Dear Ode:

This is Sunday P.M. I am at the office. I have looked over the mail, read some in the papers, and will now write you. I have been very, very much disappointed all week in not hearing from you. Surely you can get time to write me a few lines at least.

Well, I went to Enid Tuesday to speak at the celebration there, but did not speak. It was so windy and dusty and [?] confusion on the streets [~~strikethrough~~] went [~~/strikethrough~~] was such that I saw it would be very unsatisfactory to speak- so I just excused myself. McGuire spoke. I went from there to Guthrie and was there Wednesday. Saw Fred and Lucy- but took no meals there.

no reply, I am yet awaiting an answer on that point. I am sorry I will have to be away from home so much in October- but feel that a refusal on my part to help in the Campaign would bot be best for me. More than this I ~~say~~ believe Republican success will help get statehood and I am anxious for that. Now, Ode, if you have not written don't want one minute. Write me! I hope you are well and enjoying yourself. It is getting lonesome here without and I shall certainly be glad when you can come. Remember me to all the folks. With love and kisses in great abundance Your loving husband,
