Special Ceremonies Mark Anniversary of Resolution

With bands playing and flags flying, and a colorful crowd on the Williamsburg streets, the "Prelude to Independence," 175th anniversary of Virginia's Declaration of Independence, got off to a vigorous start.

Jamestown Day, May 13, was the signal for the "Prelude" to open. A large Richmond contingent of members of the Association for the Preservation of Virginia Antiquities was present, as well as the committee of the board who arranged the celebration. Events of the day were the luncheon for members held in the Game Room of the Williamsburg Lodge; a service in the church on Jamestown Island, with Bishop George P. Gunn as preacher; tea at the Raleigh Tavern at which the Williamsburg Chapter of the A.P.V.A. were

the hosts; and an evening service in Bruton Parish Church with an address by the Rev. Arthur Pierce Middleton. This was the 344th anniversary of the landing of the Engish colonists at Jamestown, by the opening of the exhibition

To Start June 1; New Signs Go Up

Signs, New Format For Calendar, Closing Of Court House As Info Point Are Part of Project

The "visitor aid" program will get under way on the first of June, after six weeks of preparation, at which time Bill Bippus, now manager of the Reception Center, will join the Public Information Department to assist in the community-wide cooperative project.

Several parts of the ten-point program are already visible. Two drive-out signs have been erected by C & M under the supervision of the Architectural Department. They are located on Route 60z, opposite the Stadium, and on Route 31, opposite the White Lion Motor Court. These cover the major flow of visitor traffic from the West and give essential directional information using the successful "You are here" formula.

Special signs to be put up at the Exhibition Buildings on June 1 are now being printed. These will tell in a few words what there is to see inside the building, giving a thumb-nail sketch of the important facts about each past year assigned to a special survey committee.

Newly Created Posts

Richard K. Showman, director of the department of Exhibition Buildings, will be advanced to fill one of two newly created posts of assistant to the director of interpretation. Named as the other assistant is John C. Goodbody, formerly director of publications and for the past year assigned with Burbank to the special survey committee.

Expanding Program

Edward P. Alexander, director of interpretation, explained that Showman's duties will be to plan the expanding interpretive program for visitors in Williamsburg. Goodbody will be concerned with the interpretation work largely outside Williamsburg, the director explained. He will handle the organization's relations with the armed forces, with the Department of State and its program of student and foreign specialists' visitations, and with agencies promoting citizenship educa-

Signs Erected

The City of Williamsburg has erected the highway marker signs along Richmond Road, Francis Street, and York Street; Colonial Williamsburg will erect route markers for the Chamber of Commerce and the Reception Center, which tie into the informational signs at the entrance to the City. The signs leading visitors from the corner of South England and Francis Streets to the Reception Center are due for repainting in the scotchlite process which will make them glow at night.

New Format

The new format for the calendar, "This Week in Williamsdar, "This Week in Williamsburg," is now being prepared in New York by our advertising agency, Needham & Grohmann. This will be a six-page, three-fold booklet and will replace current publications which Colonial Williamsburg now distributes for the visitor. ARMOND Campbell, Manager of the Laundry, has announced that after June 1st the laundry will take only dry cleaning and shirts from employees of Colonial Williamsburg. This action has been necessitated by the extra work load brought on by King's Arms Tavern. He hastens to assure everyone, though, that the same reasonable prices will pre-

SAY, have you had time to take in the art exhibition at the Wren building? If not, be sure to fit it into your schedule sometime between now and the time it closes on the Fourth of July. "They Gave Us Freedom" is probably the finest exhibition of its kind ever held in the state and employees of Colonial Williamsburg should be duly proud that it was their organization which co-sponsored this great show. You'll see a lot of paintings which you may have seen before in the Exhibition Buildings, but for every one of those, there will be four or five you haven't seen before . . . and they're all tops! As Officers Of ESU

An invitation to Colonial Williamsburg personnel and others to join the newly organized local chapter of the English Speaking Union has been sounded by Pierce Middleton, CW research director and chapter president.

The unit is the latest addition a world-wide organization made up of people who have in common the English tongue and an interest in our great joint heritage of history, law, and culture.

Thirty Members

Formed recently as part of the Virginia Branch of the English Speaking Union, the local chapter now has some thirty members, according to Chris Gillespie, secretary-treasurer. Those who are should see Miss Gillespie who is in the Division of Interpretation.

