

Public Wifi Hotspots

With many services moving online as a way to limit person-to-person contact, and many businesses that offer free public WiFi closing their doors to the public, internet connectivity options may be of need to many at this time.

You can connect to WiFi for free at the following locations. Please remain outside the building when connecting.

- Biddeford City Hall (205 Main Street)
- McArthur Library (270 Main Street)
- Seeds of Hope Neighborhood Center (35 South Street)
- 265 Main Street

Public WiFi hotspots are shown on the Biddeford Resources Map below in blue. To see the full map with legend, [click here](#).
