Hon. Dick T. Morgan,

Washington, D. C.

Dear Father:

I just happened to think this morning, that I had not yet received the set of constitutions, which you thought you could get for me.

Had a talk with DuMars this morning, he said he would see Holcomb also and get Edd Vaught to see Holcomb. Had a phone from Crosby yesterday evening wanting to know where he could address you a letter so it would reach you, he said that Frank Someone, from Lawton had just been up to see Cade and that Cade said you were coming out here during holidays, I trust that it is true.

I remain, Very sincerely,

Your son,

PHM/W.
