

A BOLD UNDERTAKING.—“Stand by your candidate and the *platform* adopted by your Convention. The results are worth striving for; they are

“Union and Liberty,
Wallace and Victoria.”

—*Standard.*

Well if we were going to Victoria and no had bigger platform to stand on than the one furnished Gov. Wallace, we should regard it as a hazardous undertaking, as he is sure to meet with “heavy breakers” along down the sound. Probably he is going to establish the “seat of Government” for the Territory over there, as he says he is neither in favor of Vancouver, Olympia or any other place on this side.
