Dear Mama & Porter:

Well this is Wednesday p.m. I am at the office and just remembered that I intended this morning to have written a letter to you and to have sent Porter some money which I forgot to go anyway.

Porter's letter came yesterday and I enjoyed it. I finally got Nancy and & Princess localized in

[[???]] for a time. The place is on the nicer about a mile west of Mr. [?]. I think it is a good place.

I will leave them back out there until I get back. I attended Church Board meeting Tuesday evening. We decided to enlarge the church-had quite a lengthy session-deciding matters

I heard Mrs. Blockman tell some one this morning that she was going away on the 1st. I have not fixed my day yet. I think I will go by Guthrie & stop over between trains-have some business with [[???]].

Mr. Jackman has returned [[[???]]] home yesterday I believe. Heard Mr. Master's say Mrs. M. had written she was sick of hot weather in Dakota and was ready to come home at any time. Geraldine keeps asking about you mama. O. yes, Sunday morning she told her mama that she believed she would go over to Mrs. Morgan's church-She started alone-but backed out-after-she got over to the door & did not go in. So I told her Sunday evening I would take her-So she went with me. She [[???]] all night.

Well, I guess I will close as I work to get this off our p.m. train. I am hope your mama are fully well & that both of you are enjoying your visits. Much love and many kisses,

Goodbye Papa
