

CHAS. N. GOULD,
DIRECTOR.
L. L. HUTCHISON,
ASS'T. DIRECTOR

STATE OF OKLAHOMA
OKLAHOMA GEOLOGICAL SURVEY
NORMAN
Dec. 10, 1908

Hon. Dick T Morgan,
Member of Congress,
Washington, D.C.

Dear Sir:-

I am trying for appointment on the Board of Regents in our State University as the first alumnus member of the board.

Until now there has never been an alumnus member on the Board of Regents and I think you will agree with me that we most assuredly need one. You know of my life and experience so it is not worth while to go into details. If you will kindly endorse me to the Governor, requesting that he appoint me as an alumnus member on the Board and saying something concerning the desirability of such a member, I shall deeply appreciate it.

Kindly accept my hearty congratulations on your election this fall. Of course our politics are not the same but there is always a chord of sympathy for old friends which oversteps the bounds of what politicians sometimes think is proper. I will remember your remarking at one time that you would go to Congress yet before you died and I am certainly glad to see that your ambition is fulfilled in spite of the difference of political beliefs.

Kindly give my regards to Mrs. Morgan.

Very truly yours,

LLH.M

L. L. Hutchison