Meetings will be held on call, and social functions will be arranged from time to time on observance of significant Anglo-American events or of visits to Williamsburg by representatives of the British Commonwealth. Annual dues are \$5.

Plans For Operation

Plans for the chapter's operations were made at an organization meeting in March at Bruton Parish House at which Dr J. L. Blair Buck, of Richmond, president of the Virginia Branch, spoke briefly. Six directors of the Williamsburg chapter were elected, including Dr Middleton, Miss Gillespie, Miss Marguerite Wynne-Roberts, Mrs David G. F. Holmes, Dr. John S. Ware, and Parke Rouse, Jr. Mr. Rouse was elected as vice-president.

Activities Planned

Among the activities planned by the Williamsburg chapter, according to Dr. Middleton, are the entertainment of British exchange students at the College of William and Mary, the showing of outstanding British motion pictures, and efforts to give English-speaking visitors from other countries a special welcome and introduction to Williamsburg. The group will also participate in the simactivities of the Virginia Branch, at Richmond.

In inviting CW personnel to become members of the organization, Dr Middleton cited a publication of the ESU which states, 'To young and old, but particularly to the young in heart; to realists and dreamers, but particularly to practical idealists; to all who believe that international solidarity can promote the principles of Magna Carta, the Declaration of Independence, and the several Bills of Rights, the English-Speaking Union offers its invitation to membership."

CW'ers Are Elected Local Police Department Has Come Far Since "Pioneer" Days of 1930's

(Sixth in a Series of City Government Articles)

In the early days of the "uniformed" Williamsburg Police Department, motor transportation consisted of one rebuilt motorcycle and, at times, a pickup truck. The truck really belonged to the Superintendent of Streets but the police department (numbering two officers) had the use of it between five in the afternoon and eight the next morning. During these "pioneer" days of the early thirties, one could, with luck, reach the long arm of the law by calling the drug stores and service stations in the business district; if the caller was unsuccessful with this procedure, the next best move was to leave word for the police to call the complainant or to come to the scene of the crime.

"One If By Land"

Somewhat later on, through the courtesy of the telephone company, a system of signaling by interested in becoming members lights on the water tower and at the hardware store was set up. Telephone operators were able to turn on the lights, thus notifying the police officers that they were needed, and they would in turn call in to find out the location of the trouble. The modern threeway radio system has been in use by the department since about

Force Increased

The size of the force has increased gradually since 1931. Unil the third man was hired in 1933, the two officers would be on duty for t velve hours a day. Their task was made somewhat easier in 1932 when the first car was purchased for the department. About 1938 the force increased to four and during the war it was doubled, but its regular current staffing is six mem-

Before 1931, the whole law enforcement show in Williamsburg was run by the sheriff (of Williamsburg and James City County) and by the City Sergeant. Special officers could be called in time of necesity from a volunteer group.

Few Crimes

Major crime and juvenile delinquency are almost unknown in liam H. Kelly attributes this to the facts that there are no slum ter. areas in town, that nearly all families have at least one steady wage earner, and that in a town this size people are too well-direction of Captain Sam Peach, known by their fellow citizens to cooperates with the city officers risk being caught in a criminal on any sort of detail where comact. toward delinquency is shown by power of the city police. any minor within the jurisdiction par ment, Chief Kelly and his of- consists of two local boys, H. situation which is indeed rare in Williamsburg.

Oft-heard remark

A remark which police officers often hear goes something like "What a soft job you've this: got; all you have to do is ride around in that automobile!" People wonder what policemen in Williamsburg find to do with all the hours in the day. In slightly over an hour on a typical day, the prowl car answered two calls from Eastern State Hospital, one each from a local service station and an administrative officer of William and Mary, and received a long distance call from Bridgeport, Conn. One other phase of the work which is often overlooked is the number of times that officers are called out for special reasons in the middle of the night when they are (according to the schedule) "off duty".

Men of high Caliber

Chief Kelly points out that only men of the highest character can be used in police work; obtaining men of that caliber at the salaries which are offered, necessarily low because of city budget limitations, is a very difficult task. Such men have been secured, but they must do additional outside work to supplement their incomes. It is hoped that in the tuture it will be possible to pay these men salaries which commensurate with their abilities and needs. Softball Practice Is Begun; Players Still **Needed By All Teams**

Softball chairman Ralph Clark has announced that practice sessions are now taking place on Tuesday and Thursday at five o'clock for the men's team. Manager Ollie Amon's girls' team meets for practice on Wednesday at five. Ralph is somewhat disappointed at the turnout so far, but says he plans to field a winning team and will do it with cooperation from those who signed up to play. Over I & L way, James Tabb and Thess Judkins both have high hopes for their respective outfits in spite of some crippling losses to the armed forces since last season.

