# PORTLAND HIGH SCHOOL

What's the best part of school life? Some would say the great education, the great learning experience, the knowledge sharing, and other such scholarly pursuits. But many would admit that the best part of school life is all the fun one has. It's not about if you are cool, it's not about what grade you're in. All that matters is that you have fun in school.

## STUDENT LIFE

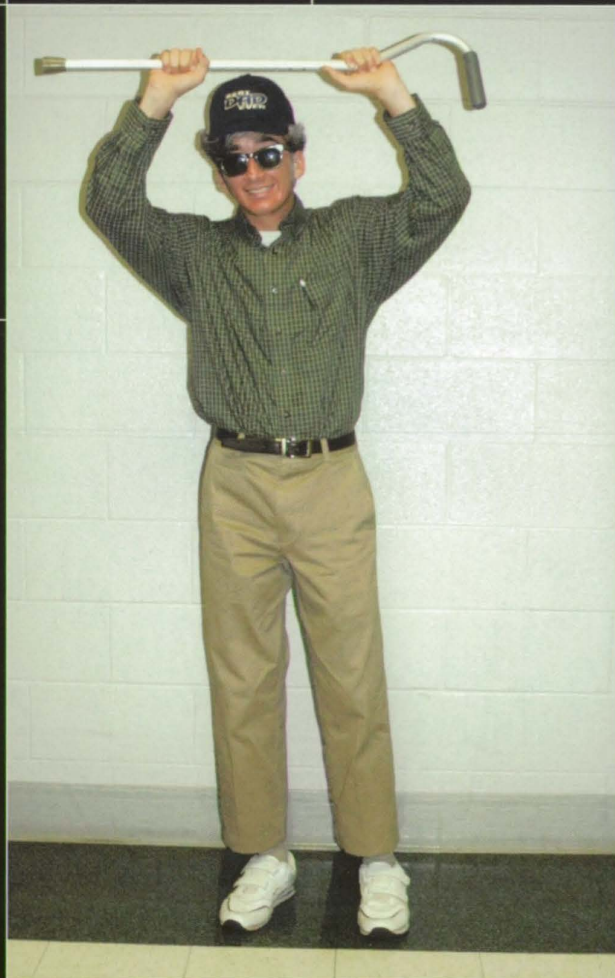

In front of the crowd, T.J. Bostic shows school spirit by waving the spirit flag during the News Channel 4 Cool School event.

## STUDENT LIFE

The 2009 homecoming week dress up days were definitely a highlight of the year. There was an 80's day, a battle scar day, a celebrity day, generations day, and Friday was the traditional purple and white day. On generations day each class dressed accordingly. The freshmen dressed as infants. Sophomores were toddlers. Juniors dressed as working adults. The seniors were literally seniors, dressing as old people. The faculty was also involved in the dress up day, dressing as the dead. Everyone had a blast on generations day!

Senior, Mitch Woodward dresses like an older man for the generations dress up day for the 2009 homecoming week.

The freshmen are cheering their hearts out for the Battle Cry during the basketball homecoming pep rally.

2009-2010

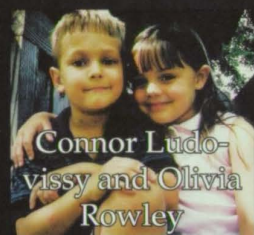

Panther Nation paints up for the homecoming game and they supported Keith Malm, who received the crown for the 2009 football homecoming king.

06 – 09

During the basketball and football homecoming, there were many fun-filled activities and events that took place.

Connor Ludovissy and Olivia Rowley

10 – 17

Many good memories and laughs are found on the best friends, family, and the now and then pages. Revisit on the great times that were captured from our wonderful year!

18 – 23

There are many fun pictures found on the People and Their Pets, Sweethearts, and the Top Ten of the Year pages.

SENIORS  
2010

This last year has been a blast for the senior class of 2010. From grade school to the last day of our senior year has been packed full of pictures and memories we will never lose. The memories will go on with us throughout our whole life. There is a way of holding on to the things we love, the things we are, and the things we never want to lose.

Everybody's got a smile inside. Put it on your face and wear it with pride!

What lies behind us and what lies before us are tiny matters compared to what lies inside us.

What a great year it's been. Let's hear it for the class of 2010!

CLASS DIVIDER

Whether you are a senior, junior, sophomore or freshman you are part of a class. A class is a group of students that have been together for many, many years. A class develops a great bond over the years. A class has experienced thirteen years of studying, testing, goofing around in the halls, playing on playgrounds or just sitting in a class together. When time has passed, you will always look back and remember the people who have traveled through this time in your life.

This is the best time of your life.

## WHICH CLASS IS YOUR CLASS?

### 2011

#### JUNIORS 84-93

Our time is next. We will  
be the big dogs on school  
ground next year. We will  
have arrived, can't wait.

