Mr John Alpheus Sherfy,
Goodgrace — what a name.
My name not quite that long.

✓ Dearest John.

What a mess I have made the
Pen is leaking. But Dear if
you put on your glasses perhaps
you can read this.

I was so anxious to get your
letter. Darling it seemed so long
since sunrise. But Dear child
I was not forgetting you you
are in my mind all the time.
I went to the City today and
finished getting my things.

And came home at noon and
packed the rest of my things.

Sweetheart Dear it is raining
to night. And I am so
glad. We was needing rain
so fast.

Mrs Galnee is a little better

so much sickness around.

Dear I wish I could write a
great big letter, But I would have
to write the same thing over I have
told you in the Past. I feel all the
mad and agitated rest. If so Dear
look out my ways. For girls are girls
and have to look on them.
Not Dear at you or my married life
but my own self.

I feel so funny and sure hope
I will get to feeling better.

Remmber Nov 23. 1920. We met
and on June 11. 1921 will be married.
a short sweet courtship. Hope god
will let us contend our happy days
and they will be as our courtship.
With Love of love.
