Minnie,

After so long a time, I finally get around to writing in your yearbook. It is almost time to start another school year and I still am, too slow. I don't have a very good excuse, but will you please forgive me? I know I have kept your annual much too long, but maybe if I say how sweet you are you won't whip me this time. Wasn't your junior year a wonderful one. As I remember the first few days of school I was elected cheerleader. Wow! What a day! Thanks for helping make it possible. The ball games were exciting. Remember the day you got queen attendant? Gee! How about homecoming night. Nothing went right. I was so muddled, no cake, no music, I laughed and we lost the ball game. How about all the shabby parties? Do you remember the night at Marie's that we played all of those crazy games. How about when we were dressed as Ma and Pa in her folks' old clothes. You were a riot. I laughed so much especially at your pillow toppings. We had some wonderful times at Jo Anne's house. Nathan carried a car load of girls home one afternoon. I still am not over the scare that we got at her last party. We went skating, but that didn't scare me. It was going home and at Jo Anne's house that I was skinned on my skin. I'll never forget that night. Remember when we spent the night with Harriet and burnt the rolls. Remember the night when two little brats by the name of Johnnie and Linda would not let Harriet and me go to sleep. I think we got mad at everybody. We sure had a good time at the convention. I hope we get to go again next year. Remember how scared we were that somebody would get us, and those few gangs in the streets. We went skipping too. The convention was really fun. We had fun at the prom and parties too. Look in the back at the first page of advertisements.

Dearest Johnnie,

I really don't know where to start, I have so much to say to you. I guess I can start by telling you that ever since my Freshman year I have been crazy about you. You are really someone special to me. I can remember back when I first went with you, (that was to the football banquet my sophomore year). I guess I didn't know so much about girls and was sort of wet behind the ears, but that still didn't change the fact that I really liked you. I will always remember the times that you came to the skating rink and we skated. (Or should I say you and Charles, Billy, & I skated) for I didn't get to skate with you much. Boy, that use to make me mad as a hornet, we used to have so much fun all the time we were together that we almost laughed our heads off. But in one of the seasons I like you so much, you are always laughing and having fun. I would want you any other way but the way you are now. I know you think I am sort of stupid and I guess you think I am not smart and act childish. But you have matured a whole lot, I hope, in the last few years. I hope I have grown up enough to go with someone like you because I like you so much and you are my ideal girl. I can remember the last time at three times I went with you because you were so really nice and I had rather have that as a girl than anything. I really don't know how you feel about me but I don't guess you think to much of me. I hope if you don't that I can change your mind. I can remember when I was a sophomore and you started going steady with Ronnie, boy, that really stung me hard. But I know you must like him a whole lot. I just kept writing for you and him to break-up when I could maybe go with you again, and it finally happened, and I am going to try to make the most of it before some other big good looking boy comes and takes you away from me again. This year I haven't gotten to go with you as much as I wanted too, because Charles always asked you to all the dances before I could. I will always remember the "March of Dimes" hop and what ever though I can't dance. I will never forget the other night when we went to the Dress and saw "The Warrior and the Slave Girl" and that western where that bartender kept getting knocked back over the bar and finally he jumped back over himself. Boy I have never laughed so much as I did when I don't know when I wouldn't have wanted any other girl but you that night even if I could have had someone else. I don't guess I am like most of the boys you have been with, because I don't act so grown up and natural like most of the boys you have gone with, but in my own special way (and I guess you don't understand that) I am really crazy about you. I really want to go with you than anybody but I am not going to ask you for I know that is if you don't go and start going with some other girl like Johnnie's cousin). Study. I would rather go steady with you than what I have already done as it is. Besides you know you are and I wouldn't want to end what I have already done as it is. Besides you don't talk like you want me to really talk to you much anyway, but I guess it is my imagination and my "jealousy". I don't know why I have any right to be jealous because I don't really go with you that much, but you know what I mean, I hope. I am really looking forward to taking you to the Prom because you will be the most beautiful girl there in my eyes. I know I am falling to hard, I always have. I bet your mother can't even read this without a microscope. Ha, Boy I really like her, you are so much like her that you both look like writers, I don't have much room to write what I want to on the sheet of paper. Maybe I will get to tell you how I feel one of these rights. I was going to give you one of my big Senior pictures, not the little ones but a big one. I have been saving it for you but, night if I go with you and you don't have a date, I wouldn't give it away. I have those last three of four weeks at Summer Co. High School in Portland, Tennessee.

This, the product of many long, tiresome, and enjoyable hours, is "The Panther" of 1960. Portrayed throughout the pages in pictures and in words are memories of

OUR WONDERFUL YEAR

We know that as you survey the fifteenth volume of "The Panther," you will re-live now and in the future the memorable excitement, the joys, and the accomplishments of this school year.

