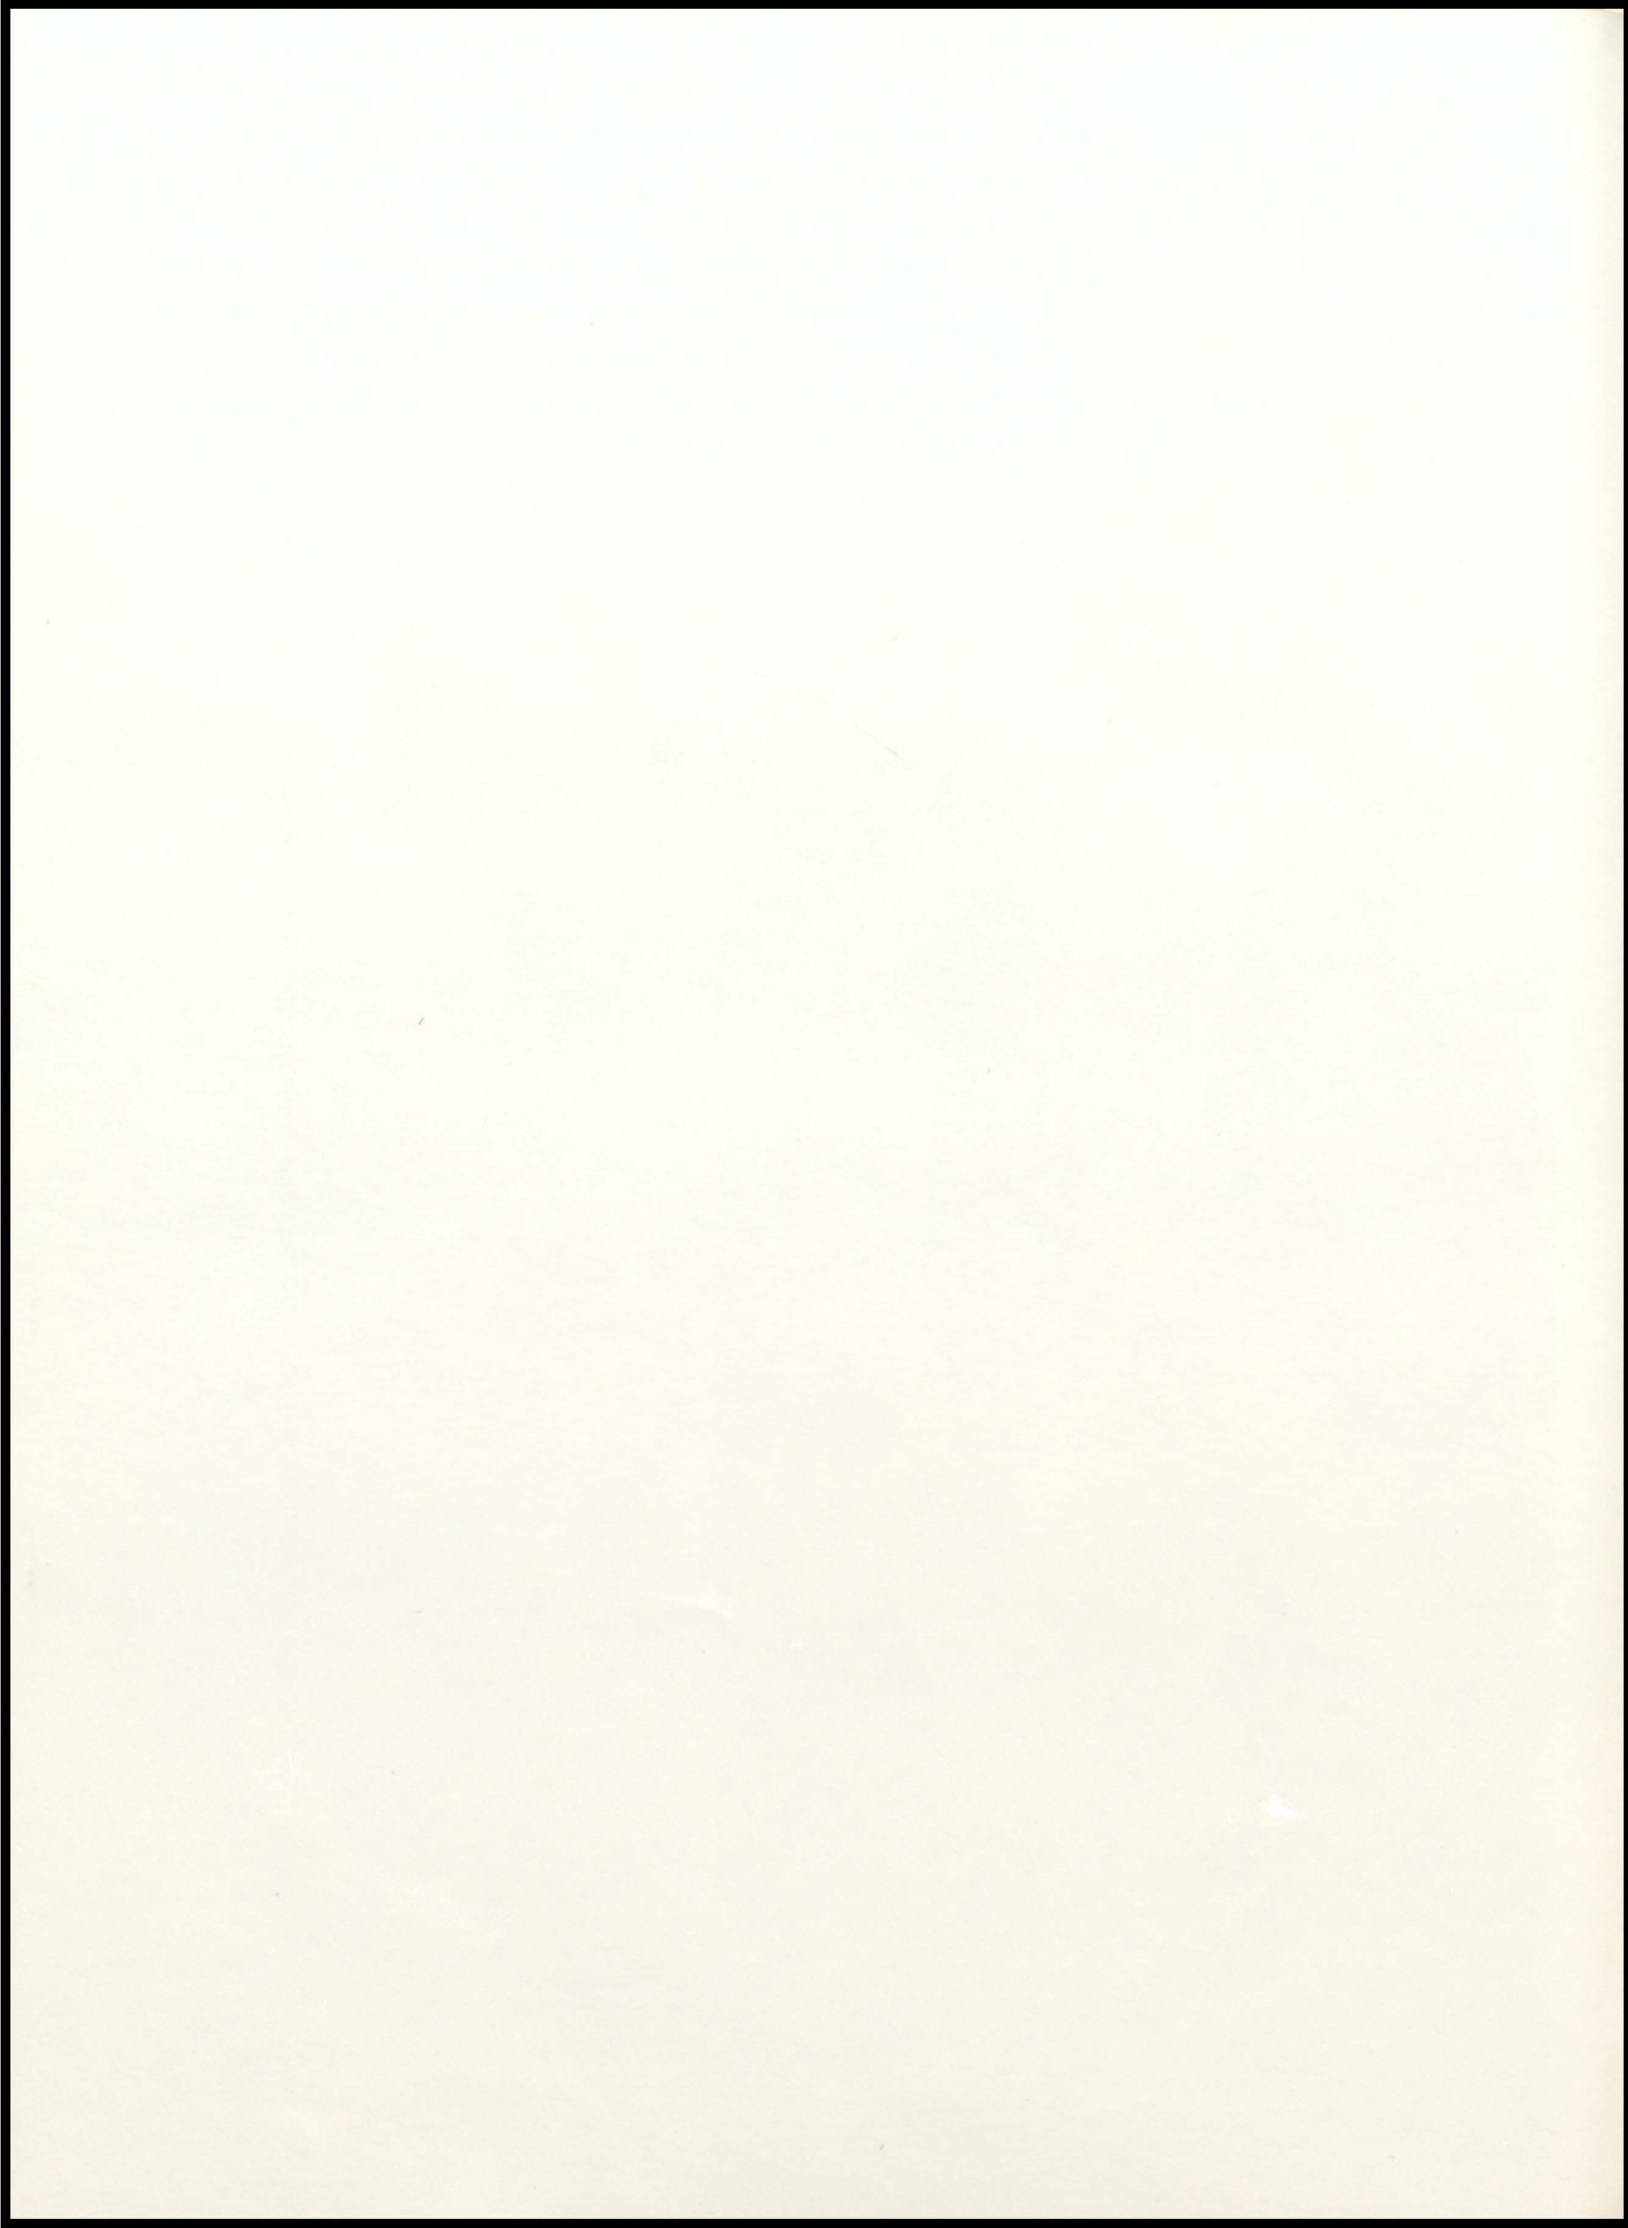

The only thing between

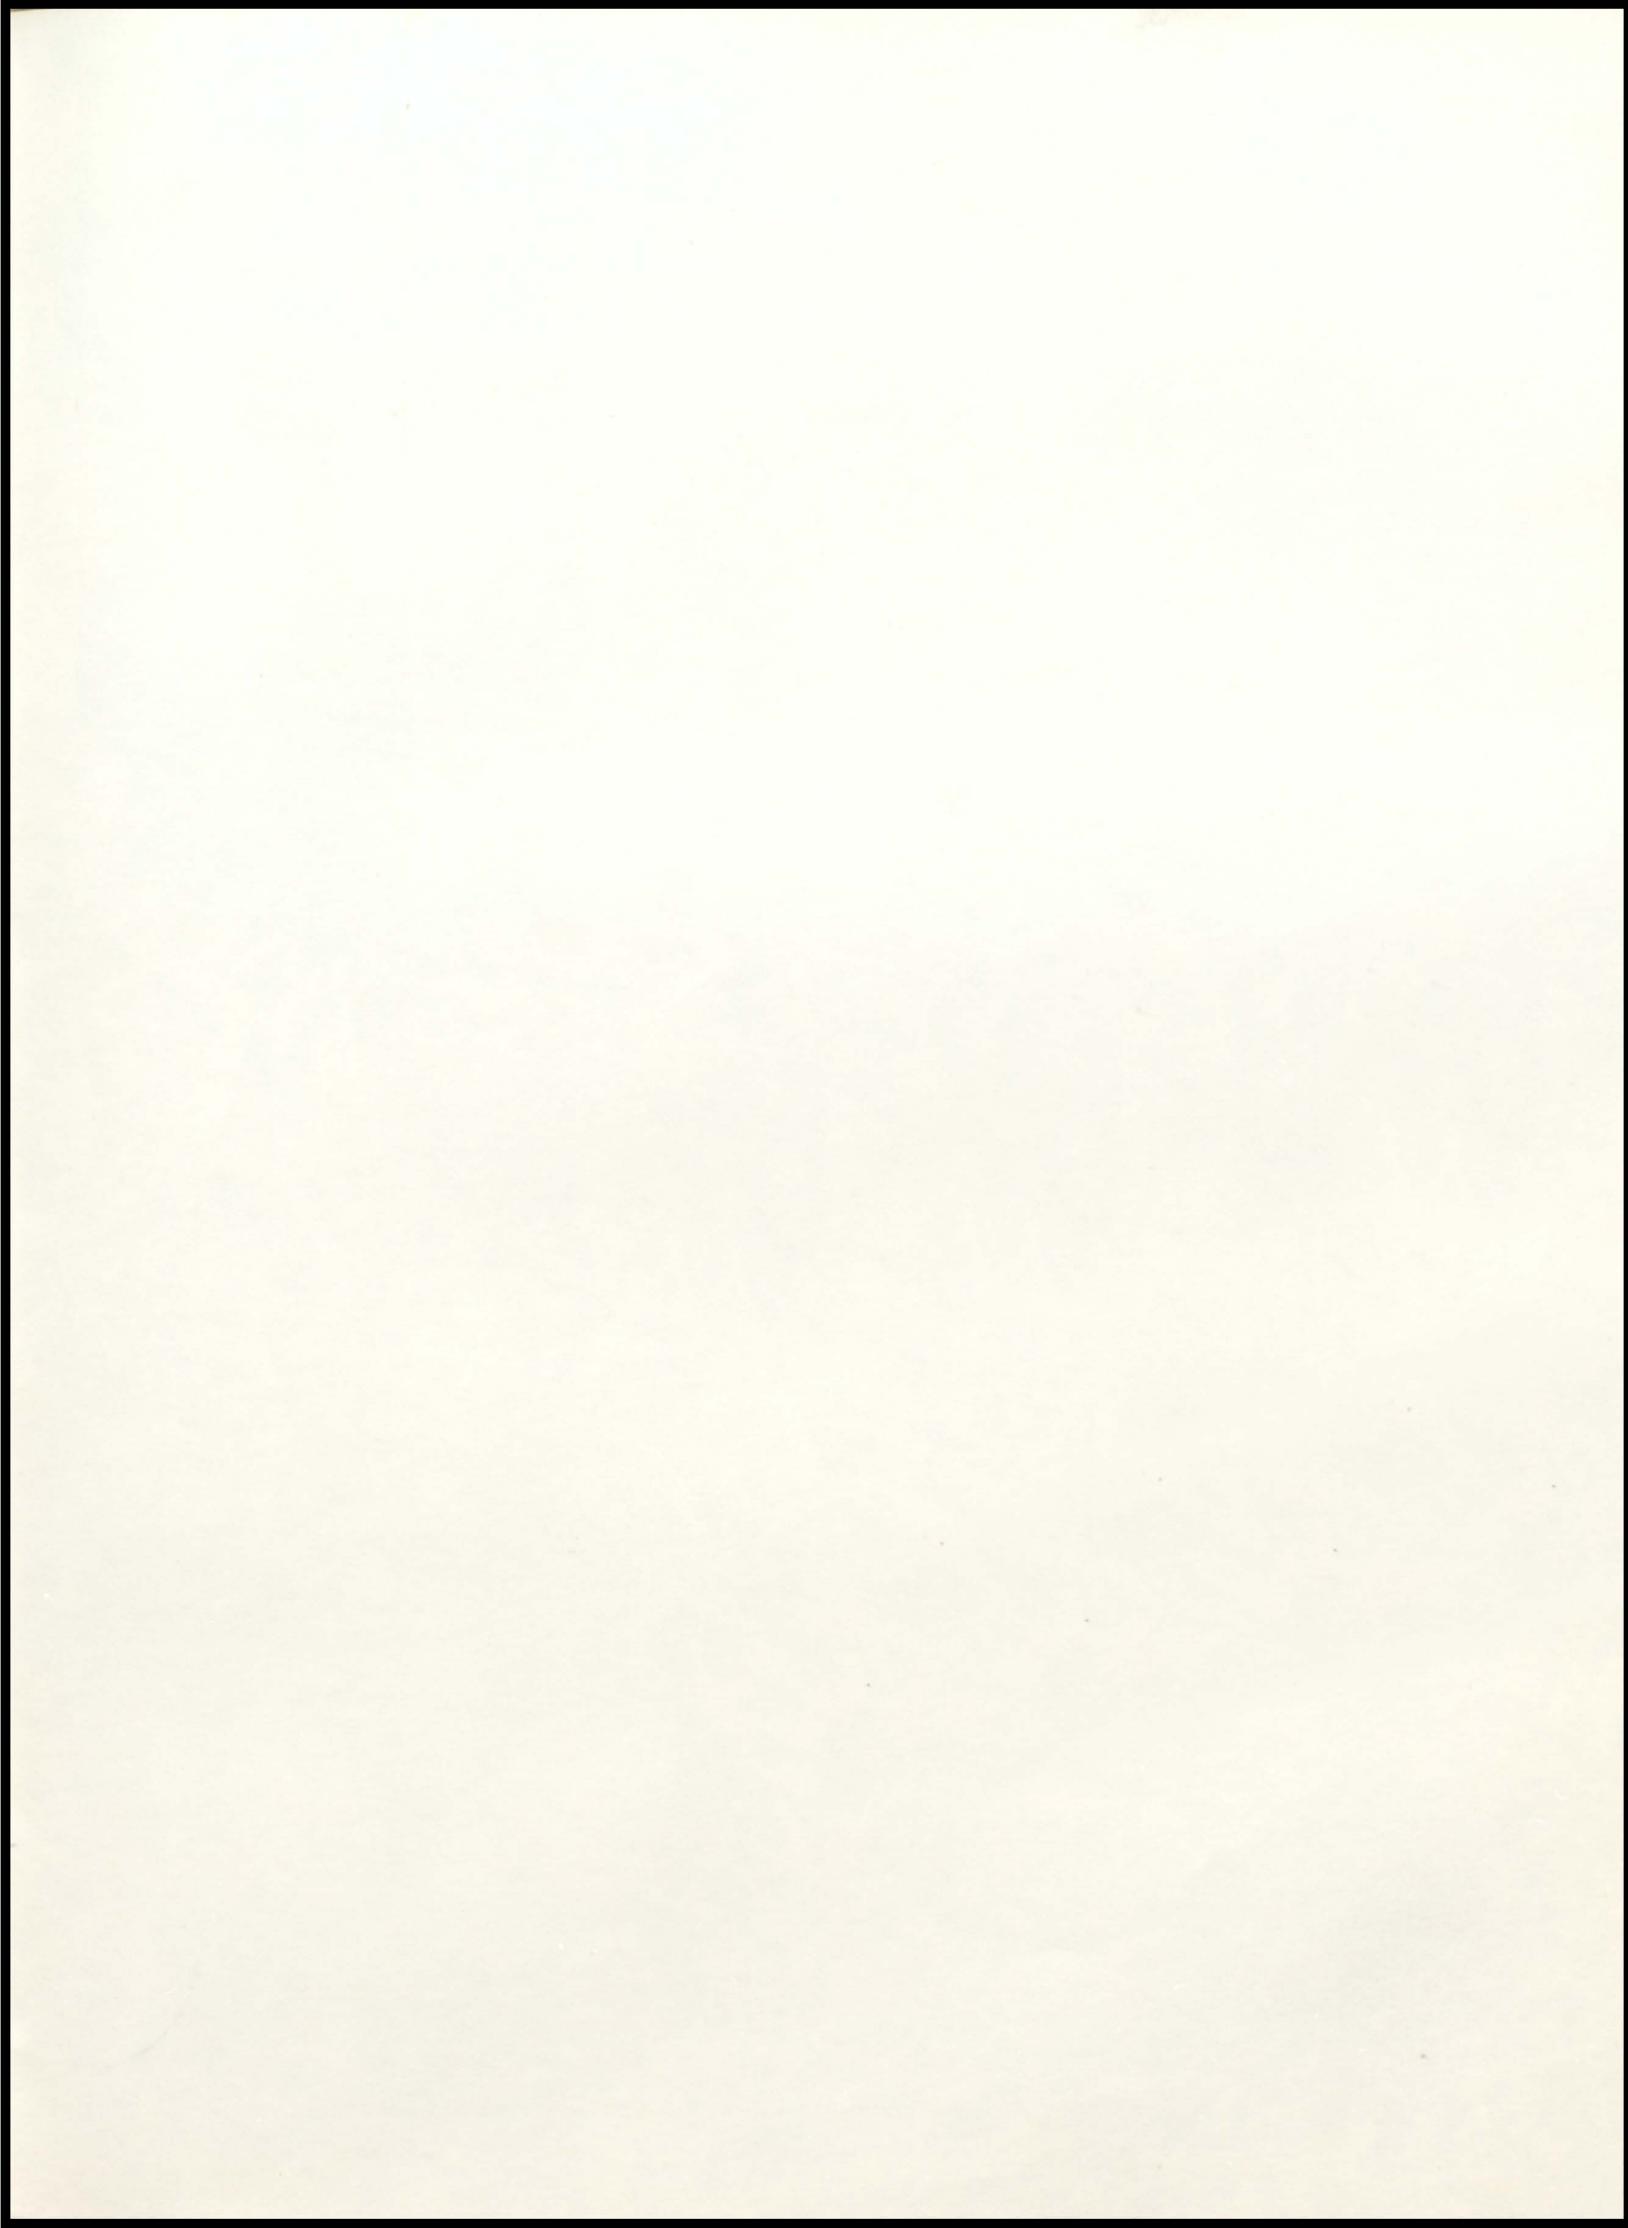

Us is the net — it's just

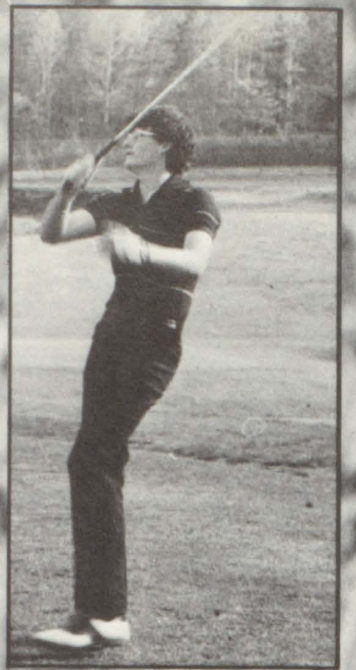

A game. But just like

Everything else, we've

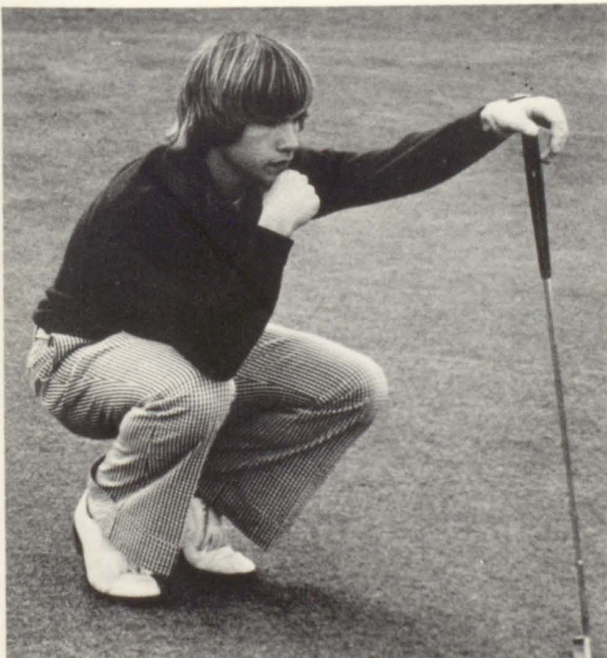

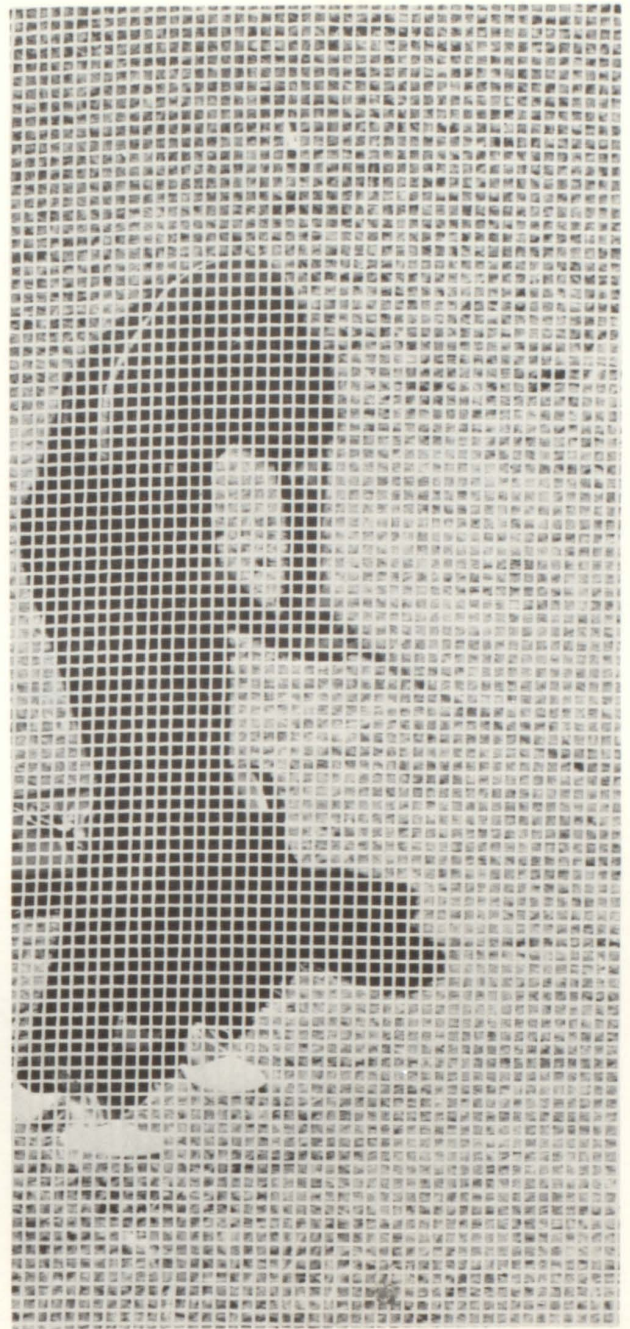

Got to work together

