Construction On New Tobacco Warehouse Starts This Week

W. H. Miller, President of Central Tobacco Warehouse, Inc.; Building to Cost \$50,000 to \$60,000

Construction work on Johnson City's third modern tobacco warehouse, which is to be known as the Central Tobacco Warehouse, Inc., will be started as soon as a number of old buildings are removed from that section on Cherry street at the rear of the Miller-Costello-Brown Company. The buildings are to be removed immediately and actual work is to get under way this week to make room for the new warehouse.

The warehouse, when completed, will be one of the largest in this section and will be modernly equipped for the handling of tobacco. The building will have 75,000 square feet of floor space and will cost between \$50,000 and \$60,000.

Miller President

E. H. Miller has been chosen president of the Central Tobacco Warehouse with J. E. Brading and Paul B. Carr as vice-presidents. D. T. Miller has been named secretary.

The board of directors of the new concern includes: C. L. Marshall, S. H. Carr, John P. Rhea, W. W. Miller, E. H. Miller, J. E. Brading, Paul B. Carr and D. T. Miller.

An additional tobacco warehouse is one of Johnson City's paramount needs and the new structure will greatly increase the amount of tobacco which will be sold here next fall and winter. In the past, scores of tobacco growers have been forced to take their products to other markets due to the fact that only two houses have been available here.

With the new warehouse, an effort will be made to secure two sets of buyers for the three houses instead of only one set. This will also speed up the work of packing the tobacco and making room for other baskets on the floor.

Used For Meetings

Officials of the new warehouse also announced that the building will be available for mass meetings, revivals and other religious services, or for any public gathering, when not in use during the tobacco selling season.

This feature is also outstanding as Johnson City has lost a number of conventions in the past because a large building was not available where several thousand people could congregate.

Gap Creek Winner Of District Tourney Defeats Keenburg By Score of 25 to 18

ELIZABETHTON, Tenn., Mar. 28—Gap Creek boys won the finals in the elimination tournament held at the Keenburg by winning from the Keenburg boys by the score of 25 to 18. Gap Creek and Keenburg went into the finals of the district tourney from Elizabethton, Tenn. The Keenburg girls were without opposition.

The final game was hard fought from beginning to end with the Gap Creek boys showing greater strength in the last periods. The score at the half way route was tied at 9 all.

Lineup:
Gap Creek (25) Keenburg (18)
Edens F. G. Bateman
Campbell F. Marven
Kyte C. Jenkins
Fair G. Estep
Williams G. Davis

Subs.: Keenburg; C. Bateman, Referee: Treadway.

Keenburg defeated Central in the semi-finals by the score of 43 to 14. Keenburg was never in danger. Gap Creek won their first game from Range by the score of 26 to 23 in a hard fought struggle.

President Nearing End Of Vacation

Spends Last Day at Sea Amid War-time Memories

U. S. S. ARIZONA, Mar. 28.—(AP)—Returning from the American West Indies, President Hoover spent this, his last day on the high seas, in rest and reminiscence preparatory to his return to the White House on Monday.

Although he was kept in touch with Washington, he restricted business throughout the trip to discussion of the problems in Porto Rico and the Virgin Islands. Even that was forgotten today as the President listened to wartime yarns with ne on the quarter-deck in the big guns.

The President recalled his experiences as director of B and spent the afternoon in expectation of disembarking at Hampton Roads, Va., to reach Washington before midnight tomorrow.

Automobile Show Closes After Most Successful Display; 5,000

Johnson City's first automobile show came to a successful close Saturday night, after having entertained over 5,000 visitors and introduced all the new models of passenger automobiles in an attractive manner.

The affair was one of the most successful ever staged here, and the decision is unanimous that it shall be an annual event. Dealers report many sales and a number of prospects for the new models; and a large number of the display models bore the "Sold" cards when the show ended.

The location was ideal for such a display—the large second floor room of the John Sevier Garage, easily reached, centrally located, and in a fire proof building. Hundreds from other cities were visitors during the three days of the show.