### 2012

#### SOPHOMORES 94-105

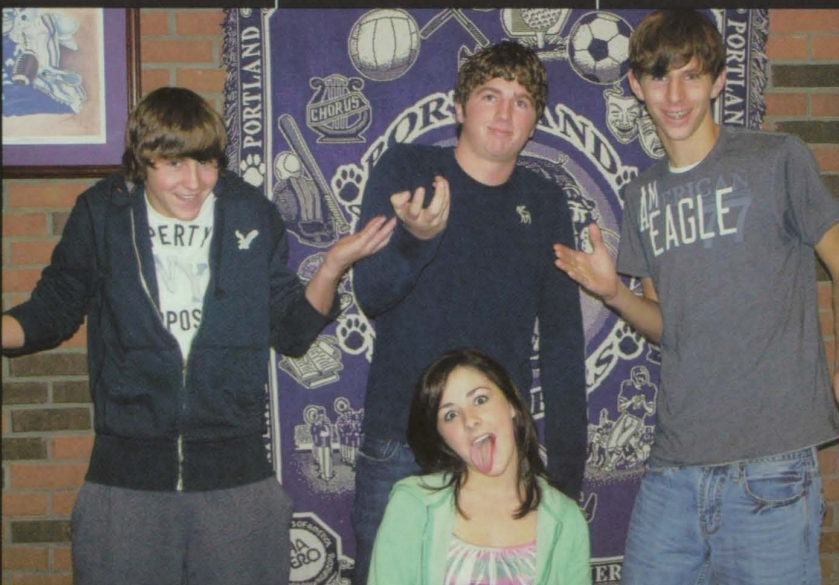

The middle child, is what  
we are considered. We  
are no longer freshmen,  
but we are not seniors  
yet. We are reaching up.

### 2013

#### FRESHMEN 106-117

We are the new kids. We get  
lost a lot, we are looked down  
at, and we might even be  
pushed around. This is why  
we stick together as a class!

Kirby, Cody Rettich,

# 2009-2010 SPORTS

Due to the increasing total of students here at Portland High School, all sports across the Panther campus moved up a region for the 2009-2010 school year. Some sports answered this challenge in a big way, such as Girls Golf. The Lady Panthers finished 14-2 in the regular season and swept the district tournament to claim Portland's first district title of the season in early fall. Also, other sports like Boys Soccer stood their ground by finishing with a winning record and making a run in the district tournament. The following 47 pages will take you on a journey around all Panther athletics to show you how each individual sport dealt with the new obstacles and challenges a new district would present them with.

Panther Juanesha Rodriguez digs a hard hit ball in tournament action.

Sophomore Kayla White crosses over a Bison defender in a district game.

Lady Panther Brittany Key dribbles past the Lady Bison's last defender for a crucial scoring opportunity.

# The Panther Band

hey marched in parades you watched when you were small, you saw them at football games standing up tall. That gargantuan sound that could blow you away, gold horns and big bass drums! You just knew one day, that you wanted to be in the band. In the band, in the band, In your very own Senior High Band.

You're not the same this year, there's something that's new. You're much more mature in the things that you do. Get home late from practice and quickly get fed, then turn off the TV(!), do homework instead, and perhaps its 'cause you're in the band! In the band, in the band, In your very

own Senior High Band. In your very own Senior High Band. Holst and Stravinsky, Mozart, Grainger, Ives, when playing this music, you are so alive. Weeks of getting ready, then comes concert night, its wonderful music, you play it just right, and you're so glad that you're in the band! In the band, in the band, In your very own Senior High Band.

Go back to school early a'marching all day, and its not just marching, they want you to play. Its wet when its raining, still damp when its not, and when its not raining, its oh so hot, that you

wish that you weren't in the band! In the band, in the band, In your very own Senior High Band. Its more than a class or just something to do, the other band members depend upon you. So you've got to be there, without you its wrong. You are in this together, its here you belong, and you're part of a really great band! A great band, a great band, Your great very own Senior High Band.

# Freshman & JV Baseball

T

he Panther's JV team had high expectations coming into the 2010 season. Last year, the Panthers won the Sumner County Tournament. Teams knew the Panthers would not be a pushover on any game this season. Losing two or three key players and pitchers to the Varsity team the JV needed some younger guys to step up and play well for them to succeed in a very tough district.

"My first year of high school baseball was a great experience."

--Zach Briley

"The team improved greatly over the season and I am looking forward to what next year brings."