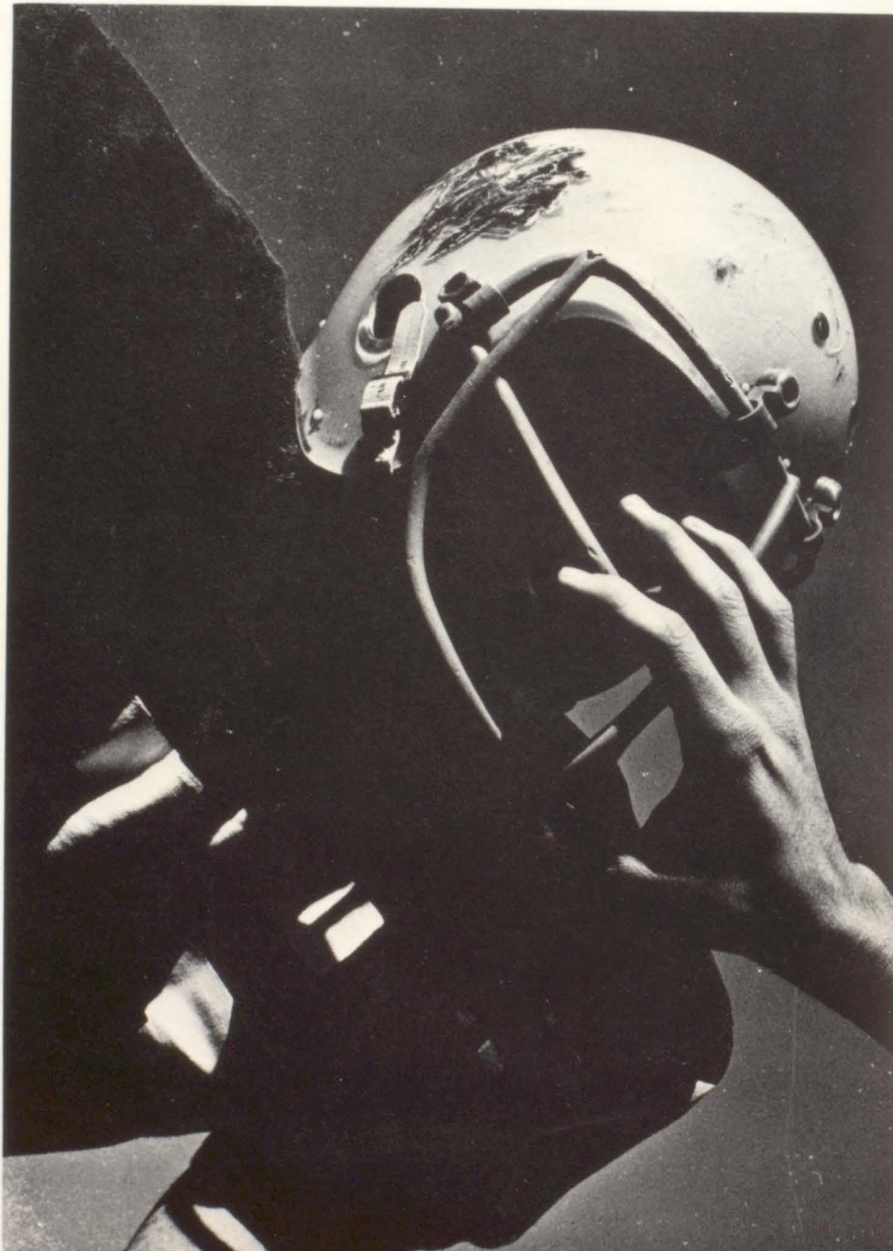

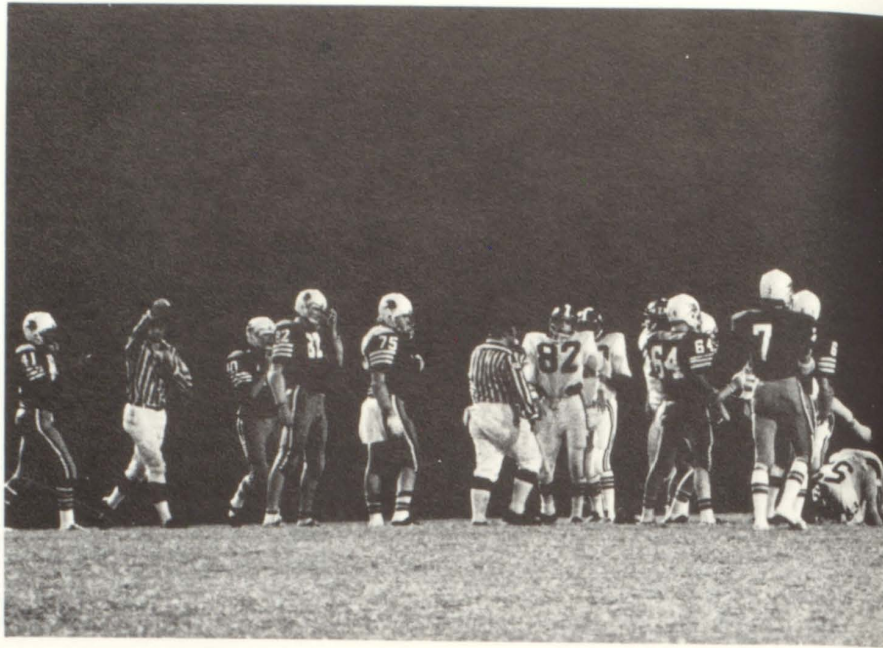

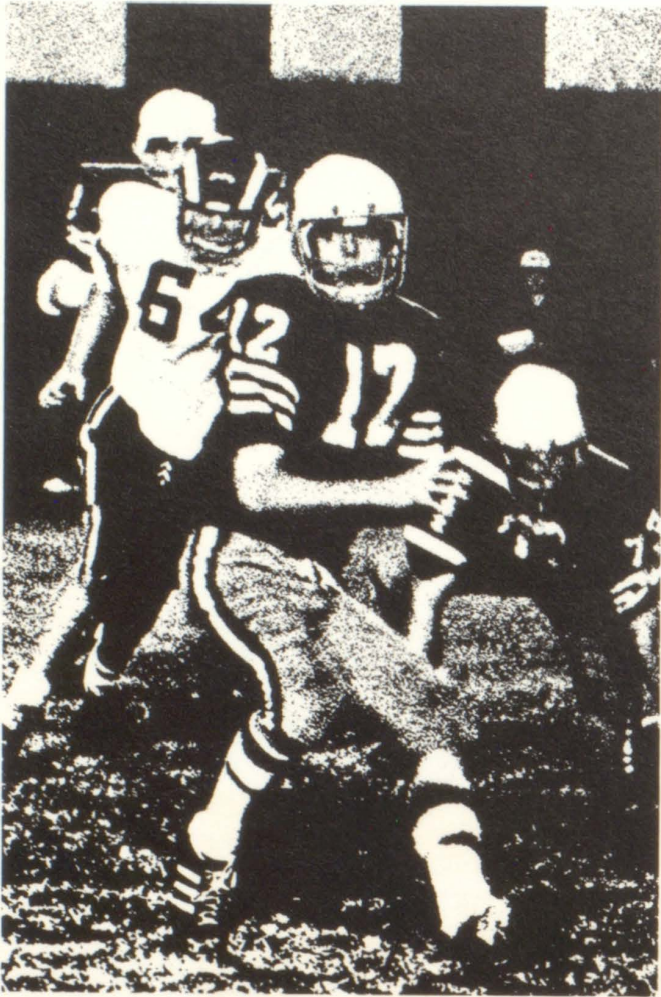

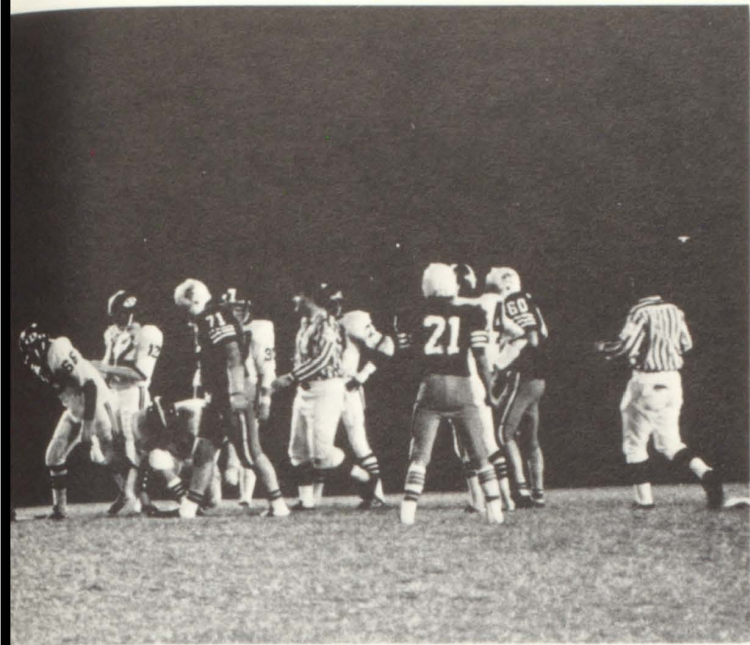

Putt-putting on the green
Sounds of silence and
Anxious anticipation.
Stroking, swinging violently
Slicing the air to make
The ball go the right way —
Our Way

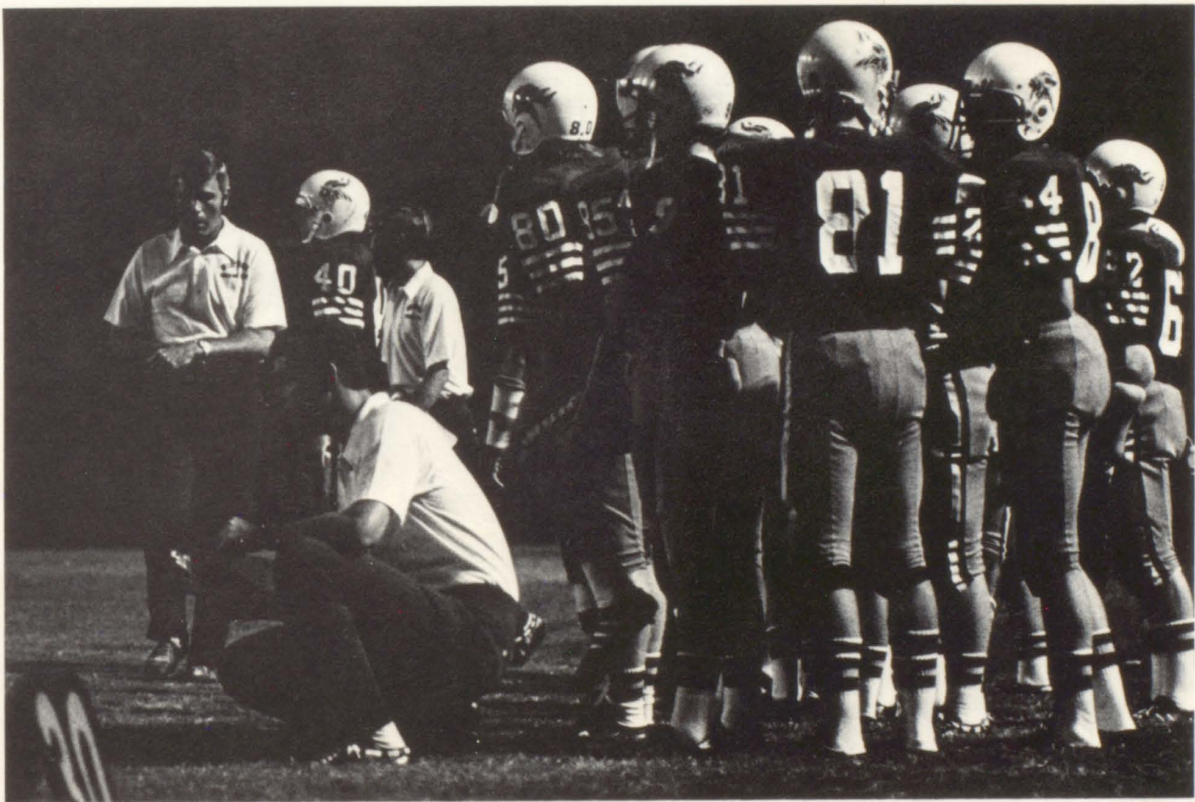

