

LOGAN COAT OF ARMS

First Quarter (top left as shield faces you). Open book proper. The open book is the traditional heraldic symbol for learning and educational excellence.

The five seals represent the fields of study: basic sciences, chiropractic sciences, clinical sciences and clinic, research, and continuing education. On the open book the words: *Deus illuminatio mea.* (God is my guiding light.)

Second Quarter (top right). Three fleur de lis. This was the heraldic emblem of St. Louis of France after whom the City of St. Louis is named. It was in St. Louis, Missouri, where Dr. Hugh B. Logan founded his college of chiropractic in 1935.

Third Quarter (bottom left). Sacrum and spine proper. This represents the philosophy and Basic Technique as developed and taught by Dr. Logan and Logan College.

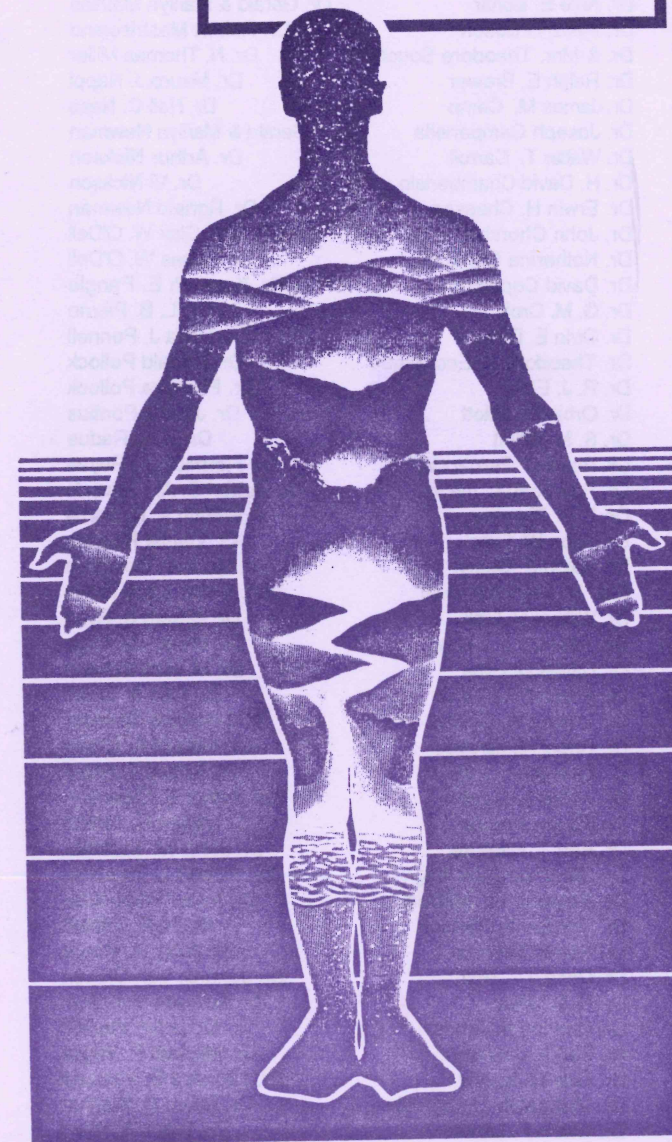

Fourth Quarter (bottom right). Ankh. The Ankh is the ancient symbol for life and energy.

Motto: *Studio Optimae Doctrinae et Saluti Sanitatis.* (Dedicated to the pursuit of educational excellence and the preservation of health.)

History: The academic seal was designed by Dr. Beatrice B. Hagen, President, Dr. Helen Smith, former Assistant to the President, and Reverend Lawrence F. Jansen, who had been with the Maryknoll Seminary.
