Dear Sir:-

Enclosed herewith you will find paper in matter of Mr. J. C. Severns of this city. It seems that the only course left open to get Mr. Severns his money amounting to about Ten Thousand (\$10,000) Dollars would be to have a bill passed by Congress allowing him the money. Joe McNeal at Guthrie is interested and will see to it that Bird McGuire helps. Mr. Severn will also write to Gore and Ferris to help you with it.

I did not get to write you folks last night but will get to this afternoon. Your letter of the 13th came this morning. I trust that you will be able to push this matter through for Mr. Severns as I feel sure that his claim is meritorious.

I remain,

Very sincerely,

M/C.