--Shawn Callis

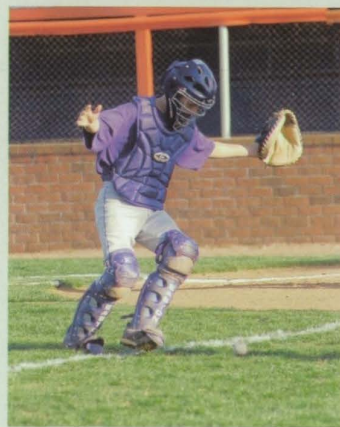

"Intensity that's all it takes, intensity"

--Seth Minnis

1. Tyler Hanson makes great contact as he hits an outfield single.
2. Trent Blackburn teases the pitcher as he gets a big lead on first base.

"Play every game like its your last. I had a great year this year with the Seniors and wish them luck on their future. Ready for next year!."

“

I would like to thank all of our young men who worked hard and represented Portland High School with class and honor. I would ask them not to frown on records, but on the small team and individual accomplishments made in 2010. The baseball team has improved this year. District 9-AAA was a huge task in front of us that we took on proudly. We, as a coaching staff and players, learned a lot about ourselves. Commitment and determination must be there for any success to occur. Returning players need to build on the improvements that we made this year and seniors...remember that your commitment to this program will be reflected in your life to come. I know if you are determined you will be successful in life. I am very proud of our team and wish the best for all of our departing seniors! Thanks to Michael, Aaron, Coleman and Jordan! Seniors 2010.

"I feel this year we strived to make things happen. We went into a battle giving our all and holding nothing back. Even though we didn't always receive the outcome we wanted, we stayed close as a team. And in any battle it's important to know your team has your back. I never went into a game doubting my team. “ The 2009-2010 basketball season for the Lady Panthers can be summed up in one word “adjustment.”

The Lady

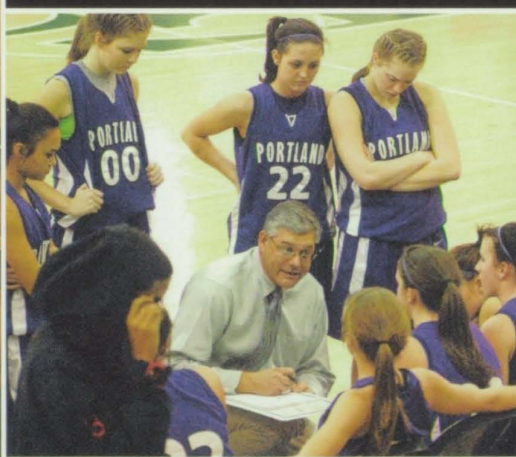

Panthers moved up into the AAA classification for the first time. They also moved up into one of the toughest AAA districts in the state of Tennessee. This alone was a huge adjustment for the Lady Panthers. But the team also had to adjust to having a lot of new faces on the varsity level. The Lady Panthers had only two seniors and three returning starters. These starters were the only players with any significant minutes on the varsity level. Once again, adjustment seems to be a key word for this season. There were some highlights for these Lady Panthers. They defeated rivals, Gallatin and White House. They also won their first 3AAA district game. Hopefully the Lady Panthers have grown accustomed to the changes and will turn towards growth and improvement going into next season.

# Bowling

"By polishing your bowling technique, you will have a chance to shine."

I

n bowling and teaching, both these axioms hold true. You'll never knock down any pins if you don't roll a ball and if you roll a ball enough times, eventually you will get a strike. This Portland High School bowling season started with many players simply rolling balls and ended with players bowling turkeys. We had an exciting season of growth this year and we look forward to new heights next season!

# Girls and Boy's Tennis

W

Tennis is an extremely challenging sport. One writer described it this way, "In tennis the player moves about a hard rectangle and seeks to ambush a fuzzy ball with a modified snow shoe." On top of the seeming impossibilities of the physical part of the game, Pete Sampras also noted the psychological difficulties in saying, "You can't hide from the ball and you can't pass it to a team mate, it's one-on-one out there." Yet for all it's anguish, PHS tennis is focused on where the game begins, at Love.

# Portland High School Teacher of the Year

Being nominated as PHS teacher of the year was an absolute honor. Actually being selected has been surreal. A once in a lifetime experience that I might have dreamed about has come to me at a time when I can barely absorb the meaning of it all. I truly want to be a teacher who not only makes a difference in the classroom, but also in the lives of students outside the classroom. I want students to see the possibilities that can exist through having goals, ethics, and a good education. Thank you to everyone who has supported me on this journey.

*Mr. John Parker*

## Retiring Faculty

Even on my first day here at Portland High School in the fall of 2002, I knew I was in a very special place. I was made to feel welcome by staff and students. It has been a privilege for me to complete my teaching career here at Portland High School. The teaching staff is top-notch, the working staff is the best (with the tastiest food and the cleanest building), the administrators are hardworking, and the students are friendly and helpful. My many wonderful memories of Portland High School will remain with me forever.
