

# David Scott

**July 10, 1946 - January 26, 2008**

**David was born on July 10th 1946 in Terre Haute Indiana to Roger and Joan Scott. In the early seventies he moved to Orlando and went to work for Walt Disney World. While he worked there, he began to acquire many items which are now collectible books, pendants, posters, and other memorabilia. He then began a long career at the Parliament House designing, fabricating, and installing the many sets used in the Footlights theater for pageants and shows. He was the sound operator for Miss "P". He also worked for FAO Schwarz and travelled internationally for Planet Hollywood. For thirty years this kind of work was his passion and he liked working with his crews and enjoyed talking about all his projects. He was well known for his backyard garden parties and annual Christmas extravaganzas. David was survived by Roger G. Scott, his father, brothers Roger, Stephen, Christopher, Michael, Timothy, Mark, and sister Patricia.**