Yes, we have completed the work on this yearbook, but on Commencement Day we step forth to build a life on the foundation laid during *Our Wonderful Years* at SCHS. On the following pages of the 1960 *Panther*, the training for the future and the trainees are reflected in pictures and in words.

CONGRATULATIONS to you who have learned to distinguish the true values of life! What you make of your future depends largely upon your standard of values and the courage to stand up for high ideals. Physical courage is a fine thing, but intellectual and moral courage are even more important.

Dedication

MRS. O. M. MOORE

Included in memories of Our Wonderful Year is the unanimous vote which promoted our dedication:

To a teacher who has taught her share of years,
To a teacher who for her team lacks no cheers,
To a teacher who is always ready to help,
To a teacher who in knowledge ever excels,
To a teacher who in class favors none,
To a teacher loved and admired by everyone,
To a teacher who would learn and gladly teach,
We now try to end our unending speech
With the dedication to our own Miss Marie,
The book that we hope will always be,
The happiest of all your school memories.

Looking forward to next year when they will be "Green Freshmen" are these eighth graders.

Junior High

This seventh grade is composed of some very industrious students.

This seems to be a very promising group of seventh graders.

Chosen by their classmates, Kenneth Gregory, Sandra Wattwood, Mary Ann Payne, and Mike Denning were named class favorites.

These eighth graders are enjoying their last year in Junior High.

Mrs. Yokley's seventh grade class has found out that hard work and study bring forth good results.

In observance of American Education Week, Randall Hinton, Dorris Freeman, Linda Brown, and Allan Freeland discuss some of the historic items the students brought to school.

Only four more years to go !!!

Mrs. Stinson is the director of the very successful Junior High Glee Club.

This pyramid of young ladies, Shirley West, Janet Allison, Maurelle Collins, Janet Searcy, Paulette Ray, Sandra Wattwood, and Wanda Perdue cheered their team to victory.

This fine group of boys coached by Coach Johnson and Coach Hall formed the Junior High Football Squad.

