"Tonight we come together to celebrate the accomplishments of celebrate the accomplishments of 334 remarkable people. Among these people are athletes, musicians, writers, cheerleaders, singers, actors, UIL members, dancers, volunteers, and geniuses. Nowhere else will you find such a talented group of young people, and I'm so proud to be a part of that group. As we celebrate the end of high school as well as the beginning of our lives in the "real" world, we can't help but think of all of the memories we've shared here at NHS."

"Congratulations, Class of 2011, we made it through! "That's what's up!"

"Asiour journey through high school comes to an end, we must remember everyone who has helped us along the way. I know I said! wasn't going to name any people specifically, but there are some people in my life who are too special not to mention. First and foremost, I have to thank and give glory to God for all the blessings He has bestowed upon me. I would also like to thank my mom and the rest of my family for always supporting me and cheering me on. And I'm sure my me and cheering me on. And I'm sure my fellow graduates will agree with me when I say we could not have made it through these last few crazy years without our friends. "

"For the most part, I think the time we've shared here at Nederland High School has been more good than bad, and the memories that we've made the memories that we've made are what make each of our experiences one of a kind. After tonight, we will all venture out into the world to make new memories. These past years may have been the best of your life so far, but I promise they won't be for long. You have your whole life ahead of you. "

"Growing up, I watched Finding Nemo and it taught me much more about the vast ocean of life. We were all once little guppies that would swim through ocean as if nothing could possibly go wrong. As we grew the last eighteen years, we have been through tough times, like when we were trying to touch that ship to show off and got caught by some creepy scuba diver. It has happened to us all."

"I want to begin this speech by thanking Allah, Adonai, Jesus, Prophet Muhammad, Buddha, and Krishna for bringing me this far in my life and blessing me with the oppurtunity to be the salutatorian of the class of 2011."

"People are always asking me what I will remember most about them and the truth is that I won't remember them for what they did. I will remember all of you for what you are capable of accomplishing in the future. I pray that God, no matter what name you address him by, blesses you, your families, and our ocean of life with happiness and success. Thank you and THE GAME!"

"I want to extend my gratitude to the teachers, counselors, coaches, principals, and the curriculum coordinators. On behalf of everyone, I also want to especially appreciate the lunch ladies, librarians, jamitors, secretaries, substitute teachers, and parents who work behind the scenes and never get recognized for their vital contribution."

## Closing...

We, the yearbook staff, would like to express our appreciation to the many who made this yearbook possible. We hope that all efforts that went into making this yearbook shine through in the finished project.

To our photographers, we are thankful for you all taking so much time to help capture the precious school memories that make the book the best that it can be. The yearbook would not have turned out as good as it did without all of your hard work and talent and dedication to get each picture that went into this book.

To the teachers of Nederland High School, thank you so much for putting up with us throughout the year. It is such a huge help that you pardon our countless interruptions to allow us to conduct our interviews and take pictures. Without your cooperation, we would not be able to make our yearbook come together as fast and efficiently as we have.

To Kerri Hays, thank you for another fun and wonderful year and another great book. Without you being there to push us to meet deadlines, help us when we had questions or got frustrated, or pull us together, we would not have been able to make this all happen and produce something great. You helped us tie all of our work together to finish this yearbook. We really appreciate all of your hard work and all that you do for us to make this yearbook possible.

To Natalie Gomez and Cheryl Hancock, thank you for dedicating your own personal time to help us edit the pages that went into the yearbook. The staff appreciates all of the work you do behind the scenes, especially around the hectic deadline dates.

Finally, we would like to give a big thanks to Taylor Publishing and Lee Briggs for continued great service and years of quality yearbooks.

We hope that you enjoyed the yearbook as much as we enjoyed making it. The staff put in a great deal of hard work to give our school a quality yearbook that everyone will be proud of. We wish next year's staff and editors good luck as they make another great yearbook.
