

ALMA MATER

On old Portland's southern border
Reared against the sky,
Proudly stands our alma mater
As the years go by.

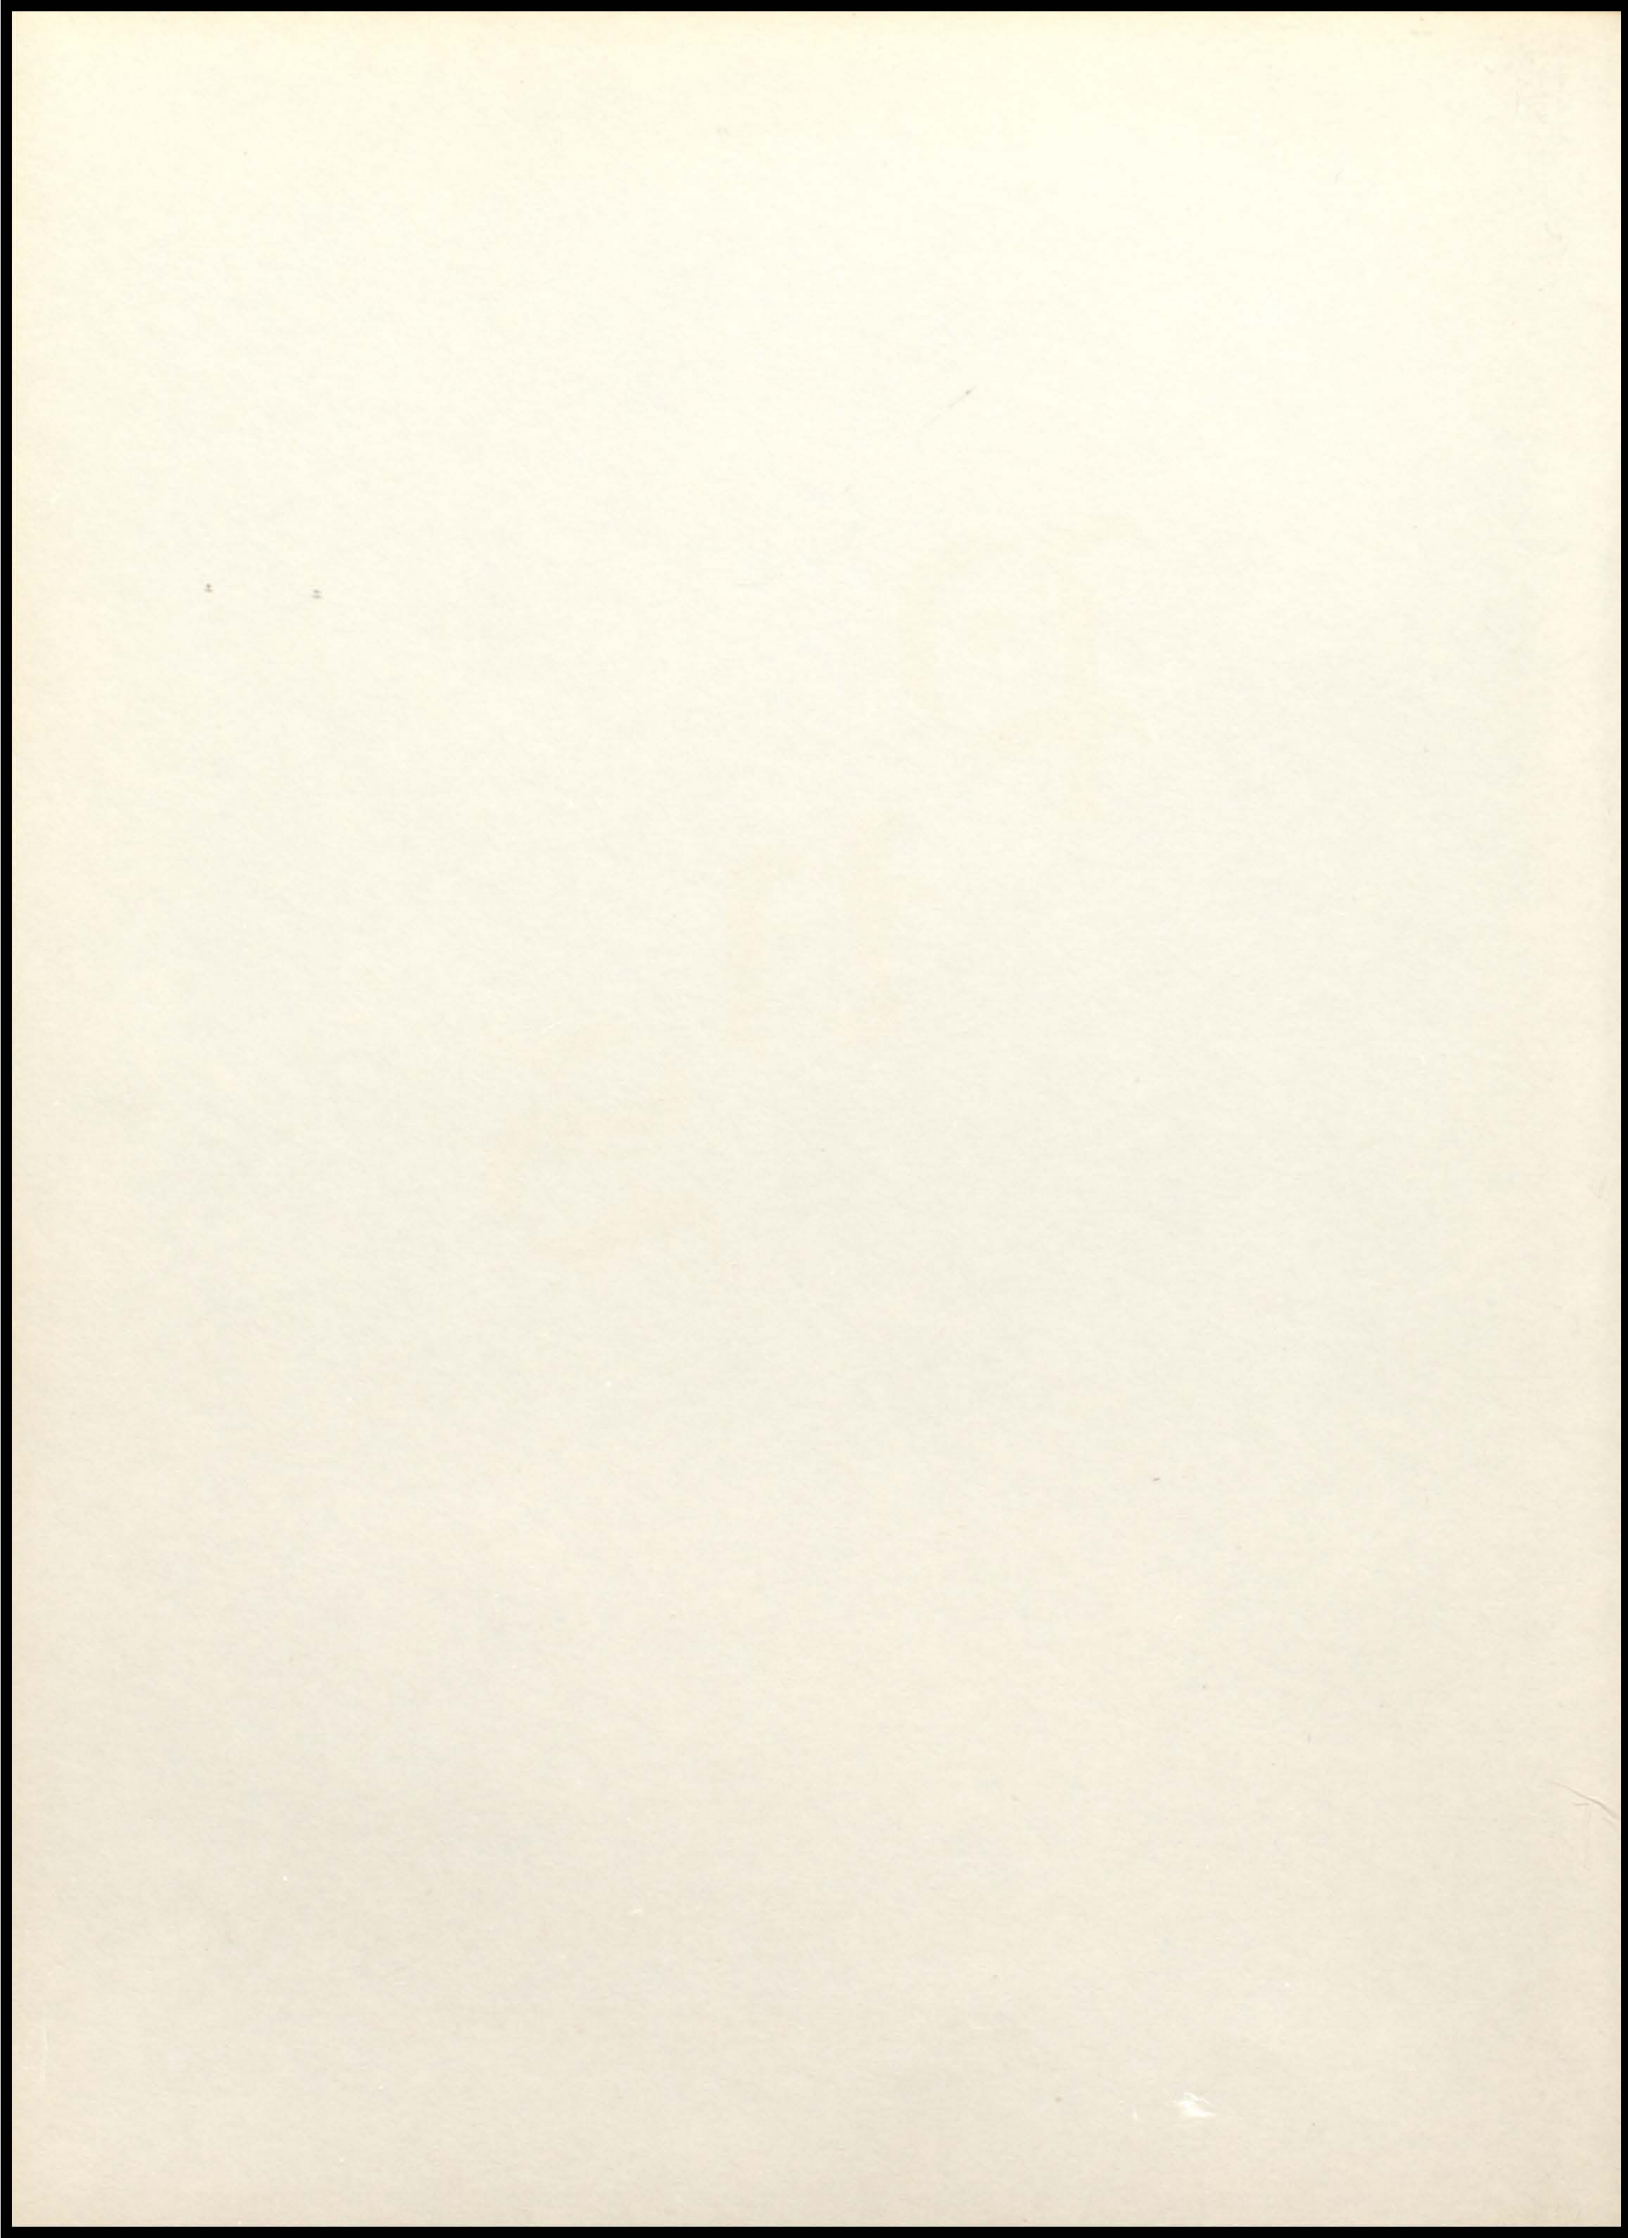

"Forward ever" be our watchword
Conquer and prevail.
Hail to thee our alma mater,
Portland High, all hail.

To a gracious lady, teacher, and friend who is greatly respected and admired by every student at Portland High, we, the 1967 PANTHER Staff, dedicate this book and all of the efforts and aspirations it contains to Mrs. Joe Wiseman.

For it is through this book that we have tried to present to you a clear picture of our school and what it means to the student body. What better way could we achieve this purpose than to dedicate it to one who inspires leadership, strong character, and responsible citizenry—qualities well admired at Portland High.

