My Dear Ora:

As I had a card from Ma this morning, saying she arrived at Terre Haute all right and had gotten along fine on her trip home. I thought I would send you a short letter to-day. I send you her card. I felt much gratitude when I heard from her. And I got your card saying you had reached Danville. Had been on time and shod no mishap. and I was glad you had gotten through safely. Bessie arrived home this morning. They were not expecting her for a week yet. The other night when I left on bus to go to Enid. Mrs Day and Wiley were in the bus She had gotten a telegram that her brother in Texas was not expected to live. Also Mrs. Baher, Austin's married daughter was on the bus she was going to California to her husband where they are to love. so I was informed by Mrs. Austin at depot. Also Dr. Patton and wife were on the bus- starting to Indiana we had about a bus full- as then was a gentleman that I did not know. I got up this morning at 7 o'clock- my stomach was hurting me a little. I think I have given you all the news

[[/underline]] so I will stop. I will probably have to practice tomorrow p.m. and may not write you Sunday- Hope this will find you well and having a good time. Love to all, your loving husband, Dick.