The high school orchestra again gave two programs, afternoon and night, with frequent applause by the large crowd enjoying the music. Various entertaining features and souvenirs given by various dealers attracted many. The public probably knows more about the 1931 models than those of any former year—due to the automobile show which was well staged by the Johnson City Automobile Dealers Association.

Prizes

Saturday night winners are: Master George Pitts, son of John Pitts, 515 West Maple street, first prize, \$20; second prize, \$10, to Mrs. W. R. Repass, 218 East Unaka avenue; third prize of \$5 to holder of number 4084, and will be held until Monday noon.

Friday night's winners were: First prize of \$20 to Miss Mary Alder, 1007 North Roan street; second prize of \$10 to J. H. Heck, People's Drug Store; third prize of \$5 to holder of number 2653.

Thursday night winners are: First prize of \$20 to holder of 1322-A; second prize, \$10, to W. H. Brinkley, 1155 East Fairview avenue; third prize of \$5 to holder of number 1302-A.

The unclaimed awards will be held at the Chronicle-Staff-News office until 12:00 noon Monday, March 30.

Chamberlin, 309 W. Pine, sided over the contest, were Don C. Boyer, G. and Harris Wofford.

Another Orchestral

A special musical program given from 9:30 to 10:30 Monday night by Ray F. broadcasting and dance. This musical unit will feature at the Majestic.

CONSTRUCTION ON NEW TOBACCO WAREHOUSE STARTS THIS WEEK

W. (sic.) H. Miller, President of Central Tobacco Warehouse, Inc.: Building to Cost \$50,000 to \$60,000

Construction work on Johnson City's third modern tobacco warehouse, which is to be known as the Central Tobacco Warehouse, Inc., will be started as soon as a number of old buildings are removed from that section on Cherry street at the rear of the Miller Brothers Lumber Company. The buildings are to be removed immediately and actual work is to get under way this week to make room for the new warehouse.

The warehouse, when completed, will be one of the largest in this section and will be modernly equipped for the handling of tobacco. The building will have 75,000 square feet of floor space and will cost between \$50,000 and \$60,000.

Miller President

E.H. Miller has been chosen president of the Central Tobacco Warehouse with J.E. Brading and Paul B. Carr as vice-presidents. D.T. Miller has been named secretary.

The board of directors of the new concern includes: C.L. Marshall, S.H. Carr, John P. Rhea, W.W. Miller, E.H. Miller, J.E. Brading, Paul B. Carr and D.T. Miller.

An additional tobacco warehouse is one of Johnson City's paramount needs and the new structure will greatly increase the amount of tobacco which will be sold here next fall and winter. In the past, scores of tobacco growers have been forced to take their products to other markets due to the fact that only two houses have been available here.

With the new warehouse, an effort will be made to secure two sets of buyers for the three houses instead of only one set. This will also speed up the work of packing the tobacco and making room for other baskets on the floor.

Used For Meetings

Officials of the new warehouse also announce that the building will be available for mass meetings, revivals and other religious services, or for any public gathering, when not in use during the tobacco selling season.

This feature is also outstanding as Johnson City has lost a number of conventions in the past because a large building was not available where several thousand people could congregate.

HUGE TOBACCO WAREHOUSE TO BE BUILT BY MILLER BROTHERS

Definite plans for the erection of a large, modern, fireproof tobacco warehouse on the block now occupied by the retail lumber and building material department of Miller Brothers Company have just been announced by Miller Brothers, whose lumber operations will here after be devoted to the manufacture of hardwood flooring at their plant on West Walnut street.

To make space for the tobacco warehouse, Miller Brothers announce they have disposed of the retail section of their lumber and building material business located on Noan (sic.:Roan) and Cherry streets, but that their offices will remain at that location.

