In Memory

To one, who gave of her very energy and vibrant soul, that each of us might live with the theory -

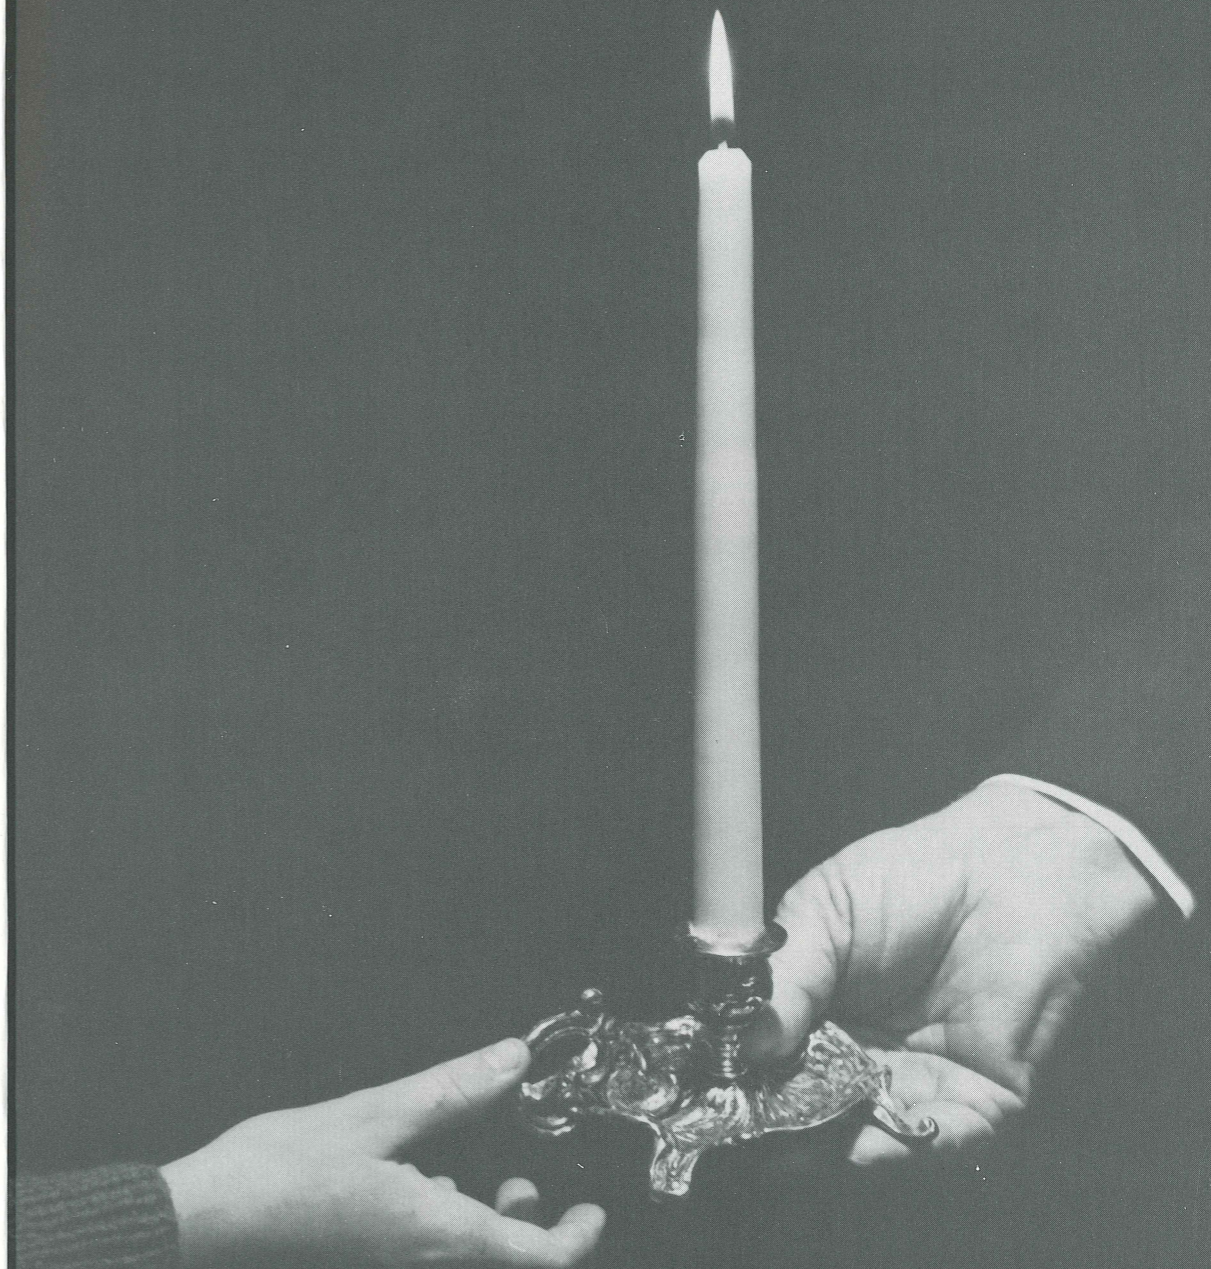

'Look what there is to do, do it
with zeal, and enjoy the fruits of it'

Though death has intervened, she shall live on in each individual whom she with love has touched.

