Dear Ora:

Your very, very good letter come yesterday. And it was a long one too- and I enjoyed all of it very much. Glad you have gotten well- and hope you will continue so. We must both be to keep our this summer. Yes, Porter told me about you going up to the office with him- and this was a surprise is to both of you- because I thought the building was closed at night. I don't just understand it- but I guess there is not out-side door to the entrance. I found Fred at his hotel. He really was not working for me when strong that day- but Porter was right- any further delay would have been a loss here- as it take oo long to get letters to the Capital of the state- the way the railcars run out of here to Pierce, the capitol, It takes day and 1/2 for letter to go here- So the coup- to be appointed

first, must send there for blank applications- I wait for their return- then fill there out here- get bondsmen, its which takes time- and sent them in to Pierce- and then wait for their return. Here, I needed more time than I had, and I find, it would not have done for me to go to at all as it has been quite a job here to get my office at Pierce half . After promising me I could have a vacant place in the street (at corner/have had meeting and rescinded the order- so I finally rented a vacant lot- and have put up a building of common bounds- 14 by 20 feet- and think I will be fairly well located. No, the street fair seemed to have kind-a played out by Saturday. Right in front of the Hotel was an exhibition in the evening before dark 2 trained boys like we say in a show somewhat and this was really only thing that I saw and this was not to exceed 5 minutes

Yes, my boy is at work- and he wrote the letter to Porter. I was trying to get something off at that time. I wanted to say something to Porter about Universities. I write to him separately so he can get his letter in the morning- as well as yours- as he is especially about the business. Yes, I heard Prof. Block once and glad you say Mr. Reid and his [[falcons?]] Sorry I was not here.

Well, this is Sunday p.m. I am still at the hotel. Mr. Pearsons is rooming at Mrs. Woolseys. As I have been unable to get my office complete this room has seemed as a kind of a office- but I will have to get out Monday- as from that or they will put 2 in a bed. of course, if Porter does not succeed in getting his transportation Monday or Tuesday- I will telegraph him the money- but until I take in some- I have not the money to send him- but he is there when, he will be, probably doing profitable work, as I

think a few days next week will be good time for him. I us will get do a good business in the soldier business. I enclose you one of "Morgan's Special Notice Coupons." Instead of using books alone, I concluded something like this take- as it gives a man a receipt of this money and I have employed a Prof. Scott of the College here to the selling of their coupons- and he will

put them on sale in [[?]] places and be a member of agents. What do you think of it? These will be bound in little books like a bank check book. Well, I must close. Hope you and Porter will enjoy a "glorious 4th". There is to be no celebration here. Mr. P and I attended the congregation series this a.m. in a hall and I did not go to church last evening. Hoping your absence will not be long- I close. Your affection and loving husband- Dick.

There are no trains out of here Sundays- so you will not get this till Tuesday.