Huge Warehouse

The warehouse it is announced, will occupy the building now used by Miller Brothers as warehouse for lumber and building supplies, and in addition the large space now used as a lumber yard and lying west of the existing building will be covered. The completed warehouse, of the most modern construction, will be 160 by 470 feet, making available 75,000 square feet, will be fireproof, and have all needed facilities, including railway sidings (sic.) and ample for vehicles parked for unloding, and located at the intersection'

at principal state and interstate highways. Miller Brothers are at the head of a company being organized for the erection and operation of the tobacco warehouse, which is to be started within the next few months and will be completed by the fall of this year.

To Aid Market

Necessity for additional warehouse facilities at Johnson City has never been more apparent than it has this year, when the two houses here have been crowded to capacity ever since the opening of the sales season. The new warehouse will not only be able to handle the additional leaf for which Johnson City is the logical market, but will serve to center attention of the city as a growing tobacco marketing center, centrally and conveniently located in the heart of the Burley section.

Influential Concern

Miller Brothers Company whose officials are all native Johnson Citians have been identified with the development of Johnson City and this vicinity for nearly a quarter of a century. Not only have they supplied huge quantities of building material and supplies for construction work on thousands of projects, but they, both as a corporation and individually, have added numerous buildings to the city, business and residential.

The concern was organized in 1907 by E.H. Miller and W.W. Miller, who have remained president and secretary-treasurer, respectively, throughout the career of the concern. D.T. Miller, another brother, joined the concern one year later. In 1925 the company, still expanding, procured an additional plant on West Walnut street, which has been devoted to the manufacture of hardwood flooring, for which Johnson City is one of the principal world centers. This branch of the operation will be continued.

Official Statement

Official announcement of the additional undertaking on the part of Miller Brothers, issued yesterday, follows:

"Effective this date, we are discontinuing our Retail Lumber and Building Material Business, and have disposed of our entire Retail inventory.

"Our Hardwood Flooring Manufacturing Business is in no way affected by this change, and our offices, for the present, will continue at the same location--corner Roan and Cherry Streets.

"Our Retail Warehouse building at the corner of Roan and Cherry Streets will be extended West, covering our entire Retail Lumber Yard. This entire property to be used for a tobacco warehouse.

"The building will be 160 feet/ by 470 feet, containing approximately 75,000 square feet floor space, fireproof construction, with all modern tobacco warehouse facilities including railroad siding and ample parking space, and will be ready for the next tobacco season. A company has been organized for this purpose.

"We want to express our sincerest appreciation to all those who have been so loyal to us over the many years we have been in the Retail Building Material Business.

Miller Brothers Buy Plant In Knoxville

Announcement was made yesterday by Miller Brothers Lumber company officials of purchase of the hardwood flooring plant at Knoxville of the old Tennessee Lumber and Manufacturing company. The Knoxville plant has operated intermittently on a small scale for the past four years.

The property was bought from the Manufacturers Acceptance corporation, W.W. Miller said. He added:

"We will rebuild the plant and be ready to begin making hardwood flooring within 90 days. At that time we'll have work for about 150 men."

Johnson Citizens Return From Hunting Trip

Several local sportsmen have returned from Currituck, N.C., where they indulged in almost a week's hunting.

Members of the party, according to Dr. Walter L. Hankins, were, in addition to himself, Jay Gump, Captain F.W. Fenn, Haynes Miller and O.E. Miller.

Gump, Dr. Hankins declared, reached the three-day "bag limit" by shooting 17 geese and 42 ducks, while another member of the party got 21 mud-hens.

The group gave up their lodge two days earlier than had been planned in order to make room for Henry Ford and a party of friends, Hankins said.

HAYNES MILLER MADE 47 POINTS AT GUN SHOOT

Was Closely Seconded By Clarence Corpening and Polke Wolfe Who Tied With 46 Points.

Haynes Miller won out in the regular preliminary shoot of the Johnson City Gun Club held yesterday afternoon, with a score of forty seven points. Mr. Miller was closely seconded by C.C. Corpening and Polk Walfe (sic.), who tied with a total of forty six points. Scores made at yesterday's shoot were on the average very good. Forteen marksmen went within the forty point mark.