FACULTY

Although the Curtain Falls
There comes a time for all of us,
When we must say goodbye.
But faith and hope and love and trust
Can never, never die,
Although the curtain falls at last,
Is that a cause to grieve?
The future's fairer than the past
If only we believe
And trust in God's eternal care.
So when the Master calls
Let's say that life is still more fair,
Although the curtain falls.

Senior Class Prophecy

Lincoln General Hospital took upon itself a new task. Because of the shortage of nurses, they decided to pick a past graduating class and see what has become of them "careerwise." They remembered this one class that was renowned from the day it first united and felt they might have some good material. Also, it was the 10th anniversary of this class of 1963. This paper will appear in the October edition of the A. J. N., "Awfully Juicy News." Luckily, we were able to find these girls holding their reunion right at home - second south!

We found SHARON TURNER, Queen of Endurance, still waiting at the airport for the plane from Germany. The Bobbsy Twins, BEV ENZMINGER and DONNA KERSEY, have made a career of staying single. Since JACKIE SMITH couldn't make it to the reunion, it was sweet of her to send us a clipping of President James Meredith awarding her the congressional medal of honor for being the top U. S. O. hostess in the history of the United States. And she reports that LUCILLE SONGSTER has taken over the new position as director of physical fitness for the peace corps. Also in the service of her country is JUDY BRESLEY, who now owns and operates the Black Ford Taxi Service between South Street and L. A. F. B. HARLENE PALMER, through her close contact with our winged friends, is still playing cupid to her old maid friends. We are proud to hear that JANICE MALINA made her first million dollars in inventing the first 18 inch wedgy heels to distinguish her from her husband's little sister.

Flash! from Africa. KATHY NELSON'S primitive dancing has made a smash hit among the red-headed Mau-Maus. The Mau-Maus are presently in a stew trying to figure out a way to squeeze supper SAM REESE into their 24 inch stew pot. It seems as though Sam was caught trying to steal the secret formula of the Mau-Mau juice. We see ELLIE BARTON as Mrs. "Len" Casey. DORIS SCHWANINGER has made getting honor a big career. She is now "Universal Student Nurse of the Year" for 1973. She's flying high. The HENTZEN-HANSEN reducing saloon (salon?) with the swinging doors have introduced a new liquid diet "booze as you lose." It seems as though ELLIE MILLER took the treatment and they're still wondering where the Ellie went.

MARCIA LOFGREN has found she had to give up some of her extracurricular activities to allow time to help her husband with his work in the slums. Seems he is now quite famous for his novel, GET THEE BEHIND ME, MARCIA. VERNETTA FUCHS has recently given up her position as a model for Lady Clairol. Something must have gone wrong - she has now put in her application for lead roll in the "Queen and I" - you never know, Yul Brenner made it! BARB SVAJGER has also crashed into stardom by posing as Blondie on the new Dagwood and Blondie TV series. The notorious KT of 2C at Children's Hospital in Denver has been replaced by our own BT - Bonnie Trupp. JUDY WILSEY keeps Children's Hospital well supplied with patients while MERIDY WAHE, her old roommate, is still playing the waiting game. We see ELAINE GUTHRIE as the nurse in charge of student health at Milford Trade School. And DONNA ADAMS is coaching her own girls basketball team. It seems that the baseball team she and Bob were going to raise turned out to be girls. JOYCE SUMMERS was appointed Assistant O. B. instructor when MISS RIDDLE entered wedded bliss. Just recently Joyce took over the load because Kay had her hands full with her new twins. SKILES is now Stone's special scrub nurse as he now has found someone as short as he is. MARY WERTMAN is night supervisor at the Brock Memorial Hospital built by her husband Harold Barnhart. We find KAREN GEORGE RUDEN as a private duty nurse caring only for foreigners. This is as close as she could come to her tour for Europe. Last but not least, we see PAT POLLY using her O. B. training to deliver baby calves on her husband's ranch.

As this concludes the class reunion of '63 and our survey, we wonder what the next 10 years will bring, or do we dare???
