Greetings:

1. I participated in the Virginia Slims demonstration on November 18th and told you about a letter I remembered receiving from the International Tennis Federation saying that they would not continue to have Virginia Slims sponsoring its tennis tournament. Now that I have re-read it, I realize that the letter is very vague and non-committal. Nevertheless, you asked me to send you a copy. I am sorry that I took so long. I wrote to all four of the addresses given on page four of the Spring 1992 "SmokeFree Air," but only received this single response.
2. I received the Fall 1992 "SmokeFree Air" on or about November 20th, more than a month after the announced October 18th meeting had been held. This is not a complaint. I am only telling you for your information. If you had trouble with the printing or distribution and are aware of this, please disregard.
3. When I write to Mayor Dinkins about the stadium billboards, I would like to congratulate him on any positive action he might have taken on other related issues, such as the Marlboro Grand Prix, but I never received the Summer 1992 "SmokeFree Air". If you still have any copies left, could you please send me one? Thank you.

Cordially,

Dan Medbury
