American Hotel Guide

Giving the Names of the Hotels using the Advertising Register Books obtained from the several Members of the HOTEL REGISTER PUBLISHERS' ASSOCIATION for the respective States mentioned, also giving the Hotel Rates per day, and the CENSUS, or the ESTIMATED POPULATION of the Cities and Towns where the Hotels are located.

Published for the Hotel Register Publishers' Association by James T. Hair Company, Chicago.

Hotel Register Publishers' Association of America.

For the benefit of our hotel patrons and their guests, we lead in the back of the Advertising Register Books published by us, a copy of the "AMERICAN HOTEL GUIDE," giving the names of the hotels, the town or city where located, and rate per day of hotels, obtaining their Registers from the undersigned. As this Guide is kept for reference in those places where the traveling or business public seek information regarding the cities and towns to which they may be going, it affords an advertisement to the hotels represented in these columns that cannot be equalled by from \$200 to \$500 per year otherwise intended for advertising purposes. Any hotel-keeper doubting this statement can best increase the facts by having his Hotel left out of the "GUIDE" for a year or two, while the other hotels of his locality are advertised therein on the public attention of over 500,000 hotels throughout the States, the Territories, Canada, and Old Mexico. We believe the experiment will convince him that our estimate of its value to him is not an over-estimate.

We control all rights and franchises under the MERCANTILE, HENCO and PETERSON PATENTS, issued by the U. S. Government in 1867 and 1874, including the right to damage for past infringements, for the manufacture and sale of ALL STYLES of "Advertising Register Books" throughout the States and Territories named.

Awaiting your order, as you need the Register.

We are, respectfully,
JAMES T. HAIR COMPANY.

31 & 33 W. Washington Street,
CHICAGO.
