When the golden sun is sinking,  
And your mind from care is free,  
When of others you are thinking,  
Don't forget to think of me

Forget the writing  
Forget the blots  
Forget all else  
But forget me not

Some men love maidens of sweet  
seventeen,

Other men love women of forty.

And some idolise a fair  
heroine,

While some worship girls who  
are naughty.