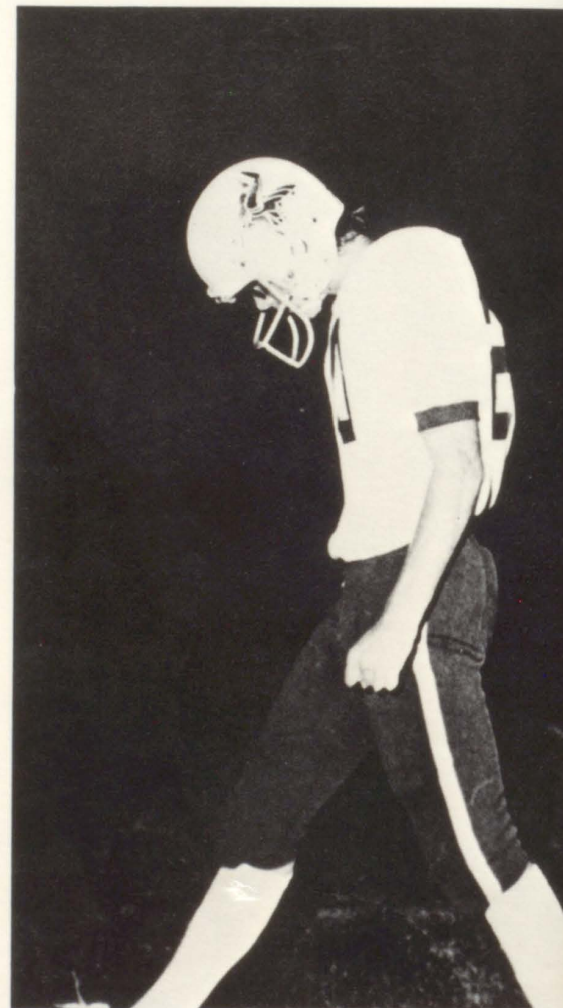

Sweaty Friday nights
Covered with mud-
Refs with waving arms-
Screaming fans
All with one common bond-
Victory!

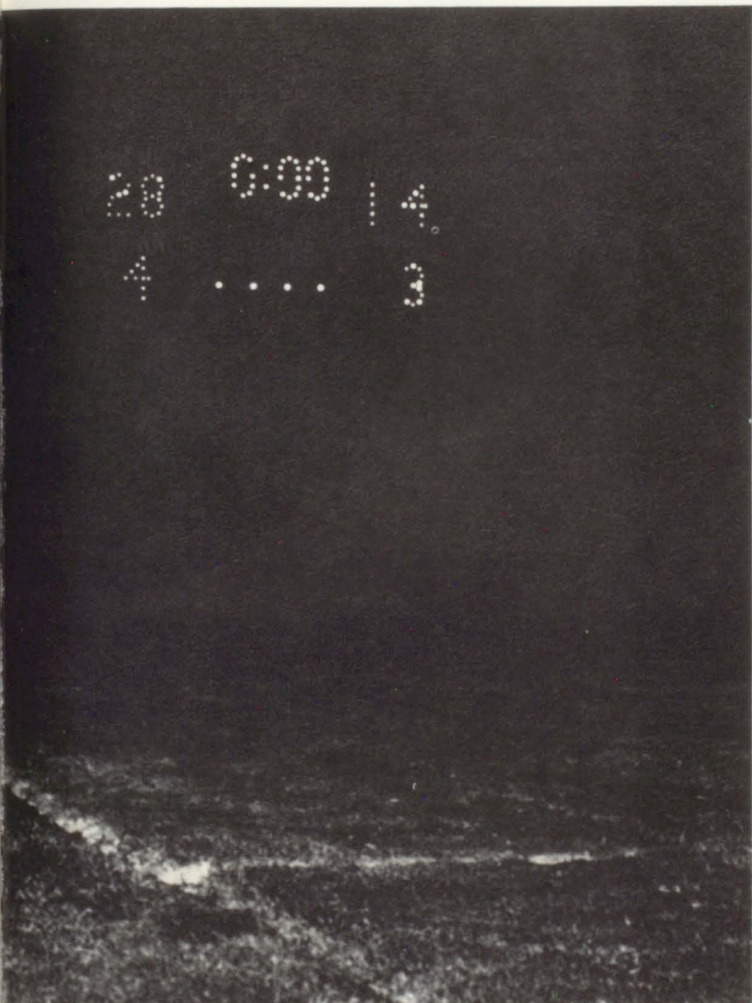

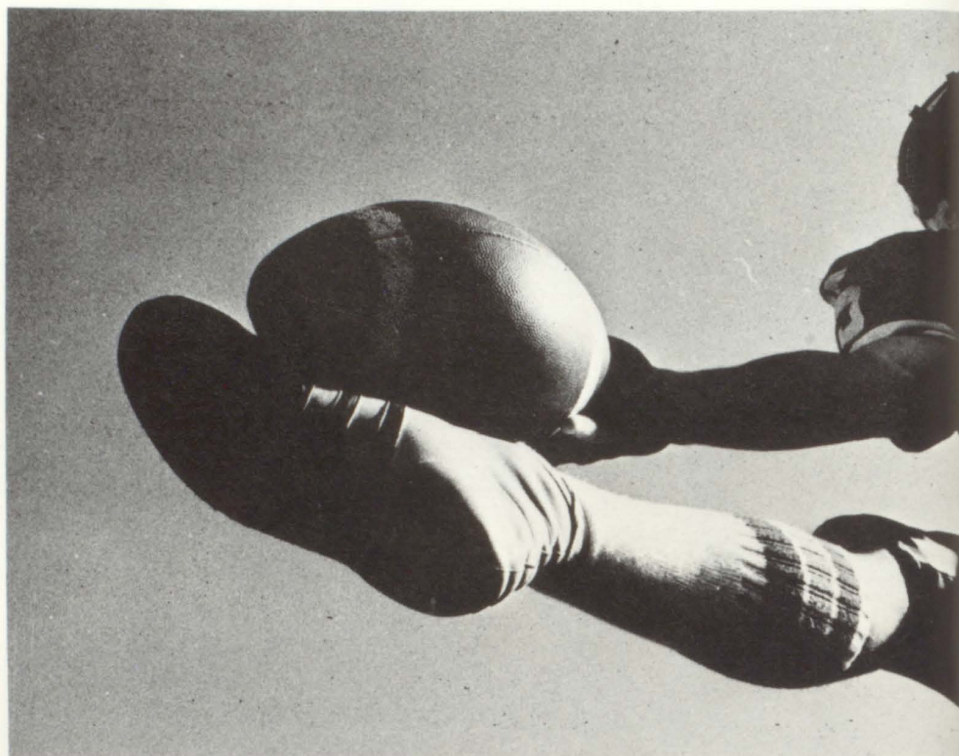

Only a taste of victory —
The physical pain was
There, as always —
But the mental anguish
Was unbearable —