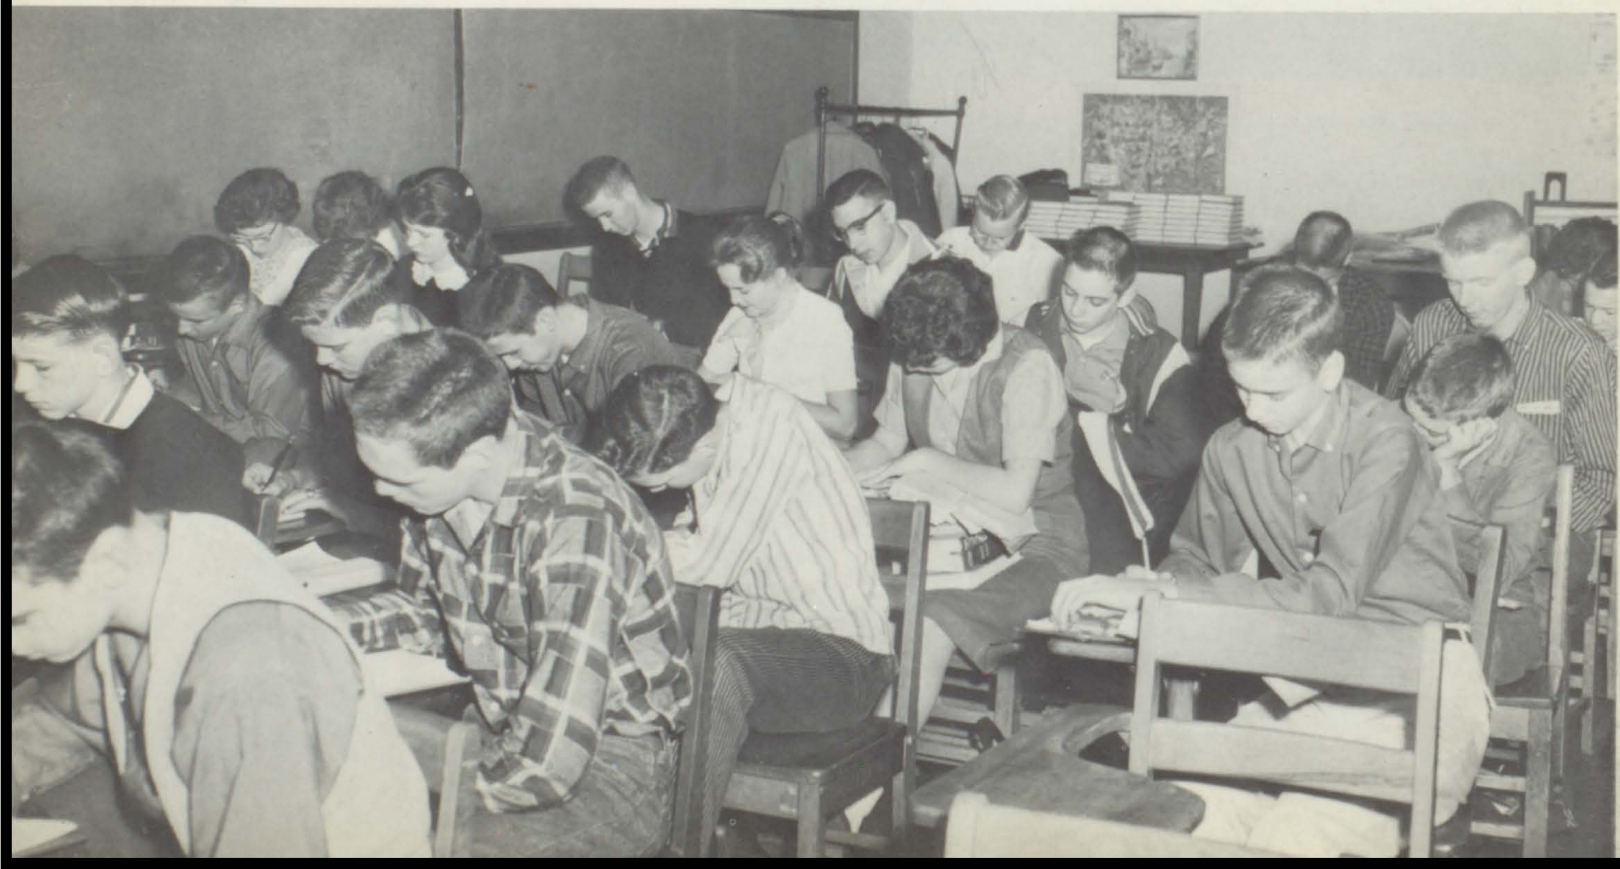

Vernon Allison and Robert Riggs show that Solid Geometry provides an opportunity for visualizing spatial relations in a three dimensional world.

General arithmetic drills help to prepare students for practical every day living.

First year algebra supplies the language and is the principal tool of all math above the level arithmetic. Many problems that can be solved by arithmetic alone can be done more effectively by means of algebra.

Billy Bandy prepares to shoot a foul shot.

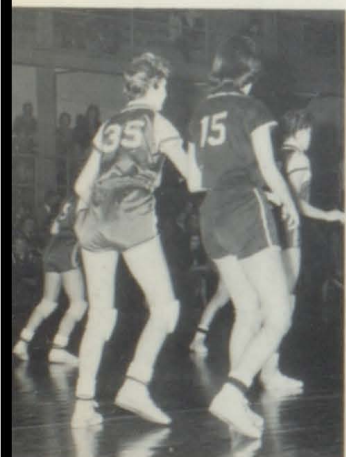

The members of a basketball team should be physically fit, determined but above all must have teamwork in order to win. Each member should also practice good sportsmanship at all times. A sense of belonging, the lessons learned and thrills experienced while playing on a ball team make up for the many tiresome hours of practice and the training rules which must be kept.

Coach Lewis Dunbar is doing an excellent job coaching both boys and girls basketball.

DEFENSIVE ALIGNMENT

One of the outstanding defensive teams in the state, the Panthers yielded only 5 touchdowns to 5 opponents. Half of their opponents were shut out.

Ray, this was sure the greatest time I have ever had. This was the best team in the state. I really enjoyed knowing you were football attendants. You were so beautiful. I really thought you were lovely that night. Remember after the game and I had a plate with Charlotte. You had only one. I would have given anything to have gone with you that night. Love Denny

One of the most meaningful honors a girl can receive at SCHS is to be chosen football queen. Both the queen and her attendants were chosen by popular vote of the football squad.

Our lovely queen this year is a seventeen year old Senior who is majoring in Home Economics.

The attendants are Johnnie Denton (right) and Maxine Graves (left), Johnnie is a sixteen year old Junior, who is majoring in Science. She is President of her home room and secretary of the Science Club. Also she was Junior candidate for Carnival Queen. Maxine is a Senior who is majoring in Commercial work.

Last Will and Testament

We, the 1960 Senior Class of Sumner County High School, being unbelievably of sound and disposing mind do hereby submit our Last Will and Testament declaring all others nil and void.

After spending four years withing the walls of Portland High, we leave the school in a somewhat worse condition but full of memories.

To our honorable Principal, Mr. Terry, we leave our sincere thanks for his patience and understanding.

To "Miss Marie" we leave our thanks for staying at SCHS, long enough to see us through.

To the Sophomores, we leave some of our sophistication.

To the Freshmen, we say it's a long way, but worth every minute of it.

