

### **Image Theater on 3 I's Activity - Facilitator/Teacher Guide**

1. Divide the group of learners into groups of 4
2. 3 members of the group will take one of the I's and 1 member will be the director of the group. Instruct the director to sculpt the other group members in any way they chose. The sculpting has to replicate or mimic the three I's
3. Explain that there shouldn't be much talking during the sculpting, the only one talking should be the director
4. Instruct director to get creative and make sure the actors use their facial expressions as well
5. Have groups try things out for a bit
6. Give as much time as deemed necessary
7. Once complete have groups share their images with the group
8. The rest of the group must guess who was acting each I e.g. Jenny was acting out Internalized Oppression
9. Have groups guess the title of the sculpture as well
10. Once completed have groups reveal the name of the sculpture and who was which I
