LAMPADIA FORUM

In conjunction with the editorial in the preceding issue of the Wagnerian, the Lampadia Council has arranged for a discussion group to meet for the express purpose of making us more aware of present-day social problems. Such problems as Juvenile Delinquency, Adult Crimes, Immorality and the War, Women and Children in War Industry, and Drink and War will be discussed. This group will, each night, be led by a different faculty member and the topic will be chosen by the leader. To facilitate matters, the period of such a discussion will be limited to one hour.

The first such discussion group will meet on Tuesday evening, Oct. 26th and every first and third Tuesday of each school month thereafter. The time has been set for seven to eight P.M. in the social room of Cunard Hall. All students interested are urged to attend. Watch the bulletin board for the topic to be discussed and the leader.

Dr. Stoughton has recently announced the promotion of the following faculty members: Mr. Baez from Instructor to Professor of Physics, Dr. Stern from Associate to Professor of Chemistry, Dr. Heineken from Associate to Professor of Religious Studies and Education, and Mr. Schwarz from Instructor to Associate Professor in Mathematics.

At the last meeting of the Board of Trustees on Oct. 13, the following officers were re-elected to their respective offices: The Rev. Fredric Sutter, D.D., president; The Rev. Herbert Weiskotten, Ph.D., vice-president; The Rev. Theodore Posselt, D.D., secretary; and Mr. Philip Kohout, treasurer.

LIMERICK CONTEST

WINNERS

After great deliberation and careful consideration of each entry, the Wagnerian staff finally came to a unanimous decision concerning the winners of the limerick contest. The winner of the first prize, \$2 worth of merchandise in the bookstore, is Theodore Herrmann. Marcia Martin will receive the second prize of \$1 in merchandise, and Eleanor Knudson the third prize of \$.50. The staff wishes to congratulate the winners and give its consolation to the losers and wishes them better luck next time. Here are the three prize-winning limericks.

"Our new Wagner girls live up
to all previous tradition.
Because their beauty is very
conspicuous by its omission.
At Wagner, a beautiful girl
would be out of place
And it's been long since we've
seen a pretty face,
But we have accepted this with
complete submission."

Theodore Herrmann

"There once was a prof named
Schwartz,
Who had a heart made of quartz.
The questions from Tippens
'Oft made him a tippin',
And made him feel quite out of
sorts."

Marcia Martin

"I really am a connoisseur at
heart,
And hate from the table to
depart.
Now I leave it in a jiffy,
And really feel quite spiffy,
For they'll soon be serving
Hitler's liver a la carte."

Question: What do you think of the nurses being restricted to the dorms on Friday nights?

Answers: In my opinion only those with poor grades should be kept in. Why make the others suffer?
--Marie Horan

I think it is fun. Now we can go out.
--Mickey Kraus

I think it would be better to have studyhours on Sunday night rather than Friday.
--Betty Strait

I think we should have one night in, but I would prefer Sun.
--Nancy Lee Shantz

I think if we at least get passing grades we should be able to get Friday off.
--Constance Garside

You can make them stay in on Friday nights but you can't make them study.
--Adel Buhlman

I think it's a good idea. There are plenty of upperclassmen around.
--Ted Herrmann

I don't think there'll be any studying on Fridays. There'll be bedlam in North Hall.
--Betty Longair

If there weren't so many ministerial students we could study.
--Doris McCullough

I personally think it's a good idea.
--Lillian Bennett