Getting out a newspaper is fun, but it's no picnic.

If we print jokes, people say we're silly. If we don't, they say we're too serious. If we clip from other magazines, we're too lazy to write. If we don't, we're too fond of our own stuff.

If we don't print contributions, we don't appreciate true genius. If we do print them, the pages are filled with junk.

HOSTESS SECTION

The "merry month of May" brings a welcome lull in the Exhibition Buildings, coming as it does just after the rush of Garden Week and before the college commencement in June. The highlight of the month, of course, was the beautiful wedding of Evelyn Stryker and Henry Peyton, uniting two of the hostesses' families. A few weeks earlier, in April, the lovely wedding of BEVERLY OWENS and William Knox was an event of much interest to all of us. One of our very faithful young clerks, BARBARA HARDIE, surprised us by announcing that last Christmas she had married Fred Waters of Savannah, Georgia, who is stationed in Alexandria. We are delighted to have FRANCES ROBB, a former hostess, back with us in the buildings after working for the past year in New York. MADELINE BROWN has moved to Washington with her husband, Major Brown, who was transferred from Fort Eustis to the Pentagon. Her place as a clerk has been filled by NELL GILLY RICHARDS. Several new hostesses have joined our ranks: DENISE BURKE, JEAN ETHERIDGE, CHRISTINE COCKE, and PEGGY PEACHY who is escorting. DOT WING has moved into her new home on Capitol Landing Road. DOT WING has moved into her new home on Capitol Landing Road. ELIZABETH and JOHN HENDERSON are settled in the Lightfoot Kitchen, and MAY and TOM FLETCHER are in the Tayloe Kitchen. All are happily located. GRACE PEACHY has returned from the Medical College Hospital in Richmond and is recuperating at her home on Jamestown Road. IMOGEN ETHERIDGE is visiting her sister Mrs. Harvey in Philadelphia. LUCY SNEED has returned from a visit to her daughter, Mrs. McGuire in Falls Church where she was joined by her brother from New Mexico. The offices of ROSE TAY-LOR and MURIEL SPENCER have been moved to the upstairs of the Apothecary Shop. JUNE BOCOCK has been indisposed for several days at her home on North Henry Street. NOUVELLE GREEN redays at her home on North Henry Street. NOUVELLE GREEN recently attended the wedding of her niece, Miss Marilyn Ferrell, in Kinston, N. C. MARY CARTER has returned from a visit to her daughter, Prickett Saunders, in Alabama where she went to welcome a new grandson, Stephen Carter Saunders. Mr. and Mrs. James O. Researchers Continue To Do Big Job For Company

CW's High Standard Of Accuracy In Information And Authenticity In Restoration Due To Research

Of all the departments of Colonial Williamsburg, the least-publicized, most quiet and one of the most necessary is the Research Department. Headed by Director Pierce Middleton, the department continues to do a big job for the organization, far from resting on its laurels which are many and well-known.

The Research Department was organized in 1930 with Mr. Harold R. Shurtleff as Director; at that time it was a department under the architects, Perry, Shaw & Hepburn. For many feverish years, research material was gathered from available records in England and America. The Virginia Gazette references were set up and York County records were indexed. During this same period, to serve three and a half years logical, and architectural evidence. thenticity.

She is in charge of all periodicals for the organization, looks after rebinding needs, and prepares the binding needs, and prepares the annual reports and other statistical material when needed.

large volumes of notes on each of the principal Exhibition Buildings were gathered. Archaeological researchers were part of the department then.

Grants-In-Aid

Mr. Shurtleff passed away in 1938 and Hunter Farish, who had been with the department for about a year, became its director. Research became a department of Colonial Williamsburg, Inc., no longer connected with the architectural department. During Farish's directorship, the grants-inaid were offered to scholars working in the field of colonial history and several publications resulted: Farish edited the Fithand Chilton's Present State of Vir- Groton, Conn. ginia; Louis Morton's Robert Carwere taken over by the Institute Culture.
