to our growth...*

JUNIOR HIGH

PAGE 90

MRS. JACK PRUETT

This year the honor of the dedication is gladly bestowed on a person who has given many hours to help us toward reaching our goal of twelve years as well as to help us in looking to the future for our opportunities.

She has devoted a great deal of time and ability to the new Office Occupation Course which "we know" will advance to be one of the most helpful courses in Portland High School.

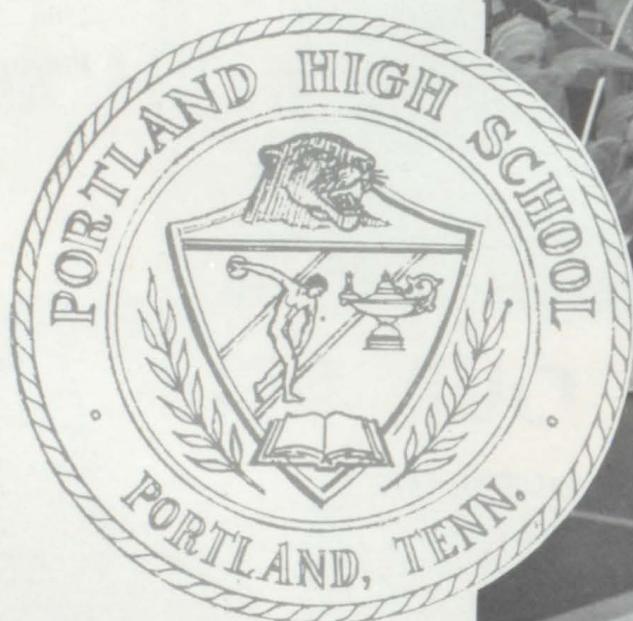

It is with respect and appreciation that we, the students of Portland High, dedicate the 1966 "Panther" to Mrs. Jack Pruett.