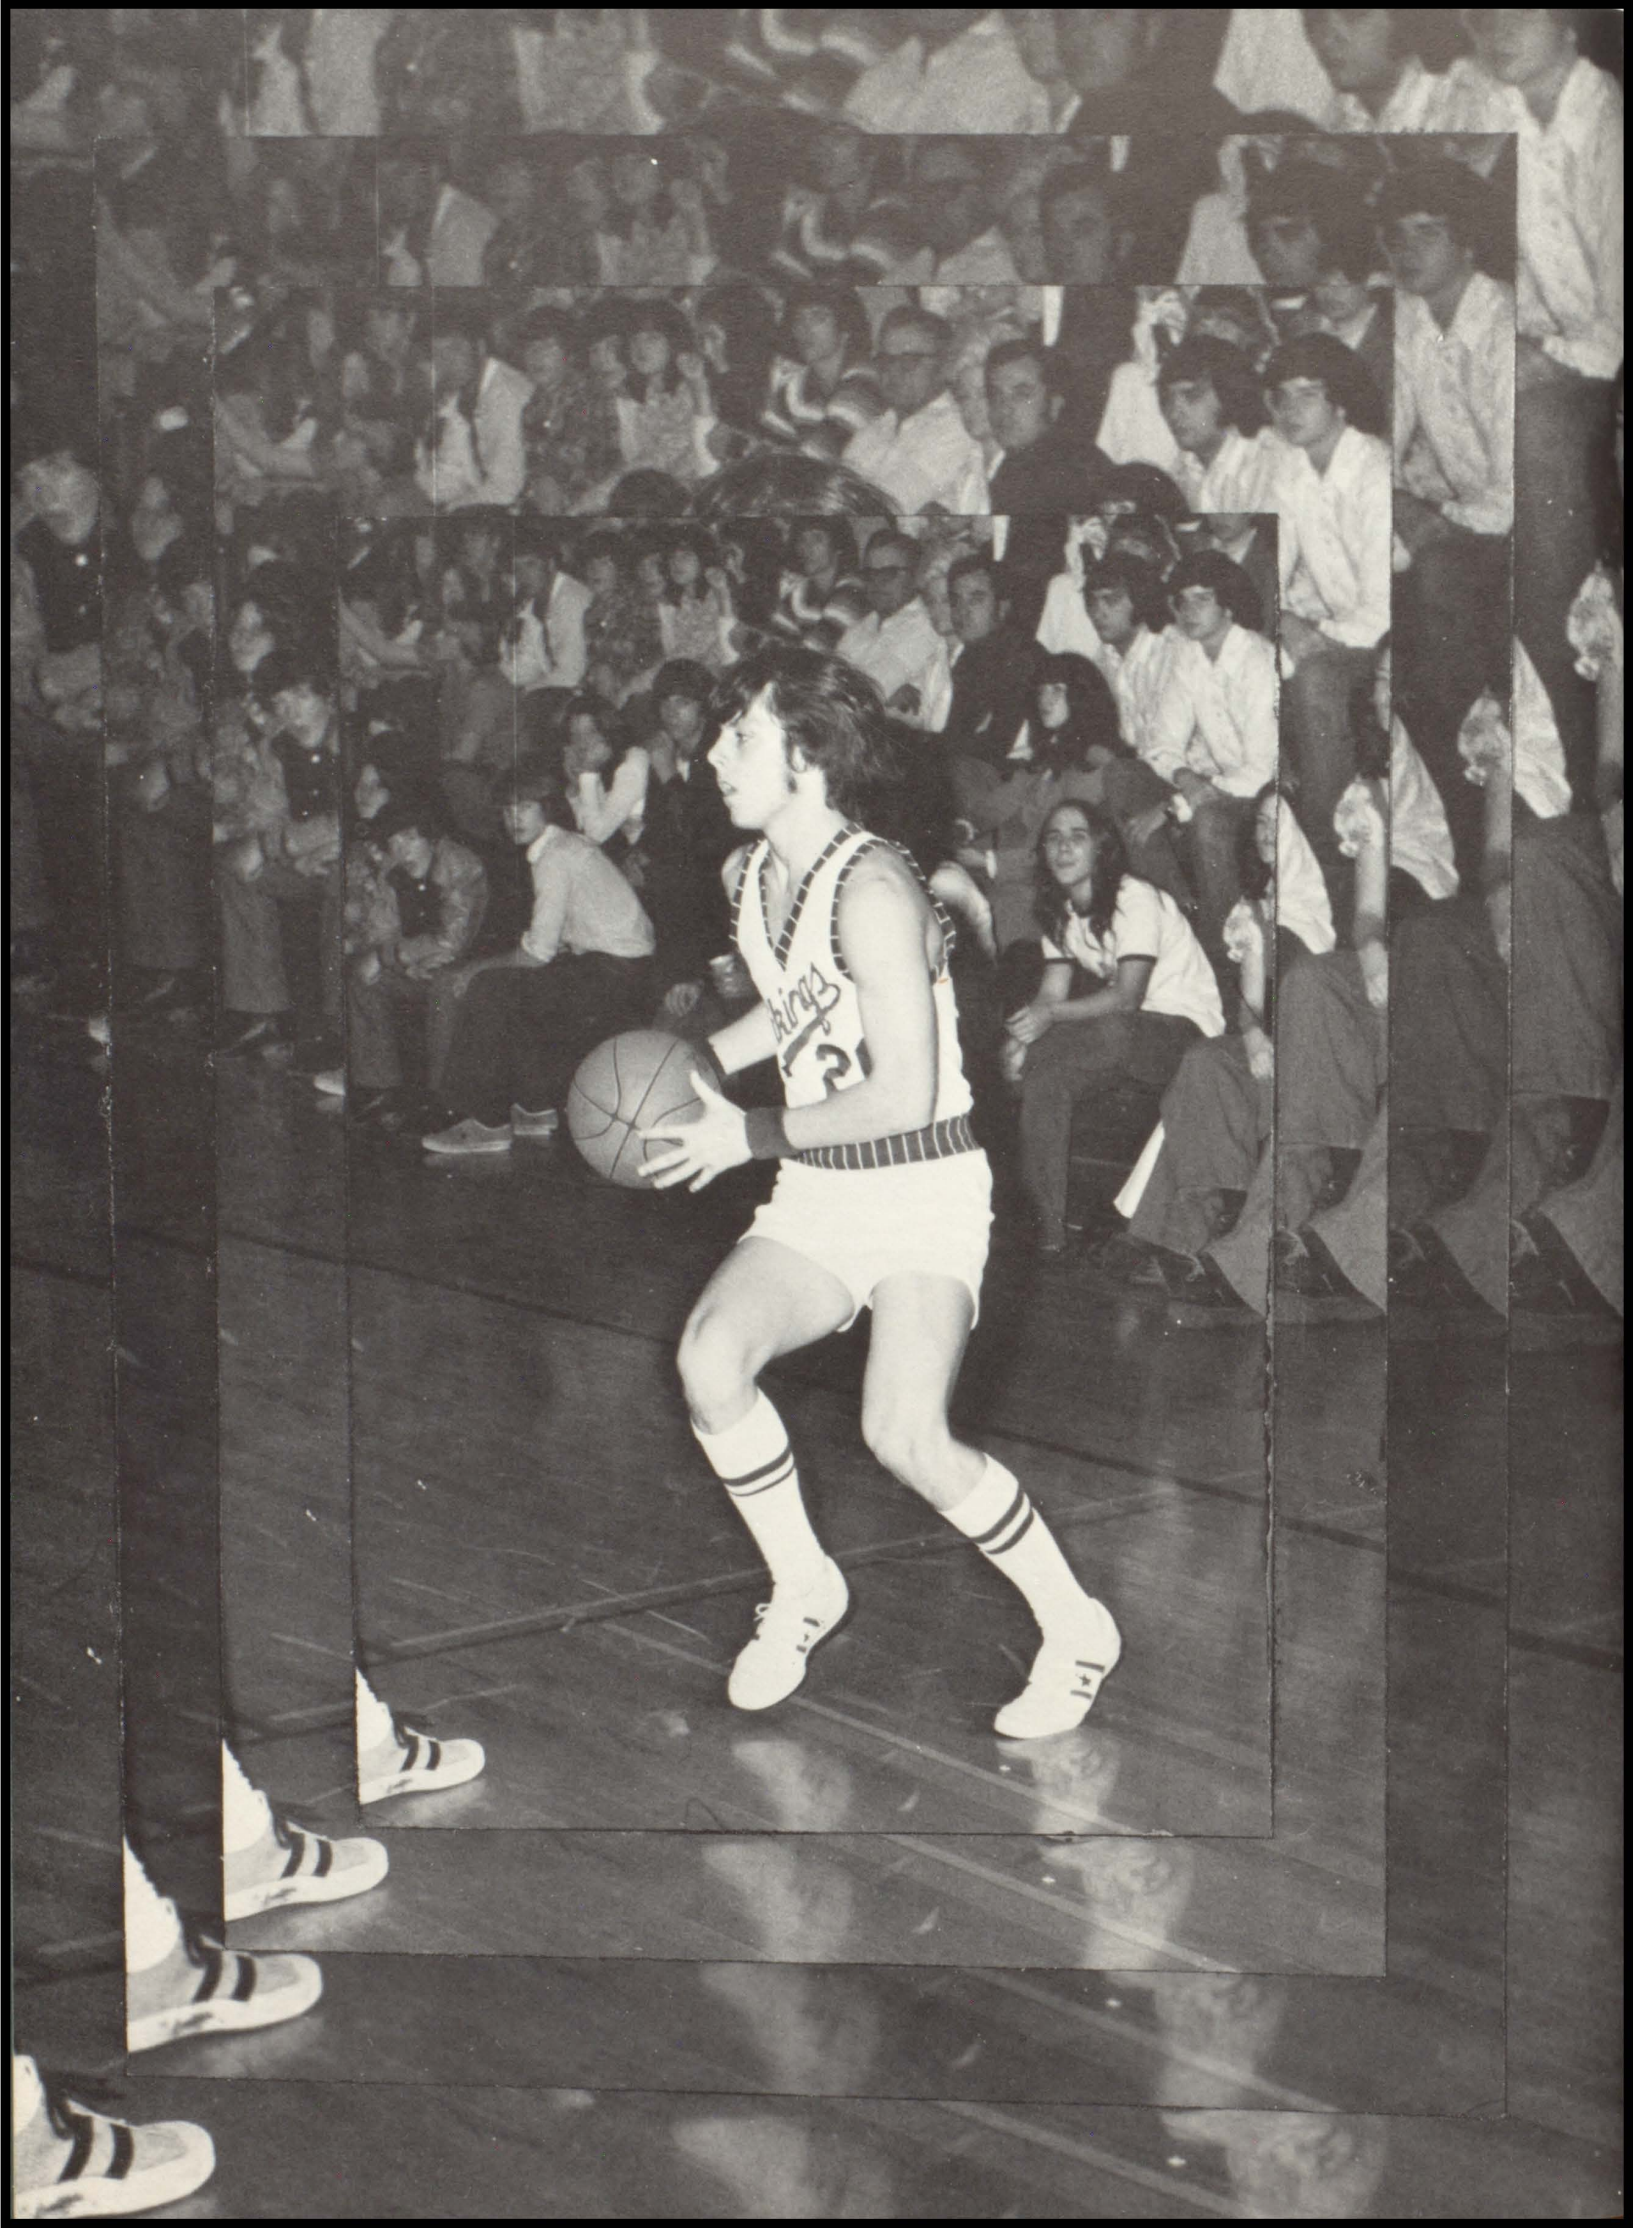

Not quite full-fledged Vikings yet, but working
Hard to be the Varsity players of tomorrow

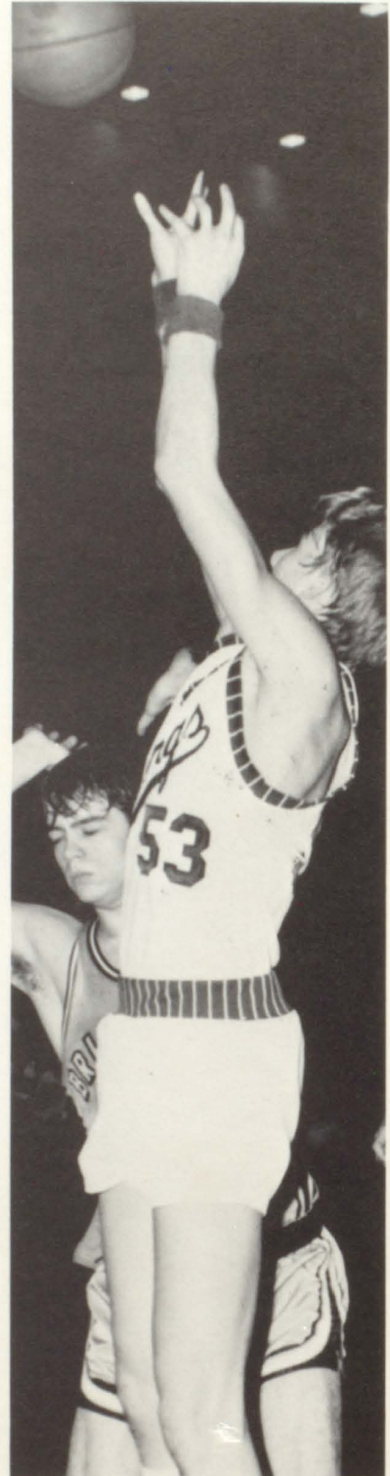

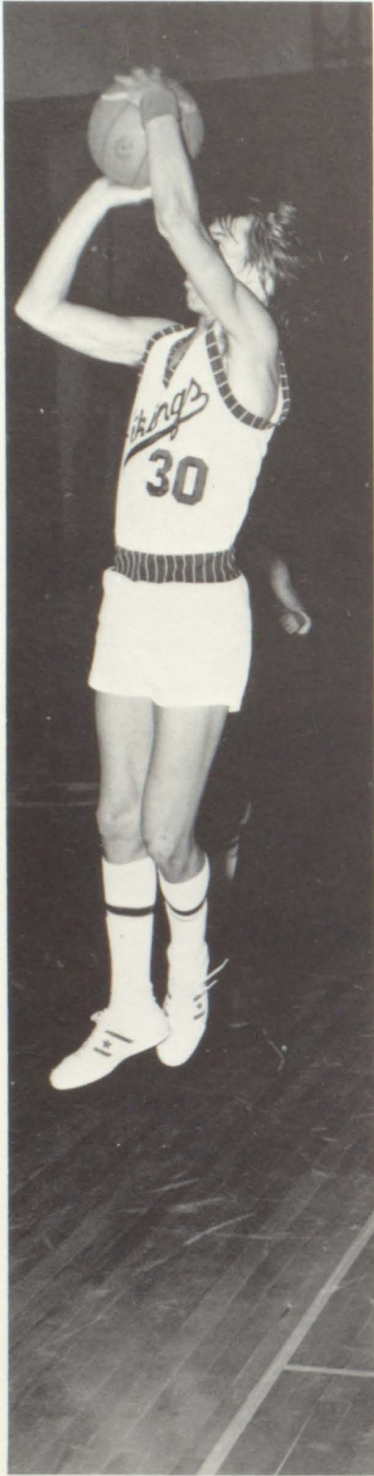

Eighth Grade is trying enough without constant defeats-
And there was enough of them

