# BryanLGH College of Health Sciences

In 1922 William Jennings Bryan gave his home, "Fairview," and surrounding land to the Nebraska Conference of the Methodist Church for the purpose of establishing a new hospital in Lincoln. With his gift and others, a dream became a reality when, on June 6, 1926, Bryan Memorial Hospital opened a 60-bed hospital. The Bryan School of Nursing opened the same year, enrolling 37 students in its first year of operation. Fairview was used as the student dormitory. In July, 2007 the last diploma class will graduate and bring the total number of diploma graduates to 3,416.

BryanLGH Medical Center has continued its commitment to providing quality health care. Today, the medical center serves as a 620-bed regional healthcare center. The comprehensive care and treatment facilities available at BryanLGH make it possible for our skilled staff members to provide the best and most modern health care. A complete range of inpatient and outpatient diagnostic, therapeutic and ancillary services are available.

The BryanLGH Medical Center and the School of Nursing have built upon the strengths of both organizations with the creation of the BryanLGH College of Health Sciences. The College enjoys a close clinical partnership with BryanLGH Medical Center.

In 2001, the Nebraska Coordinating Commission for Postsecondary Education approved the school's request to become an undergraduate degree-granting institution. To address changing needs in both healthcare delivery and healthcare education, the College began plans to replace the diploma program in nursing with a baccalaureate program. The first class of students enrolled in the Bachelor of Science in Nursing program in August 2003. The College has also established associate degree programs in allied health. The first students enrolled in the cardiovascular technology associate degree program in 2002, and the Council on Accreditation of Allied Health Education Programs (CAAHEP) accredited the program in January 2004. In August 2005, the School of Allied Health began offering an Associate of Science degree in general sonography and will graduate the first students from the program in May 2007. The program is in the final stages of seeking initial accreditation from CAAHEP. Soon after BryanLGH College of Health Sciences received undergraduate degree-granting status, planning began to explore the feasibility of delivering the graduate nurse anesthesia program through the College. In May of 2005, the Council on Accreditation for Nurse Anesthesia Program approved the College's request to transfer its academic affiliation from the University of Kansas to the BryanLGH College of Health Sciences. The School of Nurse Anesthesia has been associated with the Medical Center since 1967 and has enrolled its first class of students in August 2006 with the BryanLGH College of Health Sciences.

In addition to degree-granting programs, the College's Center for Advancing Nursing Practice offers continuing education for nurses and other health care professionals. Most recently, the College reinforced its belief in evidence-based practice and education through the creation of the Research and Professional Practice Center, a division that provides research support for faculty, students, and BryanLGH Medical Center constituents.

The College has maintained the goal of excellence that was emphasized by its founders and continues to prepare healthcare providers with professional skills, awareness, interest and concern for health care.

## Message from the President

Every ending is a new beginning. New beginnings, a transition to the future, signaling a renewing of commitment, intentional and filled with purpose. We celebrate such a "new beginning" today as we witness the awarding of the College's first baccalaureate degree to thirty-one graduates in nursing. These graduates join seventeen allied health graduates. The graduates receiving these degrees represent the sustaining of our heritage in educating healthcare professionals. Specifically, the heritage of our diploma nursing graduates. Our first benefactors Mary Baird and William Jennings Bryan looked into the future when Mr. Bryan reportedly prayed this prayer, "To live in mankind is far more than to live in a name. Grant that your servant William will live in mankind." Each graduate of the Bryan Memorial School of Nursing, and now the BryanLGH College of Health Sciences is a testimony that his prayer is being answered 80 plus years later. William Jennings and Mary Baird Bryan's legacy of service is sustained through these 48 graduates today.

Henry David Thoreau challenges us to "advance confidently in the direction of our dreams...If you have built castles in the air, your work need not be lost; that is where they should be. Now put foundations under them." These graduates today in allied health and nursing have established the beginnings of a solid foundation with their commitment to serve humanity as providers of health care. Your presence here is a statement of confidence and a promise of support for their continued professional and personal growth. Because of the rich heritage of the past and the solid foundation established, I look forward with you to the discoveries that are their future.

On behalf of the faculty, staff and Board of Trustees, it is my privilege to welcome each of you to this inaugural event. It is with pride that I acknowledge the dedication of the faculty and staff who have brought this vision to reality. The accomplishments of these graduates are commendable by any standard. Congratulations to each of you for your commitment to learning and to excellence as you continue forward in your unique journeys.

*Phyllis Hollamon*

## Commencement Speaker

*Dr. Darrel Berg*

Dr. Darrel Berg first addressed the graduating class of Bryan Memorial Hospital School of Nursing in 1965 while serving as the pastor of Trinity United Methodist Church in Lincoln. Before his "retirement" in 1986, Dr. Berg served churches in Washington State and in Lincoln, Omaha and Alliance, Nebraska. Since retiring, Dr. Berg has continued to serve churches in Nebraska including being a campus pastor at the University of Nebraska—Omaha. He has also served in Iowa, Australia, New Zealand, and is currently serving the Guemes Island Community Church in Puget Sound, Washington. Dr. Berg is the author of *A Piece of Blue Sky*. He has recently traveled in Costa Rica. While there took a nature hike through the rain forest, where he saw the tree that sends out a new root system in the direction in which it must travel in its search for the sun. That is the metaphor for his message to this graduating class.

# Program

Presiding: Phylis Hollamon, R.N., President/Dean

# Graduation With Honors

Students whose cumulative grade point average (GPA) is 3.50 or above upon the completion of their requirements for a degree will graduate with honors.

## Associate Degree Graduates

- To receive HIGHEST DISTINCTION, a student must have a cumulative GPA of 3.87 or above. Graduate will be wearing a gold ribbon with medallion.
- To receive HIGH DISTINCTION, a student must have a cumulative GPA between 3.64 and 3.86. Graduate will be wearing a blue ribbon with medallion.
- To receive DISTINCTION, a student must have a cumulative GPA between 3.50 and 3.63. Graduate will be wearing a burgundy ribbon with medallion.

## Baccalaureate Degree Graduates

- To receive SUMMA CUM LAUDE, a student must have a cumulative GPA of 3.87 or above. Graduate will be wearing a gold ribbon with medallion.
- To receive MAGNA CUM LAUDE, a student must have a cumulative GPA between 3.64 and 3.86. Graduate will be wearing a blue ribbon with medallion.
- To receive CUM LAUDE, a student must have a cumulative GPA between 3.50 and 3.63. Graduate will be wearing a burgundy ribbon with medallion.

Students who have completed all degree requirements at the time of the graduation ceremony will have their achievement announced at Commencement. Students completing their degree requirements after the graduation ceremony, but before September 1st of this year, may receive graduation with honors, although it will not be announced publicly.

Mrs. Lystra Gretter

I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty I will endeavor to aid the physician in their work and to devote myself to the welfare of those committed to my care.

Florence Nightingale Pledge