OUR DEDICATION

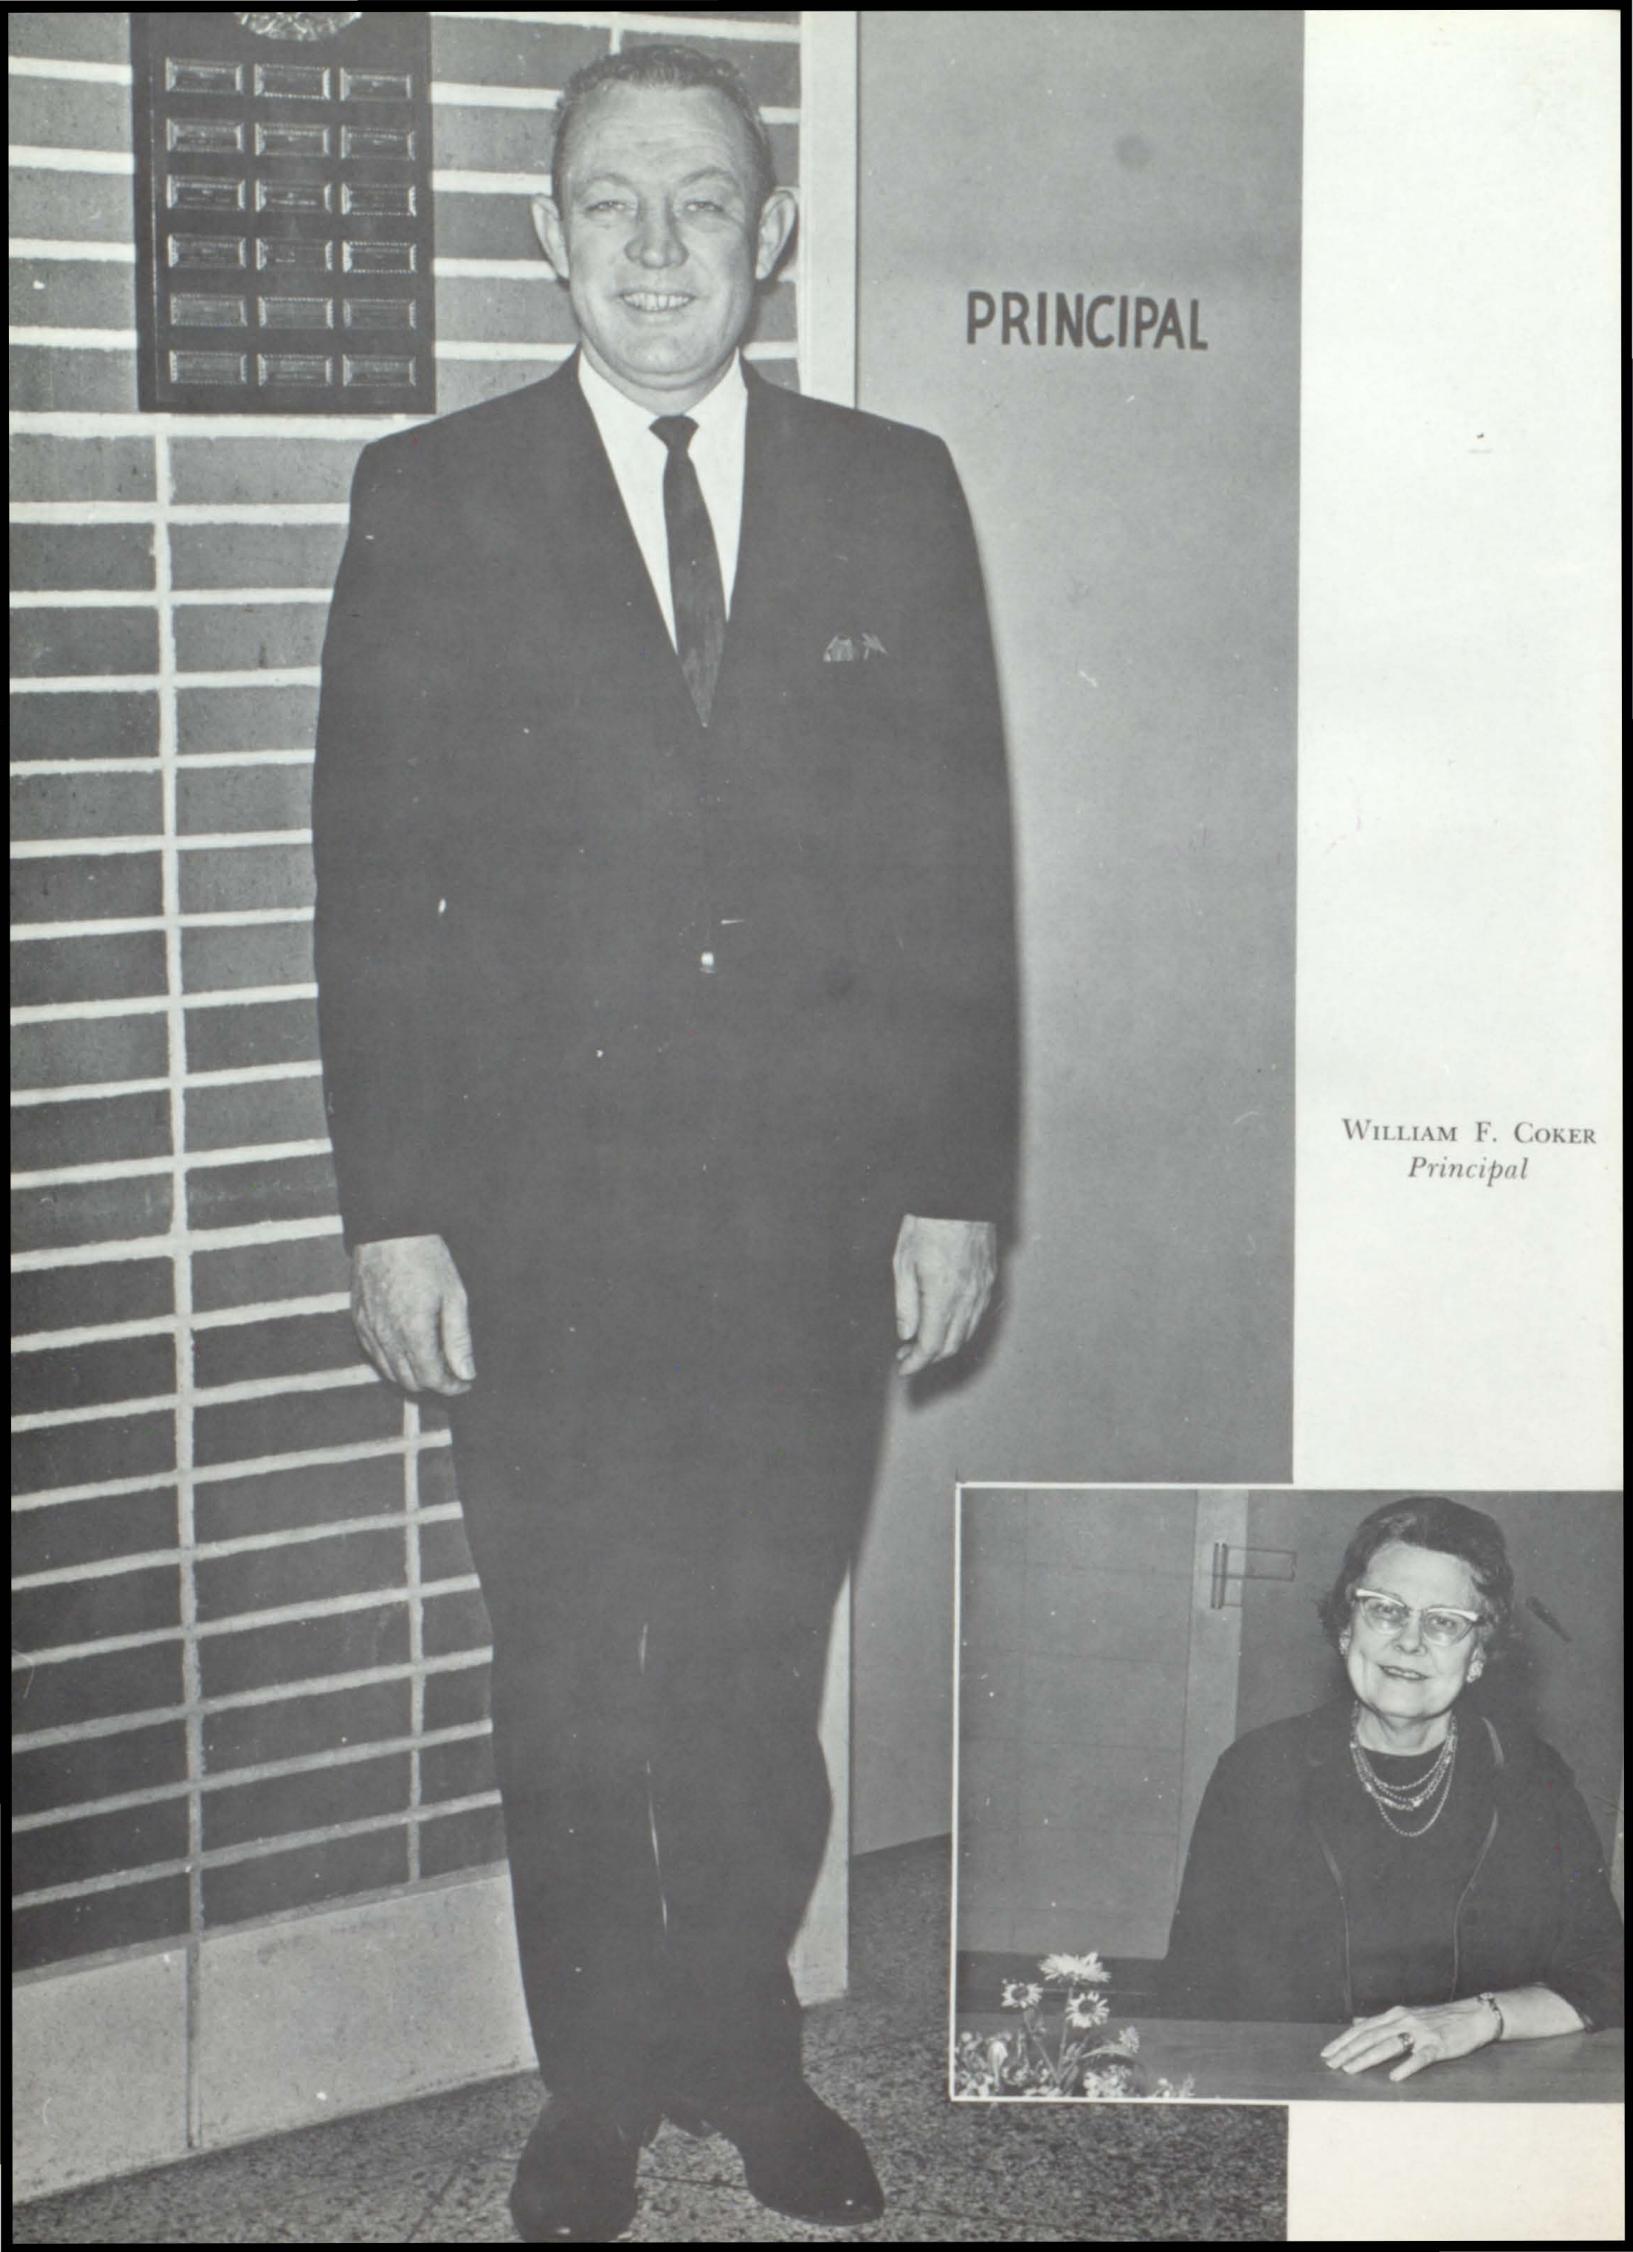

*... is to one
who challenged
us to reach
beyond ourselves . . .*

*... new challenges
for our
Minds ...*

Thoughts from the Administration

WHAT, WHEN, and HOW—How often do these words confound and try our every resource as we rise to meet the challenges presented to us day by day?

With these queries ringing in your ears, do you look forward to the life that lies ahead of you with apprehension or anticipation?—apprehension, feeling unprepared and unable to cope with today's problems, much less those of tomorrow; anticipation, knowing that the challenge will be greater but so will be the rewards?