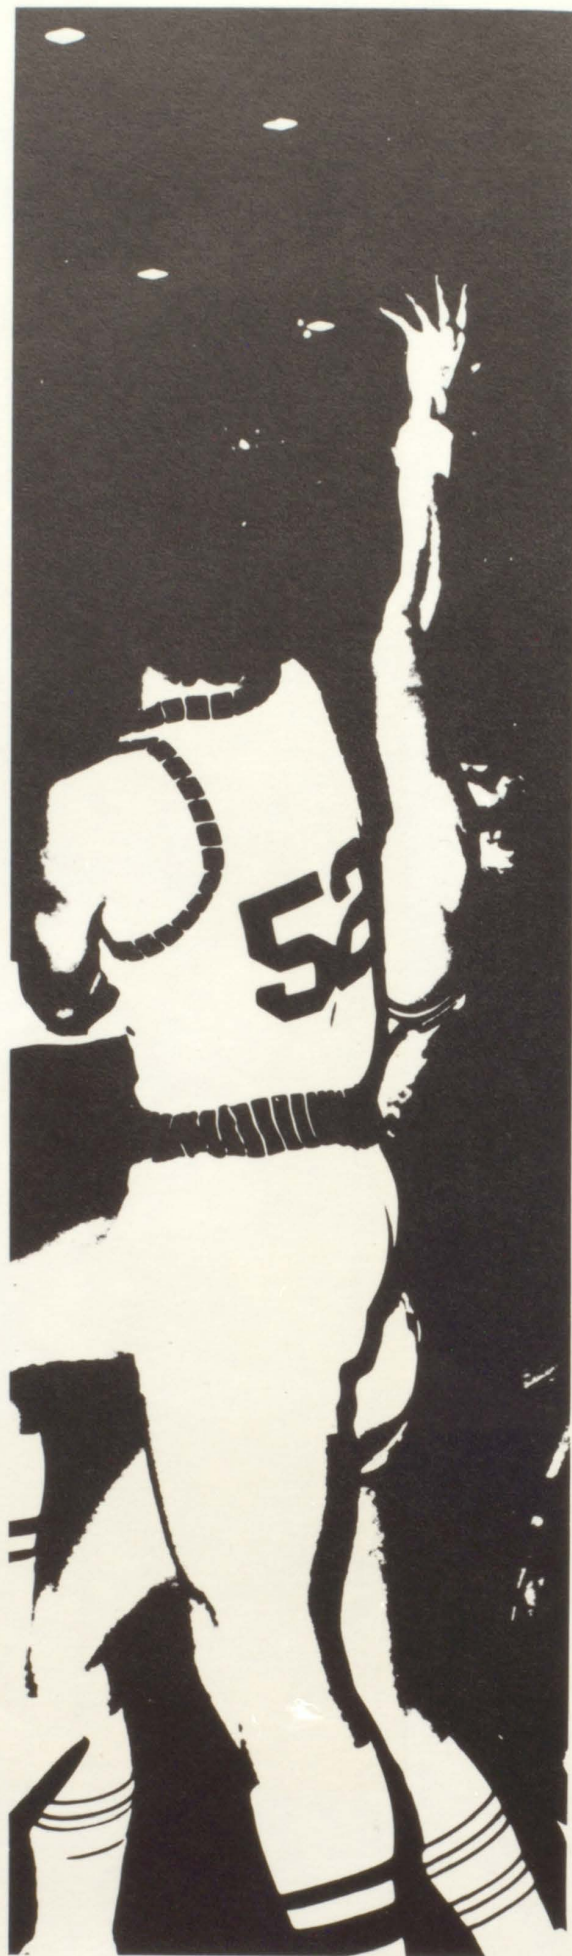

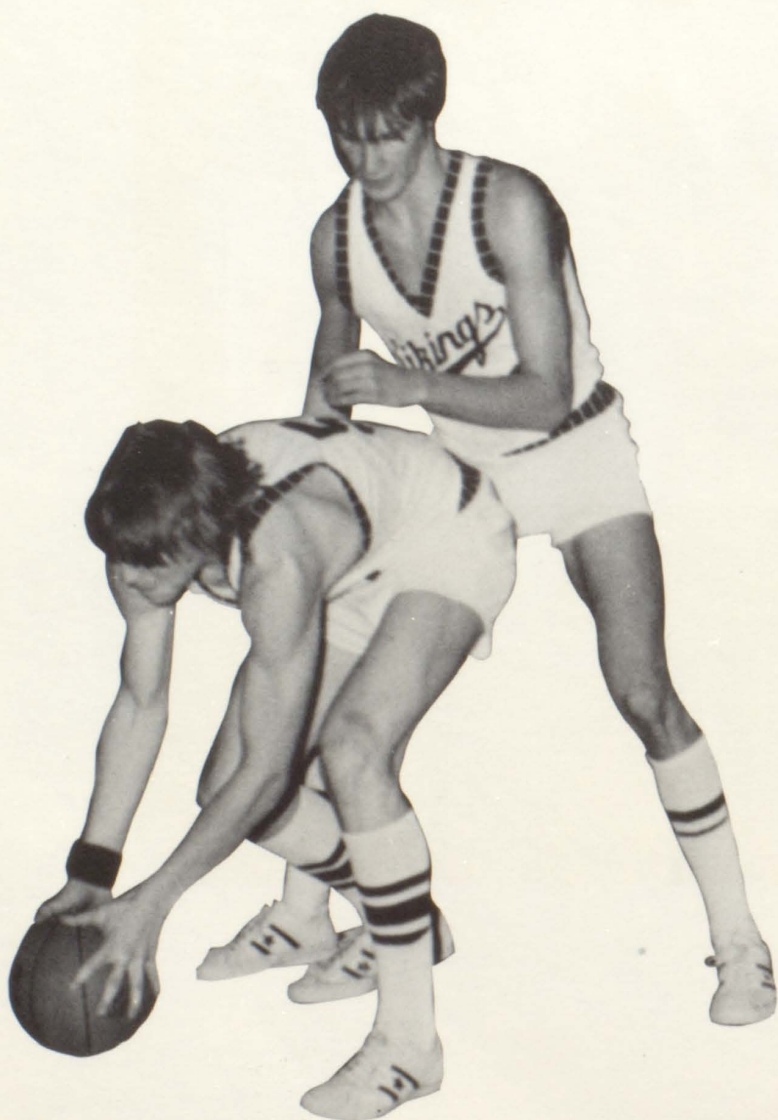

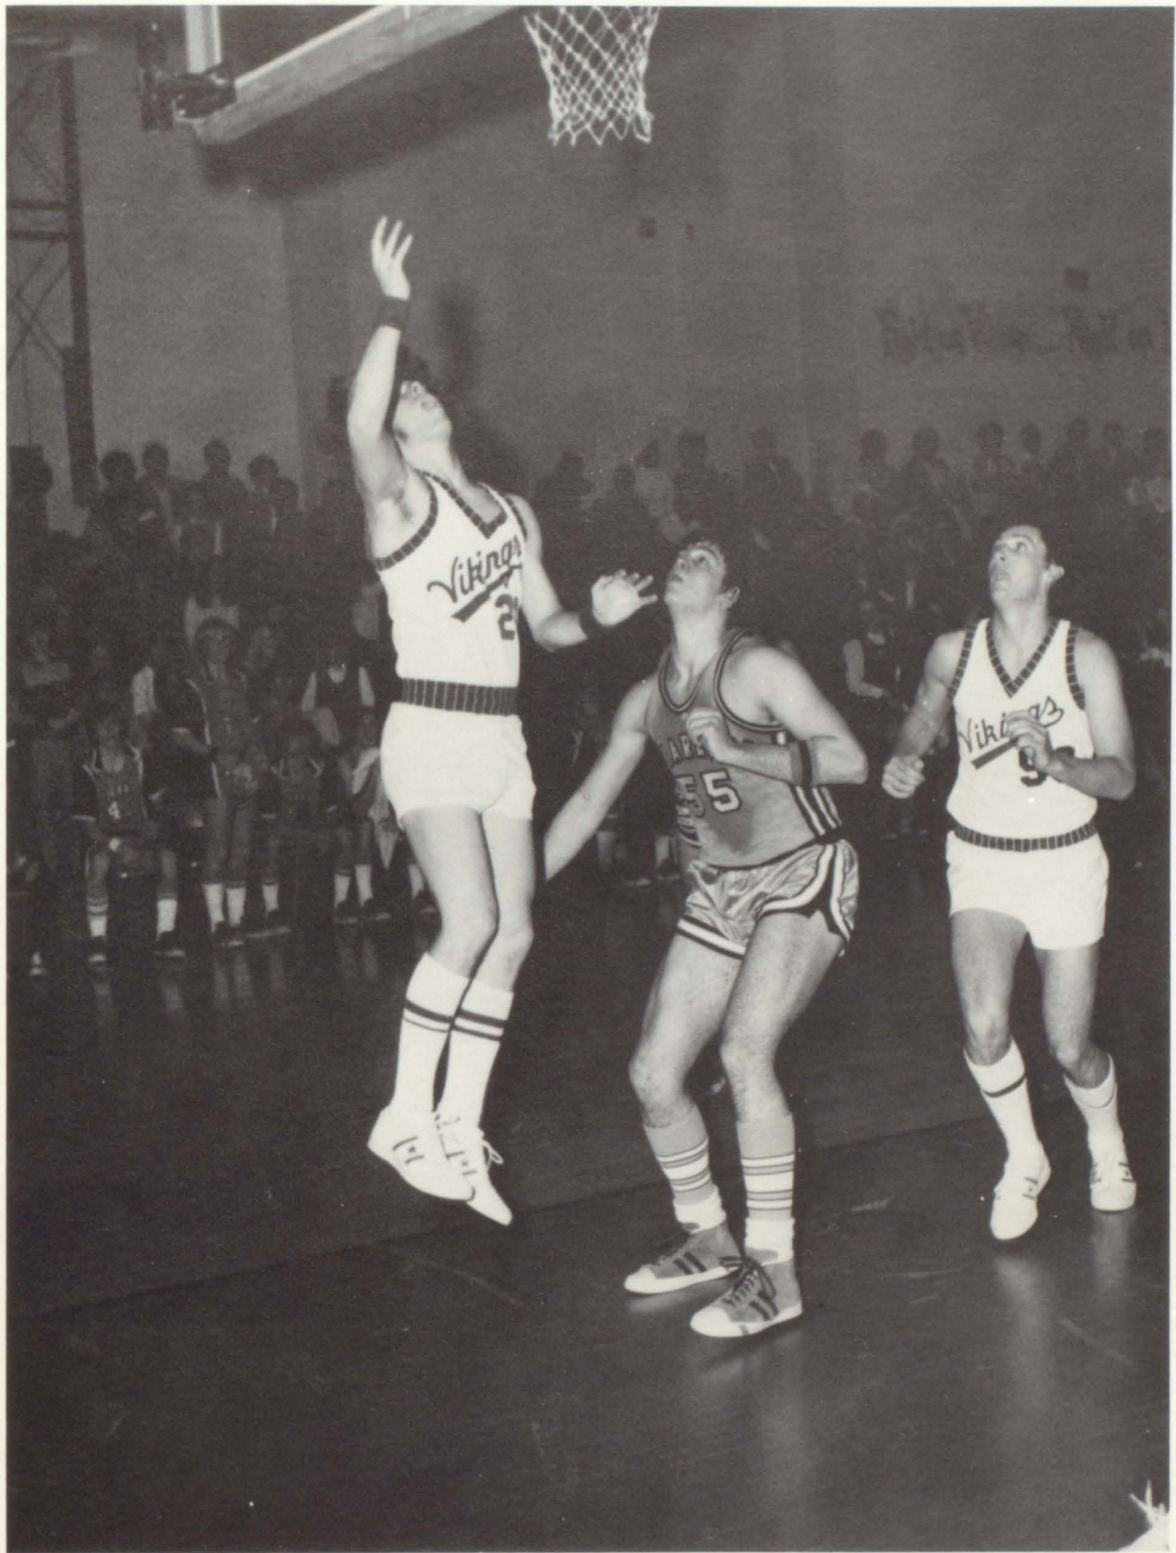

Trying to pound my
Feet — and the ball —
Through the floor —
Pushing harder and harder.
A victory would feel
Really good right about
Now —
Will the tension ever break?
And the guys on the side
Waiting — impatiently —
Wanting to be out there —
Wanting it
Their way.
I've got to get there before
He does —
I've got to beat him at
His own game —
Once I get started, no one will
Stop me —
But in the end, the tension
Will Break,
The ball will give one final
Bounce,
And we'll all go home to rest
Until next time.