I can't understand how they why they think that.

They worked hard on the annual too. Well, really I did all the work but you were nice to have around. I'm just teasing I always let you do the work and I regret how about our discouraging days. I'm sorry to say do you remember our last two trips to selling ads in Bulletin. I remember correctly it rained one time and the next year it snowed. We were scared that job wouldn't get done because of the ice. I probably have some photos of you if you want to see them. I'm writing you the ads. Of course I can't overlook the queen contest. That was a long night for both of us. You were getting married and you had the title. The Fine Club had a sun bath time. We had fun when we came back to Ballantyne and went to the show. Do you remember how tickled we got at the funeral home where we were getting married. I remember now what was so funny. We saw Lady fun in our classes too, despite the fact that there were teachers around. I'll never know

MAYOR HARDISON CONGRATULATES STUDENTS FOR WONDERFUL RESPONSE TO POLIO DRIVE.

How you made it in your hometown. We got behind on typing and had to work late too. I wish you could have been in our homeroom class. We had fun without you, but it would have been more fun with you. I hope you can get 120 words in your class. I don't know if it will ever be possible to get 120 words in your class. I decided that I thought about publishing this in Portland but I haven't had it if I could write it. I thought if you could we get our state degree. My best wish is for you. I think about it. There were times when I thought you would never make it in your hometown. I thought you would always be good. I hope you will be big someday. Goodness! How does fly.

new. J.B. I am sorry because I never mean as anything
Dear Johannes, dent. I wish I had some more room but I just
I just don't know how to start it I have so much
to say and so few brains to know how to put it. I guess
I can start at the first slumber party at Beverlip's
Bay, we've been going ever since. Where? I don't know
but I think crazy. We sure have had some
wonderful times. It seems as though we're going to
marry the third one from our group before long.
Man, will it be awesome without her. Don't ever
forget the night you all came over to my house.
I hope all of you enjoyed it as much as I enjoyed
having you. We'll find out what Linda & Fayz did
to that car yet. Wait and see. I'll never forget all the
fun we had over at your house. Man, I'll bet the
man at the store thought it was a bunch of
idiots coming into his store. Bare feet and all.
Remember the night at Glenda's man what
a time. The ride home from the ball game was
pretty good too. If I hadn't been going so fast I
couldn't see where I was going. Ronnie is really a good
driver and a lot of fun too. Remember when you and
Linda got in bed with me and had me so scared
my toe nails were shaking. I made a pretty good
Grandma too didn't I. Well that brings me down
to last week at the convention man I'm still trying
to revive myself. We really had fun even if we didn't
get to go to the show. Glenda and I didn't really deserve
you because we knew that you wanted to leave. Don't
feel bad about the shade it really suited him. I had
a cramp in my hand so I had better try to finish
quick. Don't forget all the fun we had together
and how morning. Johannes I want to thank you for
your friendship. I've meant to write you. I guess I have said
some things to you just to make you feel better.

rec. J.L.

Your feeling. I guess my mouth is too big (as a matter of fact I know it is) continued in front of book

Dear Phemie,

Well another year has slipped by and so much has happened. I guess I have everyone wondering what is going to happen to me. Linda even thinks I should be shot, but I don't think it should be that drastic. I have been wondering who ~~you~~^{you're} will be but I guess its too soon to know. I hope when you get to be rich and successful you won't forget me. I'll probably have a few Mandrells by then, so when you think of me, send me a few safety pins. I will probably be able to use them.

Don't forget all the good times you, Ron and Ken and I have had. Remember the ring they took us picking and told the ghost story and scared us to death. Don't forget the fun we had when we went to Livingston for the Festival, things haven't been the same since last 4th of July for us. I guess we have kind of been on rocky ground. But I was never mad I guess we just didn't agree and kind of drifted apart. I've been drifting ever since. I never meant to make you mad or hurt

because you will probably be talking about it a lot more, well we had and

We have a lot of things in common like having fun by getting out of school, but it's fun though. I suppose I will always like you a lot but never as much as I use to. Nothing will be like it use to. I guess I have wrote to much. Tell your mother I like her aw awful lot too. I hope my wife brings up our children like she has you, in fact I hope my wife is like her. She is extremely beautiful and sincere. Remember me as best you can. Charles Jones

Dear Johnny,
How long has it been that I've known you, well its been a long time. I guess we first got acquainted when you were a Freshman, but I knew you when you ~~was~~ was in the 8th grade. Remember when we used to meet out at the skating rink. Boy, did we have fun. You were going with Darryl then, but he wouldn't skate with you then, therefore I did. It made him awfully mad. He soon got over it. I won't to date you then, but you couldn't then. Then one day you were going with Ronnie. For about two yrs. I ~~could go with you.~~ I soon got over that. I know what would have been with you.