Scores are as follows:

Haynes Miller, 47; C.C. Corpening, 46; Polk Folfe (sic.), 46; W.T. Pewton, 45; ...; Burr Harrison, 11.

Source: newspaper article in Dotty Wilkes's scrapbook

Walter Hankins Has Perfect Skeet Score

Dr. Walter Hankins had a perfect score to lead the Andrew Johnson skeet shooters the past week, breaking 50 targets out of as many chances. Haynes Miller, Sr., and Maupin tied for second honors by breaking 49 out of fifty shots.

Other scores were:

Rose 43x50, Bayless 43x50, Parks 40x50, M. Miller 14x25, Gump 13x25, Haynes Miller, Jr., 11x25, Bill Rose, Jr., 10x25.

Local Men Requested To Take Part In Forum

Five Johnson City business leaders--Sam H. Sells, L.E. Gordon, R.L. Taylor, E.H. Miller and W.W. Miller--have been invited by Fortune magazine to participate in a monthly poll of executive opinion on important national problems, the magazine announced today in New York.

Business leaders throughout the nation will be queried by mail, and replies will be kept confidential. Many of the questions will come from forum partici-

pants and trade associations.

Findings will be published monthly by Fortune.

JOHNSON CITY GUN CLUB ORGANIZED

Officers Were Elected at a Meeting Last Night--60 Members Are Enrolled.--
Committees Named.

With an initial enrollment of sixty members, the Johnson City Gun club was organized at a meeting held in the Taylor-Anderson-Smalling store last night. The organization under the direction of C.C. Cage, of Gallatin, Tenn., was perfected by the election of the following officers: E.H. Miller, president; John Anderson, secretary; John M. Barton, assistant secretary and treasurer; Luther Morrell, field captain; Hugh F. Webb, assistant field captain.

The following committees were also appointed:...An effort will be made to secure grounds immediately and arrangements made to get necessary traps and material, and steps taken toward erecting suitable buildings that may be ready for use by April 1st.

The charter members enrolled last night are:...

Maybe It Wasn't Snowing, But One Did Need Blanket

Col. Haynes Miller and Judge Ed Vaught, prominent business men of Johnson City, Tenn., who have large property interests in Tampa, left Johnson City Friday afternoon for a visit to Tampa. When they left their home town the thermometer stood at 95 in the shade. They arrived at Tampa Sunday night and went to the Hillsboro hotel, their regular headquarters in Tampa.

At the hour of retiring, 10:30, their room was comfortably cool, as compared with the 95 in the shade they had just left. During the early part of the night one of Tampa's cooling rains came along. The colonel and judge were slumbering comfortably, but the breezes were to^(sic.) much for the East Tennessee colonel. He was getting uncomfortably cold and aroused his friend, the judge, and exclaimed:

"Judge, I'll be darned if it isn't snowing."

And yet some people say Tampa's climate is too hot to spend the summer here.

Miller Brothers Workers Vote Against AFL Union

Miller Brothers Lumber company employes yesterday were on record by a vote of 121 to 67 as being opposed to representation by the American Federation of Labor.

The election was held Friday afternoon by mutual consent of the company and A.F. of L. representatives in a garage next door to the plant. Voting took place under the supervision of Investigator J.C. McCree of the National Labor Relations Board from noon until 5 p.m. No work was done at the plant during the afternoon.

At the Central Labor Union meeting last night delegates voted to put the flooring firm on the "unfair list" because it allegedly sponsored a "company

'dominated union," in opposition to the A.F. of L.

F.T. Kyte, president of the A.F. of L. local at Miller Brothers, appeared at the meeting with several members to pledge the local will be kept active despite its defeat at the polls.

A committee on strategy and finance in the Washington County Gas company strike at the CLU meeting reported between \$400 and \$500 was collected this week to aid the striking union workers.