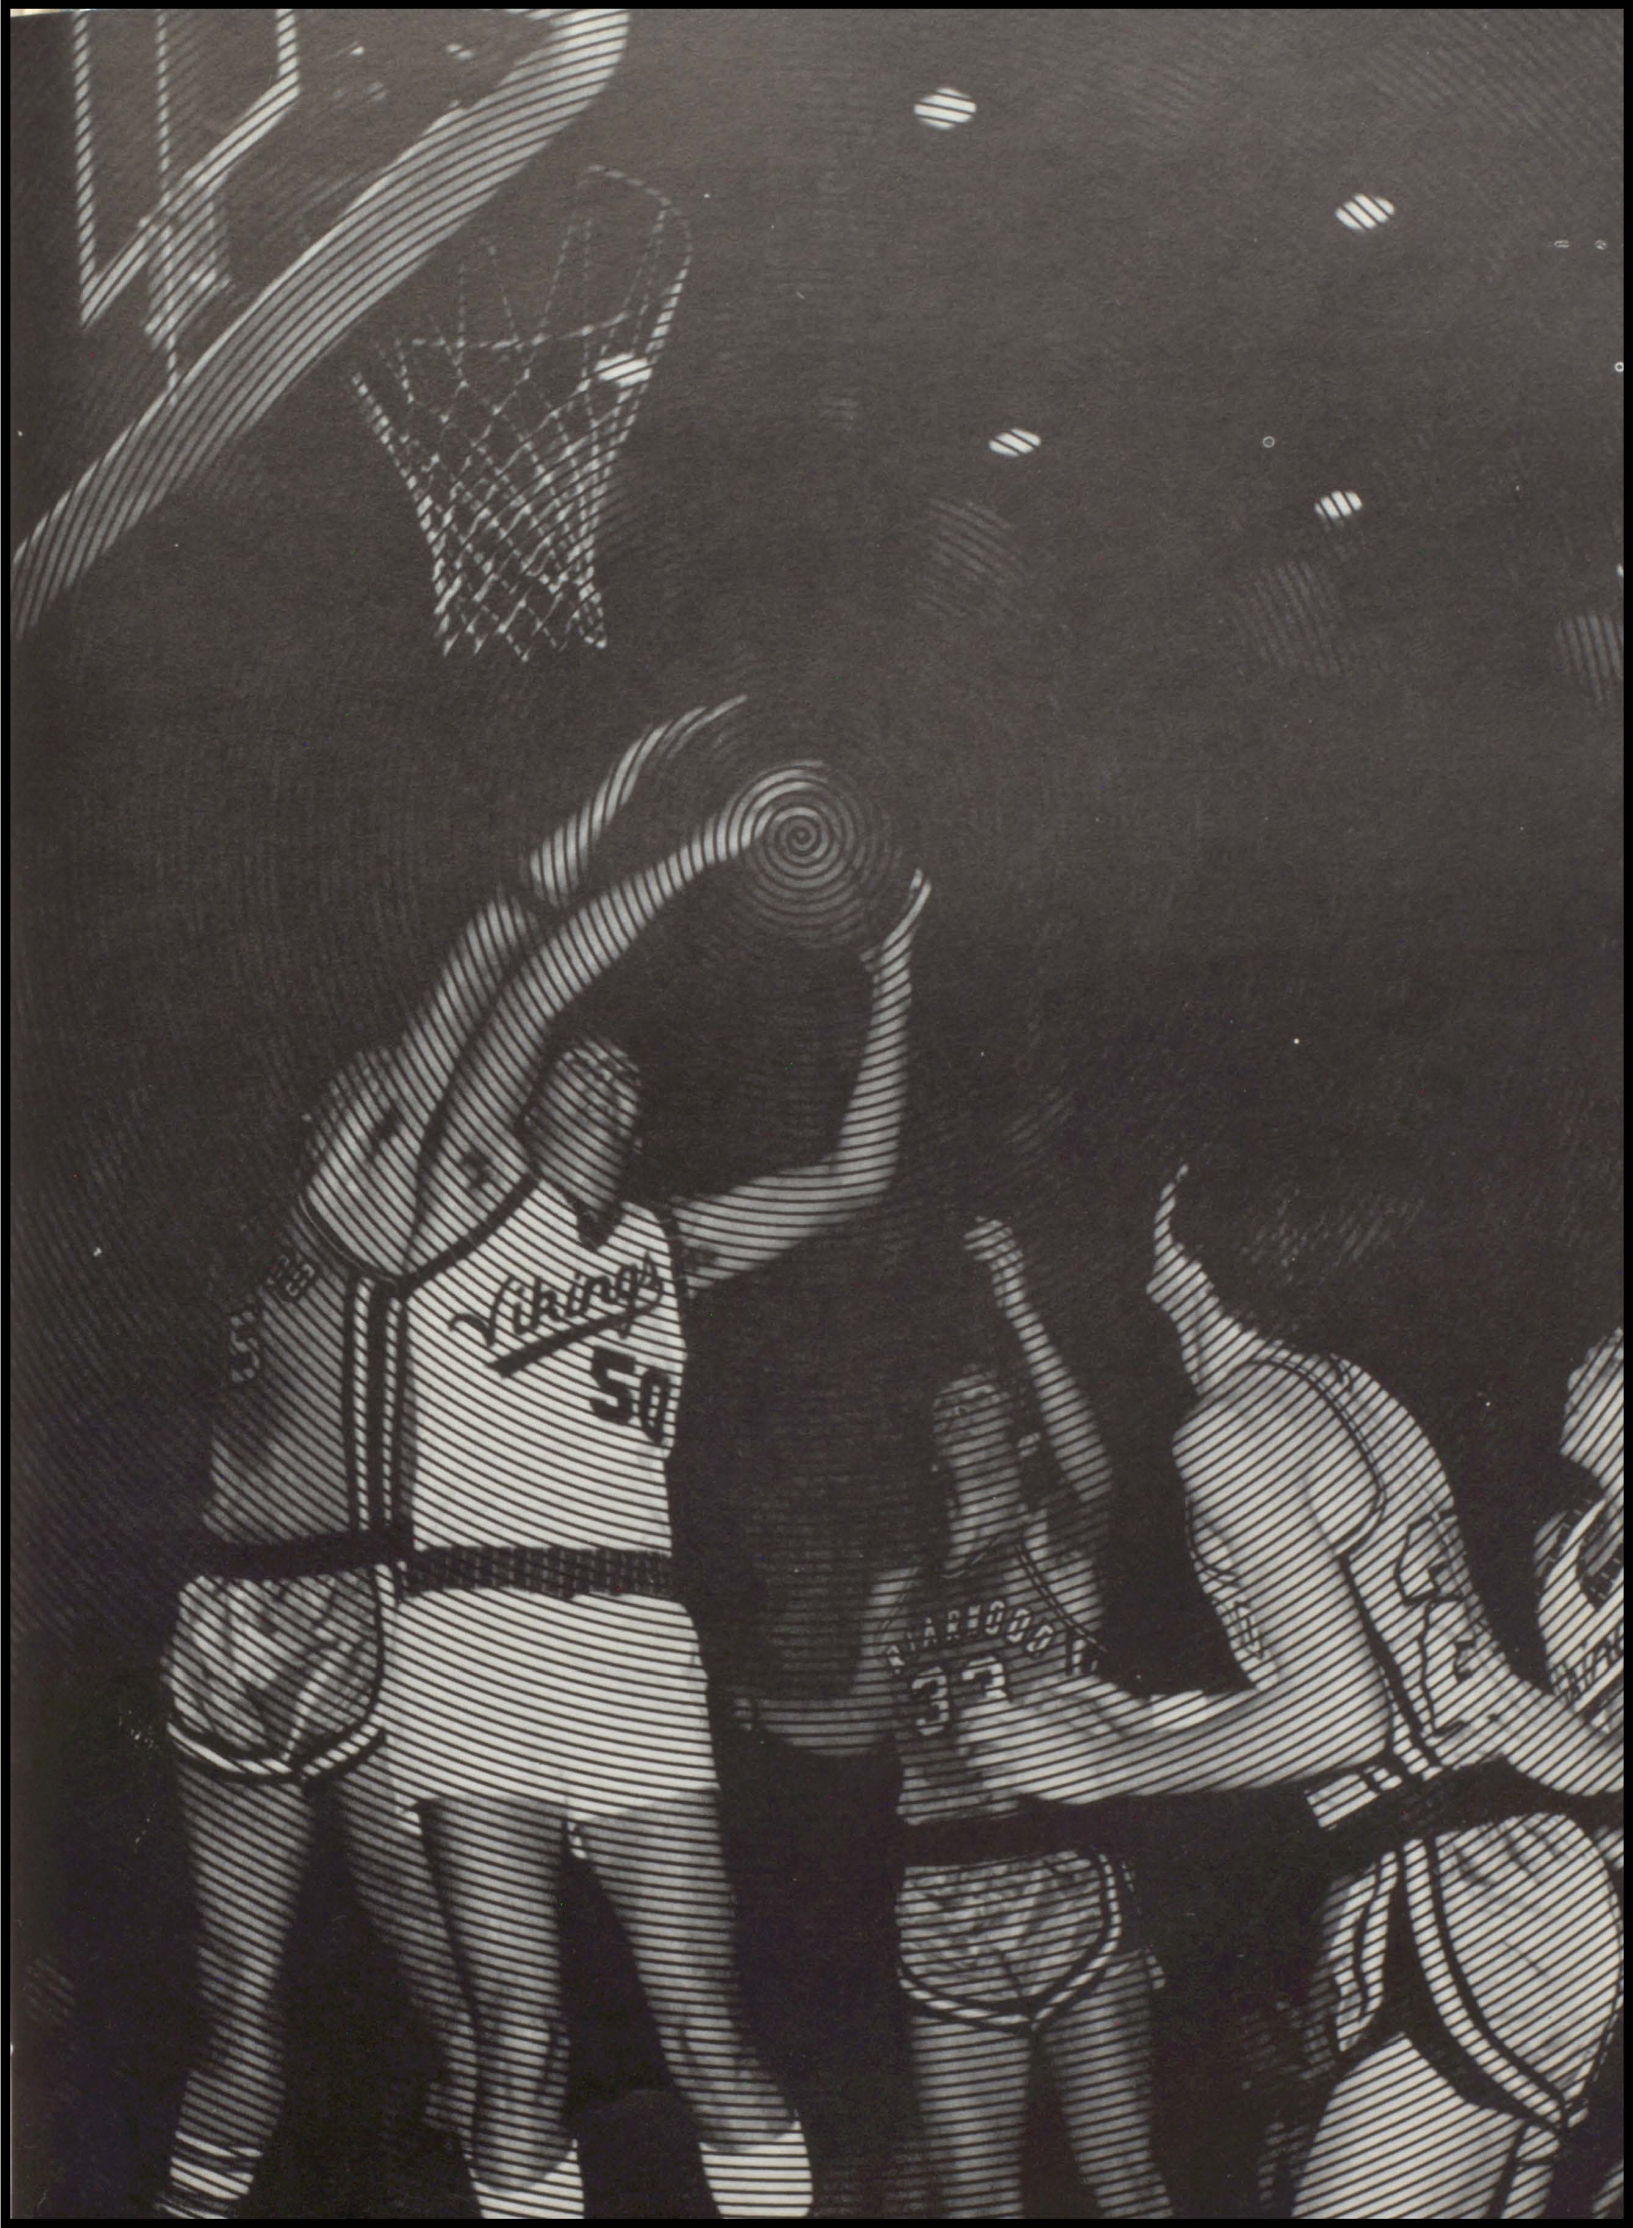

I am
Reaching higher and higher
Trying to push that
Ball a little farther —
Trying to make it fall
Over into that ring
And into a victory
For us.

