

# ANNUAL REPORT

April 1, 1960—March 31, 1961

## 52 YEARS OF SERVICE

OUR FIRST CONCERN - THE PATIENT  
AND HIS FAMILY

**Bangor-Brewer**  
Tuberculosis and Health Association  
116 State Street  
Bangor, Maine  
Telephone 2-6396

Tuberculosis is still the number one killer among the infectious diseases. For the past two years THE NUMBER OF CASES OF TB REPORTED IN THIS AREA HAS INCREASED. Many patients are being cared for at home after only a short period of hospitalization. This means we must strengthen health services in the community where the patient lives.

The fight against TB must be won before it's too late. It CAN be won if everybody CARES and everybody HELPS.

Tuberculosis is still the number one killer among the infectious diseases. For the past two years THE NUMBER OF CASES OF TB REPORTED IN THIS AREA HAS INCREASED. Many patients are being cared for at home after only a short period of hospitalization. This means we must strengthen health services in the community where the patient lives.

The fight against TB must be won before it's too late. It CAN be won if everybody CARES and everybody HELPS.

#### LAST YEAR CHRISTMAS SEALS HELPED PROVIDE THESE SERVICES:

- WE HAVE NOW BECOME TEN. Orono has joined the area served by the Association.
- A CHEST CLINIC was held monthly for evaluation, treatment and rehabilitation of patients being cared for at home.
- We distributed TB DRUGS provided by the State Department of Health and Welfare for TB patients on home care.
- Our CHEST X-RAY SERVICE provided x-rays for patients and their contacts as well as for food handlers, teachers and others referred by their physicians.
- TUBERCULIN TESTING was carried on in grades 1, 8 and 12 in the schools to find infected children. These children all have regular x-ray check-ups and treatment is started immediately if there is any sign of active disease.
- We cooperated with those providing hospital care for TB patients at the Bangor State Hospital and Central Maine Sanatorium to help meet patient needs.
- We helped TB patients and their families meet personal problems.
- A HOSPITAL SUPPLY AND LOAN CUPBOARD was maintained for TB patients and others who are being cared for at home.
- AN INFORMATION AND REFERRAL SERVICE was maintained to direct any person with a health problem to the help he needed.
- In memory of Louise P. Hopkins, A SCHOLARSHIP AND LOAN FUND was established to help any who want health careers.
- We gave a chest x-ray unit to Bangor City Hospital and an IPPB breathing apparatus to Eastern Maine General Hospital to assist in diagnosis and treatment of respiratory diseases.
- A new service, THE PENOBSCOT VALLEY VISITING HOMEMAKER SERVICE, was co-sponsored by the Association together with Family and Child Services Inc. to provide care and comfort in homes threatened because of illness caused by TB or other disability.

1961

## The President's Message

*This has been a year of reappraisals of the fight against tuberculosis. On a nation wide basis the Arden House Conference pointed up the single vital fact that the TB germ can be licked NOW.*

*A "Little Arden House Conference" in Maine, completed in the fall, indicated the steps that Maine people must take to carry out the primary objective of the Tuberculosis and Health Association—ERADICATION.*

*Our Association viewed its program in the light of these reports. Today, five years after the closing of the Sanatorium in Bangor, our goals and objectives must remain the same — ERADICATION of tuberculosis and SERVICE to the tuberculosis stricken patient and his family.*

*Bradford S. Wellman*

## OFFICERS 1960-1961

Bradford S. Wellman .....	President
Prescott H. Vose .....	First Vice-President
Franklin W. Eaton .....	Second Vice-President
Lendall B. Knight .....	Treasurer
Thomas W. Calderwood .....	Secretary

### EXECUTIVE COMMITTEE

Prescott H. Vose	Jessie L. Fraser
Bradford S. Wellman	James W. McClure
Franklin W. Eaton	Mrs. John W. Brookings
Thomas W. Calderwood	H. Rodney Footman
Lendall B. Knight	

### FINANCE COMMITTEE

Prescott H. Vose, Chairman	G. Pierce Webber
John T. Maines	David G. Means
Howard M. Goodwin	Charles C. Morris
James W. McClure	Lendall B. Knight
Franklin W. Eaton	Bradford S. Wellman

### CHRISTMAS SEAL CAMPAIGN COMMITTEE

Jessie L. Fraser, Chairman	H. Rodney Footman Commercial Displays
Mrs. John W. Brookings Window Displays	Howard M. Goodwin, Follow-Up
Mrs. Joseph G. Ornstein, Radio and TV	

### CASE FINDING COMMITTEE

Mrs. Priscilla E. Knowlton, Chairman	Franklin W. Eaton
William B. Nealley	John T. Maines
Dr. Francis Kadi	Mrs. Edward L. Herlihy
Mrs. Alan H. Waterman	Mrs. Joseph G. Ornstein
	Charles C. Morris

### BOARD OF DIRECTORS

#### Term Expires 1961

Mrs. Merrill R. Bradford	Mrs. Robert Young
Thomas W. Calderwood	Fred C. Hanson
Mrs. Howard L. Cousins, Jr.	Mrs. Edward L. Herlihy
Mrs. Lawrence M. Cutler	Lendall B. Knight
Mrs. Gordon W. Dan- forth	William B. Nealley
Carl E. Delano	M. Thomas Scanlin
Miss Jessie L. Fraser	William Sezak
	Bradford S. Wellman
	Mrs. Barnet Landon

#### Term Expires 1962

Peter A. Aloupis	H. Rodney Footman
Mrs. Ceylon R. Archer	Howard M. Goodwin
Albert L. Bean	Dr. Francis Kadi
Mrs. John W. Brookings	Mrs. Alan H. Waterman
William J. Carney	Mrs. Wallace F. Witham
Wendell G. Eaton	

#### Term Expires 1963

John W. Conti	James W. McClure
Franklin W. Eaton	David G. Means
Mrs. Frederick C. Emery	Charles C. Morris
Ralph C. Ham	Prescott H. Vose
Mrs. Priscilla E. Knowlton	G. Pierce Webber
John T. Maines	Mrs. Joseph G. Ornstein

### REHABILITATION COMMITTEE

Mrs. Lawrence M. Cutler, Chairman	John W. Conti
Peter A. Aloupis	Carl E. Delano

# Signs and Symptoms of TB

## EARLY TB HAS NO SIGNS OR SYMPTOMS

The only ways to find EARLY or HIDDEN TB are:

THE TUBERCULIN TEST

THE CHEST X-RAY

A TB CHECK-UP SHOULD BE PART OF EVERY PHYSICAL EXAMINATION.

## SIGNS OF ADVANCING TB

- FATIGUE
- LOSS OF APPETITE AND WEIGHT
- FREQUENT "COLDS"
- CHRONIC COUGH
- FEVER AND NIGHT SWEATS
- INDIGESTION
- SPITTING BLOOD

These may or may not mean TB. **SEE YOUR DOCTOR TO BE SURE.** He can tell whether these signs mean TB or some other RESPIRATORY DISEASE. Remember — any chest condition responds better to EARLY TREATMENT.

CHRISTMAS SEALS FIGHT TB  
ALL YEAR ROUND