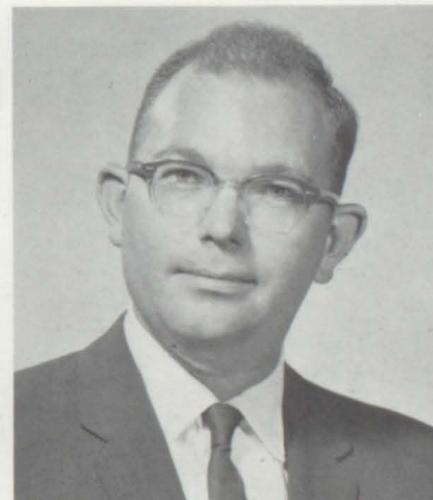

For none of you can I present the answer, but can only tell you that the answer lies in the experiences that you as a student and member of society have had.

Knowing this, do not disdain nor be foolhardy. Trudge forward with sometimes faltering steps, but never without the goal you have set in sight. By constantly reviewing and revising your goal, your life will not only be a life of greater challenge but one that will never be forgotten as we will never forget you.

JUNIOR HIGH

Principal's Message

As we looked back on fifty years of school history at the close of the last school year, we saw that the changes were great. What will the next fifty years be like?

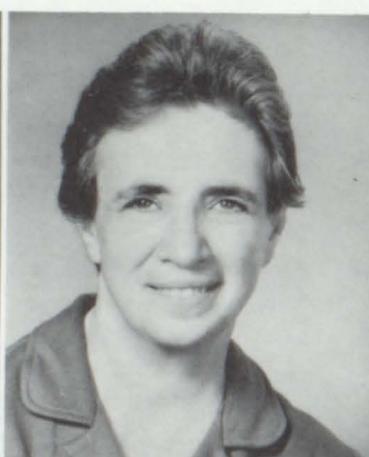

I believe that it is safe to assume that more change will occur in our education system in the next fifty years than did occur during the last half century. The students pictured in this annual will be largely responsible for the change and improvement in our community and school system.

To you, the student, I leave this question: "What will you do during the next few years to prepare yourself to contribute to the improvement of your community?"