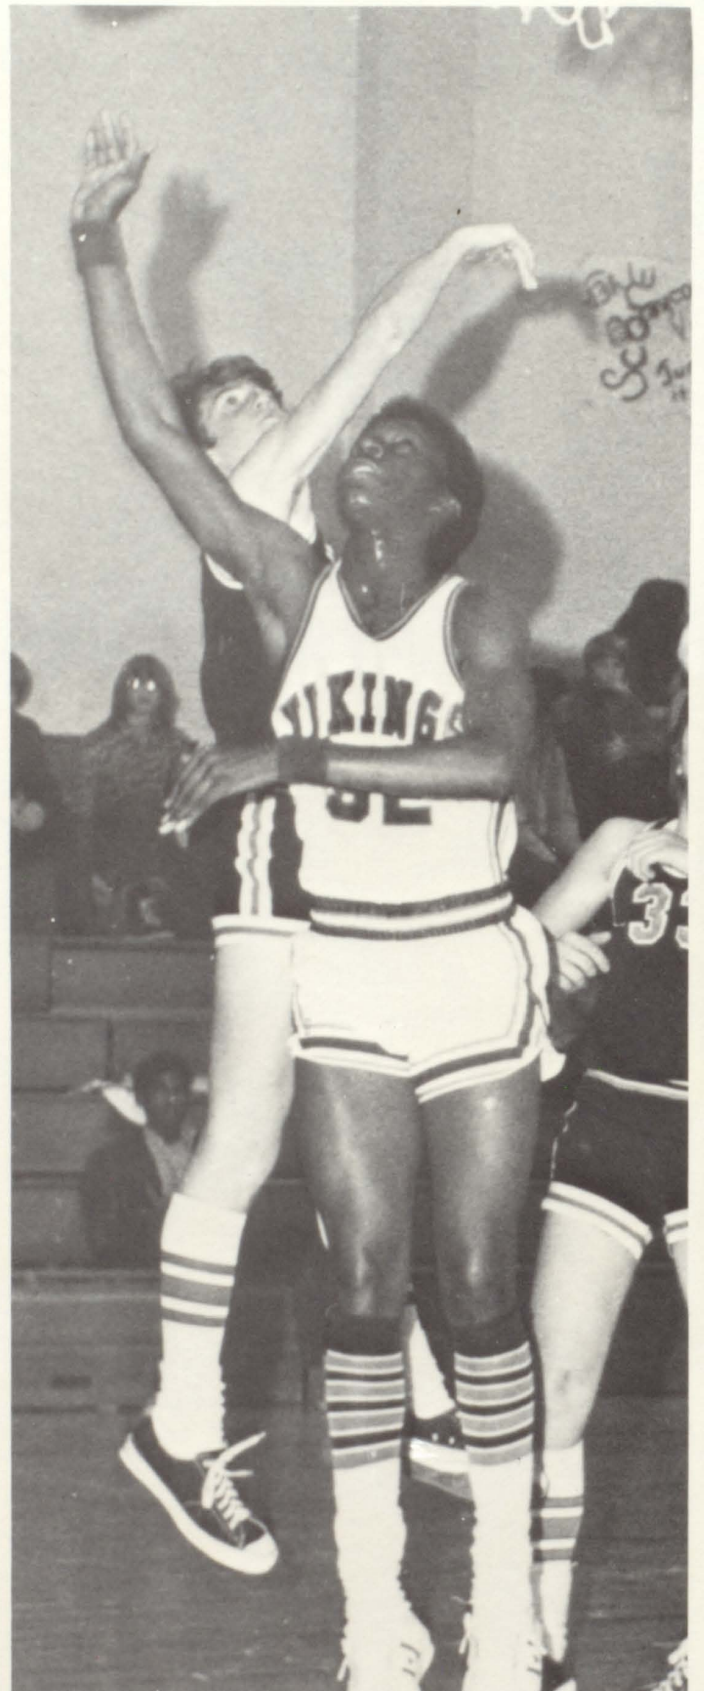

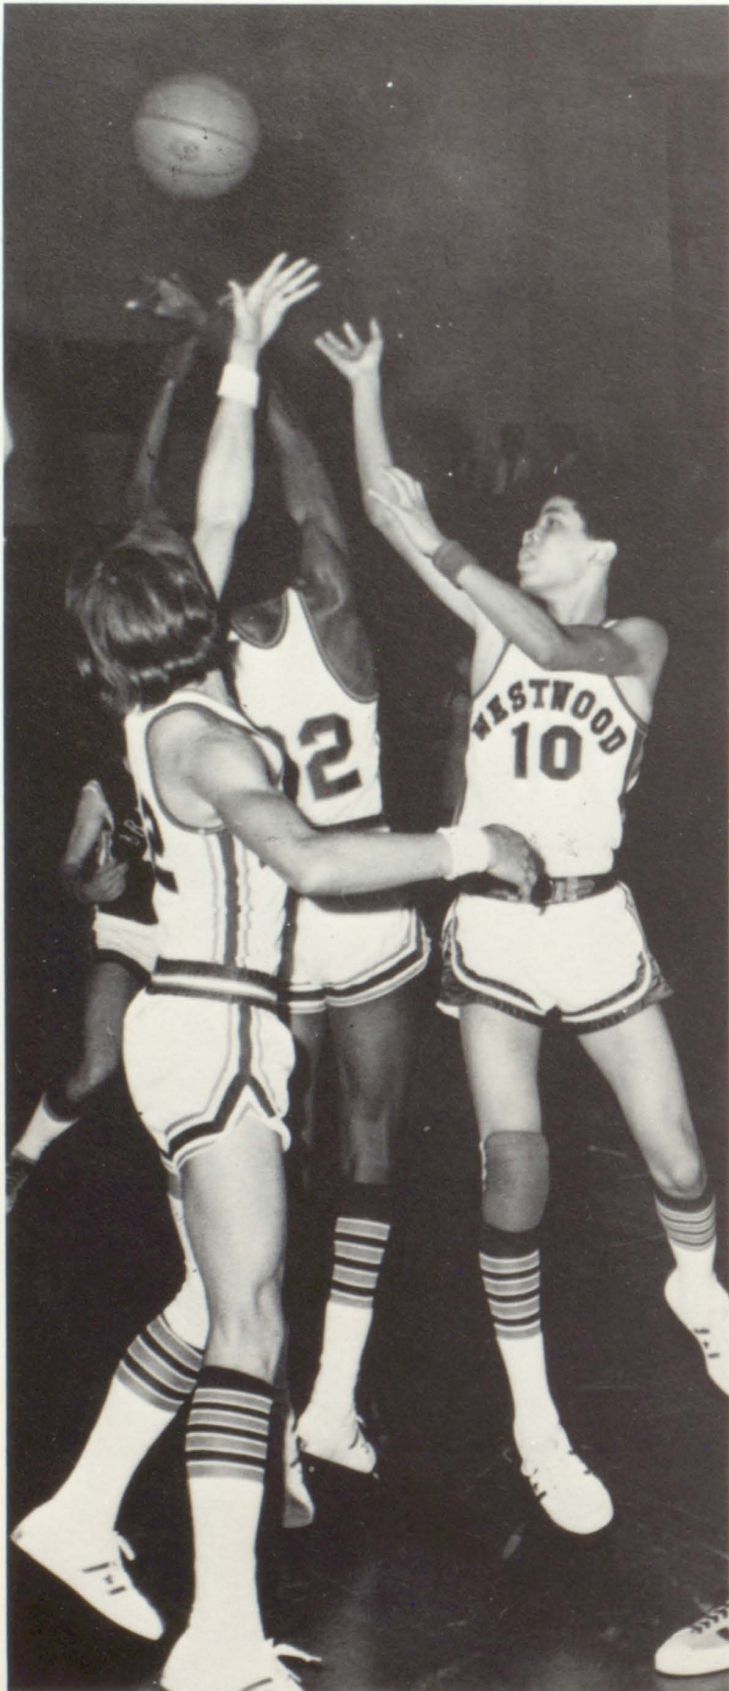

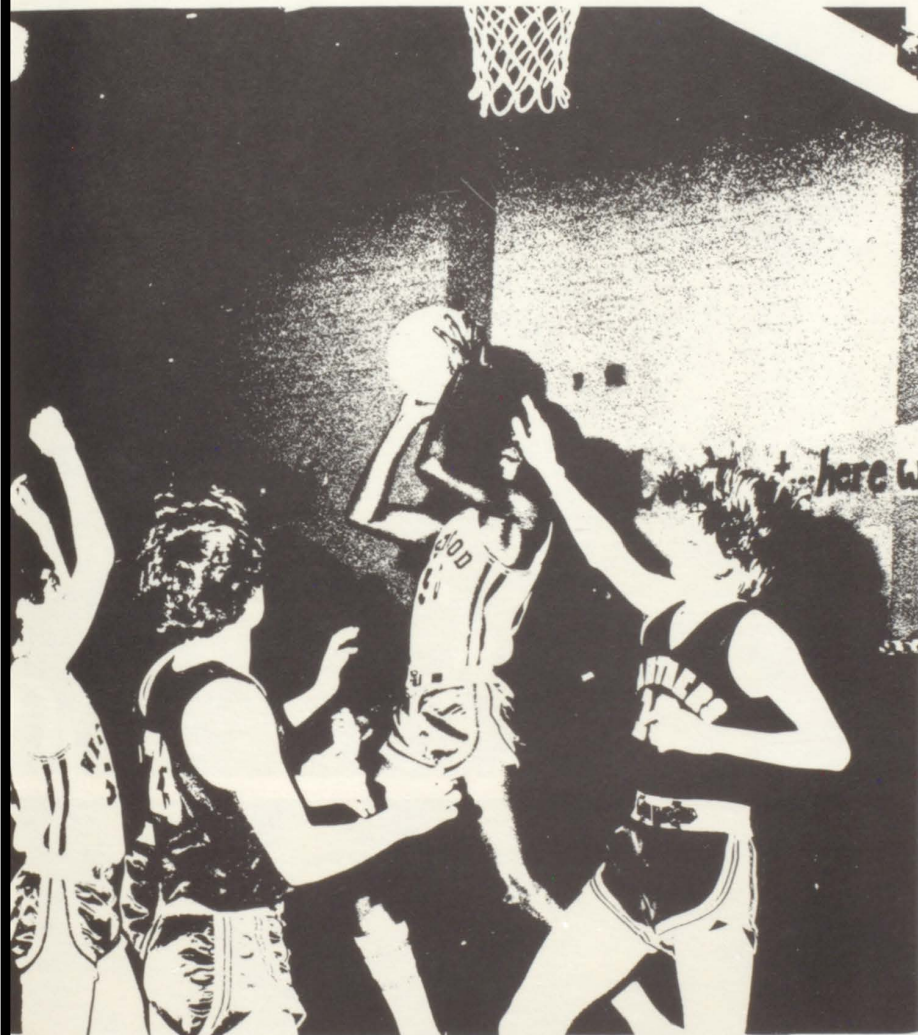

A good winning streak — today's promise of tomorrow's varsity team

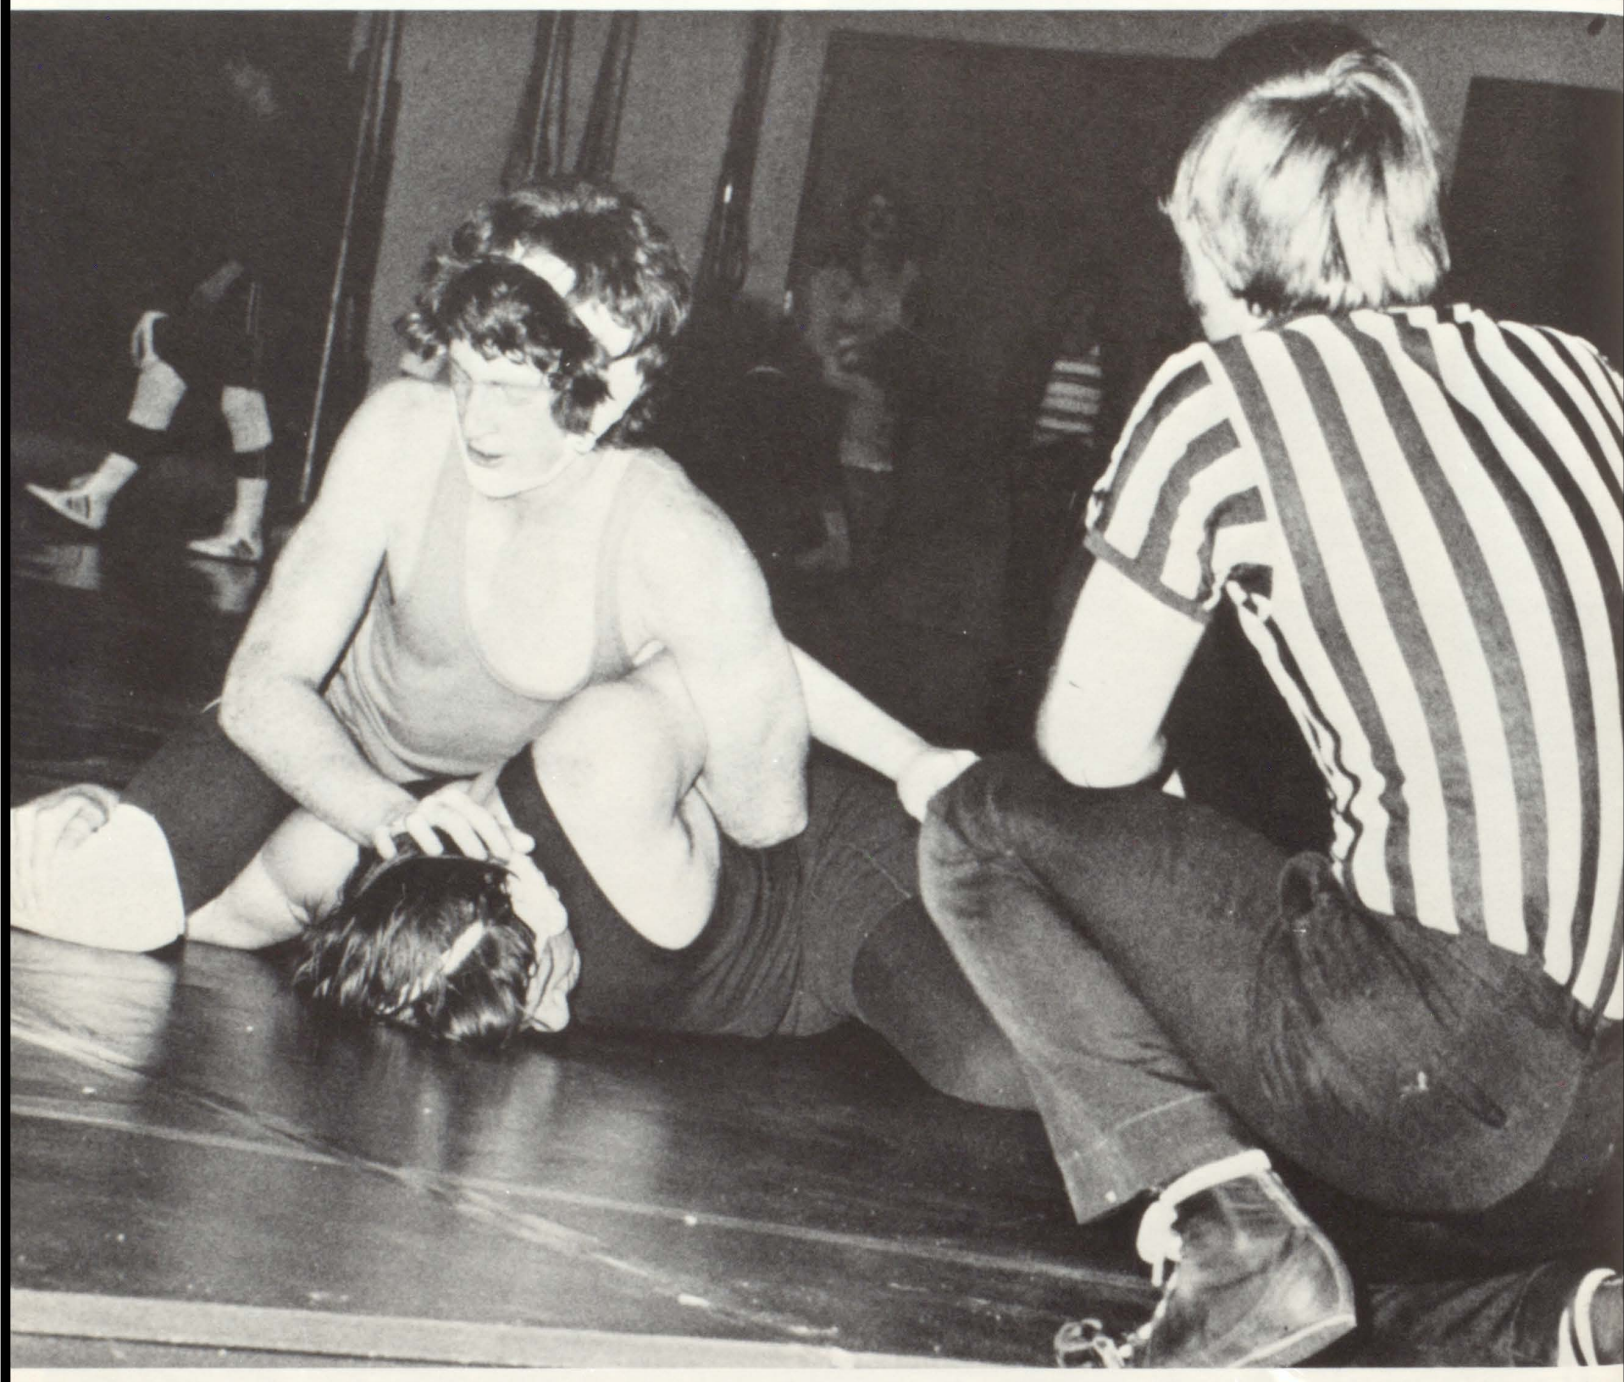

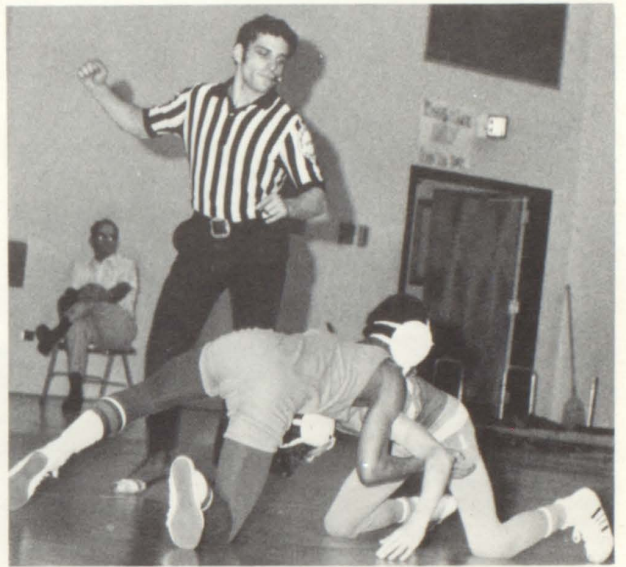

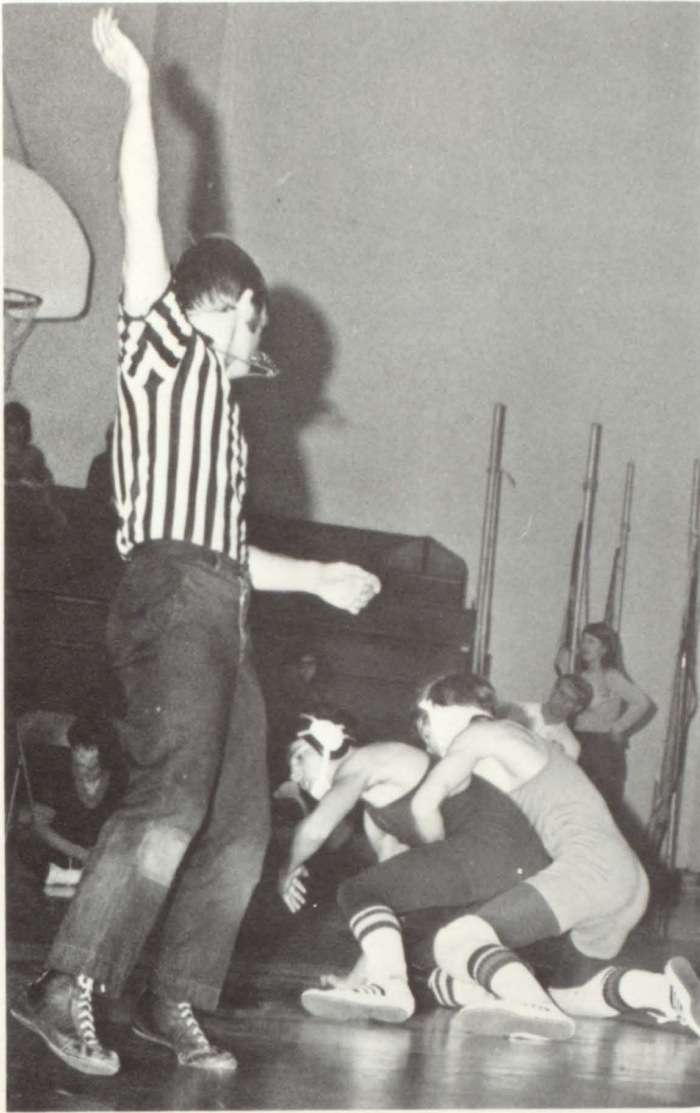

Hopes of becoming
Quicker and of
Growing a few more
Inches

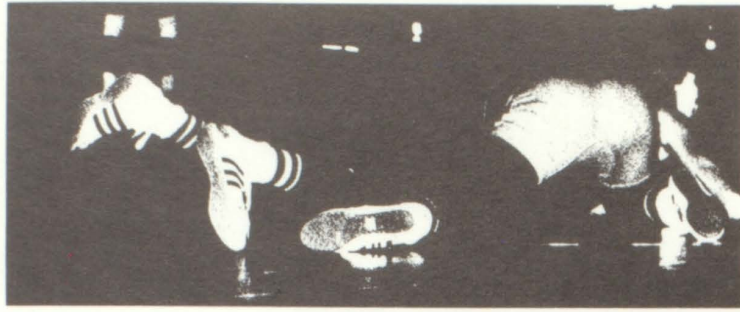

Brute force — Strength pitted against strength —

I am power magnified, steel personified, strength multiplied.

We waited.
 The contestants waited.
 And especially,
 Those three senior girls
 Waited.
 Then,
 From nowhere,
 The winner's name
 Was announced.
 The tension exploded;
 In a matter of seconds,
 The gym went from
 A tense silence
 To a mass of applause,
 Camera flashes, spotlights,
 and tears of joy
 And tears of disappoint-
 ment.
 But one girl reigned
 Vickie Leggett,
 Miss Westwood 1974.

Special Honors

I am
In need of recognition-
Hoping to achieve not only
The best for myself, but
Also the best for Westwood.
Therefore, I am special.
I am without limits
Advancing together
With Westwood-
Therefore, I am being honored

A visit from a man who
Cares enough about the future
Of Georgia to speak to those
Who care enough about the future
Of their government

The best at preparing delicious delicacies in the kitchen-
Her favorite toy as a child was probably an "Easy-Bake Oven" •
Donna Cochran all that boot stompin' really paid off —
Practice makes perfect and the drill team was really on their toes •
A body with beauty and a body with bulk-
(or is it a bathing cutie and a female hulk?) Paula Nichols, Dan
Mitchell

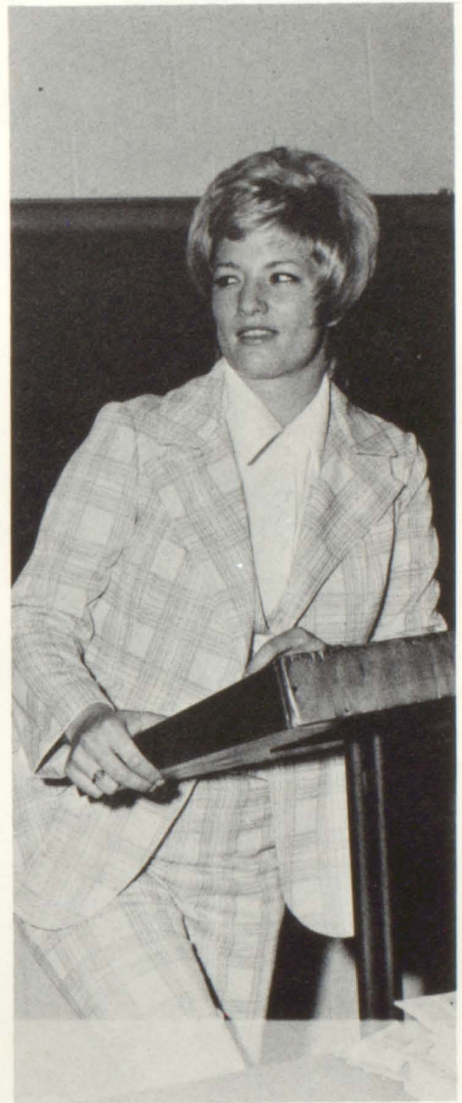

I am supreme in the state — Angie Meyers, Dan Mitchell, Cindy Brown •
Another rung added to the ladder of my achievement • The student who receives the highest rating given
for academic achievement — Gerald Moody •
An excellent rating for his teacher, too — Dewey Kitchens •
It has been found that her founding fathers fought for a free nation —
Now she is Westwood's daughter of the America Revolution — Donna Cochran •

