This day has (finally) arrived: the  
Culmination of our college career.  
Looking back, I realize how different  
I am from the freshman saying "hmm,  
it's the stately brick building" for the  
first time. During these years, there  
have been many happy as well as  
disappointing times, but we all survived,  
Somehow. There are so many people  
who have helped make my time at  
Wagner so memorable. I want to thank  
everyone who made me laugh, who  
listened to me, and who gave me the  
opportunity to mature and grow as a  
person.

So before we end and then begin,  
We'll drink a toast to how it's been.  
A few more times that I can say,  
I've loved these days!