As a counselor, Mrs. Wiseman comes to know the students at P.H.S. well, and in turn the students learn to appreciate the deep concern she has for each of them. A smile and her personal interest greet the student as he enters her office. Mrs. Wiseman is a great asset to Portland High School. We are proud of her and all she has helped us to accomplish.

“Mrs. Wiseman—THANK YOU”

A Message from the Principal . . .

Throughout your life you will be confronted with "New Trends." Whether these will be meaningful and profitable to you will depend much on your ability to appraise the worth of the "New Trends" and not by their glamour or promise for short-term gains.

It would be well for each of you to adopt the philosophy expressed by Alexander Pope that admonishes each of us to "Be not the first by whom the new are tried, nor yet the last to lay the old aside."

To each senior I offer my congratulations for having attained graduation and wish for each of you the ability and mental capacity to make proper evaluations throughout your life.

A Message from the Principal...

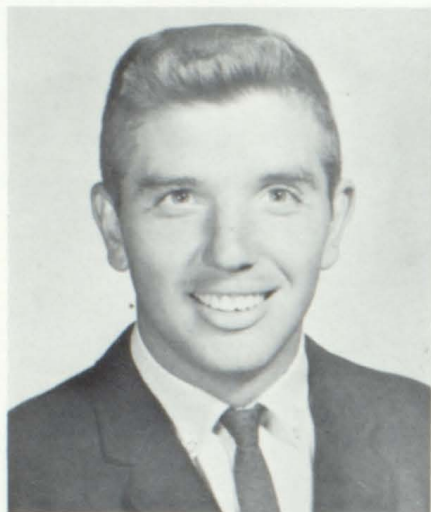

"What do new trends in the field of education mean to you? Why are new trends developing? Will you be affected by these trends?"

"We are now living in an age of change and progress. Progress is not a free gift. Progress is achieved by effort, and it is not always without problems.

"New trends in education are rapidly developing to help better fulfill the objective of preparing young people for a place in society. Many improvements in curriculum and facilities have already been provided, and more improvements are on the way. Your opportunities for a fine education have never been paralleled by another generation in history.

"Education is an investment. How much are you investing?"

ALMA MATER

On old Portland's southern border
Reared against the sky,
Proudly stands our alma mater
As the years go by.

"Forward ever" be our watchword
Conquer and prevail.
Hail to thee our alma mater,
Portland High, all hail.