Teacher of the Year — Miss Pam Sweat

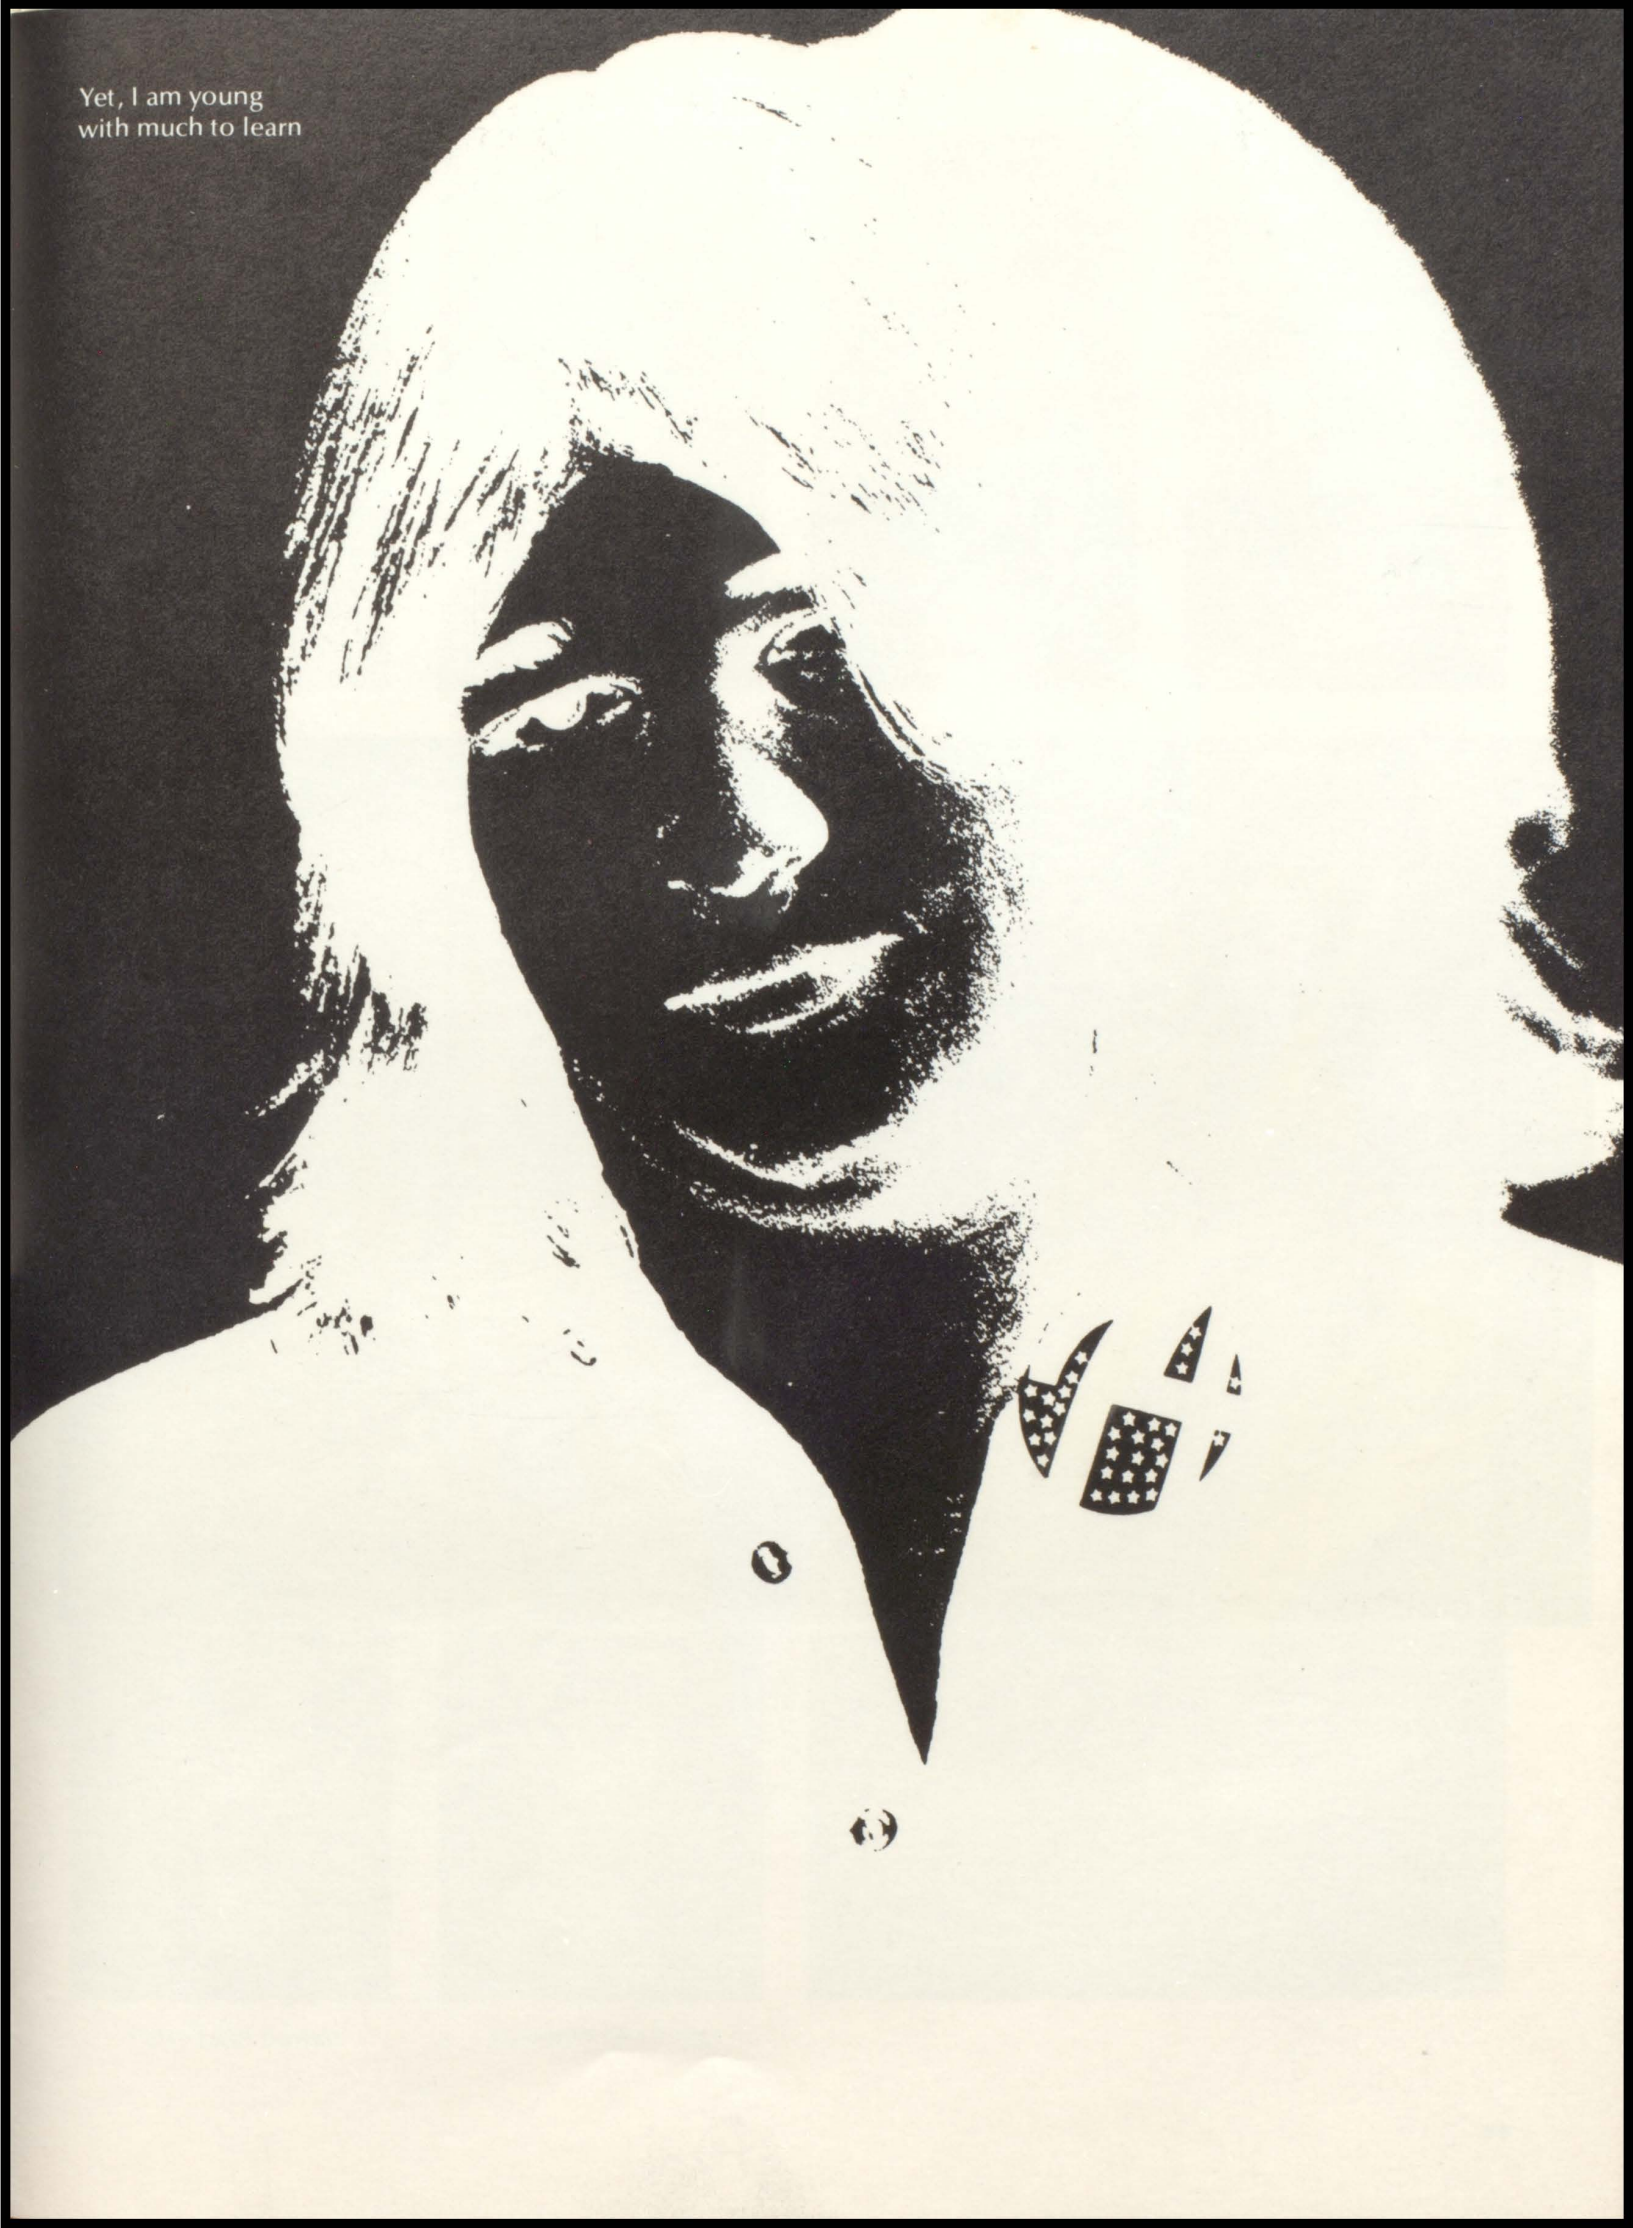

I am admired by Westwood. Regarded as the best in my field. I always put my students first. I always expect too much of them and then am not surprised when I get it. I am the hope for tomorrow's future — right now.

I am older now
with much knowledge . . .

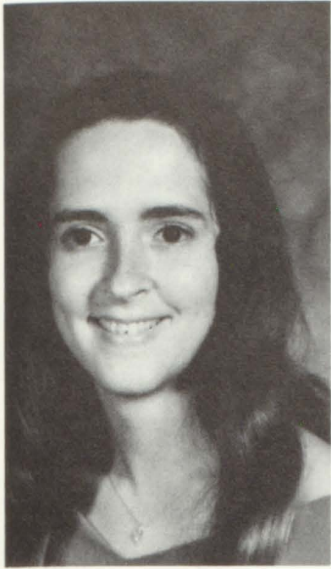

Yet, I am young
with much to learn

I am
Older now, unafraid
Sure of today, but - tomorrow?
We've only just begun-

This year is all I have
And these hours my eternity-
If I waste this year
I destroy all I've built-
Each minute today
I grasp for-
Because it will never return to me-
This is my last chance to prove
Who I am!

We're at the end of the road now,

I can pass go.

I am
scared
confused
alone

I am silent in a world of confusion
I am without direction
I am all that is left

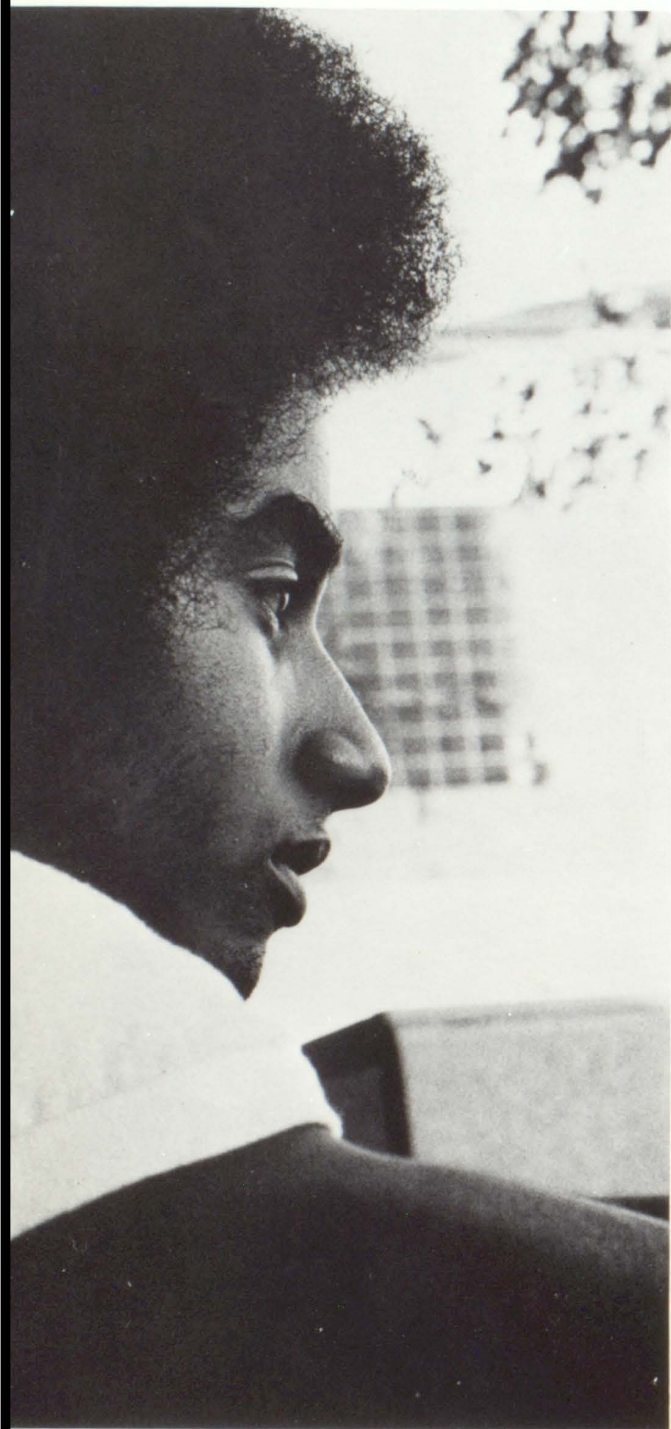

Should we look to the past for our future?

But, I am the future — .

I can accomplish far more than I have.
I am the end product of thousands of years of evolution.
I am.
Aren't I? . . .
