Subject: "We HAVE to judge..." - Dr. Scott Daniels (Reference: Matthew 7:1-3)

There were many outstanding ENC classmates while I was there with our Class of 1961, and pursuing the ThB degree in 1962 and 1963. One could term them "Stars", academically and otherwise; some, "*Super Stars*".

Within my considered judgment and long-range perspective, one female and one male scholar stood out as "*Best of The Best*" in our Class of 1961. My classmate Richard Mann has received alumni, professional, and other recognition over the years, and deservedly so. I firmly believe Carolyn Lanpher also deserving of such recognition as an outstanding Eastern Nazarene College graduate for her concomitant undergraduate excellence, and for her outstanding professional career since.

Additionally, many will appreciate Professor Emeritus Carolyn Lanpher-Waterman's voluntary and generous giving behind the scenes of invaluable guidance and encouragement in the successful building of the Boston Chapel pictorial, narrative and video files collection for the Eastern Nazarene College archives.
