Innovating through the Uncertainty

Navigating live theatre during COVID-19 requires a lot of innovation and a world of pure imagination. We cannot thank you enough for supporting OCP's creative solutions over the last few months! From at-home streaming events to socially-distanced drive-in concerts, we have worked tirelessly to develop programming to keep the magic of OCP alive while keeping our community safe.

As we move into the fall, we are more committed than ever to fulfilling this mission. **At this time we have decided to postpone ticket sales for *Clybourne Park* and *Murder on the Orient Express*** while we continue to develop safe and innovative ways to keep our patrons entertained and inspired.

We have some fun and exciting solutions in the works and can't wait to share the details with you in the next few weeks!

In the meantime, here are a few OCP events to look forward to:

Adult Season Musical Auditions

July 23–26

Auditions are by appointment only and special Covid-19 safety precautions will be observed.
