This interchange of ENC/Boston Chapel e-mails, one among many, merits our special prayer of thanks in itself, underscoring the lasting legacy of Boston Chapel from Boston Chapel's earliest beginnings in 1952, with the Chapel persevering resolutely on through the first 20 years and beyond in overcoming any hindrance, with worship services and evangelism radiating from the Chapel's 667 Massachusetts Avenue location in 1972, and with the 1952 ripples growing and multiplying in their results and effects still triumphantly today, 2013...

From Rosanna Wilson Kingsley: "I received a phone call one day from the switchboard that a piano player was needed for one Sunday at Boston Chapel on Mass Ave. The new pastor Robert MacDonald had come from Nazarene Bible College and they didn't have a piano player. I went that Sunday (I believe it was 1969) and the rest is history. I stayed there and when I was dating and married David Kingsley, he attended as well. We loved that little church at 667 Mass Ave and went there until Rev. Leite was called from Brazil. This was around 1980 when we transferred our membership to Brockton First Church of the Nazarene. At the time we left most of the people were Cape Verdian and we didn't want the new pastor to have to translate for us. It turned out to be a blessing as that church has become a large church with their own facilities in the city of Brockton. I have great memories of Boston Chapel under the pastorates of Robert and Pauline and then Bill and Linda Freed. When I graduated from ENC my plans were to move into Boston and become the Christian Education director, but that never happened for one reason or another."

*Thank you, Rosanna and David... Your wonderful e-mail response and testimony bears solid witness to the hand of God continuing to bless Boston Chapel long after some of our ENC predecessors planted the seed in the early 1950s. According to NazNet, no fewer than 10 congregations subsequently flowed from the prayerful Boston Chapel beginnings by dedicated, courageous and hardworking ENC students. What you wrote is a wonderful addition to the Boston Nazarene Chapel archival collection. Jim Tasker in
