

## Toledo Industrial Peace Board Scrapbooks Inventory

The Toledo Industrial Peace Board was created in 1935 in an effort to improve labor-management relations in Toledo. The Board lasted until 1943 when it was ended after changes on the national level with the National Labor Relations Board, the War Labor Board and the U. S. Department of Labor diminished the need for Toledo's Board. The Industrial Peace Board was succeeded by the creation of the Toledo Labor-Management-Citizens Committee in 1945.