Source: newspaper article in Dotty Wilkes's scrapbook

Mr. and Mrs. E.H. Miller, Dorothy Miller, Dick Miller, and Mr. and Mrs. G.L. (sic.?) Gump, all of Johnson City, Tenn, and C.H. Liebe, of St. Petersburg, had 404 fish to divide when they returned to Cuscaden's Gandy bridge fishing park yesterday from their trip out in Old Tampa bay with Capt. Barney Barnhill as guide. They landed 38 trout and two whiting, weighing from one and a half to two pounds. Live sardines were used for bait.

Source: newspaper article in Dottie Wilkes's scrapbook

WITNESSING the 66th running of the Kentucky Derby at Churchill Downs yesterday were the groups pictured above and at left. They are (left to right) Mrs. Charles Wolff, 3rd, Elizabethton; Mrs. Welsford P. Artz, and Dr. and Mrs. Lee K. Gibson, Welsford P. Artz, E. Haynes Miller, Mrs. Carl A. Jones, Sr., Bristol, Va.; Mrs. Jack Cummins, and Mrs. Allen Harris. In the photograph at left are: E. Haynes Miller, Carl A. Jones, Bristol, Va., and Jay Gump. Mr. Gump did not attend the race. The party was photographed in a special coach of the Memphis Special just prior to departure for Louisville, Ky.

E.H. Miller Dies; Headed Johnson City Lumber Firm

Special to The Journal (Knoxville)

JOHNSON CITY, April 25.--Elbert Haynes Miller, 61, chairman of the Miller Brothers Lumber Co., died at his office at the plant about 9 a.m. today. Cause of death was declared a heart attack. He was born at Fayetteville, Tenn., Feb. 23, 1881, the son of Dr. Walter James Miller, veteran Johnson City physician, and Sallie Haynes Miller.

He was a graduate of the Johnson City Science Hill High School and worked for the Unaka Lumber Co. before entering business with his brother, W.W. Miller, with whom he formed the Miller Brothers Lumber Co., August 16, 1909.

He married Marion Friberg Feb. 8, 1911. He was greatly interested in hunting and fishing and was known as a sportsman throughout many states. His main hobby, however, was his interest in the work of the Girl Scouts, which work he did much to further in East Tennessee.

Funeral will be held from the residence at 4 p.m. tomorrow. The Rev. Harry F. Keller of St. John's Episcopal Church will officiate. Burial will be in Monte Vista Cemetery.

Survivors are the wife, three children, Mrs. Sara Miller Gump, Miss Marion Haynes Miller and Miss Dorothy Jane Miller; one brother, W.W. Miller; one half-brother, David T. Miller; one half-sister, Mrs. Emily Miller Barlow, and two grandchildren, Louis Mayne (sic.: Haynes) Gump and Sara Adelaide Gump.

Out of town relatives attending the services will include Dr. and Mrs. S.R. Miller and son, Sam, Knoxville; W.W. Miller Jr., and son, Dick, Knoxville; Mayne Miller of the University of North Carolina and Haynes Miller of the Greenbrier Military Academy, Lewisburg, W. Va.

Miss Dorothy Jane Miller will arrive Sunday morning by plane from Cornell University, Ithaca, N.Y.

Active pallbearers will be Dr. Lee K. Gibson, Edwin Hunter, Oscar Miller, Horace Burleson, R.A. Lacy, Welsford P. Artz, W.E. Tomlinson and Joe A. Summers.

J.C. article similar--also lists Mrs. Jane F. Rice of Indiana as an out-of-town relative

Johnson City Girl Scouts Honor Memory of E.H. Miller

Johnson City Girl Scouts have placed 33 books in the Mayne Williams Public Library in memory of E. Haynes Miller, who built the present Scout cabin, Edgewood Lodge, and who worked closely with the local Scouting program over a period of 19 years, Miss Mary Elsie White, local executive secretary, announced yesterday.

