

March 9, 2020

To Our Broadmoor Family,

The Coronavirus, otherwise known as COVID-19, has been a topic of concern in our country and around the world. We have been in receipt of various questions relating to this sickness and it is important for us to remain focused on the facts.

We will continue to take all necessary precautions and follow the guidance of the CDC and our Public Health Departments. This is always our protocol during extreme cases of other contagious diseases such as influenza or pertussis. There have been no specific recommendations required for apartment communities at this time regarding the Coronavirus except to stay informed and to promote common sense, healthy personal hygiene practices throughout the cold and flu season.

Below is a link to the latest preventative information from the CDC. It is always important for everyone to practice healthy hygiene, especially during cold and flu season:

- <https://www.cdc.gov/coronavirus/2019-ncov/about/prevention-treatment.html>

Additionally, here is a link to the CDC's FAQ for the Coronavirus:

- <https://www.cdc.gov/coronavirus/2019-ncov/faq.html>

You will be notified if we become aware of a confirmed case of Coronavirus at one of our communities.

The health, safety and well-being of our residents is always a top priority. As we continue to monitor this development, and as we judiciously follow the guidance of the CDC and Public Health, we will communicate any necessary information.

Molly Schmidt, Manager