The books, selected for universality, follow the ten fields of interests stressed in girl scouting--arts and crafts, community life, literature and dramatics, fiction, homemaking, music and dancing, nature, sports and games, out-of-doors and international friendship.

Miller, who died in April, 1942, began his connection with scouting when he furnished an apartment for troop meetings and other activities near his family's former home on East Unaka avenue.

When the family moved to 809 North Mountain View Circle in 1929, Miss White continued, Miller carried along the Girl Scouts' lodge when he erected a cabin from historic logs of this section. This lodge is the present gathering place for local Scouting activities.

Put His Stamp Of Approval On Lodge

A short while before his death, Miller put his stamp of approval on a remodeling plan for Edgeworth Lodge, a name he selected from a list suggested by the girls.

The organization expects to add new books to the memorial shelf yearly.

The memorial books were listed in groups as follows:

Arts and Crafts: "Color," by Herbert Martini; "Pencil Sketching,"...

ANDREW FRIBERG

Andrew Friberg, one of the founders of the Moline Plow Company, a stockholder in the same, and inspector of agricultural implements, and general superintendent of the shops, was born in Sweden, April 8, 1828. He learned the blacksmith trade in his native country, and in 1850 emigrated to the United States. Arriving at Chicago, he spent nine months in that city, and then, in 1851, came to Moline, this country. He immediately began work for Deere, Tate & Gould, and seven months later was promoted to the position of foreman of the blacksmith department, which he held for 12 years. In 1864 Mr. Friberg went to Idaho and Montana Territories, spent about seven months in the mountains, and in the fall of the same year returned to Moline, and in 1865 formed a partnership with Henry W. Candee and R.K. Swan, under the firm name of Candee, Swan & Co., for the manufacture of agricultural implements, Mr. Friberg acting as mechanical manager of the works. Soon afterwards Mr. George Stevens bought an interest in the works and subsequently Mr. S.W. Wheelock became a partner. In 1870, the company was incorporated under the State laws, with a capital stock of \$400,000, under the name of the Moline Plow Company. (See history of this important manufacturing establishment elsewhere in this work.) Mr. Friberg was elected one of the directors of the company, and superintendent of the shops, and served as such until 1876, when he retired on account of impaired health. Three years later, he resumed active relations with the company, since which time he has been inspector of agricultural implements and general superintendent.

Mr. Friberg was united in marriage, in Rock Island, Nov. 20, 1854, to Miss Louisa Peterson, who was born in Sweden. She has borne her husband eight children, five of whom are living: Albert B., born at Moline, Nov. 15, 1855, died Sept. 20, 1862; Cassius D., born Aug. 19, 1858; Edward F., born

March 24, 1861, died Nov. 12, 1862; George H., born Oct. 25, 1863; Ina J., born June 9, 1866; Kornelia L., born July 10, 1869; Minnie N., born April 17, 1872, died April 7, 1875; and Oliver P., born Aug. 9, 1876. The wife and mother died March 5, 1883, at Moline, mourned by many relatives and a host of friends.

Mr. Friberg, as is shown by the above sketch, was one of the founders of one of the most important establishments in the Northwest, and is the only remaining partner of the original firm now connected with that institution. He has, with the exception of two or three years (during which time he was incapacitated by impaired health), been one of the leading spirits of the business. His thorough mechanical knowledge and faithful supervision of the work has done much to insure the perfection of the work turned out, and to aid in bringing the quality of the plows and other farm machinery made by this company up to the high standard which it has attained. As a business man and citizen, he is held in high esteem by a large circle of acquaintances, his broad and cosmopolitan views of life having led him easily into the ways and habits of the people of the New World, with whom he fraternizes so naturally. He is liberal in his religious views, while a friend to Churches in general. He has never been ambitious of the honors of office, and it is said was never known to accept any offers but that of Village Trustee of Moline in the early days of the history of that town. Politically, he is identified with the Republican party.
